Salem, OR 97301

RE: Vote Explanation on Senate Bill 1516A

Dear Chief Clerk Sekerak,

Senate Bill 1516A is a public safety omnibus bill that includes fixes for issues relating to pretrial release decisions, culturally responsive assistance for Justice Reinvestment Equity Program grants, and law enforcement use of automated license plate readers. I have heard from constituents who are concerned about data security. I understand these concerns. I also hear from constituents who appreciate supporting law enforcement work to catch criminals. This bill puts certain sideboards on automated methods, including automated license plate readers (such as Flock cameras) and without this bill there would be no sideboards. On balance, we're better off with this bill than without.

Sincerely,

Nancy Nathanson

State Representative, House District 13
