Balmer, Chief Justice of the Oregon Supreme Court, to the rostrum.

Chief Justice Thomas A. Balmer administered the oath of office to the newly-elected senators.

Gavel was presented to the newly-elected President of the Senate. (President Courtney in Chair).

President Courtney made the following remarks to the Senate.

"I struggled with what to say today, because times just aren't good.

"January 15, three years ago, Flight 1549 was over New York City and she was in trouble. There were 155 people in that plane and there was no way they could get back, which meant the plane was going to crash.

"You all know the story. There was a certain individual named Chelsea Burnett Sullenberger III, who was in the cockpit. Somehow he landed that Airbus 320 on the Hudson River and everyone was saved. Not only once, but twice, he walked through the entire length of the plane to make sure everyone was off it.

"Sully was an unpretentious person. He was not egotistical. His life had always been low key. But Sully was the right person in the room – in this case, the right person in the cockpit.

"So that is what I am left with today. The right person in the room.

"The Democrats were treated to an extraordinary presentation a few weeks ago by a woman who is a native Oregonian from my Senate district – a graduate of Woodburn High School, Stacy Allison. Stacy Allison was the first American woman to ever summit Mt. Everest.

"The first time she tried it, she and her companions had to give up. They failed. On her second attempt her party was within one day's climb of the peak when they were snowed in and they ran low on oxygen. There was no way Stacy Allison

and her two male companions could reach the summit yet again.

"They talked about drawing straws, but a funny thing happened. Without her knowing it the two men decided there would be no straws drawn. They would give their remaining oxygen to Stacy and her Sherpa and that allowed Stacy Allison to be the first American woman to summit Mt. Everest.

"In their own way they had all been the right people in the room when the room was a tent on the side of the world's tallest mountain.

"Recently, Steve Duin, an Oregonian columnist who is somewhat controversial, talked about a woman named Jillanna Goble. She's a Portland woman who literally transformed her room. It is a waiting room at the DHS child welfare office in East Portland – a place where families and children whose lives have unraveled wait to find solutions.

"It was a place Goble thought was cold and unwelcome. People went there in pain and, if anything, their pain was made worse. But she did something about it. She showed up last May with 25 welcome boxes filled with art supplies, snacks, a fresh toothbrush and a flashlight.

"The boxes were a hit and so the church where Goble attends started producing and providing them. Other churches joined the effort and now they provide more than welcome boxes. Thirty-seven churches are working to make sure Portland has enough foster care families to meet the needs of children in crisis. And it all started because Jillanna Goble wanted to make a waiting room a welcome place.

"Jillanna was definitely the right person in the room.

"I can go on and tell you an emotional story. When this Senate shocked me – with one hour's notice in 2003, six weeks after I was given the last rights in Salem Hospital – and made me President, you made someone else the President Pro Tem. He is no longer with us. His name is Lenn Hannon. What you do not know is that many times during that session when we were tied 15-15 – and most people think that from a Senate standpoint it was extraordinary – it was Lenn Hannon, not Peter, who made the give; who found the solution; who found the way to work through the problem.

"I visited him many times in later years when he was in the hospital as mother nature's diseases took their toll. As I would enter the room, he could see I was down. He would say "Peter, never forget the Senate. Never give up. Just keep going back. Keep going back."

"The right person in the room.

"Lenn is no longer with us, but Lenn Hannon was the right person in the room in that 2003 session.

"And now to each of us. I really believe this what I'm going to say.

"Does each of us have that kind of credibility with our colleagues? Do we have the ability to convince others to follow our lead?

"Do we have the courage to put the needs of others above our own? Do we have the integrity to put the good of Oregon above our own wants and desires?

"Because when it's crunch time we all want, and must have, the right person in the room. I sincerely believe in the days and weeks ahead that each of you – yes, each of you – is going to be called to be that person. In a committee room. In a hallway. In negotiations. Each of you.

"And I believe each of you will prove to be that right person in the room."

Nominations for President Pro Tempore of the

Senate were declared open by unanimous consent at the request of the Chair.

~~(1) The Senate is committed to providing a work environment free from improper conduct, which includes any conduct, including workplace harassment that discredits the integrity of the Senate.~~

~~(2) "Workplace harassment" means treatment or behavior that to a reasonable person creates an intimidating, hostile or abusive work environment, and includes violent acts for which employers could be held liable. Harassment may be based on a person's sex, race, religion, age, disability, national origin or status as a member of a protected class.~~

~~(3) "Sexual harassment" means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:~~

~~(a) A person says or suggests that declining to submit to the conduct will affect a person's job, benefits or business before the Legislative Assembly;~~

~~(b) A person uses submission to or rejection of the conduct as the basis for decisions affecting another person's employment; or~~

~~(c) The conduct has the purpose or effect of unreasonably interfering with a person's performance or creating an intimidating, hostile or offensive environment in which the person works.~~

~~(4) "Sexual harassment" includes the following conduct:~~

~~(a) Verbal abuse of a sexual nature;~~

~~(b) Graphic comment about a person's body or attire;~~

~~(c) Touching of a sexual nature;~~

~~(d) Sexual advances and propositions;~~

~~(e) Sexually degrading words used to describe a person;~~

~~(f) Display in the workplace of any sexually suggestive object or picture; and~~

~~(g) Any threat or insinuation that a person's refusal to submit to a sexual advance will~~

~~adversely affect that person's employment, evaluation, wages, duties, work shifts or any other condition of employment or business before the Legislative Assembly.~~

~~(5) A supervisor engages in improper conduct by failing to take appropriate action when the supervisor knows or should have known that improper conduct is or was occurring.~~

18.03 Notice.

~~(1) When a legislative session commences, the President shall give the following notice to all Senate members and Senate employees:~~

~~— If you believe you have been a victim of improper conduct, you have options. You can tell the offender about the action that disturbed you and ask the offender to stop. You can communicate with the offender in person or in writing. You may also use the informal or formal procedures established by the Rules of the Senate as set forth in 18.05 and 18.06 to pursue a complaint of improper conduct if you:~~

~~(a) Do not want to confront the offender directly;~~

~~(b) Have talked to the offender and the offensive behavior has not stopped; or~~

~~(c) Believe your complaint has resulted in retaliation.~~

The following informal procedure addresses this need. However, a person making a complaint need not use this informal procedure before filing a formal complaint with the Senate, administrative agency or court. The informal and formal procedures in the Senate rules on improper conduct are optional; a person may or may not use them.~~

~~(1) The person making the complaint must submit the complaint to an intermediary designated pursuant to subsection (5) of this rule within 30 days of the improper conduct.~~

~~(3) The identities of the parties to the informal procedure shall be confidential. Any records related to the informal procedure shall be exempt from public disclosure under the provisions of ORS 192.501 and 192.502 without regard to the public's interest in their disclosure. The formal complaint procedure shall consist of the following steps:~~

If the person filing the complaint agrees, the Caucus Leaders may work to resolve the complaint informally. However, if there is no informal resolution, the formal written complaint shall be filed by the Caucus Leaders with Legislative Counsel within seven days of the determination that there is no consent or no resolution. During the interim between legislative sessions, the person must file a formal written complaint with the Legislative Counsel.~~

~~(3) Upon receipt of a complaint, the Caucus Leaders shall:~~

~~(a) Provide the person filing the complaint with a safe and nonhostile work environment with a comparable work assignment; and~~

~~(b) Notify the accused of the complaint, the name of the person making the complaint and the nature of the complaint.~~

~~(4) After the filing of a formal written complaint with Legislative Counsel, the Caucus Leaders shall appoint an investigator who is not an employee of the Legislative Assembly and who is experienced in investigating complaints of improper conduct of the type alleged. If the respondent is either Caucus Leader, or the Caucus Leaders are unable to agree on appointing an investigator within 10 days of the filing of the complaint, Legislative Counsel shall appoint the independent investigator.~~

~~(5) The investigator shall conduct an investigation and, within 14 days after being appointed, present findings of fact and recommendations to the President and the Caucus Leaders, the person filing the complaint, the person who is the subject of the complaint and the members of the Special Committee on Conduct.~~

~~(6) If the person accused of improper conduct is a Caucus Leader, the obligations of that Caucus Leader under this rule shall be assumed by the President.~~

18.07 Time Limits.

~~(1) The Special Committee on Conduct has jurisdiction over conduct occurring from 30 days before the convening of a regular session of the Legislative Assembly to adjournment *sine die*. However, if the complaint is filed less than 10 days before adjournment, the President may refer the complaint to an interim committee on conduct.~~

~~(b) Filed after the deadline prescribed by Rule 18.06.~~

18.08 Hearing.

~~(1) Upon receipt of the formal written complaint and the investigator's report, the Special Committee on Conduct shall schedule a public hearing on the complaint. The committee shall notify the Caucus Leaders, the President, the person filing the complaint and the person who is the subject of the complaint of the hearing date, which shall be not sooner than 14 days after receipt of the complaint and report. The committee must complete its hearing and make its recommendations within 60 days of the filing of the formal written complaint with Legislative Counsel.~~

~~(2) At the hearing, only the members of the committee may ask questions of witnesses. The person who filed the complaint and the person who is the subject of the complaint, or a representative of either of them, shall be allowed to present evidence to the committee by suggesting witnesses and documents to be presented to the committee and by suggesting questions that the committee may address to the witnesses. Questions by committee members must be those that a court of law would deem relevant to a civil action involving the same conduct.~~

~~(3) Audio recordings of the committee hearing shall be made by committee staff and shall be made available on an expedited basis to the person filing the complaint and to the person who is the subject of the complaint. No television equipment or tape recording devices other than those used for official committee recording shall be permitted at the hearing.~~

~~(4) If the person filing the complaint or the person who is the subject of the complaint disagrees with the recommendations of the Special Committee on Conduct, either person may request that the committee review the recommendations. The request must be made in writing within 10 days after receiving written notice of the committee's action. The committee must complete the review not later than 10 days after receiving the request.~~

18.09 Sanctions.

~~(1) Any sanction the Special Committee on Conduct recommends must be proportionate to the seriousness of the offense.~~

~~(c) The President must impose any sanction recommended against persons other than Senate personal staff and members. Recommended sanctions may include, as appropriate, reprimand, censure or exclusion from part or all of the Senate.~~

~~(2) If the committee recommends no action, the formal procedure is concluded and the complaint shall be considered dismissed.~~

~~(3) Any recommended sanction resulting from a formal complaint against a Senate member must be recommended to the floor by the Special Committee on Conduct. Any formal sanctions recommended against a Senate member must be referred to the floor for approval by a two thirds majority vote of the Senate before final action is taken against a Senate member.~~

~~(4) The person who filed the complaint may determine that no further action is necessary but is not precluded from pursuing other appropriate remedies, including court action.~~

~~18.10 Malicious or Frivolous Claims.~~

~~If, after a hearing, the Special Committee on Conduct determines that a complaint of improper conduct is frivolous, the person filing the complaint shall be subject to appropriate disciplinary action, including the sanctions set forth in Rule 18.09. A complaint is frivolous only if the complaint was not grounded in fact or warranted by existing law, or was brought forward solely to harass the accused person or to interfere with the work of the Senate.~~

Thursday, February 14, 2013 – Morning Session

Senate convened at 11:00 a.m. President Courtney in Chair. The following members were present: Baertschiger, Bates, Beyer, Boquist, Burdick, Close, Devlin, Dingfelder, Edwards, Ferrioli, George, Girod, Hansell, Hass, Johnson, Knopp, Kruse, Monnes Anderson, Monroe, Olsen, Prozanski, Roblan, Rosenbaum, Shields, Starr, Steiner Hayward, Thomsen, Whitsett, Winters. Colors were posted and the Senate pledged allegiance to the flag. Invocation by Senator Bill Hansell, Athena.

President Courtney requested a moment of silence to remember the life and service of Mark Vincent Spear, the Oregon Senate’s Sergeant-At-Arms for the 1995 Session who passed away on February 3, 2013.

In honor of Oregon’s 154th Birthday, President Courtney read an excerpt from a letter written by United States Senator Delazon Smith on February 14, 1859, recounting the scene in Washington, D.C. on Oregon’s acceptance into the Union. The letter also includes a poignant reminder on Valentine’s Day about communicating with your loved ones. With thanks to the Oregon Historical Society (Research Library, Coll 26), and without objection, the President ordered the excerpted letter, with the emphasis in the original, entered into the Senate Journal as follows:

“Senate Chamber
 Washington, D.C.
 Feb’y. 14th, 1859

“My Dear Wife: –

“The long and painful agony is over! Oregon is a state within this glorious Union!! After a long and desperate struggle we have most gloriously triumphed! This day – in the presence of a vast assemblage [sic] of people of all ages and both sexes, congregated to witness the ceremony – Gen. [Joseph] Lane and myself took the oath of office and our seats in the Senate of the United States of America.

“We were admitted by a majority of only eleven (11) votes. But this answered all purposes. The question of admission was

debated three full days with very great ability. I have ordered twelve thousand copies of the speeches for distribution in Oregon.

“When the Bill passed there was loud applause both on the floor of the House and in the galleries [sic]. At night a vast multitude of people, with bands of music, paraded the streets of the city, serenading the Oregon Delegation – the President and Vice President of the United States, &c, &c. I have never witnessed such unbounded enthusiasm and rejoicing in all my life. Every body seemed to rejoice. Having been previously exhausted and quite worn down with labor and anxiety – I left my room where hundreds called to congratulate me on the most happy and triumphant result.

“I will say no more about our admission. You will see full accounts in all the papers.

“I have a great many letters by the last mail from Oregon, but not one from my own dear Mary! I looked with great anxiety through all the list for your letter, but alas! it was not there! But, fortunately, there was one from Mr. McConnell. From him I learned that you had been in Town, and that you and the children were well. God be praised for the good news!

“And now I must close. My never dying love to our precious children. Tell them to be good and obedient and remember their pa and I will, God willing, come home soon, and if I come back here they and their ma shall come with me. My love to every body.

“Now my dear wife and children, good bye for this time. Heaven bless you.

“To Mary & our children.
 I am Ever and devotedly,
 Your affectionate husband,
 Delazon Smith”

“Colleagues, I know each of you is diligent about declaring conflicts of interest. You each also know about the Class Exception. Under the Class Exception, you do not have to declare a conflict if you are affected by legislation in the same way as other members of a large group, profession, or industry. For purposes of this legislation (SB 738), and the legislation we will consider later today (SB 822), I have received an opinion from Legislative Counsel that we, as legislators, fall under the Class Exception. According to Counsel, each legislator either is, or has the ability to become, a member of PERS and therefore is equally affected by a vote on the measures. Also, legislators who are members of PERS by virtue of earlier public service in other positions are also subject to the Class Exception. Therefore, as members of a class, you do not have to declare a conflict of interest on the measures before us today.”

SB 822 – Steiner Hayward requested the following explanation of vote be entered into the Journal:

“I can't think of a better example of between a rock and a hard place than where we stand today as we consider solutions to the PERS funding crisis. Government stands on the bedrock of three services: education, public safety, and human services. So here's our rock: Every dollar we save in PERS puts more teachers in our classrooms, puts more cops on our streets, and provides more services to our most vulnerable Oregonians. Government cannot stand, however, without trust, so here's our hard place: most of the dollars we save in PERS

take a dollar away from those who have served our state as teachers, cops, and providers of those human services.

“Ultimately, I chose to vote aye on SB 822 because schools in Senate District 17 have 36 children in 1st grade classrooms and 45 in algebra classes, because our State Police Troopers are at less than half their optimal number, because our Department of Human Services case workers are handling triple the load of clients recommended by best practices and as a result are doing paperwork instead of case work that helps vulnerable Oregonians get back on their feet. Our bedrock is crumbling, and the unfunded PERS liability is making it crumble faster. Additionally, if we do not take sufficient steps to shore up our bedrock, PERS retirees will face an even more dire situation in years to come, when Oregonians are inadequately educated to get good jobs and help grow our economy.

“The need to take action on PERS now stems from the financial crash in 2008, when PERS lost \$17 billion, three times as much as any other previous annual loss. We cannot regain this with investment returns alone, no matter how well our investment team performs.

“That being said, SB 822 alone is necessary but not sufficient for solving our funding crisis. We must address core revenue issues as well, by asking the wealthiest Oregonians to contribute a little more, by not renewing ineffective or unnecessary tax credits and paring down those we keep, and in the long term, moving toward a complete restructuring of Oregon’s revenue system.

“As a family physician at OHSU, I have been in the PERS system as a Tier 2 beneficiary since 1999. My retirement will take a real hit from these changes, so I am not asking anything of any other beneficiary that I am not expecting of myself.

“I don’t think there was a single Senator who walked off the floor yesterday satisfied and happy with what we did. Some of us thought we did way too much, breaking our promises to thousands of Oregonians who have served our state well. Others thought we did not do nearly enough, and would not make the progress we need toward acceptable funding for our schools, public safety, and human services. And some thought both were true simultaneously. I will continue to monitor PERS closely, and as always, will take into consideration both the needs of Senate District 17 and of Oregon as a whole when and if other revenue or PERS restructuring proposals come up for consideration.”

HB 2107, 2683, 2706, 2747, 2763, 2773, 2774, 2783, 2821, 2824, 3199, 3278 – Read first time and referred to President’s desk.

SB 625 A-Eng. – Read third time. Carried by Olsen. On passage of bill the vote was: Ayes, 28; excused, 2 – Johnson, Whitsett. Bill passed.

SB 673 A-Eng. – Read third time. Carried by Close, Prozanski. On passage of bill the vote was: Ayes, 26; nays, 2 – Boquist, Girod; excused, 2 – Johnson, Whitsett. Bill passed.

SB 673 – Prozanski requested the following explanation of vote be entered into the Journal:

“I supported SB 673A because it will strengthen existing laws and hold offenders to a higher standard. As currently written, SB 673A will impose a 30-day mandatory jail term and \$10,000 fine on the first conviction. It will also require the defendant to go through a sex offender evaluation to determine if the defendant should be required to be placed on the sex offender registry. A second conviction will impose a mandatory 90-day jail term and a \$20,000 fine. It will also require mandatory sex offender registration.

The sponsors and supporters of SB 673 stated that they wanted to shame offenders and make their acts public. By providing mandatory jail terms as well as sex offender evaluation and registration, offenders will be held publicly accountable for their inappropriate and unacceptable conduct.

It should be noted that in 2011, the Legislature passed HB 2714, establishing significant fines to curb the conduct addressed in SB 673A. Since passage of HB 2714, the

proponents for SB 673 have not documented any new cases that resulted in prosecution of an adult having sex with a minor. Some could say that HB 2714 provided the deterrent necessary to keep this conduct from occurring. Nevertheless, as chair of the Senate Judiciary Committee, I am committed to amending SB 673A to include a second offense as a felony and retain sex offender registration.

Further, an offender can already be charged with numerous sexual offenses when engaged in sex with a minor, including but not limited to, rape and sodomy.

During the floor debate on SB 673A, the Senator from John Day (Ted Ferrioli) asked four questions. Unfortunately, he failed to do his homework before asking three of those; he provided inaccurate information and insinuated that there were not laws prohibiting such conduct.

1. ORS 167.008(3)(f) already provides that lack of knowledge of being engaged in sex with a minor is not a defense.
2. ORS 166.715(6)(a)(T) provides the crimes of prostitution, patronizing a prostitute, promoting prostitution and compelling prostitution are racketeering offenses.
3. Section 3 of SB 673A retains and expands the rape shield evidentiary protections under ORS 40.210.

My response to the fourth question was not complete. Besides the proportionality challenge that could be raised to the original bill (SB 673), the bill also created unintended consequences. Here’s just one example: An 18 year-old who gave a gift or took his 17 year-old girlfriend to the movies could be charged with a Class B Felony if, while “making out” (kissing) with his girlfriend, he touched an intimate part of her body for the purpose of arousing or gratifying his or her sexual desire. SB 673 was poorly worded.

Lastly, during the Good Senator from West Valley’s (Brian Boquist) vote explanation, he inaccurately stated that SB 673A removed the wiretapping section from the original bill. It did not; Section 4 of SB 673A not only retains the wiretapping provision for the underlying crime addressed in the bill (patronizing a prostitute [ORS 167.008]), but also expands additional crimes to the wiretapping statute.”

SB 678 A-Eng. – Read third time. Carried by Thomsen. On passage of bill the vote was: Ayes, 28; excused, 2 – Johnson, Whitsett. Bill passed.

HB 2106, 2226, 2595, 2596, 2613, 2657, 2749, 2820, 3045, 3172, 3201, 3277, 3286, 3287, 3363, 3415, 3494 – Read first time and referred to President’s desk.

SB 633 – Rosenbaum requested the following explanation of vote be entered into the Journal:

“I cast a vehement “NO” vote on Senate Bill 633 for the following reasons:

“Senate Bill 633 preempts local government and cities without offering an alternative. This bill will specifically preempt a measure already approved for the May 2014 ballot in Jackson County that would restrict the planting of genetically modified (GM) crops, without providing the county with any other path to move forward.

“Preemption of the local vote has a deleterious effect on democracy. Seed and agricultural issues are unique to each climate, culture, and community. This is an extremely important issue that deserves a well thought out comprehensive solution. Senate Bill 633 does not offer this solution and simultaneously removes the ability of local communities to make decisions about the food they choose to grow.

“In my over 14 years in the Legislature few issues have produced more active opposition from the citizens of my district. I voted no on this bill because I think it is a step in the wrong direction. Local farmers have a right to grow organic crops and communities have a right to determine the right policy for their land.”

HB 2710 – George requested the following explanation of vote be entered into the Journal:

"I voted for HB 2710 A in order to draw clear legal boundaries around drone use by government bodies in a way that protects the privacy and safety of all Oregonians. As the Senator from North Portland pointed out in his floor speech, I have spent an enormous amount of time working on drone legislation this session because this is such an important issue for the future of our state.

"Although I wish that HB 2710 A was structured more clearly and contained tighter restrictions on drone use by law enforcement and the military, I voted yes because Section 10 completely prohibits all public bodies other than law enforcement and the military from using drones capable of being used as a weapon. Specifically, since all drones are capable of being used as a weapon (e.g. Section 13 recognizes that one way of using a drone as a weapon is to crash it into an aircraft), this bill effectively bans drone use by public bodies.

"This will ensure that the legislature has an opportunity to scrutinize and properly limit any exceptions that may be added to this law in the future. Although I voted for this bill, I still believe that the legislature will need to tighten up the limitations on drone use by law enforcement and the military in future legislation."

HB 2710 – Kruse requested the following explanation of vote be entered into the Journal:

"I misspoke on the floor today and want to briefly clarify my understanding of this bill. I meant to say that HB 2710 A allows *law enforcement* to use drones for search and rescue activities under Section 5, not that it allows *firefighters* to use drones. In my view, the most important part of this bill is Section 10, which prohibits public bodies from using any drone "capable of... being used as a weapon." Because all drones are capable of being used as a weapon, my understanding is that this bill prohibits drone use by all public bodies (including fire departments) other than those specifically exempted due to public safety concerns – the military and law enforcement. This general ban will ensure that future legislatures will have the opportunity to fully evaluate the exceptions that will be added to this general ban in the future. Thus, firefighters will be able to use drones once the legislatures approves a specific exception for their use, and I fully support adding such an exception."

HB 2710 – Whitsett requested the following explanation of vote be entered into the Journal:

"I am generally supportive of Section 10's ban on public bodies operating drones capable of being used as a weapon. Because all drones are capable of being used as weapons, my understanding is that this would ban drone use by all public bodies other than law enforcement and the military. As such, I voted "no" on this bill because I believe there should be several limited exceptions for public body drone use beyond those enumerated in the bill. Specifically, an exception should allow Oregon Institute of Technology to operate drones for research purposes as long as the information collected is not used in adjudicatory proceedings. If Section 10's general ban on public body drone usage becomes law, I will advocate for clarifying legislation allowing university drone research."

HB 2746 B-Eng. – Read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 28; excused, 2 – Edwards, Starr. Bill passed.

SB 547 – Message from the Governor announcing he line item vetoed Section 8 on June 25.

June 25, 2013

Dear President Courtney:

Under Article V, section 15a, of the Oregon Constitution, the Governor has the power to veto “any provision in new bills declaring an emergency, without thereby affecting any other provision of such bill.” Exercising that constitutional authority, I hereby disapprove and veto Section 8 of Enrolled Senate Bill 547, which declares an emergency, without affecting the remaining provisions of the bill.

SB 547 relates to capital costs financed with local bonded indebtedness and amends several statutes and definitions regulating taxation and implementing Article XI, sections 11, 11b, and 11L, of the Oregon Constitution. More specifically, Section 8 of SB 547 provides:

This 2013 Act being necessary for the immediate preservation of the public peace, health and safety, an emergency is declared to exist, and this 2013 Act takes effect July 1, 2013.

In my view, the emergency clause in Section 8 runs counter to the prohibition in Article IX, section 1a, of the Oregon Constitution, which provides that the Legislative Assembly shall not declare an emergency in any act “regulating taxation or exemption.” To be clear, I do not have any issues with the substance of Sections 1 through 7 of SB 547. Those sections, however, regulate taxation or exemption as contemplated by Article IX, section 1a, and therefore cannot be subject to an emergency clause.

Accordingly, I am exercising my constitutional authority to disapprove and veto Section 8 without affecting the remaining provisions of the bill.

Sincerely,

John A. Kitzhaber, M.D.
Governor

“My no vote on SB 5518 was prompted by the lack of detail regarding where the funds for early learning would be spent. There appears to be a lack of specificity and organization for me to vote yes at this time on millions of dollars of expenditures lacking a definitive plan on how and where the funds will be spent. “I was persuaded to change my position and vote for HB 2710 today after reading the floor letter distributed by Senator Larry George before the vote. Because of its influence on my decision, I have copied the letter below for entry into the official record.”

A Comprehensive Analysis of HB 2710
By Senator Larry George

“The rapid development of drone technology has the potential to provide law enforcement with a valuable tool in protecting public safety. At the same time, it has caused growing concern among many in the public about government

intrusion into individual privacy. HB 2710 is bipartisan legislation that attempts to balance these two interests and takes the first step in regulating government drone use by allowing law enforcement to use drones only in certain circumstances: pursuant to a warrant, with probable cause and exigent circumstances, for reconstruction of a crime scene, with written consent, in an emergency situation where an individual's life or safety are at imminent risk, or in a state of emergency declared by the Governor. Except in those instances, use of a drone by a law enforcement agency is prohibited, and evidence obtained by a drone outside these limited parameters is not admissible in court and may not be used to establish probable cause.

“Along with providing strict limits on the use of drones by law enforcement agencies, HB 2710 provides greater accountability for the use of drones by all public bodies in Oregon. The bill establishes the Oregon Legislature as the sole authority for regulating ownership and operation of drones, which allows for a consistent statewide policy. It requires all drones operated by public bodies to be registered with the Oregon Department of Aviation and subjects public bodies to financial penalty if drones are used in violation of state law.

“As the bill's chief sponsor explained on the House floor yesterday, the most important and far-reaching part of this bill is Section 10, which prohibits public bodies from using any drone that is even capable of being used as a weapon. Because all drones are capable of being used as a weapon, this prohibits drone use by all public bodies other than those specifically exempted due to public safety concerns—military and law enforcement.

“HB 2710 also protects public safety by creating a Class A Felony for actually using a drone as a weapon. This criminal-law safeguard is significantly less restrictive than Section 10's complete prohibition on public bodies (other than law enforcement and military) from using any drone that is even capable of being used as a weapon. Notably, Section 13 recognizes that one way of using a drone as a weapon is to crash it into an aircraft—in effect, using the drone as a guided missile. Because all drones are capable of being used as a weapon in this way, Section 13 reinforces the expansive nature of Section 10's general prohibition on a public body's use of drones.

“HB 2710 leaves the issue of registration of privately owned drones alone for the time being. This is to allow time for the FAA to develop a consistent nationwide policy and so as to not interfere with the state of Oregon continuing to be a leading place with the development of drone technology. However, the bill does require the Oregon Department of Aviation to make a report to the Oregon Legislature by November 1, 2014 on the status of federal regulation and whether or not privately owned drones should be registered.

“One area of remaining concern is this bill's creation of a private right of action for drones flown less than 400 feet over private property. Several aviation companies requested a reasonable exception for private drone uses approved by the FAA, but no agreement was reached. As such, this issue will have to wait for a future bill.

“In conclusion, HB 2710 strikes a balance between giving law enforcement agencies the tools they need and protecting privacy rights. The bill streamlines state drone regulations, provides oversight and accountability for the use of drones, and protects public safety in the airways. It is the first step in creating a responsible and pragmatic approach to the issue of drones and how they should be used.”

SB 525 – Message from the Governor announcing he signed with the following explanation on June 28:

June 28, 2013

Dear President Courtney:

Today, I am signing enrolled Senate Bill 525, which is intended to prohibit third party private collection agencies from using the seal or letterhead of public agencies or public officials. Concerns have been raised since the bill was passed by the legislature that there is some ambiguity in Section 1 of the bill, and that ambiguity could be interpreted to limit the public agencies or officials themselves from collecting monies owed, including restitution to victims.

This would be an unintended consequence of the bill, and I want to ensure that the collection of restitution for crime victims continues without interruption. As a result, I suggest that a technical clarification by subsequent legislation may be desirable.

Sincerely,

John A. Kitzhaber, M.D.
 Governor

“I served on the Joint Public Safety Committee that heard testimony on HB 3194. The bill makes major changes in our corrections budget and process, including changes to the voter-passed Measure 57, passed in 2008.

“After extensive testimony in hearings, and my own research and fact-finding, I voted “no”. The bill will change the will of the voters on seven violent crimes and sex crimes against children which include Criminally Negligent Homicide, Sodomy III, Sex Abuse II, Assault III, Robbery III, and Criminal Mistreatment I. These offenders will be allowed transitional leave from prison beyond the 20% “earned” time already available to them.

“In the best interest of protecting the public from violent criminals, I could not vote for this bill. The bill had wide support and several good portions such as the grants to counties for community corrections. Thank you for your interest in this important bill.”

HB 3194 A-Eng. – Knopp requested the following explanation of vote be entered into the Journal:

“I support many of the policies and reinvestments included in this bill. Particularly the aid for victims of domestic violence and abuse. Unfortunately, those good policies were coupled with bad sentencing reductions. These sentence reductions include sentences for Criminally Negligent Homicide, Rape III, Sodomy III, Sex Abuse II, Assault III, Robbery III, Criminal Mistreatment I, and Identity theft. This policy isn't consistent with the priorities of Oregonians. I don't, nor do the people of Oregon, support the sentencing reductions contained in this bill. It is for that reason I voted no.”

“I voted against HB 3098-B for the following reasons:

“1) The supporters of the original bill failed to exhaust all of their administrative remedies prior to seeking a legislative “fix.” I believe that it is important, whenever possible, to follow the administrative process prior to seeking legislative change to a state policy.

“2) The current version of the bill is not limited to the parcels of land specified in the original bill. Instead, this legislation changes our land use law for entire classes of soils (Class VI, VII, and VIII). Prior to making such a sweeping change to Oregon’s land use system, I believe it is prudent to have a task force address the various issues raised by the proposed legislation.”

HB 3521 B-Eng. – Prozanski requested the following explanation of vote be entered into the Journal:

“I voted for HB 3521B to ensure that every eligible Oregon voter has the opportunity to vote in every election. The bill will guarantee all eligible voters the right to vote. Under our current system, individuals who move to a different residence but fail to re-register to vote prior to 20 days before an election are denied the right to vote in that election. HB 3521-B will address this shortfall and ensure that eligible voters have the

right to vote in every election. It will not require a citizen to vote, but it will make certain that they are not prohibited from exercising their right to vote because they failed to timely update their voter registration before an election.”

HB 3407 A-Eng. – Under rules suspension, read third time. Carried by Monnes Anderson. On passage of bill the vote was: Ayes, 27; nays, 3 – Ferrioli, George, Olsen. Bill passed.

SB 270 C-Eng. – Prozanski requested the following explanation of vote be entered into the Journal:

“As much as I support individual governing boards, I cannot support SB 270-B in its current form.

“To allow a governor to decide whether or not certain members of a governing board should have the right to be a voting member is subjective, arbitrary and is wrong. All members should be voting members. Further, it is not good public policy to permit a governor to allow certain members of a governing board to be voting members but to not allow those same members of a different governing board to not be voting members. Why should the faculty member at PSU or OSU be allowed to serve as a voting member, but not the faculty member at U of O? This is an inconsistency that I cannot support.

“Since the governing boards will have 11 to 15 members, it is hard for me to understand why two positions (faculty and classified staff) should not be full voting members. There is no way two members of an 11-to-15 member board can ever exert pressure over the other board members.

“It only seems equitable, especially at an institution of higher learning, to allow all board members to have the same right to vote on matters brought before the governing board.”

“Democrat majorities in both chambers blocked real PERS reform as well as tax, and regulatory certainty for small business. We need to complete the people's work instead of just walking away leaving two priorities Oregonian's had for this session. I voted no on SCR 21 because I believe that if the people of Oregon wrote the Sine Die Resolution it would look very different. I had it drafted to reflect the sentiment that citizens have shared with me over this past session. If the people of Oregon wrote the resolution I believe it would look more like the following:

“Whereas every Oregonian deserves to have a high-quality education, live in a safe community and receive efficient and effective delivery of public services; and

“Whereas the rapidly escalating cost of Oregon's Public Employees Retirement System (PERS) is unsustainable and diverting billions of dollars away from schools, police, fire, transportation and other critical services; and

“Whereas Oregon's schools have been forced to reduce instructional days, close schools and cut numerous teachers despite increased state spending on education; and

“Whereas PERS costs are expected to increase significantly over the next decade or more, risking further cuts to schools, public safety and state assistance to the poor and seniors; and

“Whereas the lack of significant PERS reforms during the 2013 legislative session has left PERS with over \$11 billion in unfunded liability which will force local school districts, police departments and counties to continue layoffs and budget cuts; and

“Whereas Oregonians also desperately need jobs, as demonstrated by Oregon's 17.2 percent U-6 underemployment rate, which is the third highest in the nation; and

“Whereas Oregon's burdensome tax and regulatory climate needlessly hampers small and family business growth; and

“Whereas creating a separate, lower tax rate for small and family businesses would offer needed tax relief and certainty that would incentivize new start-up businesses, encourage existing businesses to relocate to Oregon and stay here and enable businesses already here to expand and hire more Oregon workers; and

“Whereas a bipartisan solution to address these challenges was rejected by the current Senate and House majority parties; now, therefore,

“That we, the members of the Seventy-seventh Legislative Assembly, should act now to pass significant PERS reform and provide tax relief to the small and family businesses that create living-wage Oregon jobs; and be it further

“Resolved, That making government more efficient and adding more taxpaying jobs will free up the needed revenue to provide meaningful relief to classrooms and provide local jurisdictions with the resources needed to serve their communities; and be it further

“Resolved, That the Governor should quickly call a special session to resolve these problems if the current Senate and House majorities refuse to act in a bipartisan manner to address them this session.”

Senate adjourned sine die at 2:48 p.m., July 8, 2013.

The Honorable Kate Brown
Secretary of State
136 State Capitol
900 Court St. NE
Salem, OR 97301

Dear Secretary Brown:

Although I have signed Enrolled Senate Bills 5506 and 5507, which contain capital expenditures for our state, I am disappointed in the process and believe we can do better. During the course of developing my most recent recommended budget, it was clear that the availability of new bonding capacity would allow Oregon to make extensive capital investments of \$10 billion over the next 10-year period. It was equally clear that over the course of the next 10 years federal resources for capital construction projects would become increasingly scarce.

I thus signed Executive Order 12-17 in November of 2012 to establish a capital planning process designed to set priorities for infrastructure investments in education, state infrastructure, and community and economic development while holding fully 20 percent of available resources flexible for emerging capital finance opportunities and need. The aim of the process is twofold. First, the planning will put Oregon in a better position to develop and execute capital funding decisions that optimize our ability to bolster economic growth throughout the state. Second, it will help us explore financial innovations that tap private capital to help cover for the projected shortfall of federal and other funds.

Understanding the social and economic significance of these investment decisions, and having the experience of developing 10 state budgets as Governor and Senate President, I am more convinced than ever that the Governor and the Legislature should have better planning and analysis upon which to base debt spending decisions and that the processes for advancing recommendations should be transparent.

Given this, it was with considerable concern and some disappointment that I signed each budget bill containing capital expenditures for our state. While the Legislature produced a capital expenditure budget within prudent limits recommended by the State Debt Policy Advisory Committee, the process of making decisions about debt expenditures was marked by a lack of transparency and seemingly finalized in a fragmented and frenzied manner. In short, it is not the product of careful long-term planning.

Despite my disappointment, the Legislature did approve several important elements of planning for future capital spending that will help boost prospects for economic development in Oregon. Both the development of a statewide education infrastructure inventory (SB 540) and a task force to make recommendations on how to leverage innovative market-based means (HB 2345) will be useful to meet our infrastructure development goals. The State Capital Construction Budget Process Task Force (SB 551) will help focus the themes presented herein and should lead to funding of a budgeting process – overlooked in 2013 – that can improve the decision making, transparency, and economic impact of our capital expenditures. It is imperative that as we make these important infrastructure investments that we also provide the necessary life cycle investment maintenance funding. I will be asking the Treasurer and Debt Policy Advisory Committee to formulate a plan for how we provide this funding and ensure that the State can protect and maintain these important investments.

While there is no question we can improve capital planning and finance processes, Oregonians should celebrate the important steps taken to fund regional economic priorities. For example, the Legislature allocated \$42 million for non-road, multi-modal transportation projects through the latest round of ConnectOregon. In addition, allocations were made for water infrastructure that will initially benefit Eastern and Southern Oregon. Funds were dedicated to advance Port development in Coos Bay. Eugene will have the opportunity to advance a business accelerator project markets. The mid and south coast will benefit from funds for small port dredging and Central Oregon's priority for funding of a 4 year university project was advanced. There are many more vital examples of investment throughout Oregon and the Legislature has provided for the consideration of financing of additional Regional Solutions Committee projects in 2014.

To each and all of these ends, I will continue to work with the Legislature to ensure Oregon leverages each dollar we spend on critical infrastructure that supports a thriving economy. I know we can do better and I look forward to finding the resources necessary to make this happen.

Sincerely,

John A. Kitzhaber, M.D.
Governor

SB 215 – Message from the Governor announcing he vetoed on August 16.

Dear Secretary Brown:

I am returning Enrolled Senate Bill 215 unsigned and disapproved.

SB 215 permits a school district to enter into a written agreement with the geographically closest federally recognized Native American tribe in Oregon to use the name, symbol, or image of a mascot associated with a Native American Tribe.

In a March 2012 report to the State Board of Education, the Superintendent of Public Instruction concluded that “the continued use of Native American mascots creates a hostile educational environment at both those schools who have the mascots and other schools.” Two months later, operating under its responsibility to ensure that discriminatory practices do not occur in school programs or interscholastic activities (ORS 326.051 and ORS 659.850), the Board adopted a ban on Native American mascots in Oregon public schools. This action followed detailed research on the part of ODE staff, testimony from expert witnesses, lengthy public testimony from the public on both sides of the issue, and deep consideration and discussion by members of the Board.

In conversations and in writing during the 2013 Legislative session, I and my advisors told SB 215's proponents that I am open to a process that would allow for narrow exceptions to the Board's tribal mascot ban. Specifically, I have indicated that I would support a “namesake exception” – modeled on NCAA policy and recommendations from the National Congress of American Indians – that would permit school districts and federally-designated Tribes to agree to the use of mascots, names, and symbols that are associated with the particular Tribe entering into the agreement. The exception process available under SB 215, however, would be much broader. The broad nature of the bill's exception to the tribal mascot ban, the ambiguities it creates with respect to the geographic designation of the closest Tribe, and the fact that there is not consensus among tribal members and communities in Oregon about this bill, lead me to the conclusion that I cannot support it.

I appreciate the sponsors' desire to promote conversations about diversity and inclusion in their local schools. Their intent is sincere, and I share it. The Board's ban does not take effect until 2017; I hope that we can work together over the coming months to bring to the Board or the 2014 Legislature a consensus proposal that would provide for reasonable exceptions to the ban without violating the Board's obligation to prohibit discrimination in education.

Sincerely,

John A. Kitzhaber, M.D.
