House Republican Leader Statement on Economic Forecast

SALEM, Ore. – House Republican Leader Christine Drazan (R-Canby) released the following statement today on the [March 2025 Economic and Revenue Forecast](#):

“Today’s forecast should be a wakeup call for Oregon lawmakers. Taxpayer dollars are funding and growing government and government-subsidized sectors, while private sector jobs in manufacturing, construction, and hospitality – the industries that grow our economy – are experiencing job loss and decline. That’s a big problem. Intentional policy decisions have hollowed out our private sector and natural resources, resulting in a weak economic foundation that’s dependent on taxpayer dollars. We urgently need to focus on building a strong and resilient economy that creates private sector jobs, empowers the next generation, and moves our state forward.”
