Emergency Management

Holly Powers, Emergency Manager

Emergency Operations Planning

- EOPs cover all hazards and are flexible enough for use in all emergencies.
- EOPs are plans that define the scope of preparedness and emergency management activities necessary for that jurisdiction
 - Assigns responsibility to organizations for carrying out specific actions during an emergency or disaster
 - Sets forth lines of authority and organizational relationships and shows how all actions will be coordinated
 - Identifies personnel, equipment, facilities, supplies, and other resources available within the jurisdiction or by agreement with other jurisdictions
 - Reconciles requirements with other jurisdictions.
