**OREGON STATE SENATE**

The “People’s Work” should be considered an essential service and there for accessible in person. Furthermore, we should not be sweeping more funds into the General Fund. If funds are dedicated, they should stay dedicated and if we have a surplus then we should be waiving or lowering our fees! Because the people are still being denied their constitutional right to participate and lobby their legislature in an open manner, and because this is just another money grab, I voted no.
