**Rep. Carl Wilson appointed vice chair
of House Economic Development Committee**

SALEM, Ore. – Oregon House Speaker Tina Kotek yesterday announced a change to the House Economic Development Committee, appointing Rep. Carl Wilson (R-Grants Pass) vice chair for the 2020 legislative session, which begins Monday, Feb. 3.

“This is a welcome assignment, and an excellent way to complete my service in the Oregon legislature,” said Wilson, who will retire from public service at the end of this year. “I want to thank Speaker Tina Kotek for reaching out to tap my experience to help chair this committee. The issue of economic development is never far from our minds in Josephine County.”

The House Economic Development Committee is slated to hear around a dozen House bills in February, including several relating to the cannabis and liquor industries.

Wilson also serves on the Joint Committee on Legislative Policy and Research and the Joint Committee on Ways & Means Subcommittee on Education.
