Legislative session and year

Bill version: If a bill has been amended and the amendment is now incorporated into the text of the measure, it is "engrossed".

Measure number: A member introduces a bill in the chamber in which the member serves. Bills raising revenue must originate in the House.

Sponsor: Member(s) or committee assuming responsibility for introducing a measure.

Summary: Written by Legislative Counsel.

Relating to clause: Measure contents must be germane to the relating to clause. Important for amendments that replace the measure.

Existing law: Current Oregon Revised Statute (ORS) that will be modified. Each section of the relevant ORS will be included, even if not modified.

★ Adding and deleting language  
Items in **boldfaced font** are being added to existing statute  
Items in *[italic font in brackets]* are being deleted from existing statute

Legislative concept: Number assigned to draft legislation before the legislation is introduced and assigned a bill number.

Operative dates: If a bill requires administrative preparation before the bill is fully operative, an operative date delays operation of all or part of the bill. If an operative date is used, the entire bill still takes effect on its effective date. However, a specified part of the measure does not become operational until a later specified date. It is important to distinguish between items that are authorized on and after the effective date and items that are not authorized until the operative date.

Repeal date: A statement that repeals a portion of a measure after a certain date. A statement added to the end of the measure which causes an act to become ineffective after a certain date is called a sunset clause.

Effective date: Date measure becomes law. Generally these fall into a few categories:

- Emergency Clause: The measure takes effect on either the date specified, or immediately on passage- which means the date the Governor signs the legislation into law.
- 91st day: The measure takes effect on the 91st day after the current legislative session is adjourned sine die.
- No specified effective date: The measure will take effect on January 1 of the year after passage.

## AMENDMENTS AND HAND-ENGROSSING A MEASURE

**Hand-engrossing** – a process by which amendments are hand-written, or pasted into the appropriate sections of the printed measure.

Generally, “gut and stuff” amendments do not need to be hand-engrossed. They replace the original language of a measure, except for the “Relating To” clause and are complete for the purposes of legislative consideration.

### Steps to Hand-Engross a Measure

#### 1. Heading

In the upper right hand corner, write -  
(your initials)  
date (of engrossing)  
Measure Number – Amendment Number (i.e., HB 2221 – 4)

#### 2. Insertions

For simple insertions –

Draw a caret (^) in the body of the measure where the insertion is to begin.

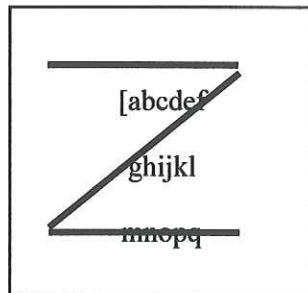

Write the language to be inserted on the printed measure.

For complex insertions -

Cut the original measure and insert the block of printed LC draft text in its proper place. This eliminates errors from retyping. Tape the cut piece of original measure after the amendment and continue.

#### 3. Deletion

Bracket [ ] the language to be deleted and make a thin line through each line or word. If large sections (more than 4 lines) are to be deleted, draw through the top and bottom line and diagonally through the language to be deleted.

#### 4. Restoration

Delete the printed brackets by marking through them. This means you are restoring the printed language within the brackets.

Write the term “restore” in the margin.
