REVENUE FORECAST STATEMENT FROM HOUSE REPUBLICAN LEADER MIKE MCLANE

Salem, OR – Rep. Mike McLane (R – Powell Butte), House Republican Leader issued the following statement related to today’s revenue forecast:

“There are good signs, but Oregon's economic recovery remains slow. It is clear we need additional steps to provide Oregon's businesses with the certainty and confidence they need to grow. We also need to have an honest conversation on how to re-balance our resources within the budget and hold onto our reserves. The success of this February session depends on how we handle these priorities.”
