

Notice of Work- Hazardous Materials Testing

To: Capitol Building

From: Oregon State Capitol Renovation (OSCR) Team

Date: May 21, 2015

The following OSCR project team members will be working in the Capitol:

- Representatives from PBS Environmental and Capitol Facility Services

Scheduled Date and Time of Work:

- The testing is scheduled for the Thursday, May 21, 2015
- The testing will be conducted between 5:00 p.m. and 1:00 a.m.

Location of work:

- Testing will be done on the ceiling of the House and Senate Chambers.
- Please see the image below for the specific areas in which the team will be taking samples.

Work to be performed:

- Team members will be testing for hazardous materials such as asbestos
- Testing involves identifying and obtaining samples from the ceiling in the locations designated in the image below.

Impacts:

- Team members will be escorted by a Facility Services representative while the work is being conducted.
- There will be very minimal noise impacts, as the team will not be using noisy equipment to collect their samples.
- The team will be using a man lift in order to obtain samples. Protective materials will be used to prevent damage to chamber finishes.

Purpose of work:

- This work is being done to determine whether or not lead and/ or asbestos is present in these locations.

It is our goal to gather the above information in the most discreet method possible. Should any questions or concerns arise in the process of the work being conducted, we welcome you to contact us in Room 354 at 503.986.1190.

Thank you,
Jessica Lacasella
