House Republicans to Hold Informational Meeting on Cap and Trade

SALEM, Ore. – The Oregon House Republican Caucus will hold an informational meeting on Monday, February 24th in Hearing Room D from 1-3 pm.

This meeting is an opportunity for members of the House to get more details on how House Bill 4167 works, and how this legislation will affect the agencies responsible for its implementation.

“Cap and trade is a massive overhaul of Oregon’s economy and it will take more than 22 local and state agencies to adopt rules, hire staff and administer this program,” said House Republican Leader Christine Drazan (R-Canby). “It’s time to hear from those who will be charged with moving this program forward. We need to have a clearer view of how this legislation will be implemented.”

Leaders of each agency as well as Legislative Counsel, the Legislative Fiscal Office and the Legislative Revenue Office will be invited to participate.
