

The reason I voted NO on this bill is because it does not comply with Article 4 Section 21 of Oregon's Constitution, Senate Rule 133.02, or ORS 171.134. This bill needs to comply with these provisions before moving forward.

While I agree with the premise of this Bill and would have voted YES, I was not able to do so until it comes into complies with the provisions previously stated.

Thank you. Senator Dick Anderson
