President Courtney made the following remarks to the Senate:

I want to thank Justice Balmer for coming over from the Supreme Court to administer these oaths. And I hope that you are not mad at me, because I'm the only one you didn't swear in. But my wife, it's a family thing, you understand, Your Honor? This was the time I was supposed to have a few remarks, but it hasn't gone well in terms of what I should to say to you, because nothing seemed to fit. And so what I'm going to do is the best I can. And try to point out, that because of what's happened the last few days here, my remarks will attempt to reflect my incredible gratitude to each and every one of you for being here today.

You didn't have to be here, there were all kinds of reasons that could have stood in your way. You know the guy (Robert Fulghum) who wrote "Everything that I Needed to Know I Learned in Kindergarten," he also wrote "What On Earth Have I Done?" The Catholic nuns used to say to me, "Peter, what on earth have you done?" Because I tended to be – I wasn't a juvenile delinquent – do not think that. I was a good student, good athlete. But, let's just say, I like to horseplay. So I got thinking about it at my age; what have I learned? As I go into this session, that each of you is totally familiar with what's in front of us. I've learned from so many people, but I've learned a great deal from each of you. But most

importantly, what I'm going to talk about so many of you in just the last several hours and days have been examples of this lesson. Be not afraid. I gave a commencement address a few years ago at Western, and I implored the graduates to "Be not afraid," something that is set out in the Bible well over a hundred and fifty times. But the truth of the matter is, I'm speaking more about me, being afraid. I'm beginning to think that none of you are afraid. Because, I must have talked to you or had you text me, every one of you, what's happened to your lives in the last several days. And for the life of me, I would not have attempted what many of you attempted to get here. Fear was nowhere in any of your lexicons.

"Show well." Oh, I love that phrase. I love the words "show well" because it means, when everything is going bad, somehow you have it within you to rise above it and the best of your culture, the best of your family name, the best of you comes out. Well, the Oregon State Senate is showing well today. She is showing well because of what you've overcome to get here.

Now I could say many more other things, I'm going to cut this short. I have grown to believe that we say we're a family, and I don't know where I am on that, I'm beginning to think well we're an extended family. But we use the word team a lot. I love team sports. But we're more like a track and field team. But every so often we do a relay. I love relays. That's why I did Hood to Coast nineteen times. It's a relay. And the thing about a relay is every member knows whatever it takes I'm not going to let my other runners down. I'm not. We had to have a quorum today.

You need to know this, last Friday, the Secretary of the Senate and my office discussed what we would do if we don't have a quorum today. What can we do? Because Constitutionally we have to go through what we are going through today. And we didn't know what we could do. I wasn't sure we would have a quorum today. But each of you in your own way said, "I'm not letting the Senate down, I'm getting there." So not only do we have a quorum, but we got all kinds of people here, and their loved ones.

There's a phrase I've always said, "Try to wear another person's shoes before they do." Now Chief Joseph said it different, about walking in a man or woman's shoes for many moons in their moccasins. But trying to get in their shoes before they do is critical. For the life of me, I tried to understand how some of you were able to do what you did, given the weather situation. There were individuals that tried to come here by plane, they were in a plane and the plane was turned back. They came back the next morning and they were told you're not going anywhere we've cancelled all the flights. The individual is here today. That individual is here today. Another individual made it clear to me he would take a train and then get on his bike to get here if he had to. Because he did it recently. That's right, he did it recently. Now folks, I've got to tell you, that's a relay, that's a relay team that I would love to have on my side. There's two things in life I want, to be tough, I don't deal with toughness, I deal with strength. I like strength more than toughness, anybody can be tough. Few can be strong.

Well, I got some strong human beings looking at me right now. Really looking at me. Because I know they expect me to be as strong as each of you are. I don't know if I'm up to it. You know there's a phrase, you know it's 'adapt, adjust, overcome'. It comes from the military. Today, let me give you an example about it. Sergeant Shephard was approached fifteen minutes before she sang that National Anthem. Because the choir couldn't get here. Now, I don't know about you, she's going to sing the National Anthem to the Oregon State Senate on opening day. "Oh, am I?" Did you hear how she sang that song? I mean that's singing the National Anthem. That's what you call adapt, adjust, overcome. That's what you call it. That is what's going on here today. My lesson is, can I do it? Can I do it that well? Can I have that ability this session to do it, with such an example. The last thing, I have so many other things, lessons, but I believe in one thing, a speech that is long is a speech that's too long. And that most speeches are never heard. And so, this isn't going to be long.

The last thing I have to say, you got to keep moving. Peter, you got to keep moving. Whether it's physically, emotionally, or psychologically.

One member talked to me through emojis. You know what emojis are? Emojis. Do you know what emojis are your Honor? I didn't think you would. She says it's ice, it's snow, it's slippery and I'm scared, but I'm going to come. And she gives me happy faces, sunshine faces. When that last text came, it was in spite of the snow, sleet, and everything, I'm in Salem, Peter. And she's got this for prayer sign, that's the emoji. That I got to tell you, keep moving, keep moving. I talked to one member, you notice how I'm not naming people, he says I want to tell you, Peter, I got a truck that will take me anywhere, what I'm telling you is that I thought he would show up here on his tractor. Because every time I call him, he's on his tractor. But I was convinced he'd be up here on his tractor, if he had to be.

I called another individual because I knew his area had been hit bad, I wanted to extend myself to him. I laid it all out, can I help you? I talked to the Governor, she's got the State Police ready. I wanted to appear to be a giver. Do you know what he said to me? Peter, I'm already in Salem. That was yesterday.

So many of you, you were already here. You were already here. Keep moving, keep moving. You've been moving, you made it happen. So, I am very grateful to you, that you would be here, that you would be part of the mission that we're on. Most importantly, when I looked at all this, other lessons that I have here, I realize that while I've learned some things, I got a whole lot more. I got a whole lot more if I'm going to help you get through this session. And I just hope, with your help, that I will learn them in time.

Thank you very much for the confidence that you've placed in me. Most importantly, thank you very much for being here today, in spite of the weather, thank you very much for being the "first wagon" on the Oregon Trail. The Oregon Spirit. I've got news for you, I think every one of you is a direct descendant of somebody on the Oregon Trail. I love to brag that I'm the "first wagon". I can't do it anymore. Cause you are all in the first wagon now, you're all there. You are the embodiment, and nothing stops you, you're going to get here. Thank you very much.

Welcome, we are here today to say goodbye to one of our colleagues who left us suddenly on August 5. I must say it is hard to welcome you to an event that marks the loss of someone so very special: Doctor Alan Bates, State Senator. As I look around this chamber I see people who Doc loved: Laurie, his children, his family. I see people who Doc healed. I see young staffers and interns inspired by Doc to apply their talents to public service. I see colleagues whose bills were saved when Doc lent his support and credibility. I see a whole room of people whose lives were touched by this incredible man. Thank you all for being here as we mourn together the loss of Doctor Alan Bates in this Senate Chamber where he served our state with passion, integrity, and honor.

Ferrioli made the following remarks on September 20, 2016:

To Doctor Bates' family: we are here today; governors, chief justices, members of Congress, senators, representatives, friends, those on the side aisles, and those in the gallery. As Doctor Bates' extended family, we're here to honor him, to celebrate his humanity and the way he touched all of our hearts. So, it is with joy and respect that I join my colleague in welcoming you here to celebrate our memories. To share with each other how deeply we were touched and to share with you the feelings that Doc Bates brought whenever he touched our lives. Please consider us all family for this day. Thank you.

SB 257 A-Eng. vote explanation – The bill is intended to address DHS failures in the past two years. Unfortunately, it is slightly too wide and vague that with minor tightening it would be a very good bill. Additionally, legislators need better clarity on whether staff as mandatory reporters are then liable under the bill. Elected legislators are mandatory reporters. I've been given conflicting direction on whether legislator's staff reviewing emails and telephone messages are mandatory reporters thus extra liable under the bill. Hopefully, the House can clarify in the official records in their proceedings thus adding clarity to the intent of the bill.

SB 323 A-Eng. – Read third time. Carried by Olsen. On passage of bill the vote was: Ayes, 29; Excused, 1 – Winters. Bill passed.

SB 356 A-Eng. – Debate resumed. On passage of bill the vote was: Ayes, 27; Nays, 2 – Boquist, Linthicum; Excused, 1 – Baertschiger Jr. Bill passed.

SB 356 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

Senate Bill 356A presented to the Senate Floor by Senator Fredrick and Senator Manning raises a serious shortfall in criminal prosecution by the 36 District Attorneys that must be fixed. The existing crime of intimidation is increasing due to the failure of local DA's not taking action. In fact, it is spreading like wildfire on all sides of society. Renaming the crime from intimidation to bias will not resolve the growing number of incidents statewide. Likewise, adding authority for the Attorney General to take civil action in the same courtrooms DAs will not prosecute in today is too much of a compromise for the lack of action. If the DA's will not prosecute, then authority should be provided to the AG's Office to prosecute in Marion County Circuit Court which is the court of precedence for the State of Oregon. A single case in the court of precedence would result in the DAs taking action themselves in the future. Further, to dispel the notion of DA case load, the bill should withdraw the authority of District Attorneys to take 'civil' action in favor of a statewide solution. I am not convinced even the AG should use civil action verses criminal prosecution. We must end the reality there are 36 separate courts in the State. I hope the House will add teeth that will result in a decline of bias and intimidation.

SB 356 A-Eng. – Linthicum requested the following written explanation of vote be entered into the Journal:

Madame Secretary:

I believe the bill has many problems, although I recognize its intent to address issues of intimidation and/or bias. I share my concerns below.

First, there is no affirmative defense identified in the bill. Nor, is there any penalty features available against false allegations.

Also, the bill creates an unlevelled playing field regarding reasonable attorney fees. In Section 3 (1) (c) the wording is, "**Shall award reasonable attorney fees,**" for prevailing accusatory parties. Yet, in Section 3 (1) (d) the wording is, "**May award reasonable attorney fees,**" for prevailing defendants. The logical ramifications of this lopsided financial incentive will eventually burden and harm many, even when there is "**no objectively reasonable basis found**" for the initial charges or accusations.

Those who are falsely accused and who are proven innocent will get penalized financially, in the here and now, and their future will be further impaired by collateral damage stemming from their exposure to extensive legal proceedings, even when no crime was committed.

Lastly, the bill inserts new categories into **ORS 166.155** and **ORS 166.165**. These ORS's already include "race, color, religion, sexual orientation, disability or national origin," while the bill inserts, "**ethnicity and gender.**" The troubling language with gender and ethnicity, aside from biological-sex and race are illustrated by the bill's focus on the perpetrator's "*self-perception*" of the victim's "*self-perception*." These "*self-perception*" issues will create a quagmire of legal assumptions which will prove very hard to ascertain.

Specifically, gender has become a "*self-perception*" category and I would argue that an intimidating actor may have no knowledge of what another individual's "*self-perceived*" gender is. Secondly, the arresting officer, District Attorney, Judge, jury members and/or Attorney General will all struggle with identifying the perpetrator's "*self-perceptions*," whether correct or not, especially with regard to the victim's own "*self-perceptions*" about his, or her, own ethnicity or gender.

Hopefully, the House can clarify these issues as the bill moves forward, because clarity will help the intent of the bill.

HB 2005 B-Eng. – Thomsen requested the following written explanation of vote be entered into the Journal:

My understanding is that under HB 2005 B, farmers and other business who pay by the piece are able to pay different hourly rates to employees based on the quantity or quality of work produced. This is allowed in Section 2(2)(c).

Examples of quantity piece rate, including but not limited to (i.e. pay = x number of units multiplied by hours):

- Buckets of blueberries
- Pounds of produce handled in packing house
- Dollars per vine pruned in vineyards
- Cents by the mile for trucking

Examples of quality piece rate:

- Second or third picking of blueberries or strawberries
- Some manufacturing

Section 12(1)(a)(A) provides a mechanism for employers to conduct an equal pay analysis that is “reasonable in detail and in scope in light of the size of the employer.” As you are aware, every industry sector has different needs, and agriculture is no exception. Many farms are family run businesses with limited HR resources and capital to invest in legal expertise to complete the pay analysis in Section 12. My understanding is that a “reasonable” equal pay analysis would allow a farmer with piece-rate workers to conduct one study every three years to ensure that all piece-rate workers are being paid based on the crop and the picking of that crop. That rate will vary between crops and the picking (first, second and even sometimes a third picking).

On confirmation the vote was: Ayes, 30. Confirmed en bloc.

SCR 21 – Burdick moved that consideration of the resolution be made a Special Order of Business immediately. Motion carried by unanimous consent.

SB 28 A-Eng. – Read third time. Carried by Hass.

SB 28 A-Eng. – Ferrioli raised a point of order, stating that any measure that raises revenue must originate in the House of Representatives.

Senate at ease. Senate reassembled.

SB 28 A-Eng. – President Courtney, after conferring with Legislative Counsel, ruled that previous court cases have set precedence for this type of measure to originate in the Senate.

SB 28 A-Eng. – Debate resumed. Call of the Senate demanded by Burdick, joined by Frederick, and Hass. All present. On passage of bill the vote was: Ayes, 17; Nays, 13 – Baertschiger Jr, Boquist, DeBoer, Ferrioli, Girod, Hansell, Knopp, Kruse, Linthicum, Olsen, Thatcher, Thomsen, Winters. Bill passed.

SB 28 A-Eng. – Baertschiger Jr, Ferrioli, Hansell, Knopp, Kruse, Thatcher each requested that the following written explanation of vote be entered into the Journal:

I am writing to enter a vote explanation for Senate Bill 28 A (hereinafter "SB 28"). SB 28 was before the Oregon Senate on March 30, 2017, and passed the body with seventeen (17) aye votes and thirteen (13) Nays. I joined my twelve colleagues in opposition to SB 28 on procedural grounds. Reasonable minds may disagree on the policy questions proposed by SB 28, however, the Oregon Constitution requires SB 28 to have originated in the House of Representatives and to have received a minimum of eighteen (18) votes to pass out of the Senate. As such, I request my opposition to the measure be entered into the Legislative Record.

Oregon's Constitution requires bills for raising revenue to originate in the House of Representatives. See Or Const Art IV, Section 18. Furthermore, in 1996 the Oregon People voted on and included in the Constitution Ballot Measure 25 which requires a vote of three-fifths of all members elected to each chamber to pass bills for raising revenue. See

Or Const Art IV, Section 25. The non-partisan Legislative Revenue office issued a revenue impact statement on SB 28 determining that SB 28 would generate \$5.5 million in the 2017-2019 biennium and \$22.8 million in the subsequent two biennia.

It is without question that the passage of SB 28 will bring revenue into the state treasury. Not only that, but SB 28 possesses the essential features of a bill levying a tax. It does not incidentally create revenue, it will both dramatically increase certain organizations' tax liability as well as levy Oregon's corporate income tax on other organizations currently not subject to it. In other words, the measure provides for a direct levying of a tax; it is not a mere adjustment to the tax base. As a result, SB 28 will result in dramatic winners and losers in Oregon's tax code.

In sum, SB 28 is a bill for raising revenue. Introducing the measure in the Senate and passing it out of the chamber without a three-fifths majority violated several provisions of the Oregon Constitution. For these reasons, I was opposed to the measure.

SB 28 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

Please enter my vote explanation for SB 28. This bill is a revenue raising bill thus requires 18 votes in the Senate but should therefore have arisen in the House with a 36 vote. The bill switches the 'state' from a performance to a market tax base. This bill picks 'new' winners meaning smaller tech companies, at the expense of large tech companies. Regardless, the bill is a revenue bill thus merited a NO vote as the Seattle case is not clear. Legislative Counsel based its decision on the Seattle case on the Floor of the Senate.

Having served on the Committee, it took months for the 'tech' companies being willing to testified in public. Likewise, the revenue impacts were discussed after LRO re-adjusted the revenue statement when presented evidence. The questions were raised in the deliberations. Further, individuals who were 'claimed' to be in support were actually in opposition behind the scenes. The 'tech' companies had been made promises during the last campaign season thus the bill was brought forward, a bill, that picks new winners and losers.

SB 28 A-Eng. – Olsen requested the following written explanation of vote be entered into the Journal:

I voted no for two reasons. First, this bill raises revenue. Our constitution requires that all revenue raising bills be initiated in the House. This was a Senate bill, thereby violating the Constitution.

Secondly, I believe that SB 28 also violates Article 9, Section 3 in that a tax bill must explicitly state where the funds will be spent. SB 28 does not specify where the funds will be spent.

SB 28 A-Eng. – Thomsen requested the following written explanation of vote be entered into the Journal:

I am submitting my vote explanation for SB 28. It is a bill that raises revenue and therefore requires 18 votes in the Senate, and should also have originated in the House with 36 yes votes. My vote was purely for constitutional reasons, rather than its merits.

SB 333 B-Eng. – Read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 30. Bill passed.

HB 2004 – Report by Committee on Human Services recommending passage with amendments to the A-Engrossed bill. Referred to Committee on Rules by order of

the President.

HB 2027 – Report by Committee on Environment and Natural Resources, signed by Dembrow, Chair, recommending passage with amendments to the A-Engrossed bill. Minority report, signed by Baertschiger Jr and Olsen, recommending passage of the A-Engrossed bill. Referred to Committee on Rules by order of the President.

SB 1015 – Read second time and passed to third reading.

SB 5517 A-Eng. – Read third time. Carried by Monroe. On passage of bill the vote was: Ayes, 25; Nays, 5 – Baertschiger Jr, Knopp, Linthicum, Olsen, Thatcher. Bill passed. Prozanski, Taylor granted unanimous consent to change vote from nay to aye. Boquist, excused when roll was called, granted unanimous consent to vote aye.

SB 5517 A-Eng. – Monnes Anderson requested the following written explanation of vote be entered into the Journal:

I voted yes on this SB 5517 which was for an 8.2 billion K-12 budget. I believe strongly in the power and value of public education, and like most of my colleagues, I always believe we should try to dedicate more resources for education. The current biennium budget of \$8.2 billion is an 11-percent increase over the last biennium good starting point. K-12 education, public safety and health and human services make up about 90 percent of the state's General Fund budget.

To put more money toward education, realistically, requires cutting other critical health and human services and public safety services Oregonians depend upon. This budget is a minimum amount that local school districts can expect to receive. It gives them some certainty in their budgeting process.

If we can find other funding sources or cost savings, that allocation can be raised. It is important to remember that this budget funds schools at a higher amount than what it is estimated to require for them to offer the same level of service to their students statewide. If more money is available for funding education, we will do that.

SB 5517 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I originally cast a protest "no" vote against SB 5517A on the K-12 school budget because I believe the \$8.2 billion budget is too low. It will cause some school districts to make additional cuts to staff including teachers and school counselors, while other school districts may have to cut school days to make ends meet. This is wrong and postpones addressing long-term stabilization for at least another two years.

To show solidarity with my Senate colleagues who voted "yes" on the bill, I changed my vote to "yes" and pledged to work with them to raise additional revenue for K-12 and all other levels of education. I recognize this \$8.2 billion budget is more than the governor and co-chairs of Ways and Means called for in their original budgets for K-12, but we need to do better. Based on my conversations with Senate leadership, I expect the legislature will vote before the end of session on a revenue package to increase funding for education.

It is time for the legislature to consider how to ensure that corporations pay a fair share of taxes to support the values held by most Oregonians. We need to give kids a quality education so they can compete for Oregon jobs. The voters passed Measure 98 on Career Tech Education and Measure 99 on Outdoor School Education last November expecting the legislature to provide the necessary revenue to implement those two programs statewide. Now is the time for the legislature to act and fulfill this obligation.

SB 5517 A-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

I have tremendous respect for the Co-Chairs of the Joint Committee on Ways & Means, Legislative leadership, and additionally the hard work of the Joint Ways & Means Subcommittee on Education. My decision to vote in support of Senate Bill 5517 was a difficult one.

I am a mother of two children in the Portland Public Schools District, I have served as President of my local Parent Teacher Association, and as a member of the Portland Public Schools Citizen Budget Advisory Committee. In the Legislature, I have previously served on the Joint Ways & Means Subcommittee on Education and on the Joint Interim Committee on Public Education Appropriation. These experiences have repeatedly demonstrated the state of underfunding that our schools continue to struggle with.

I would like to see the Legislature pass, at a minimum, an \$8.4 billion budget in order to maintain our current service level and ideally a funding level that brings Oregon in line with the Quality Education Model. I understand the very difficult duty the Co-Chairs of the Committee on Ways & Means have undertaken. While I voted in support of SB 5517, I will continue to advocate for the passage of a comprehensive revenue package that will bring in adequate funds and increase our state's school funding.

SB 494 B-Eng. – Read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 17; Nays, 13 – Baertschiger Jr, Boquist, DeBoer, Ferrioli, Girod, Hansell, Johnson, Knopp, Linthicum, Olsen, Thatcher, Thomsen, Winters. Bill passed.

SB 494 B-Eng. – Monnes Anderson requested the following written explanation of vote be entered into the Journal:

I voted yes on SB 494 because it simplifies and improves the current advanced directive and required ratification by the Legislative Assembly and governor prior to any new form becoming effective.

The State of Oregon was the first state in the nation to establish an advance directive in 1993. This state statute has had no changes since then. SB 494 simply establishes a committee for the purpose of adopting a user-friendly advance directive form, updates the current form, and brings the witnessing requirements in line with other planning documents. The appointment of a health care representative remains in statute.

The current advance directive and the changes suggested in SB 494 do not prevent a person from receiving food through the form of utensils, hands, cups, or straws (either self-administered or fed from another person). However, an individual may indicate that they do not wish to receive tube feeding (the methods listed above are not considered tube feeding) and therefore would still be offered as long as individuals are able to open their mouth and safely swallow. The definition of “feeding tube” has been retained in the rules and form. It is important to note that the advance directive only takes effect when an individual is incapacitated and unable to communicate.

I respect the health care and end-of life decisions that individuals make for themselves, with the guidance of medical providers and family. Please let our office know if you have any further questions and continue to reach out regarding issues that are important to you.

This vote explanation is being filed to correct a statement I made on the floor while I was presenting the bill to the Senate. I stated that the bill passed out of the Judiciary Committee on a 5-0 vote, but it did not. It actually passed on a 3-2 vote. I relied on printed material from the Senate Democratic Caucus office that was incorrect. I am sorry for the misstatement.

I voted no on this legislation not because I wanted to have over 350,000 Oregonians lose health care, but on behalf of all those that will have to “foot” the bill for this new endeavor. Many components of this bill are important but those that must pay, including small businesses, college students, and non-profits will not be able to recoup these new costs. In fact, it will put a huge burden on these entities to finance this new tax. The State knew these costs were coming, but rather than finding these funds in current revenues, they instead decided to find new sources of revenue. I voted no because these folks should not have to fund this legislation.

SB 558 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

Please enter my SB 558 vote explanation. SB 558 comes with controversy. The fact remains both Democrats and Republicans in Congress have failed to provide virtually any progress on immigration issues in the past decade. SB 558 is a side show. Under federal law, the emergency rooms have to treat who shows up. SB 558 is a fiscal cost savings bill that will treat children in a less expensive manner. Oddly,

opponents claim to want to help children by expanding public health care via county services yet see no financial proposals in the record. Until such time the federal government solves the immigration question, we need to provide the legally required services by the least expensive method. This is not a black and white issue. The 'conservative' U.S. Supreme Court has ruled we must provide health care via the ACA so until it is fixed, we the State, must meet the law in the most efficient manner possible.

SB 505 B-Eng. – Monnes Anderson requested the following written explanation of vote be entered into the Journal:

I voted no on SB 505 for a number of reasons. Although children and those were excluded from having to be recorded, other vulnerable victims were not, such as rape victims, elder abuse and domestic violence victims, and victims of sex trafficking and gangs. The consequences are not in the best interest of their mental or physical health and their public safety.

This legislation did not have the support of public safety stakeholders. The legislation will have significant roll-up costs in the 2019-21 biennium. The costs of recording fall on the counties rather than the judiciary system. Many law enforcement officers will find themselves sitting in long or more hearings, resulting in less officers on the street. For these reasons I voted no.

Please enter my vote explanation for HB 3458. This question was posed to Senator Taylor and Senator Knopp in the Senate Rules Committee hearing and work session. Both believed the above three entities were exempt then suggested legal counsel could confirm this fact. Although I voted in favor of HB 3458, my vote was made with certain concerns and reservations. Furthermore, I continue to have reservations with the potential the measure may have in regard to future complaints and perhaps litigation against Oregon employers who are providing employment opportunities and at the same time attempting to meet the letter as well as the intent of the law.

August 15, 2017

Dear Secretary Richardson,

I am returning Enrolled Senate Bill 689 unsigned and disapproved.

During the 2015 legislative session, the legislature passed, and I signed, a bill to create the Task Force on Reentry, Employment and Housing. I did so despite the fact that there already exists a Governor's Council on Reentry created by Executive Order 07-05, because my office was assured at the time that the Task Force would be limited in time and scope.

The Task Force performed commendable work, including proposing several bills this session, and I have enthusiastically signed the bills that have made it to my desk. But as I review the membership of the Council and the Task Force, as well as the charges and goals of each, I cannot in the interest of efficiency support the continuation of two bodies doing similar work. Notably, multiple state agencies sit on both, and citizens who have volunteered their time on both have expressed a desire to consolidate their efforts.

That is not to say there are not gaps between the two groups. To that end, I have instructed my staff to work with interested stakeholders to revisit Executive Order 07-05. I will sign a new Executive Order to update representation on the Council and refocus the Council based on feedback from legislators, state agencies, and subject matter experts.

I want to express my very sincere thanks to the members of the Task Force for the impoliant work they accomplished. We will continue that good work in the existing Governor's Reentry Council, so that the lives of formerly incarcerated individuals are improved and the safety of all Oregonians is enhanced.

For these reasons, I am returning Senate Bill 689 unsigned and disapproved.

Sincerely,

Governor Kate Brown

SB 5506, 5530, 20, 100, 106, 116, 140, 143, 235, 243, 256, 634, 719, 867, 871, 942, 1008, 1036, 1039, 1051 – Message from the Governor announcing she signed on August 16.

SB 644 – Message from the Governor announcing she signed with the following explanation on August 16:

Dear Secretary Richardson,

I signed into law SB 644, which establishes a coordinated state permitting process in seven Eastern Oregon counties, and provides exemptions from most Oregon land use goals and rules, for any proposed non-aggregate mine that will create 75 or more full-time mining-associated jobs. This legislation seeks to diversify economic opportunities for Eastern Oregon, reduce duplication in mining permitting, and maintain necessary safeguards for the environment and public health and safety. Specifically, SB 644 indicates its intent that state rules adopted to protect the greater sage grouse apply to such mining sites.

I am concerned, however, that some sections of the bill are unclear. For instance, Legislative Counsel has provided an analysis of the effect of Section 1, subsection 4 of the bill. (July 5, 2017 letter posted on OLIS, regarding "Senate Bill 644-B and compliance with rules adopted by the Land Conservation and Development Commission"). My office disagrees and concludes that the bill requires counties to deny land use applications that conflict with future amendments to Oregon's sage grouse rules.

I am also concerned that SB 644 may have unintended consequences. For instance, the bill seeks to address conflicts between large-scale mining and agriculture in the seven Eastern Oregon counties through a new, untested review process rather than Oregon's land use standards.

For these reasons, I expect the Department of Geology and Mineral Industries and Department of Land Conservation and Development to undertake rulemakings to clarify sections of the bill that are unclear. In addition, should SB 644 adversely affect implementation of Oregon's plan to protect the sage grouse, I expect the Land Conservation and Development Commission and Oregon Fish and Wildlife Commission to amend their sage grouse rules to address these effects. Finally, I expect the Oregon Department of Agriculture to monitor and report on the effect of SB 644 on Oregon's agricultural resource lands.

Sincerely,

Governor Kate Brown

SB 978 – Message from the Governor announcing she signed with the following explanation on August 16:

August 16, 2017

Dear Secretary Richardson,

Oregon has been a leader in reducing greenhouse gas emissions to address climate change through key policies like dedicated funding for energy efficiency, the clean fuels standard, the renewable portfolio standard, and coal disinvestment through Oregon's coal-to-clean law. With the federal government's withdrawal from the Paris Agreement on climate change, I committed Oregon to meeting the greenhouse gas emission reduction targets of the agreement. Despite our progress in reducing greenhouse gas emissions, we are not on track to meet these targets and our own state goals. We must do more to reduce greenhouse gas emissions and address climate change.

The electricity sector continues to be an important part of our state's strategy to reduce greenhouse gas emissions. There is significant technology advancement in the electricity sector that is driving changes in electricity markets, including growth in distributed generation, energy storage, electric vehicles, and demand response. At the same time, costs for clean energy options, including renewable energy and energy efficiency, are decreasing and consumers are demanding more clean energy choices. The electric industry is in transition. In order to address climate change, this transition must include a path towards the clean energy resource mix of the future. SB 978 will provide a forum at the

Oregon Public Utility Commission (OPUC) for a thorough examination of market trends and technological advancement to inform the future of electric utility regulation in Oregon. The recommendations from this examination will be essential to informing our path over the next few decades to reduce electric sector greenhouse gas emissions while keeping energy costs and reliability stable.

In signing SB 978, I support the OPUC's examination of the electric utility business model and the future of utility regulation that addresses the dynamic forces of the market and evolving technology. At the same time, we must continue to move forward in transitioning to clean energy, including renewable energy, energy efficiency, demand response, energy storage, and electric vehicles. We cannot afford to wait for completion of this examination to make progress and support critical investments in clean energy. The examination contemplated in SB 978 should not be interpreted as a time-out from Oregon's commitment to clean energy to reduce greenhouse gas emissions in the electric sector. We must continue to move forward in this important work to decarbonize Oregon's electricity sector to meet our climate change commitments for current and future generations.

Sincerely,

Governor Kate Brown

SB 1067 – Message from the Governor announcing she signed with the following explanation on August 16:

August 16, 2017

Dear Secretary Richardson,

During the next four years, it is incumbent upon all of us to continue the conversation about how we work together to protect current service levels in education, public safety and health and human services while also balancing the budget. We all must find ways to contain costs, secure new revenue and innovate to meet this need. Senate Bill 1067 makes progress toward those shared goals.

Earlier this year I issued a series of Executive Orders to begin addressing areas where we know costs increase every year in state government. I asked agencies to cut back on travel expenditures. I directed them to increase debt collection practices. And for the first time by any Governor, I directed DAS to stay within budget during contract negotiations. Additionally, I asked the PERS Board to make side accounts where public employers can invest money for future pension costs more accessible - especially for smaller employers.

SB 1067 is the next step. It addresses many of these same issues.

SB 1067 recognizes that an important part of the state's overall cost containment strategy includes holding down public employee health care costs. Both hospitals and labor had concerns with the Public Employee Benefit Board (PEBB) and Oregon Educators Benefits Board (OEBB) provisions in the bill. Nonetheless, SB 1067 was created with bipartisan legislative support because of the broad agreement that we must have a financially sustainable health care program for public employees.

The State of Oregon is a significant purchaser of health care and has a responsibility to increase the value in health care services provided. PEBB and OEBB provide health care coverage to 280,000 public employees and their dependents. The total cost for this coverage in the 2017-19 biennium is \$3.5 billion.

Oregon's vision for health care reform includes leveraging the state's \$3.5 billion purchasing power to hold the system to a sustainable budget while driving toward quality and outcomes. While we've made great strides there is more to do.

SB 1067 includes several cost savings measures for PEBB and OEBB. PEBB and OEBB will combine administrative functions and develop plans for merger of the boards; contain costs to 3.4% per member per year; end the practice of allowing double coverage or reimbursements for taking coverage elsewhere when insurance is still provided by PEBB and OEBB; and cap hospital reimbursement rates beginning July 1, 2019. In part because of these reforms, SB 1067 is expected to save \$177 million in total funds (\$94 million in general fund) in the 2019-21 biennium.

While supportive of the vision for value-based purchasing in health care and the need to ensure better predictability for the state budget, I do not take the potential impacts of this bill lightly.

I understand that there are many individuals and businesses who are making a sacrifice to help the state contain costs and some of them are directly affected by multiple policies in SB 1067.

Longer term, we need to remain focused on a value-based health care model. Hospitals and our public employees have long been partners in helping solve budget challenges, including the 2017-19 budget. I share hospitals' concerns about potential federal health care changes that could impact funding in Oregon and understand public employees' frustrations with our budget challenges.

Before implementing SB 1067, I intend to take a thorough look at options for improving value within our healthcare programs while holding to a sustainable and predictable budget. This will include looking at ways to further advance the successes the state has seen in its coordinated care model and using the state's purchasing power to further advance that model.

The easy ways to save money have all been done. We're now left with tough choices. SB 1067 makes some of these hard decisions in order to preserve important services while beginning the conversation on others. I look forward to working with our legislative partners and Oregon's labor, hospital and health care leaders to ensure that we make hard choices together while focusing on the goal of providing higher value health care for our public employees and educators.

Sincerely,

Governor Kate Brown
