STATEMENT BY HOUSE SPEAKER TINA KOTEK ON QUARTERLY ECONOMIC AND REVENUE FORECAST

“Today’s forecast tells us that the economy is continuing to improve, both in Oregon and nationally. My goal continues to be making sure the recovery means good news for all Oregonians and all parts of the state.

“The budget process underway may be impacted by a personal kicker. The investments in our schools and mental health programs which came out of the 2013 special session are the lead factor in the kicker prediction. We will consider all of the variables, especially the critical May forecast, as we work to craft bipartisan budgets that will expand opportunity and prosperity in Oregon.”
