

Madame Secretary:

Please enter this vote explanation for SB 33.

Oregon Criminal Justice Commission is virtually the only entity that must have its Oregon Administrative Rules approved as related to sentencing guidelines. Since my previous votes would include both agreement and disagreement to sentencing times etc. were passed in a previous bill, there is no doubt, some opposition to some of the guidelines. Hence, a no vote was cast to continue opposition or disagreement to some of the guidelines. It is not against the whole of SB 33's approval of the OARs.

Sincerely,

Senator Boquist
