**Representative Post recaps successes of 2021 Legislative Session**

**SALEM, Ore.** –After a long six-months in a historic session, the Oregon Legislature officially adjourned the 2021 Legislative Session. With the people’s work being conducted virtually as the Capitol was not open to the public, trying to navigate through the political process was interesting to say the least.

Representative Bill Post (R-Keizer) is recognizing the adjournment of this unusual session by highlighting important bills that will benefit Oregonians:

- HB 2738 – Full and adequate funding for CASA.
- HB 2646 – Regulating kratom products and protecting minors.
- HB 2648 – Allowing behind the counter sales of Sudafed products.
- HB 2607 – Supporting wildfire victims.
- HB 2644 – Recognizing our veterans.
- HB 2650 – Supporting law enforcement and K9 units.
- HB 3047 – Strengthening privacy protections.
- Funding for HD 25
  - \$1.25m Chehalem Cultural Center
  - \$32m Newberg Dundee Bypass
  - \$696,000 St. Paul Water System
  - \$54,000 Butteville Landing
  - \$400,000 City of Newberg
  - \$800,000 City of Keizer

“It’s been a busy session with more legislation and committees than ever before,” said Rep. Post. “There were a number of pressing issues we had to address related to the pandemic, devastating natural disasters, and budget.

I’m very proud of the amount of legislation I was able to pass which required me to work closely across party lines. Next up, redistricting in the upcoming September Special Session.”
