Oregon on track to join National Popular Vote Compact

SALEM, Ore.—Senate Republican Whip Dennis Linthicum, R-Klamath Falls, released the following statement on the supermajority’s push for Oregon to join the national popular vote compact under Senate Bill 870:

“The move to do away with the Electoral College wouldn’t be in full swing if Hillary Clinton won instead of President Trump. We all know that. What we are seeing is an attack on our nation and our sovereignty as individuals. One can simply look at a 3D map of the election and see that metroplexes would tyrannically dominate our nation if we didn’t have the Electoral College.”
