RE: Vote Explanation for Senate Bill 1005

Dear Secretary Rutledge,

Thank you for the opportunity to provide my vote explanation for Senate Bill 1005. I voted yes on this bill, but voiced my concerns regarding collection and storing of personal data from driver's licenses and identification cards. Even though I am concerned about this issue, Subsection (3) of the bill states that "A private entity that swipes an individual's driver license or identification card under subsection (2)(a) or (b) of this section may not store, sell or share personal information collected from swiping the driver license or identification card." For this reason, I feel that our data will be protected under this policy, and voted yes on SB 1005.

Sincerely,
