President Courtney made the following remarks to the Senate:

So I first of all want to thank my wife Margie who I actually think we were voting on for President of the Senate after that extraordinary

introduction by Senator Ginny Burdick. She’s everything and more she also held the Bible as we worked the swearing in. Her sisters Janet Splonski and Maria Hannan are somewhere here on the side aisle and Janet has recently lost her husband Ralph, so she is carrying that burden but she wanted to be here today. I thank her very much for her attendance.

My chief of staff’s mother is here Pamela Weninger and Betsy’s husband Matt is here. I kidded her children here yesterday because my staff spent the whole weekend working here making things look like they look. Her children Margaret and Wes are here and they are happier than anybody to be here because they get out of school so they are appreciating that. I want to thank the newly elected Secretary of the Senate Lori Brockner and her staff for all the work they did. Lori was here yesterday for hours and I want to thank my staff, I know Betsy was here as well as Robin, Anna, Michelle, Lisa, Debbie and Deb. I think I have them all, or I’m going to be in trouble. They have spent untold amount of hours here trying to make this place show well. You know how important that is. This just didn’t happen, there’s been a lot of effort that has gone on with this.

I’m almost reluctant to give this talk. I’ve been back and forth on it. Just be patient with me, I am speaking from the floor and not the podium. I don’t like speaking from up there. I can be sure that Senator Johnson, Boquist, Monroe, Whitsett and Senator Kruse, I can see you and I know you are there, so I will be speaking to you all.

Too many years ago in Coonskin Park, fifteen miles out of Charleston, West Virginia, a not so well organized Boy Scout troop was attempting to boyscout. This troop wasn’t the kind of troop that would produce a Mark Hass or a Vic Atiyeh, both of whom received the highest level of scouting as Eagle Scouts. There were no Eagle Scouts in this troop. Some individuals were into scouting, but some were just there. Their scout master, a wonderful person, was very inexperienced and really hadn’t read the manuals very well. It was raining, it was cold and dark, and this Coonskin Park was not very well improved. The scout master decided that they had to light a fire. He asked the members of the troop who had at least earned a few merit badges, as most of this troop hadn’t earned many merit badges. Those who had earned merit badges worked and worked and worked. They could not light a fire in the rain.

The scout master was ready to send everybody home. It was a disgrace; they were Boy Scouts and they could not do this. There were two scouts who came forward, they were not exemplary scouts, especially one of them. They asked the scout master if they could try. So they went into the weeds, well actually brush as far as they could go and started a spark that nearly lit the whole place on fire. They figured if they went into the bushes it might still be dry in spite of all the rain and lit a fire. So they were patted on the back and being praised. These two individuals were brothers with a sibling rivalry, and immediately got into a fight over who deserved more credit. I’m sure you’ve figured out that one of those brothers is the individual speaking to you now.

The older brother was named Bill and the younger brother named Peter. Bill would go on to the most elite schools in the country, earning several degrees at Dartmouth, and was extremely successful in international business at Ernst and Young. He is a lifelong Republican. The younger brother, wasn’t quite the student as the older brother, but he got good grades, though he had to study all the time, and he would end up going to non-tier 1 schools. He is a lifelong Democrat and public employee. Their personalities were quite different. They competed on the same football, basketball, and baseball teams. The sibling rivalry was fierce. Today they are very devoted to each other and care very much for each other, and you wouldn’t know that they had ever had a fight in their life. But, somehow through luck or name they found a way to build a fire in the rain.

Now if you think I’m bragging, when I came to Oregon, my Oregon, I learned about Oregon’s weather. I was dating a young woman named Margie. She said lets go to Silver Creek Falls to have a picnic. It was on a Sunday, and though I may embellish, I’m pretty close to right on this. We went to Silver Creek Falls and it was raining. We had all our materials and a man was leaving who said we could use the fire that he had going. I told him no, I can build a fire in the rain. I built a fire in the hills of West Virginia and I could build a fire. Margie

suggested we use the other fire, but I was proud and wanted to impress her. Some three hours later we were eating cold sandwiches, and she would remind me for the rest of my life of my inability to build a fire in Oregon's rain in the mountains of Oregon. I had a good day in the hills but not such a good day in the mountains.

You know I have to get into this. If you read any books about J.C. Applegate and the Galloway pioneer families you will hear about a day with the cow column at 4 o'clock in the morning, the night sentries on the Oregon Trail would shoot their guns off to awaken the wagon train to start to move. The first thing they would do is start a fire. I should tell who was starting the fire. Every morning, the women would start a fire. You can imagine what it would be like starting a fire on the Oregon Trail, the weather and the conditions. They would also start a fire at night to camp. This great state experiences just about every kind of weather. The heat that can dry out areas, wildfires and droughts. It has rain that dumps buckets that causes floods. It has winds that can shut down power and the chill factor is great. Oregon has every kind of weather. Can I build a fire in the rain? Can they build a fire in the rain? They did it on the Oregon Trail. So how does this relate to us here? If you look at the way we conduct ourselves on this floor and the way we live in the world of politics, many phrases relating to weather are used in politics. Can you handle the heat, Peter? You're going to vote which way the winds are blowing. My phones and e-mails just flooded in with people objecting or telling us to go one way or the other. To be sure, we use weather terms, to describe weather here. There is mother nature weather. The kind that visited Vernonia. The kind that visited Southern Oregon this year in terms of causing drought that caused wildfires. The kind that shuts down the incredible Columbia Gorge. The kind that literally creates huge waves on the Oregon coast. That's mother nature weather, natural weather. But there is man-made weather. Your constituencies, my constituencies, create man-made, woman-made, human-made weather. How about the political parties? The political parties create incredible firestorms, oh yes they do, incredible powerful winds, and incredible flooding of our e-mail and phones. How about the media, some of which are on the floor, and I may regret this I allowed to shadow me today. Already one of the major newspapers is pounding on us not to pass certain legislation. The media is a powerful force of political weather. The lobby, we need them, but they are a source of many storms. Local governments, advocates, but here's the last one, I don't say this in any way to point fingers, to me while there's all kinds of weather in our everyday lives that lead to damage, probably at least today and at least a few days after this, the one kind of weather that is so heavily upon us and I'm going to say it, it's the campaign, it's the campaign. Everyone on this floor knows what I am talking about. Our campaigns against each other, if that isn't wind, if that isn't heat, if that isn't the most severe kind of weather imaginable, figuratively speaking, I don't know what is. But we go on and I come to the end of what I am trying to do. The question is, can we, you, I build a fire in Oregon's rain? Can we do this? You know, here we go, Senator Chip Shields, Senator Steiner Hayward are going to start to laugh as well as all the Democrats, cause I'm going to say what I said in November at the retreat. They tell me it's in the Book of Ruth. Now I'm not in the scripture Senator Knopp, but the book of Ruth is in the scriptures, something about "people's people". The weather in Senator Ferrioli's district is different than the weather in my district. The weather in Senator Johnson's district is different than in my district and on it goes. But if her people are my people, and my people are her people, do I not have a responsibility to try and build a fire in the rain in Eastern Oregon, or the rain and powerful storms of the coast, or the mid valley and down in the Klamath Basin? Do I not have a responsibility to build a fire?

Senator Ferrioli as well as other Senators come to me every session and Senator Hass, get ready for this, says that we need to help small schools, and they have small schools in eastern Oregon. I always try to help. Is that a Democrat fire in the rain, is that a Republican fire, or is that an Oregon fire in the rain? Mike McLane came to me and I'll tell you this now, I don't think he knew what he was doing, but he said the fire in September in my district has devastated my people. Will you help with some housing projects, if not now, in the next session? He didn't realize what he was asking me. And I said, "I will". Now this is not about me, it's about all of us. Your weather is my weather, and my weather is your weather. Can we build a fire in the rain? Can we find a way, despite these torrents, the wind, the heat to come together and do that, which I did years ago, but which you do all

the time in the State of Oregon. Build a fire in the rain. We will do it for our people today and tomorrow. We will do it for Oregon. Go Oregon, my Oregon. Thank you.

SB 238 - Read third time. Carried by Kruse. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 239 - Read third time. Carried by Prozanski. On

passage of bill the vote was: Ayes, 29; nays, 1 - Boquist. Bill passed.

SB 239 - Boquist requested the following written explanation of vote be entered into the Journal:

The goal of SB 239 is to ensure reserve police officers in cities and reserve deputies in counties are fully trained to the same level of paid full time law enforcement officers. This concept is in existing law but has never been implemented due to funding constraints at the State level. The bill as passed has no fiscal impact to the State meaning these funds would have to come from the cities and counties. Today, several of Senate District 12's counties are down to a few Sheriff deputies with reserve volunteers helping. Mandating training that the "state" failed to pay for but shifting the cost to distressed counties is simply unworkable at this time.

The other portion is the shifting of reserve deputy age requirements from 18 to 21 flies in the face of the fact we are willing send young men and women from Oregon to foreign wars to die, and they are good enough to police Afghanistan and Iraq but not good enough to police Oregon.

SB 342 - Read third time. Carried by Thatcher, Gelser. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 368 A-Eng. - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 324 A-Eng. - Kruse requested the following written explanation of vote be entered into the Journal:

What I'm hoping in the debate on the measure before us is that the proponents will be able to explain to me and the people of Oregon how we can be instituting a tax without calling it a tax. The people of Oregon deserve transparency, they deserve honesty and the reason I say this tax, which we know is in the measure is not being called a tax, because quite simply it does not require a 2/3 majority vote to implement it. My friends this is a tax, it should be called a tax. I'm looking forward to the explanation.

The bill removes the sunset for seven distressed counties to utilize federal forest revenues for public safety, and other counties to borrow the funds for three years for public safety. The remaining counties with federal forests should have the opportunity to use these funds too. Unfortunately, the counties could not agree amongst themselves to allow their fellow counties this privilege. The bill should have been amended to allow present usage for public safety for any distressed county, and have been amended to ensure a future federal government property changes could be utilized for the same purpose. The bill had adequate votes for passage.

SB 605 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 605 is a rebalance bill from Joint Ways & Means. However, buried in the bill language and action is a \$6.2 million shift of General Fund to Other Funds of the kicker credit. The result is a reduction in the constitutional kicker credit back to citizens. This bill was not reviewed by Senate Finance & Revenue Committee in regard to the overall revenue situation for the kicker credit, sunseting low income tax

credits, and possible requests for tax increases. The low income tax credit shortfall is nearly \$60 million. The kicker credit forecast is presently \$349 million. The gain share account is forecast between \$42 to 95 million. No decisions should be made in isolation or in the "dark of the night." Therefore, I voted No on SB 605.

SB 553 - Report by Committee on Education recommending passage with amendments.

The following committee report from the Senate Special Committee on Conduct was distributed to members today, recorded in the journal and status report, and will be placed in the original documents file:

April 1, 2015

Madame Secretary of the Senate, the Special Committee on Conduct has met and submits the following report:

On March 26, 2015, The Senate Special Committee on Conduct met to

address a complaint dated March 18, 2015 regarding Senator Chip Shields (see Attachment A). It was referred to the committee on March 23, 2015.

The complaint was in reference to House Bill 3052 that received a public hearing before the House Committee on Consumer Protection and Government Effectiveness on March 10, 2015, in which another lawmaker testified on the bill. The bill would require that all contractors use biodegradable lubricants in all operations at public improvement sites. Senator Shields is a shareholder and employee at one of several firms that produce biodegradable lubricants and operates in Oregon. The complaint alleged that Senator Shields failed to declare a conflict of interest during the public hearing on this bill, and thus violated ORS 244.120 or Senate Rule 3.33. The same complaint noted that Senator Shields may have used state resources or state staff to draft or promote House Bill 3052.

As Chair, I sought a legal opinion from Mr. Dexter Johnson, Legislative Counsel, which was received on March 25, 2015 (see Attachment B) regarding whether or not Senator Shields failed to declare a conflict of interest on House Bill 3052. I also asked if he violated any state laws in using state resources or state staff to assist in advocacy for this bill.

Mr. Johnson's legal opinion and testimony before the committee noted that, "ORS 244.120 requires members of the Legislative Assembly to announce actual or potential conflicts of interest before taking 'action.'" By practice and custom, a member only takes action on a bill for the purposes of this statute when the member votes on the bill in committee or on the House or Senate floor." Mr. Johnson's opinion also referenced ORS 244.020 where, "a potential conflict of interest exists when a vote might have a financial impact on the member, relative or business." He notes, however, that "ORS 244.020(12)(b) provides an exception to the requirement that conflicts of interest be announced when an official action affects all members of a 'class' to the same degree."

Records show that Senator Shields did not cast a vote at the March 10, 2015 public hearing, nor did he even testify on behalf of the bill. The legal opinion also stated that there is a sufficiently large class for the purposes of ORS 244.020.020(12)(b) that, even if Senator Shields would have been allowed to vote on the bill, the class exception would have likely applied and the Senator would not have been legally required to declare a conflict of interest.

Based on the above opinion, discussion and records, members concluded that Senator Shields was not required to declare a conflict of interest. As such, he did not violate ORS 244.120 and/or Senate Rule 3.33.

As to the issue of Senator Shields using state resources or state staff to draft or promote House Bill 3052, Mr. Johnson's opinion noted that "We are not aware of any law that would prevent Senator Shields from using state staff or resources to draft or promote House Bill 3052." The committee concurred that Senator Shields did not violate a law by using state resources or staff in regard to House Bill 3052.

Based on the above findings, all committee members were present and voted unanimously that issues in the March 18, 2015 complaint did not violate state law or Senate Rule 3.33. The committee recommends no further action, and the complaint should be dismissed.

Respectfully submitted,

Senator Laurie Monnes Anderson, Chair

SJR 23 - Monnes Anderson requested the following written explanation of vote be entered into the Journal:

I voted no on bringing SJR 23 directly from committee to the Senate floor for a vote. SJR 23 would allow East Multnomah County to secede from Multnomah County. This is a complicated issue that merits a thorough vetting in the committee process before coming to a vote. Among my many concerns, approval of SJR 23 could mean the loss of millions of dollars in critical services, including public safety and services for children that East Multnomah County residents currently rely on. Policy so radical requires thoughtful debate, careful examination, and input from the people of East Multnomah County.

HB 5017 A-Eng. – Debate resumed.

HB 5017 A-Eng. – Point of personal privilege inquiry from Ferrioli. Monday, April 6, 2015 – Afternoon Session

Senate reconvened at 2:30 p.m., President Courtney in Chair. All present.

Senate, having recessed under the order of Third Reading of House Measures resumed under that order by unanimous consent at the request of the Chair.

HB 5017 A-Eng. – Debate resumed. Call of the Senate demanded by Ferrioli, joined by Hansell and Olsen. All present except Winters. Winters returns. All present. On passage of bill the vote was: Ayes, 18; nays, 12 – Baertschiger Jr, Boquist, Ferrioli, Girod, Hansell, Knopp, Kruse, Olsen, Thatcher, Thomsen, Whitsett, Winters. Bill passed.

HB 5017 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I heard from educators, parents and students about their concerns with HB 5017. I corresponded and met with local superintendents. Like all of them, I’m frustrated by the disinvestment in our students over the last two decades. That’s why my “yes” vote was based on the understanding that we will be working to add more resources to the K-12 budget throughout the rest of this session.

In my opinion, HB 5017 represents the path of least resistance. The Ways & Means co-chairs introduced HB 5017 as a means to lockdown the “floor” amount. I would have preferred to look at retaining the anticipated kicker money or new dedicated revenue for education, before voting on HB 5017.

I voted for HB 5017 because it provides certainty for school districts while also funding full-day kindergarten for children throughout Oregon. It sets a guaranteed floor for funding – not the maximum amount our schools can get this biennium – that gives school districts an opportunity for rational planning in advance of the 2015-16 school year. HB 5017 also provides the mechanism for additional school funding based on the outcome of the May economic and revenue forecast. Specifically, if there is an increase in revenue in the May forecast, 40 percent of the increase will be added to the K-12 budget, even if that same forecast causes the “kicker” to kick.

Oregon is at a critical juncture: Falling unemployment rates are encouraging, but they don’t necessarily reflect the economic reality of stagnating wages and underemployment. HB 5017 represents what is potentially “as good as it gets” if we don’t address underlying issues that are hindering our ability to provide schools the funding they truly need to prepare students for future employment opportunities.

HB 5017 is far from perfect, but it is a starting point. Here are some facts about the \$7.255 billion budget:

Statewide, it represents a 25 percent increase from the 2011-2013 budget, as we already added \$1 billion since then.

It is a \$600 million increase from the 2013-2015 budget, an increase of 9 percent. Of the \$600 million, \$220 million is to support the extra expense of full-day kindergarten.

Understanding that the Legislature must also fund other vital services and programs (e.g., human services and public safety) with general fund dollars, HB 5017 represents a realistic and responsible budget with the limited resources and revenue currently on the table.

I am committed to having an up or down vote on retaining the kicker money or raising dedicated revenue for education before the end of this session.

SB 921 - Boquist requested the following written explanation of vote be entered into the Journal:

The accident leading to this bill is tragic and unfortunate. Even in my own District the state is proposing the removal center barriers from reversed safety corridors. Unfortunately, SB 921 does have a \$20 million cost as submitted by the written testimony of Director of the Oregon Department of Transportation. New low carbon fuel standards will eat up personal and business income that could have gone to Oregon taxes that could have been devoted to this worthy cause. It is a sad state of affairs when Legislators pass bills that cost but due to politics the true fiscals are removed for whatever reason. Further, the Legislature likes to ignore the real game of substitution in the budgeting process such as claiming this is federal, this is state, this is other funds, etc etc. In my own committee, we are discontinuing veteran tax credits to help balance the budget. In Joint Tax Credits low income, women's, and working family credits are on the chopping block upward of \$60 million yet the Co-Chairs only allocated \$14 million. Is the majority really going to throw women and children under the bus by ending these tax credits. Education and health care are crumbling due to a lack of funding let alone a lack of reforms. We do not have funds for veterans, mental health, seniors, homeless, or public safety. Today a floor letter from a Democrat Senator is calling for \$810 million in additional spending funded by revenue increases i.e. tax increases. Likewise, House Democrats have made speeches on the Floor calling for revenue and tax increases. Yet, where is the action to pay for all these proposals including the \$20 million required in SB 921 that is a worthy cause. Again, it was a tragic accident that led to this bill that does deserve attention in a constructive real manner in the future. Not today.

SB 941 A-Eng. – Knopp requested the following written explanation of vote be entered into the Journal:

The previous speaker talked about the Oregon constitution and our Federal constitution, and those were the oaths that we swore to uphold. So as I look at this issue knowing that the courts have watered down those rights over time, the question really comes down to this: does this bill improve safety to the point where it's necessary to make law abiding citizens into criminals? And I thought who can answer that question? So I went to the top law enforcement person in my county which is the county sheriff. He's had the better part of three decades of a career in law enforcement, and I thought he surely will know the answer to this question. So I asked him this question. "Have you ever, in your career, had a person to person sale or transfer where you are aware that it turned into a significant crime of any kind?" His answer was one word. "Never." So that's the answer. Either there isn't a problem or law enforcement won't be able to enforce it because they simply won't know. How could law enforcement possibly enforce this? And really there's only one answer, and that is stings to try to catch people. Because clearly, at least in Deschutes County, there hasn't been an instance like this where it has been an issue. I didn't come to Salem to vote to turn thousands of law abiding citizens in Deschutes County into criminals for what, literally, is no more safety. Because, we all know that criminals are not going to abide by this law. They do not buy guns from people who can identify them later. They steal them. I've received a lot of comment on this bill. Between 2013 and this session, I think my email and phone count is nearly 10,000 people. Now, not all of those are from my district. A lot of them are from the rest of Oregon, but my email has run about 95% no to about 5% yes. There is person after person after person who has said that this isn't going to fix anything and asking me to defend their constitutional rights. Having looked at this issue and focusing on what I think the attempt really is, this bill does not measure up. We had the opportunity today to go further in solving the issue of gun violence with mental health funding. This body chose not to do that today, and I think that's sad. But today the right vote on this bill is to protect the constitutional rights of the people we represent and I will be a no vote today for that reason: Because SB 941 doesn't make people safer but it does cost them some freedom.

SB 941 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

The overwhelming majority of Oregon citizens continue to support expanded background checks on gun sales. As someone who has

responsibly owned firearms for more than 45 years, and whose sister was murdered by a criminal with a gun, I was proud to support SB 941, the Oregon Firearms Safety Act. By voting "yes," I voted to finally bring Oregon's 25 year-old background check law full circle, closing the loophole that allows criminals easy access to guns.

SB 941 will help keep guns out of the hands of felons while protecting law abiding Oregonians' constitutional right to bear arms under the 2nd Amendment of the U.S. Constitution and Article I, Section 27 of the Oregon State Constitution. SB 941 has three main goals:

1. Close the Loophole in Oregon's Background Check law for transferring or purchasing firearms;
2. Prohibit individuals who are suffering a mental health crisis from possessing or accessing a firearm while in outpatient treatment; and
3. Notify law enforcement when someone fails a background check when trying to purchase a firearm.

Over the past 3 years, background checks in Oregon have stopped more than 180 gun transfers to criminals per month. In the same 3-year period, over 21,400 firearm transfers have occurred monthly between law-abiding citizens. This demonstrates that law-abiding citizens are still getting guns with background checks.

While Oregon's current background check system is stopping some criminals from getting guns, it does not do enough; as of March 25, 2015, there were over 2,500 guns available for sale on ARMSLIST.com, the "Craigslist" of private guns sales on the Internet. Ads posted on this website regularly state, "no background check, cash only!" It's not hard to recognize that sites like this make it incredibly easy for criminals in Oregon to get around our current background check system. SB 941 will keep people from lawfully selling guns to complete strangers without a background check. We must address this loophole.

The argument that criminals will always find ways to get guns, so there's no need to close the loophole, is a faulty one. A "no" vote against SB 941 is a vote to allow felons to continue to have easy access to guns.

I voted for SB 941 to keep more guns out of the hands of felons while protecting law abiding Oregonians' Constitutional right to bear arms under the 2nd Amendment of the U.S. Constitution and Article I, Section 27 of the Oregon State Constitution.

SB 390 appeared to be the biennial landlord tenant coalition bill covering consensus changes to Oregon law. It was presented as such by the carrier. If correct, then the consensus bill deserved support therefore I voted in favor. Following up it appears it is a consensus bill, however, normally both sides speak in advance with members to confirm the consensus status of the bill. This bill normally passes near unanimously but it did not this session.

SB 694 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 694 changes the law allowing motorcycles and mopeds to pass full size motor vehicles using lane splitting i.e. the same lane during traffic jams. Two issues still need resolved in the House that were raised during the Floor debate of the Senate; accident liability and emergency response capability. Given the situation that would allow this procedure is during a traffic jam, the ability for emergency response of ambulances would be virtually impossible, and likewise, any police response would be virtually impossible to determine liability etc. These issues need resolved in the House of Representatives.

SB 717 - Moved on today's third reading calendar, to be considered after SCR 7, by unanimous consent at the request of the Chair.

SCR 7 - Read final time. Carried by Steiner Hayward. On adoption of resolution the vote was: Ayes, 29; excused, 1 - Edwards. Resolution adopted.

SB 717 - Read third time. Carried by Steiner Hayward. On passage of bill the vote was: Ayes, 29; excused, 1 - Edwards. Bill passed.

SCR 14 - Read final time. Carried by Olsen. On adoption of resolution the vote was: Ayes, 30. Resolution adopted.

SB 224 - Read third time. Carried by Kruse. On passage of bill the vote was: Ayes, 22; nays, 8 - Baertschiger Jr, Boquist, Ferrioli, Girod, Hansell, Olsen, Thomsen, Whitsett. Bill passed.

SB 224 - Boquist requested the following written explanation of vote be entered into the Journal:

SB 224 relating to disposal of properties clearly has an unknown impact on veterans. The Staff Measure Summary outlined the possibility of contracting with Oregon Department of Veterans Administration for handling disposal processes. The exact nature is unknown. As the Chairman of the Senate Veterans Committee, I cannot answer any of the vetting questions for this bill given the committee was not consulted. The bill is an unknown, and therefore I was a "no" vote.

SB 315 A-Eng. - Read third time. Carried by Prozanski. Potential conflict of interest declared by Boquist. On passage of bill the vote was: Ayes, 20; nays, 10 - Baertschiger Jr, Boquist, Ferrioli, Girod, Hansell, Johnson, Knopp, Olsen, Thomsen, Whitsett. Bill passed.

SB 315 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 315 A has serious legal and fiscal problems that were not resolved. First, it contradicts existing federal laws under the jurisdiction of the U.S. Bureau of Alcohol, Tobacco and Firearms. In

fact, it appears portions violate federal law. Second, it requires new registration and processes for the Oregon State Police to establish for more than one thousand FFL businesses. Third, there is a huge fiscal for these new state functions. Fourth, the requirements of responding in no less than 24 hours to all request is totally ridiculous even in an electronic age. And lastly, it transfers authority to cities, counties and other jurisdiction over firearms regulations that rests solely with the Legislature. This is bad public policy.

SB 385 A-Eng. - Read third time. Carried by Thatcher. On passage of bill the vote was: Ayes, 21; nays, 9 - Baertschiger Jr, Boquist, Ferrioli, Girod, Johnson, Knopp, Olsen, Thomsen, Whitsett. Bill passed.

SB 385 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 385 relating municipal court security contains too many unanswered questions. First, it establishes a felony for an individual for mistakenly having a pocket knife in their pocket for entering a city hall to appear before a city municipal judge who only has misdemeanor authority and cases. Further, many local courts have no security screening processes. Then most rural counties are already financially broke so why now? Second, presently, counties place courthouses off limits to all weapons such a pocket knives 24 hours per day because a Judge holds court in the building. SB 385 staff reports claim cities would only be able to ban pocket knives etc while the municipal misdemeanor court is in session. However, this does not match county practices despite existing laws. While any court security is important it needs to be based on common sense. The bill needs fixed in the Oregon House of Representatives.

SB 675 A-Eng. - Read third time. Carried by Beyer. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 713 A-Eng. - Read third time. Carried by Riley. On passage of bill the vote was: Ayes, 25; nays, 5 - Baertschiger Jr, Ferrioli, Thatcher, Thomsen, Whitsett. Bill passed.

SB 913 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 913 which addresses ivory smuggling is not a perfect solution. Likewise, the debate is old not new. While it is not a perfect solution, and it might need amended in the House, the fact remains there is a direct connection between smuggled ivory and terrorism. Despite well intended but incompetent federal bureaucrats, the flow of support to terrorists from the United States is virtually

unabated. Having been present in civil wars where bullets smuggled out of the United States were used to slaughter women and children my experience is quite wider than my colleagues. Unfortunately, those bullets were financed by smuggling including poached ivory. Unfortunately, Oregon is one of the leading centers of cellular terrorist structures. I do not need any report to tell me the correlation to terrorism. Again, this may need some amendments in the House but waiting two years for a task force to reach the same conclusion is not an option.

SB 87 A-Eng. - Read third time. Carried by Boquist. On passage of bill the vote was: Ayes, 19; nays, 11 - Burdick, Gelser, Girod, Hansell, Johnson, Knopp, Kruse, Prozanski, Thatcher, Thomsen, Winters. Bill passed.

SB 87 A-Eng. - Prozanski requested the following written explanation of vote be entered into the Journal:

I wholeheartedly support Oregon veterans, and am eager to help them in their efforts to obtain work, but I could not vote for SB 87 because it was not ready for "prime" time. As described by Senator Boquist, the carrier of the bill, the various parties were not able to come to an agreement on the provisions of the bill. Senator Boquist stated that he hoped the House committee would be able to work the bill into an acceptable piece of legislation, and I could not vote for a bill with so much uncertainty.

Even though I support assisting Oregon veterans in obtaining interviews for public employment; I do not believe it was appropriate for the Senate to send a bill to the House without some clear understanding and expectation on the provisions to be included in the final bill. If the House is able to reach a final agreement and the bill is returned for a concurrence vote, I will then be able to decide if the bill carries out the objectives of the legislature.

SB 206 A-Eng. - Read third time. Carried by Whitsett. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 216 A-Eng. - Read third time. Carried by Roblan. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 316 A-Eng. - Read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 29; nays, 1 - Thomsen. Bill passed.

SB 397 A-Eng. – Read third time. Carried by Thatcher. On passage of bill the vote was: Ayes, 29; nays, 1 – Boquist. Bill passed.

SB 397 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

Constituents in Senate District 12 brought forward the original SB 397 concept to the Committee as a set of fixes to the ADES program. Instead, the bill was hijacked then gut & stuffed. Constituents in the District stated the following in regard to the version brought to the Floor of the Senate: “SB397A will ultimately destroy the ADES role in the DUII process here in Oregon. The ADES has assisted Courts and treatment agencies in monitoring DUII offenders since 1981. The ADES has played an integral part of a system which has resulted in Oregon having among the lowest recidivism rates in the nation for many years.” Given the constituents are the actual individuals in Polk, Marion and Yamhill County who are supposed to make the system work they outweigh the special interests in the Capitol. For this reason, the bill earned a No vote. Hopefully, the House can restore the original bill.

SB 5535 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 5535A is primarily the PUC commission budget. It proposed a 9 percent cut with a two position FTE cut. All good except the planning for the PERS increase. However, the Marine Pilot budget increase makes no sense. The two largest shipping companies have departed Oregon resulting in a 90% cut in tonnage shipping. With such a drastic cut the rationale for passage of increases in pilot's budget is not clear. Less ships means less pilots.

HB 2307 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

HB 2307 A is a medical practice bill. Oregon possesses multiple medical practice boards and commissions who have the responsibility to professional oversight. These boards are comprised of medical professionals. The bill says those under the age of 18 should not be subject a certain practice but it is acceptable for those over the age of 18 years. Which is true, or false, should be a medical decision not a lay member of the legislature being lobbied by special interests on both sides of issue. The boards and commissions comprised of medical professionals need to make this decision not the Legislature. If the political medical associations and others believe this practice should be banned in whatever manner, then they need to make these recommendations known to the appropriate regulatory boards where their peers can evaluate and take the necessary action they deem appropriate including protocol bans.

Unfortunately, both sides on this issue have tried to make this a political issue rather than a medical practice issue. Even odder, many of the political supporters on both sides have previously cautioned against interfering on medical protocol issues.

HB 2546 B-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

HB 2546B is intended to establish legal standards for vapor and e-cigarettes. Good idea. This was discussed and proposed in 2013 but the majority did not adopt this in the regular or special session. Some of the language in the B-Engrossed was opposed in the House thus a conference committee is certain. Further, language in HB 2546B conflicts with drafted language for SB 663/415 amendments supposedly agreed upon by supporters of HB 2446B. This language and policy regarding vapors needs to be resolved before the final bill is voted upon in the Senate.

HB 2546 B-Eng. - Knopp requested the following written explanation of vote be entered into the Journal:

I voted for HB 2546 B because it keeps e-cigarettes out of the hands of Oregon's kids. However, I'm concerned about the effects HB 2546 B will have on these small businesses and their ability to serve their adult customers by allowing adults to sample products. I will continue to work for our small businesses so that they have the ability to serve their legal customers.

HB 2684 A-Eng. - Read third time. Carried by Dembrow. On passage of bill the vote was: Ayes, 30. Bill passed.

HB 2715 B-Eng. - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 29; nays, 1 - Boquist. Bill passed.

HB 2715 B-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

HB 2715 was presented by the carrier as a bill to limit personal data from release to the public of statewide performance based assessment scores. A question to the carrier on clarifying the bill did not cover posting of routine classroom quizzes and test scores. The answer was quite ambiguous as it was answered that a statewide test score could not be posted. The language in the bills says "results of a performance based assessment" which could be a standard pop quiz. The bill as written is too broad.

Oregon is ranked 40th in K12 achievement, 48th in improving math skills, and only 35% of 8th graders are proficient in math and reading, and only 33% of 4th graders are proficient in math and reading, not to mention this state has the worst graduation rate in the nation, and the third largest class size. This weekend, the media carried a report 75% of students entering community colleges require up to a year of remedial instruction before taking college credit courses. No amount of money or political correctness will fix these problems.

HB 3041 A-Eng. - Read third time. Carried by Steiner

Hayward. On passage of bill the vote was: Ayes, 30. Bill passed.

I joined a group of bipartisan women in voting no on HB 2007 A because it doesn't advance the cause of pay equity. Oregon law already prohibits discrimination based on gender as it relates to pay. My solution, SB 786, helps the Bureau of Labor and Industries enforce pay equity statutes that we already have on the books. What we need is enforcement which is provided for in SB 786.

HB 2007 A-Eng. – Monnes Anderson requested the following written explanation of vote be entered into the Journal:

I was a yes on HB 2007A because the bill protects employees that discuss wages. I do have a concern about the use of private right of action. It would have been my preference if something in the legislation would have required a complaint of an employer be made to BOLI first before a private right of action occurred. We will need to look at this again if there are too many private right of action cases as a result of this legislation.

SB 5508 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 5508 covering the Employment Department has several critical issues of concern. While unemployment is supposed to be a near record low the current service level was raised by 64 full time employees. There are 18 FTE contracted to DHS for services. Sen Bates who carried the DHS budget stated the agency is in serious financial trouble that needs correcting as it is unsustainable. The budget contains 19 positions for the federal Trade Adjustment Assistance program yet the free trade agreements supposedly create net job creation according to the President's speech at Nike. The TAAP is designed to re-train for lost jobs. The Office of Administrative Hearings performance measure is at 35% yet unemployment is at record lows supposedly. OAH is funded at current service level of 114 positions yet unemployment filings are in half. Twenty new positions are created in the UI division when again supposedly at an all time low. The job acquisition rate upon filing with OED is 54%. OED's computer system is sending out erroneous notices to old UI recipients and employers. Lastly, the mission statement says the Employment Department's mission is to support business and promote employment. As a former employer, I see OED as a regulatory agency that does not support business, and again, at 54% it has a long way to go especially if the unemployment rate is really 5.2 %. The department need a serious policy review.

SB 775 - Message from the Governor announcing she signed with the following explanation on June 23:

June 23, 2015

Dear Senate President Courtney:

Today I signed into law SB 775, which provides that measures taken to minimize the impact of a natural disaster cannot be used as evidence in court to prove negligence or culpable conduct in connection with damage or injury resulting from a natural disaster. This legislation serves an important public policy: property owners like utilities and local governments should be able to assess their vulnerability to natural disasters, and to take steps to minimize the impacts of natural disasters, without fear of incurring liability.

I am concerned, however, about the broad and unintended effects that SB 775 may have. For instance, SB 775 may effectively immunize a contractor that, in the course of performing natural disaster-mitigation work (such as a seismic retrofit), structurally weakens a building and causes it to incur damage in an earthquake. SB 775 may also effectively immunize a contractor hired to assess natural disaster vulnerability but uses unsound methods and produces an unreliable assessment. Finally, because SB 775 is not limited to the context of civil litigation, it could have unforeseeable implications for criminal and administrative proceedings.

For these reasons, I will be proposing legislation in the 2016 session to narrow the effects of SB 775.

Sincerely,

Governor Kate Brown

SB 460 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I co-carried to passage and supported SB 460 because, among

other things, it allows dispensaries to make sales of "limited marijuana retail products" to adults who are 21 years-old or older but who are not medical marijuana cardholders. I believe it is important to provide limited access to recreational marijuana to adults sooner than later since Oregonians now have the right to lawfully possess marijuana but do not – and will not – be able to buy marijuana from an authorized retail outlet until the fall of 2016. Due to this long delay and the federal guidelines to not enhance the underground market, I believe it is essential to allow these limited sales that will begin on October 1, 2015.

Medical marijuana dispensaries, otherwise, do not make retail sales. Rather, they "transfer" marijuana and marijuana products to patients. Dispensaries may not charge patients for marijuana or marijuana products. The tax imposed by HB 2041, which I supported, does not apply to patient transfers made by medical marijuana dispensaries that choose to make limited retail sales to non-patient adults. It's also important to note that the definition of retail means, "the sale of goods," not the transfer of something for which compensation is only allowed for the service provided.

Accordingly, the point-of-sale tax called for in HB 2041 for recreational sales at dispensaries does not apply to transfer of medical marijuana to cardholders.

HB 2041 A-Eng. – Under Special Order of Business, read third time. Carried by Burdick, Ferrioli. On passage of bill the vote was: Ayes, 24; nays, 4 – Knopp, Monnes Anderson, Thatcher, Thomsen; excused, 2 – Boquist, Olsen. Bill passed.

HB 2041 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

Due to this long delay and the federal guidelines to not enhance the underground market, I believe it is essential to allow these limited sales that will begin on October 1, 2015.

Medical marijuana dispensaries, otherwise, do not make retail sales. Rather, they "transfer" marijuana and marijuana products to patients. Dispensaries may not charge patients for marijuana or marijuana products. The tax imposed by HB 2041, which I supported, does not apply to patient transfers made by medical marijuana dispensaries that choose to make limited retail sales to non-patient adults. It's also important to note that the definition of retail means, "the sale of goods," not the transfer of something for which compensation is only allowed for the service provided.

Accordingly, the point-of-sale tax called for in HB 2041 for recreational sales at dispensaries does not apply to transfer of medical marijuana to cardholders.

HB 5024 is the combined community college and university system funding bill. The OSU Extension Service and CTE funds acquired from gain share cuts should have been dedicated to these areas until 2016. Instead they are one time funding items. The funding for Central Oregon Community College should have been eliminated with responsibilities taken over by OSU Cascades. COCC continues to discriminate against disabled student, is out of federal compliance as is the local community, and simply does not serve students well. Further, the State needs to commence weaning itself from funding debt and

capital costs of the big three independent universities i.e. PSU, OSU and UO.

HB 5026 is the DHS budget. The Carrier outlined the continued issues and problems with the management of the agency. It is known to be failing in multiple programs. It was clearly stated there will need to be unknown reforms done to DHS over the next two years. My personal experience with DHS in my Senate District has all been bad. This includes serious harm to individuals under theoretical charge. However, the Legislature failed to meet even once under its audit committee to take corrective action. It is irresponsible to approve the two year budget knowing the failures of today. There has been intense work by Senators Bates and Winters but the challenge remains overwhelming.

SB 5541 – Message from the Governor announcing she signed with the following explanation on July 6:

July 6, 2015

Dear Senate President Courtney and Speaker Kotek:

Clean water is a top priority for my administration. The work of the Oregon Department of Agriculture (ODA) to address water quality impacts of agriculture, combined with the investments of the Oregon Watershed Enhancement Board (OWEB) in supporting voluntary efforts to improve water quality and riparian habitat on those same lands, are key to assuring that water quality is improving across Oregon.

To that end, the 2015-17 Governor's Recommended Budget included a proposed grant program to target additional funding to incentivize voluntary water quality improvements on agricultural lands identified as Strategic Implementation Areas by ODA. Ultimately, we were not successful in securing those funds legislatively. Instead, the legislature adopted two corresponding budget notes, one in ODA's budget (HB 5002), and one in OWEB's grant program budget bill (SB 5541).

The budget notes state that:

The [two agencies] shall coordinate *** to implement an initiative to direct conservation investments for water quality improvement and watershed restoration projects associated with working agricultural lands. To achieve this, the OWEB Board shall include a minimum of \$1,000,000 Lottery Funds in the Board's 2015-17 spending plan to work in collaboration with ODA to provide grants to Soil and Water Conservation Districts, Watershed councils, and other local stewardship organizations, for technical assistance and projects to restore riparian function, improve watershed health and increase water quality in Strategic Implementation Initiatives Areas identified by the OD Agriculture Water Quality program. ODA staff shall be primarily responsible for supporting the grant program.

While water quality is a top priority, I believe that Oregon's voters – in passing ballot Measure 76 in 2010 – intended to place the responsibility for implementation of the natural resources grant program with OWEB, not the legislature. That is why the Measure prohibits the legislature from limiting expenditures from both the main Parks and Natural Resources Account, and the subaccounts including the OWEB grant program. It is also why the voters directed that one state agency be responsible for distributing the grant moneys in a manner that achieves all of the outcomes the voters identified as necessary to the program. If the legislature begins earmarking grant funds, OWEB's ability to manage the grant program to meet its constitutional purposes will be diminished at best, and ultimately could be thwarted entirely. To maintain public confidence that the watershed grants will be used for all of the purposes that Oregonians voted for, I am directing OWEB to exercise its independent judgment in deciding how best to allocate Watershed Conservation Grant Funds to meet the requirements of Article XV section 4b of the Oregon Constitution.

My direction should not be taken as an indication that OWEB should not consider the legislature's interest in funding agricultural water quality improvements. If OWEB, based on its own judgment, determines that funding for such a program is consistent with its constitutional mandate, then I would support such an action. Further, OWEB funding for water quality improvements on agricultural lands should be coordinated closely with ODA's agricultural water quality program, and focusing funding on ODA's Strategic Implementation Areas makes sense as a way of leveraging both landowner participation and funding from other public and private sources.

Another option may be to utilize federal funding from the Pacific Coast Salmon Recovery Fund to achieve the objectives identified in the budget note. It is my understanding that, due to the strategic nature of this investment, OWEB has received explicit NOAA-Fisheries approval for use PCSRF funding as a part of the agency's competitive grant application.

In closing, let me stress two things: First, it is important to Oregonians (who voted overwhelmingly to support Measure 76 five years ago) that the Watershed Grant Program be administered by OWEB, and that it is OWEB that has the responsibility to see that the constitutional direction in that measure is fulfilled. Second, I share the legislature's desire to coordinate ODA and OWEB programs to improve water quality on agricultural lands more effectively. If OWEB and ODA can make that occur in a manner that is consistent with their respective responsibilities, then they absolutely should do so.

Sincerely,

Governor Kate Brown

SB 833 – Message from the Governor announcing she signed with the following explanation on July 27:

June 30, 2015

Dear Senate President Courtney and Speaker Kotek:

On Monday, I signed Senate Bill 833 which allows Coordinated Care Organizations (CCOs) 60 days to review amendments and renewals of contracts from the Oregon Health Authority (OHA). SB 833 demonstrates an essential piece of the partnership between the OHA and CCOs for health care transformation in Oregon to be successful going forward.

As the OHA and CCOs continue their shared work, I expect them to work collaboratively and consider the effects of their partnership on those who we serve. They shall determine ways to streamline contracts in order to ensure there are clear accountabilities for both entities. This should include providing notice to CCOs when the OHA discovers problems within its information technology systems, and clarifying the rules around member eligibility so no Oregonian goes without health services because of technical issues.

The foundation of any effective partnership is timely, clear, and relevant communication. This bill, along with many other improvements in the partnership between the OHA and CCOs, will allow us to build upon our ever improving ability to provide for the health and wellness of the nearly one million Oregonians we serve.

Sincerely,

Governor Kate Brown
