Bill passed.

SB 1540 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1540 deserved a NO vote as while it attempts to provide clarity for reporting abuse raised by the Salem Keizer School District it's unintended consequences are large. The good Carrier pointed out the bill actually covers four different issues. Also, I did seek input from school leaders which resulted in negative replies. Likewise, I did not receive any positive from my District Attorneys. At the same time, I sought legal interpretations from Legislative Counsel as the common word of the law on page 2, lines 19-20, start out with "Sexual contact or sexual intercourse... between a child over 12 years of age and a person under 21 years of age..." leads a reasonable person to believe the age of consent is being lowered to 12 years old. Nothing from Legislative Counsel really changed that interpretation. A Committee Member said the intent was to prevent abuse reporting for dancing or making out or kissing. LC provide me in writing the definition of 'sexual contact' verbatim out of ORS 163.305 which does not include dancing, kissing or making out. I specifically asked about changes to the criminal code in both offense and defense. The offense charges are not changed but according to Legislative Counsel the bill creates an affirmative defense for consensual sexual intercourse down to the age of 12 years. The two exceptions to the 12 year old sexual intercourse consent is an age difference of 3 years or mental health status. I was told by a Committee Member this bill was aligning with federal law. Again, LC differed in that a federal law exists allowing Oregon to choose that 12 year old's can consent to health treatment without parental consent to include contraceptives or other medical treatments which of course includes abortions etc. Again, Oregon is choosing this option under federal law as it is not a requirement. Last Friday, 17-18 year old students in Joint Student Success Committee discussed a length bullying, coercion, etc being unchecked in schools so how a 12 year old is not going to be coerced out of fear to claim consensual sex is beyond reason. This bill should have addressed the issue at the SKSD not broke new ground that in my mind is severely flawed. Unfortunately, may citizens in my Senate District will see this as reducing the age of sexual consent to 12 years of age. They will compare Oregon to Alabama for better or worse. It is now clear to me with the passage of SB 1540, that the majority in the State Senate must not grasp the true situation in Oregon schools, or at least, are not willing to address it in a bi-partisan manner. It certainly makes the remote success of the new joint education committee questionable.

SB 1540 A-Eng. – Thatcher requested the following written explanation of vote be entered into the Journal:

I would have voted for the original bill as written; however, when it was amended to read age 12 instead of age 14, it gave me no time to research the ramifications of that change. I am not comfortable with the amended bill that was put before us for vote. The original bill was worked on during the interim and presented pre-session. The amended bill was being shoved through hurriedly in this short session without properly vetting the amendment that was ultimately voted on.

SB 1546 – Read third time. Carried by Taylor. On passage of bill, the vote was: Ayes, 27; Excused, 3 – Kruse, Riley, Winters. Bill passed.

SB 1548 – Read third time. Carried by Boquist. On passage of bill, the vote was: Ayes, 27; Excused, 3 – Kruse, Riley, Winters. Bill passed.

SB 1563 is a change to the 2013 law my colleagues claimed they

would not change again. The Carrier's tried to paint an emotional picture rather than a logical reason to expand HB 2787. The prime Carrier clearly pointed to the failure of the federal Congress to resolve this type of issue. For different reasons, could not agree more. The Carrier claimed in his opening that SB 1563 is not a change from HB 2787 in 2013. The word of the law does in fact change the intent of the law. It is not some bizarre technical fix based on the federal government. When the Carrier was questioned on the Floor the answer was completely unclear. Given my own children's experiences at Oregon colleges and university's saying HECC says this new law is needed means nearly an automatic NO vote. Then the issue of violating federal law was not even discussed. The issue of veterans was raised for which this bill has nothing to do with veterans. The bill was not ready for passage.

HB 4145 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4145 contains three major parts: improving communications on intentionally attempted illegal background checks, an attempt at closing the 'boyfriend' loophole, and adding generic stalking to the list that prohibits possession of a firearm. Note legislative counsel says the 'ammunition' portion of existing law is unenforceable. The House repaired portions of the background check communications issue at my request communicated to the Governor's Office. However, like on the last days of the 2017 Session, by majority vote, No funds were provided to the OSP to carry out either reporting or investigations to allow for prosecution. The Senate Democrats again today did not want to add the funds necessary for actual prosecution. The 'boyfriend' loophole does not appear to be any tighter under HB 4145 but instead possibility worse. Existing law uses 'intimate partner' which is the exact verbatim situation used as an example by the Carrier. That is existing law failed. The US Attorney General's Office provides a definition of intimate partner that is not wide enough to fully encompass the common term desired for the 'boyfriend' loophole. Legislative Counsel says 'intimate partner' is a federal legal term not used in Oregon yet it is existing Oregon law being eliminated in HB 4145. Legislative Counsel then says 'family or household member' in HB 4145 will not be interpreted as words by Judges. Said differently, 'family or household members' in the bill will not be used by Judges in determining who the law applies too. Very strange give four consecutive Supreme Court Chief Justices have stated the 'word of the law' is what they utilize. It is very likely since the bill does not spell out the exact definition as requested that the bill will expand who is included household as being potentially banned from

firearm ownership BUT actually narrow the reach of existing 'intimate partners' i.e. boyfriends from existing law. The law should have spelled out exactly the definition and intent. Believe we will be back redefining the definition of 'boyfriend' is the 2019 Session. Lastly, the stalking portion of the bill is not ready for prime time. I had numerous meetings with the Governor's Office trying to reach a consensus on the bill. Unfortunately, the boyfriend definition was not fixed nor was the stalking problem.

HB 4145 A-Eng. – DeBoer requested the following written explanation of vote be entered into the Journal:

I support the concept and most of what was in this bill. However, we had the chance to obtain bipartisan support and had worked out wording with stakeholders last night that would have been acceptable for everyone. This bill could have been sent back to committee. We could have voted on it in three days and had a better bill with broad support, which should be our goal for this bill, and every bill we seek to pass into law.

HB 4135 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4135 advanced directive once again deserved a No vote as it did not fix any of the issues from its failure in the Legislature in the 2017 Session. The importance of ensuring the correct language of any new law is underscored by the plain text of the Affordable Care Act passed blindly by the Congress. ACA moves America toward a purely government controlled rationed health care system. It is the blue pill or red pill in the Matrix to snuff out the old, weak and vulnerable. To correct the record from the Floor Session, it was insinuated the Catholic Church and Catholic organizations supported HB 4135 which is false. HB 4135 hearing records correctly contain written testimony in opposition of HB 4135 by the Oregon Catholic Conference including the Archbishop of Portland and Bishop of Baker. This is important as the Legislature previously placed sole authority for determining 'religious' status for Catholics in Oregon under the authority of the Archbishops. Providence Health is of course a profiteer masquerading as a religious organization whose nonprofit status needs to be stripped from it in Oregon. SB 1553 in the Senate is a starting point for bringing under control the profiteering Oregon entities driving up citizen's life and medical care cost that masquerade as non-profits. When citizens in Senate District 12 are asked to identify corporate special interests and causes for skyrocketing health care costs they always end up naming a non-profit health care entity. Further, it was insinuated on the Floor doctors were in full support of HB 4135 which is again incorrect. The hearing records clearly show testimony from many doctors in opposition to HB 4135. The bill was passed purely on political lines with Senate Democrats (-1) supporting the health care industry while Republicans opposed giving the healthcare industry more unbridled power over low income vulnerable Oregonians.

HB 4135 – DeBoer requested the following written explanation of vote be entered into the Journal:

I agree that the Advance Directive needs to be updated, especially given the case that came up in Southern Oregon. However, it should be done by this legislative body in a committee that is open and public during the 2019 session.

HB 4144 A-Eng. – Read third time. Carried by Taylor. Conflict of interest declared by Olsen. Potential conflict of interest declared by Baertschiger Jr, Thatcher. On passage of bill, the vote was: Ayes, 21; Nays, 8 – Baertschiger Jr, Bentz, Boquist, Girod, Olsen, Riley, Thomsen, Winters; Excused, 1 – Kruse. Bill passed.

HB 4144 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4144 A is a rare event in which floor debate changed a vote from Yes to No. A Senator's questioning of the Carrier raised flaws in the bill that needed corrected. Then the former majority Chair of a Senate Committee who had previously heard the bill pointed out to me the bill still had flaws that failed in his Committee. The bill deserved a No vote as it was passed by switching committee's without required corrections both majority and minority members deemed important.

HB 4079 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4079 is a good bill that needs repaired in the next Session. Hence a No vote today. It allows low income and impoverished individuals to qualify for TANF without cashing in pre-tax retirement benefits and accounts. Good concept as early cash out prior to retirement creates tax penalties. However, it was not vetted in a Revenue Committee for the failure to place a cap of the value of the retirement account. As example, a person could have a million dollars in a series of retirement accounts yet qualify for TANF. This was not the intent but is the law if signed by the Governor. Law needs to be capped next Session so millionaires cannot qualify for TANF.

HB 4080 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4080 is the updated federal connection to the 529 College Savings Plan for higher education savings. The new federal law does allow an extension to K-12 education for such savings plans. In the future, the Legislature in a long session needs to review and establish a K-12 savings plan for Oregon citizens. This is not in the bill nor in present Oregon law. There was strange discussions in the House over an arcane discriminatory clause long past unconstitutional relating to private verses public expenditures. It is known as the Blaine Amendment. It is also related to the Pierce v Sisters ruling of the U.S. Supreme Court. This was not raised in the Senate. Again, this issue needs revisited in the long session.

SB 1547 B-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 1547 deserved a No vote as the Senate President said on the Floor the House changed the bill to the negative. The changes need to be fixed in the next session. If the bill carried with 30 votes nobody would think to go back to strive for the final solution. It is a good first step but not a final solution. The two of the No votes like mine pointed out the need to flag the bill to fix in the next session.

President Courtney in Chair.

SB 5701, 5702, 5703; SB 1544, 1565, 1566 – Read second time and passed to third reading.

SB 5701 A-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 28; Nays, 1 – Boquist; Excused, 1 – Kruse. Bill passed.

SB 5701 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 5701 deserved a No vote as it does not represent an appropriate set of prioritized projects. The whole process is done in the dark by leadership. It is seriously over weighted with dollars to universities. The same universities who cannot control their own costs. The same universities who keep increasing student tuition and fees. The same universities who cannot produce a teacher in four years. The same universities who are creating lifetime debts for graduates. It would seem logical to wait for university spending until the Joint Student Success Committee determine the best way forward. Unless of course the Student Success is a farce. It is further noted, last Session we did not fund a badly needed railroad spur at Umatilla Army Depot but it missed the list. The good news to me is we did fund other merited projects from last Session. The bill required 16 votes for passage. It also required some No votes to help make the dark of the night Democrat process for developing the list become transparent in the future.

SB 5702 A-Eng. – Under rules suspension, read third time. Carried by Girod. On passage of bill, the vote was: Ayes, 25; Nays, 4 – Baertschiger Jr, Boquist, Linthicum, Thatcher; Excused, 1 – Kruse. Bill passed.

SB 5702 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 5702 deserved a No vote to highlight we have overspent our bonding capability. There are many good projects from last Session and this Session. However, part of the list should be held till the 2019 Session

due to the lottery limits and general obligation bond limits. This bill drops Oregon to \$5 million in lottery availability and just under \$500K in general obligation bond availability. When interest rates increase above 4.5% we will have to cut projects according to LFO. Further, SB 5701 deserved a No vote as it does not represent an appropriate set of prioritized projects. It is seriously over weighted with dollars to universities. The same universities who cannot control their own costs. The same universities who keep increasing student tuition and fees. The same universities who cannot produce a teacher in four years. The same universities who are creating lifetime debts for graduates. Instead of graduating with hope the students graduate with a huge debt plus many lack the job skills necessary to get a job. This has been a four decade decline of student success under Democrat leadership or lack thereof. Universities have completely failed to transition to the 21st Century students, so like K-12, must be reformed or collapse financially. It would seem logical to wait for university spending until the Joint Student Success Committee determines the best way forward. Student Success was to address teacher issues thus teacher education issues. The bill required 16 votes for passage. It also required some No votes to help make the next Session come to it's senses.

SB 5703 A-Eng. – Under rules suspension, read third time. Carried by Winters. On passage of bill, the vote was: Ayes, 25; Nays, 4 – Baertschiger Jr, Boquist, Linthicum, Thatcher; Excused, 1 – Kruse. Bill passed.

SB 5703 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 5703 is a partial rebalance of the biennial budget that requires passage. The whole reason for 'technical' changes in a short Session. The first oddity in the bill is there is no additional funding for the common school fund and no additional community college funding. Yet, the Democrats claimed the SB 1528 tax increases were for the children but they got nothing. Given SB 1529, which is back corporate taxes, provided \$140 million this biennium, and SB 1528 taxes on small businesses provided \$244 million this biennium, all in the name of the helping K-12 schools per the Senate Democrats, why didn't K-12 and community colleges get at least a few dollars more? Interesting that \$4.3 million was removed from the Education Stability Fund to pay for high income earner tax credits bidding on the opportunity grants when I was told the funds would come from the corporate revenues in SB 1529. Obviously, members other than the Top Three Democrats do not deserve to be provided accurate information. Joint Ways & Means Committee is a terrible way to legislate, however, even this bill does fund some very meaningful areas. None-the-less, the verbally stated priorities of the Legislature are not reflected in this bill thus a No vote was cast.

SB 1544 B-Eng. – Under rules suspension, read third time. Carried by Prozanski. On passage of bill, the vote was: Ayes, 26; Nays, 3 – Johnson, Olsen, Thomsen; Excused, 1 – Kruse. Bill passed.

SB 1565 B-Eng. – Under rules suspension, read third time. Carried by Manning Jr. Potential conflict of interest declared by Thatcher. On passage of bill, the vote was: Ayes, 29; Excused, 1 – Kruse. Bill passed.

Senate at ease. Senate reassembled.

SB 1566 B-Eng. – Under rules suspension, read third time. Carried by Taylor. On passage of bill, the vote was: Ayes, 29; Excused, 1 – Kruse. Bill passed.

SB 1540 B-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1540 continues to deserve a No vote. The bill passed the Senate initially on a pure Democrat vote. It partially pertained to consensual sex between 12 year olds and older in schools according to Carrier and Legislative Counsel. The Carrier at that time stated the District Attorney Association supported the bill. DA's told me in writing this was false. The Carrier at the time stated Representative Post supported the bill in its current form at that time. Representative Post emailed members after the Carrier's floor speech claiming he did not support the bill as amended. Today, the Carrier clearly stated this issue with Salem Keizer School District was students kissing with is incorrect according to District officials. Further, the bill never dealt with 'kissing' in any manner according to Legislative Counsel drafters, and a formal LC Opinion. District Attorney's asked that the Legislature take a time out till January 2019 to develop a viable solution to the issue.

SB 1543 B-Eng. – Under rules suspension, Prozanski moved that the Senate concur in House amendments and repass bill. On concurrence and repassage, the vote was: Ayes, 29; Excused, 1 – Kruse. Bill repassed.

Senate reverted to the order of Third Reading of House Measures by unanimous consent at the request of the Chair.

HB 4059 A-Eng. – Under rules suspension, read third time. Carried by Boquist. On passage of bill, the vote was: Ayes, 25; Nays, 4 – Knopp, Linthicum, Olsen, Thomsen; Excused, 1 – Kruse. Bill passed.

HB 5201 A-Eng. – Under rules suspension, read third time. Carried by Johnson. Potential conflict of interest declared by Hass. On passage of bill, the vote was: Ayes, 29; Excused, 1 – Kruse. Bill passed.

HB 5201 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 5201 is the rebalance. It fails to address the Oregon State Police shortfall endangering Oregonians. Many programs that use the services and protections provided by Troopers are funded but not OSP. Despite these shortfalls, the balance must be balanced thus a tepid Yes vote.

HB 5202 – Under rules suspension, read third time. Carried by Roblan. On passage of bill, the vote was: Ayes, 22; Nays, 7 – Baertschiger Jr, Bentz, Boquist, Linthicum, Olsen, Thatcher, Thomsen; Excused, 1 – Kruse. Bill passed.

HB 4007 C-Eng. – Under rules suspension, read third time. Carried by Monroe. On passage of bill, the vote was: Ayes, 20; Nays, 9 – Baertschiger Jr, Bentz, Boquist, Hansell, Knopp, Linthicum, Olsen, Thatcher, Thomsen; Excused, 1 – Kruse. Bill passed.

HB 4007 C-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4007 C-Eng's intent deserves support. That is affordable low income veterans housing. However, raising the Clerk fee from \$25 to \$60 will be paid by the same type individuals but likely with borrowed funds. Borrowing funds to close on houses including the filing fees is simply too poor a solution. Much of the housing built with these funds will still be overvalued based on local government fees and charges which are obstacles to affordable housing. The Legislature needs to find a better solution rather than raising the filing fees.

HB 4023 C-Eng. – Under rules suspension, read third time. Carried by Burdick. On passage of bill, the vote was: Ayes, 21; Nays, 8 – Baertschiger Jr, Boquist, Johnson, Knopp, Linthicum, Olsen, Thatcher, Thomsen; Excused, 1 – Kruse. Bill passed.
