

Notice of Work- Hazardous Materials Testing

To: Capitol Building

From: Oregon State Capitol Renovation (OSCR) Team

Date: May 5, 2015

The following OSCR project team members will be working in the Capitol:

- Representatives from PBS Environmental and Capitol Facility Services

Scheduled Date and Time of Work:

- The testing is scheduled to begin on **Thursday, May 7th**
- The testing will be conducted during business hours and will take approximately 4 hours to complete
- The work is scheduled to be completed by May 11th, 2015

Location of work:

- Testing will be done on the roof of the 1938 building in the locations designated on the map below.

Work to be performed:

- Team members will be testing for hazardous materials such as asbestos
- Testing involves identifying and obtaining samples from various roofing materials using hand tools

Impacts:

- Team members will be escorted by a Facility Services representative while the work is being conducted.
- There will be very minimal noise impacts, as the team will not be using noisy equipment to collect their samples.

Purpose of work:

- This work is being done to determine whether or not lead and/ or asbestos is present in these locations.

It is our goal to gather the above information in the most discreet method possible. Should any questions or concerns arise in the process of the work being conducted, we welcome you to contact us in Room 354 at 503.986.1190.

Thank you,

Jessica Lacasella
