### **Anna Scharf statement on her appointment to represent House District 23**

**SALEM, Ore.** – This week, a near-unanimous decision from County Commissioners for Benton, Marion, Polk and Yamhill Counties selected Anna Scharf to fill the vacant position as Representative of House District 23.

“It’s an honor to be selected to represent my friends and neighbors of House District 23,” said Representative-designee Anna Scharf. “I look forward to continuing my service for these communities, now as their State Representative, and working with people across the district to empower their voices in Salem.”

Anna Scharf previously worked as a policy analyst in the office of District 23, working on behalf of constituents on a variety of legislative issues. Scharf works for Scharf Farms in Polk County, owned by her husband’s family. She will be officially sworn in as the newest State Representative July 12.
