To the Members of the Oregon Legislative Assembly:

Enclosed is a compilation of the reports on liquidated and delinquent accounts receivable that were submitted to the Legislative Fiscal Office in accordance with ORS 293.229. The statute requires state agencies to report on the status of their liquidated and delinquent accounts each fiscal year. The same statute requires our office to compile these reports into a summary for the Legislative Assembly. This is the eighteenth report issued under the statute.

Ken Rocco Legislative Fiscal Officer

## INTRODUCTION

This Legislative Fiscal Office (LFO) report on liquidated and delinquent accounts is a statutorily required report made annually at the end of December to inform the Legislative Assembly of the aggregate status of certain accounts receivable held by state agencies. The terms "delinquent" and "liquidated" are defined in the Oregon Accounting Manual (OAM) and, in general, refer to those accounts that are past due, where the past due amount is known by both the agency and the debtor and where full payment has not been made within a reasonable or specified period of time. This is the eighteenth report issued by LFO under the statute.

### Legislative Background

HB 3509 (1999 legislative session) and SB 70 (2001 legislative session) provide statutory guidance to state agencies on the collection of past due accounts. HB 3509 amended Oregon Revised Statutes (ORS) Chapter 293 relating to the administration of public funds, requiring state agencies (with certain exceptions) to turn over those liquidated and delinquent accounts for which no payment had been received within one year to a private collection firm or the Department of Revenue for collection. Subsequently, in the 2003 legislative session, ORS 293 was again amended to reduce the allowable time period before which an account must be turned over to the Department of Revenue or a private collection firm to 90 days. SB 70 (2001) provides similar guidance for the Judicial Branch.

SB 55, passed during the 2015 legislative session, significantly expanded the number of entities required to report. These included all the public universities, all semi-independent state agencies listed in ORS 182.454, the Oregon Tourism Commission, the Oregon Film and Video Office, the Travel Information Council, the Children's Trust Fund of Oregon Foundation, Oregon Corrections Enterprises, Oregon Health and Science University, the State Accident Insurance Fund Corporation, and the Oregon Utility Notification Center.

SB 55 also included a provision that requires this report to include a list of those state agencies that have liquidated and delinquent accounts that are not exempt from assignment, have not been assigned to a collection agency or the Department of Revenue's Other Agency Accounts collection program, and for which no payment has been received for more than 90 days.

The final specific additional reporting requirement added by SB 55 was to list, separately, the liquidated and delinquent account receivable information reported by individual agencies. This information is included in the report in Appendix 3 for all agencies reporting active accounts with ending balances as of the end of the fiscal year.

HB 2947 (2017) requires the Department of Administrative Services (DAS) to report to the Legislative Assembly by December 31<sup>st</sup> of each year starting in FY 2018, the amount of write-offs, debt abatements, or Department of Revenue (DOR) cancellations that were taken by state agencies. SB 1067 (2017) requires agencies to assign liquidated and delinquent debts to DOR if no payment has been received within a 90-day period. Subsequently, DOR must assign the

debt to a private collection firm if no payments have been received in six months. In addition, DOR can add a collection fee to accounts assigned to DOR or to private collection firms. Agencies reporting greater than \$50.0 million in liquidated and delinquent accounts must provide additional reporting on specific items related to how the agencies handle debt. These changes will be in effect for the 2018 reporting period.

## Reporting under the statute

Prior to October 1<sup>st</sup> of each year, a state agency must submit to the Legislative Fiscal Office (LFO), "a report that describes the status of that agency's liquidated and delinquent accounts and efforts made by that agency to collect liquidated and delinquent accounts during the previous fiscal year." Definitions used and instructions for reporting are included in Appendix 4. A report from DAS on the amount of write-offs, debt abatements, and DOR cancellations are due to the Legislative Assembly December 31<sup>st</sup> of each year and agencies with greater than \$50.0 million in liquidated and delinquent accounts are also required to report to the Legislative Assembly by December 31<sup>st</sup> of each year starting in fiscal year 2018.

## Governor's Executive Order No. 17-09

On May 5, 2017, the Governor issued Executive Order No. 17-09, directing agencies to report the amounts of liquidated and delinquent accounts to the ASDAS, Chief Operating Officer by June 30, 2017. In addition, the Executive Order directs DAS to develop a quarterly reporting measurement that tracks debt collection, directs agencies to refer liquidated and delinquent accounts to DOR 60 days after the accounts are declared liquidated and delinquent, and directs the Chief Procurement Officer to check vendors against the list of liquidated and delinquent accounts and offset payments if possible. DOR is directed to assess the feasibility of a website listing entities owing the state liquidated and delinquent accounts and issue electronic garnishments where permitted.

## **Reporting system**

To facilitate agency reporting requirements, LFO (through Legislative Administration's Information Services) has created, and electronically hosts, a network database application to capture and report agency data. Agency accounts receivable coordinators are sent reporting instructions and a link to the reporting system each year at the beginning of August. The reporting system is opened to agencies for data entry beginning September 1<sup>st</sup> and ending October 1<sup>st</sup> of each year. Agencies are responsible for the accuracy and validity of the data they report. LFO does not verify or validate agency-reported data. Adjustments to reported data are noted in this report and are typically only used to reconcile current year reporting data with prior year data.

## **RESULTS OF REPORTING**

This report accounts for 132 state agencies. Agencies were provided with reporting instructions and access to the electronic reporting database. No training session was conducted by LFO this year, however, the Statewide Accounts Receivable Management (SWARM) program at DAS

provided group training and individual agency assistance in completing agency reports. The following table summarizes the reporting status of these agencies.

Summary of Agency Re June 30, 2017	porting

## Summary of liquidated and delinquent accounts receivable

The following table illustrates the aggregate number and dollar value of liquidated and delinquent accounts that agencies reported to LFO. A list of the individual agencies that reported active balances at the end of the year, along with the number and dollar amount of the agency's accounts, is included in Appendix 1. A list of the individual agencies that reported no such accounts is included in Appendix 2.

Liquidated and Delinquent Accounts June 30, 2017					
	Accounts		Value		
1. Beginning Balance	2,640,919	\$	3,295,365,995

8. Ending Balance	2,336,065	\$	3,416,432,989		

Because changes in the balance resulting from collections and adjustments (lines 3 and 6) are made on accounts that are still open, closed, or subsequently written off, only the dollar amounts of collections and adjustments are reported. Similarly, only the number of accounts that were closed is reported on line 4. Reversals are accounts previously reported as liquidated and delinquent, but have now changed status. This is most common when a previously liquidated account becomes active again due to a regular payment plan being established. Reporting instructions provide descriptions of information to be included on each reporting line. The instructions are provided in Appendix 4. Highlights of the data are:

- The total number of accounts decreased by 304,854, or 11.5%. The total aggregate value of accounts increased by \$121,066,994, or 3.7%.
- The compound annual growth rate of reported liquidated and delinquent accounts receivable for the period from 2012 through 2017 is 5.04%.
- The ending balances resulted in an average account balance at the end of 2017 of \$1,462.47, which is an increase of \$214.66 per account, or 17.2%, from last year's average.

The following table lists the ten agencies with the highest average account values:

Four of the ten agencies with high average account values are professional licensing boards. These agencies hold a relatively small number of accounts with high balances that are typically a result of civil penalties and fines assessed against licensees. In some cases, collection on these accounts can be particularly difficult, especially if a licensee is no longer living or practicing in the state. The same issues are also found at the Bureau of Labor and Industries where civil penalties and fines have been levied on businesses that may no longer exist or be doing business in Oregon. The Oregon Business Development Department liquidated and delinquent accounts tend to have high average account values because they often represent loan delinquencies or defaults.

The following table lists the ten agencies with the highest total amount due:

The top agencies in terms of total liquidated and delinquent account values outstanding tend to be those that provide services to a large percentage of the public. The first two agencies, the Judicial Department and the Department of Revenue, account for \$2.5 billion of the \$3.4 billion total outstanding, or 73.5%, of the total value of accounts reported; up from 68.3% in the prior year's report. These top ten agencies combined account for \$3.3 billion, or 97.0%, of the \$3.4 billion total.

Oregon Health and Science University (OHSU), which was ranked fifth in last year's list of topten agencies by total receivables outstanding, reported the reversal of 35,621 accounts totaling \$129,970,654. This amount represents a 72.2% reduction in liquidated and delinquent accounts receivable from last year's report. Supplemental information provided by OSHU indicated that last year's report included all liquidated and delinquent accounts in past perpetuity regardless of OSHU's determination on collectability, meaning that a large portion of these amounts had already been determined to be uncollectable, or had been written off on internal ledgers under applicable financial accounting standards. OHSU believes that the amount and number of accounts reported in the current reporting year more accurately represents the liquidated and delinquent accounts that remain due as of June 30, 2017, and have been submitted to either private collection firms or the Department of Revenue for collection.

The Oregon Judicial Department (OJD) accounts for 48.7% of the total dollar amount of liquidated and delinquent accounts reported. None of these debts are payable to the General

Fund. OJD collects filing fees and is responsible for the collection of fines, assessments, and restitution associated with cases in the 36 trial courts, the Tax Court, the Court of Appeals, and the state Supreme Court. A debt is established with OJD when a final judgment is unable to be paid in full. These debts are carried on the books far longer than most other debts. Monetary judgments for criminal cases expire after 20 years (50 years if restitution is ordered), civil judgments expire after 10 years, but, in some cases, can be extended for an additional 10 years. OJD provided the following statement regarding its collections program in addition to the required report:

"Collections of court ordered fines, fees and restitution is an integral component of the justice process. Enforcement of court orders holds defendants accountable and enhances the integrity of the judicial system. The OJD has established policies, processes, and tools to ensure active collection occurs on each case owing money. This includes a progressive collection system involving delinquency notices, license suspensions, show cause hearings, warrants, probation violations, and referrals to collection agencies for non-voluntary payment actions. The OJD is continually improving the collection process to hold defendants accountable. We work closely with private collection firms, the Other Agency Accounts (OAA) unit of the Oregon Department of Revenue (DOR), and other court partners. Additionally, the OJD utilizes the Department of Revenue to intercept tax refunds and rebates from tax filers that have outstanding court debt.

OJD has a central debt management program that focuses on outsourcing collection efforts to the DOR and private collection agencies. This centralized approach provides automatic referral of debt within 45 days of delinquency, and continually cycles the debt through the Department of Revenue and private collection agencies under contract. Receivables with valid judgment remedies that had previously been inactivated after being returned from outside collections have been re-activated and re-referred to collection agencies using an automated process."

## Liquidated and delinquent accounts receivable by fund type

A listing of the reported balances outstanding by fund type is presented below:

Fund Type	 Dollars	%
General Fund	\$ 819,235,079	23.98%
Lottery Funds	455,934	0.01%
Federal Funds	208,734,899	6.11%
Other Funds	1,832,597,954	53.64%
Other Funds - Pass Through	 555,409,123	16.26%
Grand Total	\$ 3,416,432,989	100.00%

General Fund debts reported in 2017 are \$186.2 million (29.4%) more than the General Fund debts reported by agencies in 2016. The majority of this increase was the automation of the failure-to-file process by DOR. Previously, the failure-to-file process was manual and staff could process approximately 3,000 accounts per month. The automated process allows DOR to process failure-to-file actions as they occur instead of waiting for the manual process to catch up. Of the \$819.2 million General Fund balance, DOR accounted for \$779 million, or 95.1%, of the total. This amount is almost entirely comprised of taxes owed to the state.

Military Department	8	\$8,501	0.00%
Total	105,493	819,217,650	100.00%

As shown in the table below, the top 10 agencies carrying General Fund owed debts account for 99.99% of all the General Fund accounts reported.

Roughly 92.8% of the Other Funds outstanding balances are accounted for by six agencies: The Judicial Department (63.5%), Oregon Health and Sciences University (3.2%), Employment Department (8.8%), Department of Justice (7.2%), Public Employees Retirement System (2.9%), and Department of Consumer and Business Services (6.4%).

Other Funds Pass-Through balances are comprised almost entirely by the Department of Justice and the Judicial Department. Nearly all the Federal Funds balances (93.3%) are held by the Department of Justice, the Department of Human Services, Oregon State University, and the Oregon Health Authority. Lottery Funds balances are from the Oregon Business Development Department and the Lottery Commission.

## **Collections by the Department of Revenue**

ORS 293.231 requires that accounts be turned over to the Department of Revenue or private collection agencies for collection. Presented here is summary information on accounts turned over to DOR by agencies that reported.

concetion	s by Department of Revenue 2017	
	Accounts	Value
Beginning Balance	251,297	\$ 333,654,729

Collections		(28,384,855)
Returned		(167,814,503)
Accounts Outstanding	271,113	\$ 340,757,175

The Department of Revenue, Business Special Programs Section, operates the state's captive collection agency known as Other Agency Accounts (OAA). OAA was formed during the 1971 legislative session and is codified under ORS 293.250. OAA collects delinquent debt for state agencies, boards and commissions, circuit and district courts, and educational and regulatory agencies. OAA uses collection activities like those used by private collection agencies as well as collection through tax refund offsets.

The total amount collected by DOR as reported by agencies during the 2017 reporting year was \$10.0 million less than the prior year on a 5.7% (\$29.0 million) increase in account balances available for collection. Expressed as a percentage of the balance available for collection (beginning balance plus additions), this year's collection rate of 5.3% represents a 2.2% decrease from the collection rate of the previous year.

## Collections by private collection agencies

Effective for fiscal year 2108, agencies must turn over non-exempt liquidated and delinquent accounts to DOR or to private collection agencies, and requires agencies to report on the accounts turned over to private collection agencies. Presented below is a summary of accounts turned over to private collection agencies during the reporting year. Under current statute, agencies refer their liquidated and delinquent accounts to DOR after 90 days, and after six months DOR refers the accounts to private collection agencies.

Collections	by Private Collection Agencie	es
	Accounts	Value
Beginning Balance	947,036	\$ 1,137,958,413

Collections		(21,545,985)
Returned		(421,098,124)
Accounts Outstanding	855,198	\$ 1,126,302,681

Total collections by private collection agencies increased by \$8.1 million, or 60.2%, from the prior year on a 15.1% (\$205.5 million) increase in account value balances available for collection. Expressed as a percentage of the balance available for collection (beginning balance plus additions), this year's collection rate of 1.4% represents a 0.4% increase in the collections rate from the previous year.

## **Exempt** accounts

Not all accounts can be transferred to DOR or to private collection agencies. There may be federal or state statutory or regulatory prohibitions that would cause them to be exempt from transfer. Specific exemptions are codified in ORS 293.231(9)(a) through (k). If other state or federal laws exempt agencies from turning over accounts for collections, ORS 293.231(5) applies.

ORS 293.233 allows exemptions to be established administratively by DAS. These are set forth in the Oregon Accounting Manual, referenced as OAM 35.40.114(j) through (r). The table on the following page contains summary information on accounts reported as statutorily or administratively exempt from transfer for collection.

Slightly more than 16.8% (\$573.2 million) of the more than \$3.42 billion in liquidated and delinquent accounts reported were classified as exempt from statutory requirements that they be turned over to DOR or private firms for collection. The total amount exempted is a 1.1% increase from the previous reporting year, however, the proportion of exempted amounts to total liquidated and delinquent debt decreased by 0.4% from last year's report.

Of the total exempt amount, \$318.8 million, or 55.6%, was reported as administratively exempt. That amount is a \$5.5 million reduction from the previous year. Of those accounts administratively exempt, \$143.7 million (down from \$168.4 million in 2016), or 45.1%, are exempt because they are for spousal or child support payments which are governed by other state or federal rules and regulations.

An additional 9.2% (\$29.2 million) are DAS-approved exemptions under ORS 293.233(1). This is an exceptional change from the previous reporting period wherein \$62.7 million was reported as DAS approved exemptions; a 46.6% decrease from the prior year. Nearly all this decrease is

due to DOR's inclusion of 5,005 accounts with a value of just over \$50 million. DOR, along with the Employment Department and the Oregon Department of Transportation, have administrative exemptions that allow those agencies up to one year before accounts must be turned over to a collections agency as opposed to the general statutory requirement of 90 days. Additionally, accounts administratively exempted due to debtor hardship increased by over \$39.5 million, including increases of \$47.8 million reported by DOR and \$12.3 million reported by the Department of Human Services.

Those amounts that were legally prohibited or exempted from assignment for collections totaled \$254.4 million in 2017, an increase of \$11.5 million from the 2016 report. Those accounts prohibited from assignment by law under ORS 293.231(5) had a slight increase of \$200,000 over the previous period.

Exceptions from assignment due to debt arising from or subject to court ordered judgements decreased by \$8.3 million and is comprised mainly by accounts from three agencies: The Department of Justice, \$2.87 million; the Department of Consumer and Business Services, \$2.5 million, and the Employment Department, \$2.9 million.

### **Unassigned Accounts**

The following table lists all subject entities that reported liquidated and delinquent accounts receivable balances that were neither assigned for collection or exempted from assignment. Additionally, the table shows those accounts and amounts that are unassigned and not exempted for which no payment has been received for a minimum of 90 days. For those entities that are exempted from the assignment provisions of ORS 293.231 generally, the statutory reference of the exemption is provided.

### **APPENDIX 4**

### **REPORTING DEFINITIONS AND INSTRUCTIONS**

### **BACKGROUND AND INTRODUCTION**

The Secretary of State Audits Division issued Report No. 97-77, Opportunities to Improve Delinquent Debt Collection by State Agencies, in October 1997. In response to the Audits Division report, a Debt Collection group was formed to begin developing a statewide approach to improving collection of delinquent account balances. During the 1997-99 interim, the Senate Budget Committee conducted an extensive survey to provide the Legislature with better information about outstanding balances owed the state and efforts to collect those debts. There was legislative concern that past due amounts were not aggressively pursued and that all avenues of collection had not been exhausted prior to accounts being written off.

During the 1999 legislative session, HB 3509 was introduced to provide statutory guidance to state agencies on the collection of past due accounts. The bill became law and amended Oregon Revised Statutes (ORS) 293, *Administration of Public Funds*. During the 2001 session, SB 70 was passed which provides similar guidance to the Judicial Department. The statute now requires state agencies (with some identified exceptions) to turn over to the Department of Revenue, or to private collection agencies, liquidated and delinquent accounts for which no payment had been received within 90 days [ORS 293.231(1)(a)]. The statute also requires annual reporting of liquidated and delinquent accounts to the Legislative Fiscal Office; LFO is required to compile the reports and issue one report to the Legislative Assembly [ORS 293.229(2)].

Each state agency must submit to LFO by October 1 of each year "...a report that describes the status of that agency's liquidated and delinquent accounts and efforts made by that agency to collect liquidated and delinquent accounts during the previous fiscal year." [ORS 293.229 (1)] The reporting is an annual requirement. All agencies must submit reports "...for the fiscal year ending June 30, 2001, and for every fiscal year thereafter."

To meet the October 1<sup>st</sup> submission date and December 31<sup>st</sup> report date for 2017 (fiscal year ending June 30, 2016), the following timeline has been adopted:

٠	Review of reporting manual with agency personnel	August – September 2017
•	Begin agency submission of required information	August – September 2017
•	Agency report to LFO if not subject to reporting statute	September 2017
•	Last day for input of information	October 1, 2017
•	Draft report	November 30, 2017
٠	Report to the Legislature	December 31, 2017

### What to report

The statute requires each state agency to report to the Legislative Fiscal Office, no later than October 1 of each fiscal year, information on its accounts that are **both** liquidated and delinquent. The reporting requirements include all types of debts, not just client or taxpayer accounts. For instance:

- Overpayments of state employee's wages would be included.
- Payments due from vendors or other states agencies would be included as well.
- Penalties, fines, civil penalties, etc.
- Delinquent accounts of state, federal, or local governments would be included.

Included in the reporting requirements is information on the numbers and dollar amounts of accounts that are exempt from being turned over to collection agencies. Certain data elements have been added to the submission to LFO to help give a clear picture of the status of collections within state government.

### Who needs to report

All state agencies with liquidated and delinquent accounts must report. A state agency that does not have any accounts that are liquidated and delinquent needs to report that condition. Additionally, some state agencies may be exempt because of specific statutory exclusions from sections of ORS 293. Agencies that consider themselves statutorily exempt from reporting should notify LFO, including citation of the applicable sections of ORS. You may email this information to Tim Walker at LFO (timothy.e.walker@soregonlegislature.gov).

### DEFINITIONS

**Account** – The debt relationship between a state agency and an individual or entity. Agencies may define "account" differently in their systems. For the purposes of this reporting requirement, a legal entity may have multiple debts with that agency. If treated in the agency's system as the same account, it should be reported as one account in this report. If an agency treats each debt as a separate account and collects them separately, they may report them as separate accounts.

**Delinquent** – Defined as a receivable account for which payment has not been received by the due date (OAM 35.30.30). Most receivables have a specific due date. If any part of that debt is not paid by the due date, the account needs to be reported. Some debts do not have an obvious due date, such as overpayments. The due date for this debt may be determined by the agency. For example, the date on which the agency may start assessing interest or enforcing collection may be the best date to use. Accounts that are not yet due are not included in the report.

**Liquidated accounts** – Defined in the Oregon Accounting Manual (OAM 35.30.30). In general, a liquidated account is one where the exact past due amount is known, proper notification of the debt has been made to the debtor, and there has been a judgment, or a distraint warrant for taxes, or an administrative proceeding has established the debt, etc. As this is a complicated definition, agencies should read the OAM to see exactly how the agency's accounts fit with the definition. Delinquent accounts that are not liquidated are not included in the report.

**State agency** – "...any officer, board, commission, department, division or institution in the executive or administrative branch of state government" (ORS 293). Some state agencies are exempted from reporting in statute. A listing of these agencies is included in OAM 01.05.00.

### **REPORTING INSTRUCTIONS**

### **General instructions**

Agencies are required to submit their information annually by October 1<sup>st</sup>. You may make corrections to your information any time until the system is closed. After that date if you wish to amend or submit any further information, you must do so in writing to LFO.

The reporting website address is: <u>https://apps.leg.state.or.us/DelinquentAccounts</u>

Upon accessing the website, the screen below will be visible. Select your agency name from the dropdown list, enter your agency's password, and click the "Log On" button. If your agency name is missing, please select the "Email your Questions and Comments" link at the bottom of the page and use the provided email pop-up to let LFO know what the agency is missing. If you do not know your agency's password, please click on the "Request Password" link, complete the pop-up email template, and send to LFO. (A response will be sent to you via email.) Please note that both of these email pop-ups are set to populate with LFO staff email addresses; currently Matt Stayner and June Starkey.

One password is assigned for each agency and the same password may be used each year. You may find it useful to keep this password with your input file/data, etc.

Note: The report is divided into various sections. The sections are purely for organizational purposes. Each section contains somewhat discrete information that may include subsets of information contained in other sections, and while related, do not sum or balance to one another.

### SECTION I

After logging into the system you will be brought to the System Entry screen, where you will begin reporting for your agency:

### Agencies with data to report

A separate report must be made for each fund type for which the agency has data.

Select the fund type you wish to report on; there are five fund categories – General Fund, Other Funds, Other Funds - Pass Through, Federal Funds, and Lottery Funds.

Click on and select from the drop down list:

Note: The fund category "Other Funds – Pass Through" is for segregating, to the extent possible, those liquidated and delinquent accounts that are Other Funds that you must then turn around and distribute to others. Restitution and Child Support payments are two such pass throughs. Please do not count them twice (as Other Funds and then again as Other Funds – Pass Through).

Once you have selected the fund type for your report, the "Create Fund Report" link will appear next to the fund type selection box. Click on "Create Fund Report" link to begin your report:

### SECTION II

This is where you will report the number and total dollar values of your agency's accounts that are both liquidated and delinquent. Amounts that are not both liquidated and delinquent are not reported. The beginning and ending number of accounts and balances are required fields for all reporting agencies; beginning balances from the prior year are automatically populated. If these numbers appear to be incorrect or you need to make an adjustment, please send LFO an email with an explanation. The program will compute the ending number of accounts and account balances. Check the totals computed against your totals to ensure that data was entered correctly.

Note: Enter whole dollars only. Do not enter dollar signs, commas, or periods within numbers (e.g., \$1,234 should be entered as 1234).

As you complete the report for each fund type, please refer to the following data descriptions for each entry made in Section II of the report.

# 1. Beginning Balance

- 1A This entry should be the total number of liquidated and delinquent accounts as of July 1 of the reporting fiscal year. This number should equal the ending number of accounts (8A) from the previous year. *System Generated*
- 1B This entry should be the dollar value of liquidated and delinquent accounts as of July 1 of the accounts reported in 1A. This number should equal the ending balance dollar value (8B) from the previous year. *System Generated*

# 2. Additions

- 2A Enter the total number of accounts that became liquidated and delinquent since July 1 of the reporting fiscal year. Only include accounts that had not been included as liquidated and delinquent in the beginning balance. If an account became liquidated and delinquent after July 1 and the amount was also collected prior to June 30 of the fiscal year, **include that account**.
- 2B Enter the total dollar value of liquidated and delinquent <u>amounts</u> added during the fiscal year.

Note: The total number of accounts may not increase but the dollar value may. For example, a small agency may have 50 liquidated and delinquent accounts valued at \$5,000 at the beginning of the year. They may not add any new accounts. However, an account may incur additional debt, such as interest, which would increase the total dollar value.

# 3. Collections

3B Enter any amounts collected on any of the accounts included in the beginning balance or the additions during the fiscal year. Include amounts that were collected on accounts that became liquidated and delinquent (additions) during the period. (Do not use a minus sign or brackets; collections defaults to a negative number.)

# 4. Accounts Closed

4A Enter the number of accounts from the beginning balance or additions that were collected or resolved in some manner. Include only accounts that no longer have a liquidated and delinquent balance. This would include accounts that became liquidated and delinquent during the period and then were closed because they were fully collected. They would also include accounts that were closed because a portion was collected and a portion was compromised or adjusted. The amount written off or adjusted would be included in 5B or 6B below. (Do not use a minus sign or brackets; accounts closed defaults to a negative number.)

# 5. Write-Offs

- 5A Enter the number of accounts that had been liquidated and delinquent and then were written off during the fiscal year to close the accounts. (Do not use a minus sign or brackets; the number of accounts defaults to a negative number.)
- 5B Enter the dollar value of liquidated and delinquent accounts that were written off during the fiscal year. (<u>Do not</u> use a minus sign or brackets; the amount of write-offs defaults to a negative number.)

# 6. Adjustments

6B Adjustments can either increase or decrease debt. Enter any amounts that had been designated liquidated and delinquent that were later adjusted. Adjustments include accounts or amounts that were set up in error, found uncollectible due to bankruptcy, compromised or abated (were determined not to be owed). You must enter a minus sign if adjustments reduce the amount of liquidated and delinquent account balances.

# 7. Reversals

7A Enter the number of accounts reported as liquidated and delinquent on a prior report that need to be removed from liquidated and delinquent status. These can be accounts that were erroneously reported or that for some reason are again open for appeal. These also can be loans that have been renegotiated and no longer are delinquent. (Do not use a minus sign or brackets; the number of accounts defaults to a negative number.)

Note: You should never have an entry in this field if this is the first report being made for this type of account. Accounts reversed can be accounts in the beginning balance or that were added and reported as additions in the current year.

7B Enter the dollar value of the accounts being removed from liquidated and delinquent status. (<u>Do not</u> use a minus sign or brackets; the amount of reversals defaults to a negative number.)

Note: You should never have an entry in this field if this is the first report being made for this type of account. Accounts reversed can be accounts in the beginning balance or that were added and reported as additions in the current year.

# **Ending Balance**

- A No entry is required because this number is computed. Use this as a check against your total to ensure all data has been entered properly.
- B No entry is required because this number is computed. Use this as a check against your total to ensure all data has been entered properly.

# SECTION III

This section is where you will report the number and total dollar value of your agency's accounts which are assigned to, and being actively collected by, the Department of Revenue or private collection firms.

You will also use this section to report the value of new accounts sent out to those entities, the dollars collected by them, and the dollar value of accounts returned uncollected. Only count accounts you've sent them for **unrestricted** collection activity. For example, don't include in the Department of Revenue figures the accounts you are collecting that were registered with the Department only for tax refund offset.

Keep in mind that this section of the report provides additional detail to the gross amounts you already provided in Section II. That is, the detailed amounts you provide for the Department of Revenue and private collection firms should be included in the amounts that make up the totals for the agency you report in Section II.

# SECTION V

In this section you will report the accounts that were exempt from being assigned to a private collection firm. Note: Liquidated and delinquent accounts are not exempt from the reporting requirement – only exempt from being sent out for collection. Except for those accounts owed to the Department of Revenue or the Employment Department, if an account has not had a payment within 90 days from the last payment, or the date the debt was liquidated, it must be submitted to the Department of Revenue, Other Agency Accounts (OAA) or a private collection firm for collection action.

Include, in this section only, accounts with no payment for 90 days. Once again, this is additional detail of information included in liquidated and delinquent accounts that were reported on in the Liquidated and Delinquent Accounts (Section II) of these instructions.

An account may be exempt from being assigned to a private collection firm by statute, ORS 293.231, and by rule, OAM 35.40.10. An account may fall under more than one reason for exemption. Only count it once, under the category you feel best describes the overriding reason for the account's exemption.
