Speaker Tina Kotek on the House passing the Student Success Act

SALEM – House Speaker Tina Kotek on Wednesday issued the following statement after the Oregon House of Representatives passed House Bill 3427 – the Student Success Act – by a 37-21 vote.

“This is a historic investment in our children’s education after nearly 30 years of underfunding our schools. To the students, parents, teachers and advocates who said we need to invest in our children, thank you. We heard your voices and we took action. Personally, after many years of working on early childhood issues, I’m thrilled by the possibility of million in dedicated dollars for our youngest Oregonians.”
