### **House Republican Leader Calls for Transparency in Emergency Board Decision-Making**

Salem, ORE. – Today, House Republican Leader Christine Drazan (R-Canby) continued to call for transparency in government decision-making:

“I have asked Speaker Kotek to delay convening the Emergency Board until we have more transparency and get answers to outstanding questions. We cannot rush through this process with partial information. Legislators should be given details and more than 24 hours’ notice when being asked to direct hundreds of millions of dollars.”
