HCR 19 is unconstitutional under Article IV, Section 10 given this is an organizational session. Further, it limits citizen access to the Legislature by ending bill drafts on January 18, 2019 which is before the official long Session begins. This violates the free speech of citizens while limiting the redress allowed of elected Legislators to support their nearly 130,000 citizens in a State Senate District. HCR 19 combined with Senate Rules deliberately blocks citizen rights to access their Legislature.

Submitted,

Brian J. Boquist
State Senator
