### **House Republican Christine Drazan Urges Governor to Move Forward with Regional Reopening Plan**

SALEM, Ore. – Today, House Republican Leader Christine Drazan (R-Canby) released a statement urging the governor to move forward on allowing rural counties to reopen:

“A regional reopening plan makes sense for a state as vast and diverse as Oregon. The governor asked counties to submit their reopening plans, and at least eight counties have responded with plans on how they would meet the guidelines set by the governor. It is time to move forward on allowing rural Oregon to restart their economies and let Oregonians get back to work.”
