RE: Vote Explanation on HB 4033

Dear Chief Clerk Sekerak,

Yesterday, I voted "No" on HB 4033.

HB 4033, as passed off of the floor today, disconnects parents from the tribal committee that gives input to the Early Learning Council. By removing the four-parent membership from this committee, I believe we are doing a huge disservice for the parents and children of our tribal communities. It is vitally important to value the input of parents and I believe that requirement should be put back into HB 4033.

Sincerely,

State Representative, House District 58
