RE: Vote Explanation for House Bill 3115

Dear Secretary Rutledge,

Thank you for the opportunity to provide my vote explanation for House Bill 3115 A. I voted yes on this bill but wanted to note that I was hesitant with my vote due to public testimony from the Oregon Lottery. They stated that while they believe that this bill will provide some measure of deterrence, people will continue the practice of buying and selling discounted tickets. According to the Oregon Lottery, "enforcement challenges will remain so long as Lottery games are played anonymously." They have said they will continue to explore solutions to this issue, and because of this, I fear that the bill may not have as much of an impact as hoped.

Sincerely,
