Boquist and Prozanski were appointed to escort The Honorable W. Michael Gillette, Senior Justice of the Oregon Supreme Court, to the rostrum.

Justice Gillette administered the oath of office to the

newly-elected senators.

Nominations for President of the Senate were declared open by unanimous consent at the request of the Chair.

Walker nominated Courtney for President of the Senate, moved that nominations for President be closed and that a unanimous ballot be cast for Courtney. Motion carried by voice vote. Courtney elected President of the Senate.

The Chair appointed Dingfelder and Telfer to escort Courtney and family to the rostrum. Margie Courtney administered the oath of office to the newly-elected President of the Senate. At this time the gavel was presented to the newly-elected President of the Senate. (President Courtney in Chair)

President Courtney made the following remarks to the Senate.

"I want to thank Senator Ferrioli for opening our session here today. He asked me several months ago if he could do so and I gladly responded. Good job Senator Ferrioli. You've done us proud.

"I also want everyone to know that I have often said that we're only as good as our staff. We didn't come here today without a great deal of work, so I also want to thank Senator Devlin, our Democratic Leader, and his staff and all the work they've done to make this morning a great event.

"I want to recognize the Secretary of the Senate, Judy Hall, and her staff: Anati Neiffer, Cyndy Johnston, Suellen Scott, Britton Taylor and Julie Medina. They worked tirelessly, tirelessly to bring about today's events.

"Our floor staff. These are new individuals to us today. We all know how important they will be to get us through this session. Stacia Martin, Justin Freeman, Abby Stephens, Chuck Bradish, Nick Herman, Anna Ryabokon, Dave Ramsdell, Riley Shoff, Lauren Yamasaki, David Imeson, Frankie Bell and Norma Benedict. They have also been working tirelessly to make today a good day.

"And finally, my staff, the President's staff. You know them. I sure know them. Connie Seeley, Debbie Lowery, Phil Bentley, Margie Courtney, Sasha Pollack, Glenda Nabors, Joe Pope and Robin Maxey.

"Also, I want to offer a special thanks - I know my staff wants me to do this because he has been wonderfully helpful and really helped Senator Ferrioli prepare for today - Jonathan Thompson from Senator Ferrioli's staff. He worked very, very hard to bring us to today.

"I don't do a lot of R, D things. I know what uniform I wear, what locker room I dress in. You all know that.

"I don't do a lot of sentimental things. I will say one sentimental thing if you will allow me. I am here alone with my wife today. We have three sons and they are all away. I'll be dog-gone, I was driving in this morning and I get a call from youngest son, Adam, who's at Arizona State in Tempe. He said, "Dad, I just want you to know I'm thinking of you." I don't do much sentimental with my son and so I said, "that's nice." He sort of caught me off guard. So we had a few words and talked about the Sun Devils.

"Then, there was a message on my cell phone and I wondered "what's this message." Dog-gone, if it wasn't my son, Sean from Carrol College in Helena, Montana. He left a message for his dad, as well, saying "Dad, I'm thinking of you and praying for you." So the father is sometimes surprised by his sons.

"I don't have anything remarkable or historic to say. So, I guess, I'll just do a "Let's Go" type of thing.

"We're all worried. And I'm not going to go overboard here, Senator Hass. Senator Hass sometimes says, like the Governor says, that I am half-empty rather than half-full.

"We're all worried about our children and grandchildren and their education. We're worried about our seniors being able to pay for their medicine, about families on food stamps, about sick children and adults who can't get care. We're worried about the foster children.

"We're worried about building roads and bridges. About keeping commuters, trucks, buses, planes and trains moving.

"We're worried. We're worried about our troops and their families. We're worried about those who are unemployed and all those, yes all those, who will be unemployed.

"I'm about to make a quote. It's a tough quote for me to make.

"Yogi Berra, the great Yankee catcher who is a hall of famer, once said: "The future ain't what it used to be."

"Being a Red Sox fan, that's why it was difficult for me to quote Yogi. Although, I love him.

"Of course, what he meant is things are different. The world order is changing.

"Enter the 75th Legislature - the 75th version of the Oregon State Senate.

"Each of us has lived long enough to know about life, about politics, about the Legislature.

"In the last few sessions - including that famous supplemental session we had in February - we had our bad fights. Oh yes, we did. We had our fierce debates.

"There were minority reports. There were procedural votes.

"But we got along. We found a way to get along. I hope we can find a way to get along this session.

"Each of us must and will work very hard to get our people, and Oregon, My Oregon, through this.

"You know, it's interesting about the Legislature when I try to describe it to people - why I think its different than the executive branch, judicial branch, both of which I have much respect for.

"The Legislature is special. We work in units. Our work is done in groups - in workgroups, coalitions, caucuses, sub-committees and full committees, quorums and majorities here on the Senate floor. That's how we work. That's our world. That's where we become very good. That's where we do what we do.

"Yet, you and I, in a very strange way, are also very alone here. You are alone and I am alone. We don't get to redshirt. We have no substitutes. No backups. There is only one you and there's only one me. Nobody gets to vote for you. Nobody gets to explain your vote. It's you. You and me and the groups in which we live.

"Again, if I might go to baseball. I love all sports but for some reason baseball has caught my fancy today.

"There is a movie, A League of their Own, about a league of women's baseball players. During the Second World War when many of the major league players went off to war, they decided to create a league of women baseball players. They did very well.

"In the movie, Tom Hanks plays the manager of the Rockford Peaches in an all women's baseball league.

"When his all star catcher Dottie Hinson - the league's best player from Oregon - complains that the game is "hard," he tells her that she's right.

"It's supposed to be hard," he says. "If it weren't hard

everyone would do it. The HARD is what makes it great. And that's what makes you an all-star."

"Being in the Legislature, I have always said, is hard and it's supposed to be hard. It's designed that way.

"To be good at it, it takes time, a lot of work, a lot of hours and, yes, at least for me, it's taken a little bit of luck.

"My fellow Senators, the Legislature is hard and it's real hard when you combine it with an economic "perfect storm" and a "mission impossible" budget. That's hard. Real hard. It's where we're at.

"But it's the HARD that makes it great. It's the HARD that makes you special. And it's the HARD that will decide in June if we are all-stars.

"Each of us has chosen and has been chosen to be here on this team at this time.

"We will weather this perfect storm. We will complete this impossible mission.

"Let's Go. Thank you."

Nominations for President Pro Tempore of the Senate were declared open by unanimous consent at the request of the Chair.

Burdick nominated Metsger for President Pro Tempore of the Senate, moved that nominations be closed and that a unanimous ballot be cast for Metsger. Motion carried by voice vote. Metsger elected President Pro Tempore of the Senate.

The Chair appointed Carter and Nelson to escort Metsger to the rostrum. The Honorable Kate Brown, Secretary of State, administered the oath of office to the newly-elected President Pro Tempore of the Senate.

Nominations for Secretary of the Senate were declared open by unanimous consent at the request of the Chair.

Devlin nominated Judy Hall for Secretary of the Senate. Devlin moved that nominations be closed and a unanimous ballot be cast for Judy Hall. Motion carried by voice vote. Hall elected Secretary of the Senate. Justice Gillette administered the oath of office to the newly-elected Secretary of the Senate.

Pursuant to the provisions of the Report of the Committee on Permanent Organization and Order of Business, the Chair made the following appointments to the Special Committee on Rules.

SPECIAL COMMITTEE ON RULES

Senator Richard Devlin, Chair

Senator Ted Ferrioli, Vice-Chair

Senator Jason Atkinson

Senator Ginny Burdick

Senator Rick Metsger

Senate at ease while committee met. Senate reassembled.

Devlin moved that the 2007 Regular Session and Interim Rules, as amended, be adopted as the Permanent Senate Rules for the 2009 Regular Session and Interim Rules for the Seventy-fifth Legislative Assembly. On adoption of the motion the vote was: Ayes, 29; nays, 1 – Boquist. Permanent Rules and Interim Rules of the Senate adopted.

Boquist requested the following explanation of vote be entered into the journal:

"Having just sworn as a State Senator to support the Oregon and United States Constitutions there were three items previously raised in the proposed rules in which I could not support as the Senator from District 12.

"First. Oregon is in an economic crisis as attested by the Governor and Speaker of the House today. Both called for immediate action on our part. The working families in my district expect its Legislators to be at work every day until we address this crisis and the people's business is completed. I could not support a set of procedures that have the Senate in session only two days per week. My constituents expect more of their elected representatives.

"Second. As the crisis expands and/or the session comes to a close, committee meetings will be called by chairs with less than 24-hour notice. I've experienced this during two previous sessions. If we are to work in a bipartisan fashion to solve Oregon's problems then every member should have an opportunity to attend committee meetings even on short notice. However, 8.16 deleted the requirement to notify committee members' offices of these short notice meetings. While the intent may be to introduce an electronic system, notice should still be given to members. This change could easily allow for opponents of a bill to be "forgotten" when planning committee meetings.

"Third. The elimination of conceptual amendments from 8.20 was unacceptable. While these should be strictly limited, and voted upon in committee, the requirement to have a lawyer from Legislative Counsel prepare a written amendment in cases of last minute minor changes does not make sense. Many times Legislative Counsel has not had time to prepare a simple amendment. Thus to pass a bad bill, or deny a minority report, because a written amendment was unavailable is unacceptable. Unfortunately, history indicates some written amendments and bill preparations have been denied to Legislators by the majority leadership. While I trust the present Senate President will ensure all fairness, I could not vote for a rule that impedes due process or limits it to approval of non-elected lawyers."

Harassment may be based on a person's sex, race, religion, age, disability, national origin or status as a member of a protected class.

(3) "Sexual harassment" means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

(a) A person says or suggests that declining to submit to the conduct will affect a person's job, benefits or business before the Legislative Assembly;

(b) A person uses submission to or rejection of the conduct as the basis for decisions affecting another person's employment; or

(c) The conduct has the purpose or effect of unreasonably interfering with a person's performance or creating an intimidating, hostile or offensive environment in which the person works.

(4) "Sexual harassment" includes the following conduct:

(a) Verbal abuse of a sexual nature;

If you believe you have been a victim of improper conduct, you have options. You can tell the offender about the action that disturbed you and ask the offender to stop. You can communicate with the offender in person or in writing. You may also use the informal or formal

procedures established by the Rules of the Senate as set forth in 18.05 and 18.06 to pursue a complaint of improper conduct if you:

- (a) Do not want to confront the offender directly;
- (b) Have talked to the offender and the offensive behavior has not stopped; or
- (c) Believe your complaint has resulted in retaliation.

In addition, you have the right to file a complaint with administrative agencies and the courts.

- (2) Notice of the Senate policy shall be posted in all work areas.

Persons who believe they have been subjected to improper conduct may simply want the improper conduct to end; they may not want to go through a formal or legal procedure. The following informal procedure addresses this need. However, a person making a complaint need not use this informal procedure before filing a formal complaint with the Senate, administrative agency or court. The informal and formal procedures in the Senate rules on improper conduct are optional; a person may or may not use them.

(1) The person making the complaint must submit the complaint to an intermediary designated pursuant to subsection (5) of this rule within 30 days of the improper conduct.

(2) The intermediary has two roles. First, the intermediary ensures that the person making the complaint has a safe and nonhostile work environment. The President or the Secretary of the Senate shall assist the intermediary in making the appropriate arrangements. Second, the intermediary listens, answers questions and explains

options. The intermediary is not an advocate but a mediator who, with the permission of the person making the complaint, may explore various paths to resolution. An intermediary does not have authority to impose disciplinary action.

(3) The identities of the parties to the informal procedure shall be confidential. Any records related to the informal procedure shall be exempt from public disclosure under the provisions of ORS 192.501 and 192.502 without regard to the public's interest in their disclosure. Confidentiality shall extend until such time as a formal written complaint, if any, is filed with the Legislative Counsel as provided in Rule 18.06.

(4) After meeting with an intermediary, the person making the complaint may decide to take further action and institute formal complaint procedures.

(5) The Caucus Leaders shall designate as intermediaries a reasonable number of Senate members and staff of the Senate, including the Secretary, the Legislative Administrator and the Employee Services Manager. A description of the function of the intermediary shall be prepared by the Legislative Administrator and approved by the Special Committee on Conduct. Designated intermediaries shall be identified by name, with contact telephone number and office location, and a list of the designated intermediaries shall be given to all Senate members and Senate employees. The Senate shall save harmless and indemnify any intermediary against any tort claim or demand arising out of an alleged act or omission occurring in the performance of duty under these rules.

18.06 Formal Procedure.

A person may file a formal written complaint instead of participating in the informal complaint procedure described in Rule 18.05, or may file a formal written complaint if, after participating in the informal procedure, the person is not satisfied with its resolution. The formal complaint procedure shall consist of the following steps:

(1) During a legislative session, the person must file a formal written complaint with the Caucus Leaders. If the person filing the complaint agrees, the Caucus Leaders may work to resolve the complaint informally. However, if there is no informal resolution, the formal written complaint shall be filed by the Caucus Leaders with Legislative Counsel within seven days of the determination that there is no consent or no resolution. During the interim between legislative sessions, the person must file a formal written complaint with the Legislative Counsel.

(2) The person must file the formal written complaint

within 30 days of the improper conduct or, if the person has timely begun an informal procedure, within 14 days of the end of the informal procedure.

(3) Upon receipt of a complaint, the Caucus Leaders shall:

(a) Provide the person filing the complaint with a safe and nonhostile work environment with a comparable work assignment; and

(b) Notify the accused of the complaint, the name of the person making the complaint and the nature of the complaint.

(4) After the filing of a formal written complaint with Legislative Counsel, the Caucus Leaders shall appoint an investigator who is not an employee of the Legislative Assembly and who is experienced in investigating complaints of improper conduct of the type alleged. If the respondent is either Caucus Leader, or the Caucus Leaders are unable to agree on appointing an investigator within 10 days of the filing of the complaint, Legislative Counsel shall appoint the independent investigator.

(5) The investigator shall conduct an investigation and, within 14 days after being appointed, present findings of fact and recommendations to the President and the Caucus Leaders, the person filing the complaint, the person who is the subject of the complaint and the members of the Special Committee on Conduct.

(6) If the person accused of improper conduct is a Caucus Leader, the obligations of that Caucus Leader under this rule shall be assumed by the President.

18.07 Time Limits.

(1) The Special Committee on Conduct has jurisdiction over conduct occurring from 30 days before the convening of a regular session of the Legislative Assembly to adjournment sine die. However, if the complaint is filed less than 10 days before adjournment, the President may refer the complaint to an interim committee on conduct.

(2) If a person files a formal complaint with Legislative Counsel during the interim between legislative sessions as provided in Rule 18.06, the President may appoint an interim committee on conduct for the sole purpose of hearing that complaint.

(3) Neither committee shall have jurisdiction over any complaint that is:

(a) Based on conduct that occurred before the effective date of these Senate rules on improper conduct; or

(b) Filed after the deadline prescribed by Rule 18.06.

18.08 Hearing.

(1) Upon receipt of the formal written complaint and the investigator's report, the Special Committee on Conduct shall schedule a public hearing on the complaint. The committee shall notify the Caucus Leaders, the President, the person filing the complaint and the person who is the subject of the complaint of the hearing date, which shall be not sooner than 14 days after receipt of the complaint and report. The committee must complete its hearing and make its recommendations within 60 days of the filing of the formal written complaint with Legislative Counsel.

(2) At the hearing, only the members of the committee may ask questions of witnesses. The person who filed the complaint and the person who is the subject of the complaint, or a representative of either of them, shall be allowed to present evidence to the committee by suggesting witnesses and documents to be presented to the committee and by suggesting questions that the committee may address to the witnesses. Questions by committee members must be those that a court of law would deem relevant to a civil action involving the same conduct.

(3) Audio recordings of the committee hearing shall be made by committee staff and shall be made available on an expedited basis to the person filing the complaint and to the person who is the subject of the complaint. No television equipment or tape recording devices other than those used for official committee recording shall be permitted at the hearing.

(4) If the person filing the complaint or the person who is the subject of the complaint disagrees with the recommendations of the Special Committee on Conduct, either person may request that the committee review the recommendations. The request must be made in writing within 10 days after receiving written notice of the committee's action. The committee must complete the review not later than 10 days after receiving the request.

18.09 Sanctions.

(1) Any sanction the Special Committee on Conduct recommends must be proportionate to the seriousness of the offense.

(a) For Senate personal staff, recommended sanctions may include reprimand, suspension or termination. The supervising Senate member must impose the sanction recommended for personal staff.

(b) For Senate members, recommended sanctions may include reprimand, censure or expulsion.

(c) The President must impose any sanction recommended against persons other than Senate personal staff and members. Recommended sanctions may include, as appropriate, reprimand, censure or exclusion from part or all of the Senate.

(2) If the committee recommends no action, the formal procedure is concluded and the complaint shall be considered dismissed.

(3) Any recommended sanction resulting from a formal complaint against a Senate member must be recommended to the floor by the Special Committee on Conduct. Any formal sanctions recommended against a Senate member must be referred to the floor for approval by a two-thirds majority vote of the Senate before final action is taken against a Senate member.

(4) The person who filed the complaint may determine that no further action is necessary but is not precluded from pursuing other appropriate remedies, including court action.

18.10 Malicious or Frivolous Claims.

If, after a hearing, the Special Committee on Conduct determines that a complaint of improper conduct is frivolous, the person filing the complaint shall be subject to appropriate disciplinary action, including the sanctions set forth in Rule 18.09. A complaint is frivolous only if the complaint was not grounded in fact or warranted by existing law, or was brought forward solely to harass the accused person or to interfere with the work of the Senate.

18.11 Retaliation Prohibited.

Retaliatory action against any person who participates in any activity authorized or directed by Senate rules is prohibited and constitutes improper conduct within the meaning of Rule 18.01.

(2) If the committee recommendation is to refuse to confirm or no recommendation, action on the report shall take place on the second session day after the session day

the report is read or distributed.

(1) If a committee reports on nominees en bloc, the report shall be placed on the calendar for confirmation the next session day after reading or distribution of the list of appointments.

(2) When there is more than one appointee to an individual board, commission or agency, a motion to confirm en bloc, when recommended by the committee, shall be in order.

(3) Any member may require a separate vote by requesting that an appointee be considered separately. The request shall be submitted in writing to the Secretary of the Senate one hour before the session on the day that the confirmation is on the calendar. The following committee report from the Senate Special Committee on Conduct was read and recorded in the journal and status report and will be placed in the original documents file:

February 10, 2009

Mr. President, your Special Committee on Conduct has met and submits the following report:

"On February 10, 2009, the Senate Special Committee on Conduct met to address a complaint dated January 30, 2009 regarding Senator Peter Courtney (Attachment A.) A legal opinion regarding "potential conflict of interest" was obtained from Dexter Johnson, Legislative Counsel (Attachment B.) Mr. Johnson testified and answered questions during the hearing.

"Mr. Johnson's opinion stated, "In order for there to be a potential conflict of interest, three elements must be satisfied: (1) there must be an action or decision by a person acting in a capacity as a public official; (2) the action or decision must have the potential effect of a private pecuniary benefit or detriment; and (3) the private pecuniary benefit or detriment must be received by the person, the person's relative or a business with which the person or person's relative is associated.

"In regards to the first element, Mr. Johnson stated that there was an action or decision by a public official: Senator Courtney voted on the two bills, SB 338 and SB 5562.

"To the second element, the vote on both bills authorized the state to borrow moneys and transfers a portion of it to Western Oregon University (WOU,) a public institution. So, the act of voting did not confer a private pecuniary benefit to WOU. Further, that a private pecuniary benefit would occur when WOU makes an independent decision to transfer the funds to private entities to carry out the capital construction projects.

"To the third element, while Senator Courtney receives a pecuniary benefit from WOU (his salary and benefits,) these benefits were not altered by the act of his voting on either bill.

"Committee members concluded that only one of the three elements for there to be a potential conflict of interest was met. All members of the committee were present and voted unanimously that Senator Courtney did not violate Senate Rule 3.33 as he did not have a potential conflict of interest in regards to voting on SB 338 or SB 5562. No further actions were recommended by the committee."

Respectfully submitted,

Senator Floyd Prozanski, Chair

The state of Oregon faces unprecedented deficits for the remainder of FY 2009 and the fiscal period 2009-2011 which will require deep cuts in all services to achieve a balanced budget. Invocation by Senator John W. Grim (Morse).

President Elkins made the following remarks regarding the United States flag that is on display in the Senate Chamber:

“Oregon, the “Valentine State,” became a member of the Union on February 14, 1859. However, it was not until July of that year that Oregon’s star, the 33rd, was officially added to the American flag. Signs of wear at stress points indicated that this flag of the period was flown for some time. It was obtained by Norma Paulus, who donated it to the State of Oregon.”

Commemorates Oregon’s sesquicentennial on February 14, 2009

SENATE COMMEMORATIVE RESOLUTION

Whereas Oregon is rich in Native American culture and tradition that long preceded Oregon’s admission to the Union and the arrival of trappers and settlers from the United States and other countries; and

Whereas Meriwether Lewis and William Clark, at the instruction of President Thomas Jefferson, explored the area as part of their survey of lands in the Louisiana Purchase and spent the winter of 1805-1806 on the Oregon Coast near what is now known as Astoria; and

Whereas in 1811 John Jacob Astor established Fort Astor as an outpost of his Pacific Fur Company and the first permanent Caucasian settlement in Oregon; and

Whereas a vote held on May 2, 1843, at Champoege to establish a provisional government of Oregon passed 52 to 50; and

Whereas Oregon was added as an official territory to the United States of America in 1848, ending the provisional government; and

Whereas Oregon was admitted to the Union on February 14, 1859, as the 33rd state; and

Whereas Oregon was founded on the industries of fur trade, agriculture, fishing and timber production; and

Whereas, since its admittance to the Union, Oregon has attracted and provided inspiration to generations of dreamers and innovators whose creative ideas have included pioneering laws such as the initiative and referendum, an eight-hour workday, women’s suffrage, direct popular election of United States Senators, the bottle bill and public ownership of ocean beaches; and

Whereas creative Oregonians have also launched great business and technological innovations, from the oscilloscope to

the world's fastest computer chip to the waffle sole; and

Whereas Oregonians prize their glorious natural environment and lead the way toward sustainable practices, both economic and environmental; and

Whereas Oregonians have always looked to the future, even as they commemorate Oregon's past; and

Whereas February 14, 2009, marks Oregon's sesquicentennial; now, therefore,

Be It Resolved by the Senate of the State of Oregon:

That we, the members of the Senate of the Seventy-fifth Legislative Assembly, on this 150th anniversary of Oregon's admittance to the Union, encourage Oregonians to actively commemorate what it means to be an Oregonian by appreciating Oregon's past, celebrating Oregon's present and imagining Oregon's future.

SB 76 A-Eng. - Verger requested the following explanation of vote be entered into the journal:

"As an elected official I have always tried to vote in a way that reflects the will of the people I represent. That's usually not been that hard- SB 76, the removal of the Klamath River Dams is strongly supported by a number of fishing groups in my district, and many citizens. They sincerely feel that this can help their industry. While I believe SB 76 has some merit, I have had serious concerns about the possible liability of the state of Oregon, the environmental cost of the sediment removal, and perhaps the precedence it could set.

"These issues could have been put to rest rather than having the vote today. But since amending this bill was not the decision of the majority, I will vote to represent my district in hopes that more work can be done to address an agreement between the parties involved in this issue.

"The argument for an amendment has strong possibilities for success - I'm sorry this was not done before a vote."

SB 130 - Read third time. Carried by Kruse. On passage of bill the vote was: Ayes, 30. Bill passed.

HB 2436 – Verger requested the following explanation of vote be entered into the journal:

"I have been a consistent strong supporter of affordable housing.

"My position has not changed. Oregon badly needs more affordable housing, which is even more critical with declining economic stability, and rising unemployment in our state.

"The policy to fund affordable housing in this bill is a \$15 tax on the document fee. Currently, 5% of the document fee goes to counties. However, under this bill, counties would not receive 5% from the \$15 increase.

"I am also concerned about the fact that we are setting a bad precedent of looking at fees as general fund revenue.

"These past few weeks I weighed the merits of the support for affordable housing, which is a priority for me, versus my strong concerns about this bill's precedent.

"I want everyone to remember the sacrifice that our counties are continually asked to make on the state's behalf.

"These are extraordinary times, with an economy in a downward spiral. I am confident that despite its flaws, this fee will provide a warm home for those who are struggling. For this reason, I will be an aye vote."

Senate resumed under the General Order of Business by unanimous consent at the request of the Chair.

"I voted for SB 581 and SB 5552 in an effort to rebalance the 2007-2009 Biennium Budget. As required by law, Oregon must maintain a balanced budget and cannot deficit spend. These two bills will assist the state in maintaining a balanced budget.

"There has been a question raised about the use of Enhanced 911 services funds to balance the budget. According to an Attorney General interoffice memo, dated February 26, 2008, dedicated enhanced 911 services funds cannot be diverted and used to rebalance the 2007-2009 Biennium Budget.

"Based on the floor statements of the carriers of these two bills, I am assured that any Enhanced 911 services funds listed in SB 581 or SB 5552 will not be used to rebalance the 2007-2009 Biennium Budget.

"Accordingly, I voted yes on SB 581 and SB 5552."

SB 386 A-Eng. - Schrader requested the following explanation of vote be entered into the journal:

"Senate Bill 386, an attempt to protect our most vulnerable citizens from malicious debt collection practice, is burdened by unintended consequences. Already this session we have strengthened Oregon's debt collection laws through the passage of SB 328, and I am concerned that SB 386 goes too far and will result in harm to law-abiding businesses who provide services to that same vulnerable population.

"First-party debt collectors, including doctors, dentists, veterinarians, and other small businesses, may find themselves unduly punished by SB 386 as they attempt to collect a debt that

is legitimately owed to them. True, we must make efforts to end unscrupulous and illegal debt collection in our state, but we must not do so at the expense of our local businesses.

"The language in this bill is broad and undefined, and, as a result, the legal remedies in SB 386 may be improperly applied to those whose intentions are good and whose collection attempt is legitimate. As a result, I cannot submit a yes vote on SB 386. I do not make this vote lightly. I proudly voted for the passage of SB 328, empowering our Attorney General to punish those engaged in unfair and illegal debt collection practices. The Fair Debt Collection Practices Act already is in place to protect consumers from egregious collectors."

SB 5507 A-Eng. - George requested the following

explanation of vote be entered into the journal:

"My vote against SB 5507-A, an appropriation of 'Other Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the general funds budget. However, we are increasing other funds budgets. SB 5507-A marks a double digit increase in the Board of Chiropractic Examiners 'Other Funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Fund' or 'General Fund' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

SB 5508 - Read third time. Carried by Monroe. Call of the Senate demanded by Bates joined by Burdick and Rosenbaum. All present. On passage of bill the vote was: Ayes, 20; nays, 10 - Atkinson, Boquist, Ferrioli, George, Girod, Kruse, Morse, Nelson, Starr, Telfer. Bill passed.

SB 5513 A-Eng. - George requested the following explanation of vote be entered into the journal:

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core function' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the general funds budget. However, we are increasing other funds budgets. SB 5513-A marks an increase in the Department of Consumer and Business Services' 'Other Funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Funds' or 'General Fund' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

SB 5527 A-Eng. - George requested the following explanation of vote be entered into the journal:

"My vote against SB 5527-A, an appropriation of 'Other Funds' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. SB 5550 A-Eng. - George requested the following explanation of vote be entered into the journal:

"My vote against SB 5550-A, an appropriation of 'Other Funds' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the general funds budget. However, we are increasing other funds budgets. SB 5550-A marks an increase in the 'Other Funds' budget for the Office of the State Treasurer, during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible.

We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Funds' or 'General Fund' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

HB 5030 - George requested the following explanation of vote be entered into the journal:

"My vote against HB 5030, an appropriation of 'Other Funds' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the general funds budget. However, we are increasing other funds budgets. HB 5030 marks a double digit increase in the Oregon Medical Board Other funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

It would be inappropriate to pass any 'Other Funds' or 'General Fund' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

HB 2911 - George requested the following explanation of vote be entered into the journal:

"While serving as the Vice-Chairman of the Consumer Protection and Public Affairs committee I voted no on HB 2911-A. I voted no in committee because I believed the language used in the bill precluded certain people from being able to purchase property at an auction. I chose to change my vote from nay to aye (on HB 2911-A), only because of a letter that I received from the State Treasurer's office after the bill passed out of committee.

"The letter written by the Treasurer's Office indicates that the bill, as drafted, does not prohibit an owner, the owner's family, or employees from placing bids at an auction. Attached is the Treasurer's letter stating the following: 'It is the State Treasury's reading and understanding that this section does not constitute a prohibition on owners (or their family or employees) from placing bids at an auction provided for in Section 1(4).'

"When I voted no in committee, I was under the impression that, as drafted, the bill prevented a self-storage facility owner, his or her family, and his or her employees from purchasing property at an auction. Upon making my objections clear to members of the Treasury department's staff, Michael Selvaggio, drafted a letter indicating that the Treasurer's office interprets the above mentioned activity to be within the scope of the bill.

"During the Senate floor debate, Senator Suzanne Bonamici stated that she shares the interpretation of the language contained within the bill presented by Treasurer's office, which is why it was allowed out of committee with the current language. It is clear that the sole reason the bill passed by a tenuous majority (17 votes to 12 votes), is that my Senate colleagues shared my interpretation that the bill to permitted owners of self-storage facilities, their families, and employees to bid on property at auctions."

"I voted against HB 2470-A not because I disagree with the objectives contained within the bill. Puppy mills that hold animals in inhumane conditions are deplorable, and indeed the issue must be addressed. However, the majority report mandates worse conditions for the animals in question. The requirement for dogs to be kept upon solid floors will inevitably lead to animals being confined with increasing amounts of urine and feces. This is not only unhealthy, it is inhumane, and I cannot support the majority report."

SB 464 - Message from the Governor announcing he signed with the following explanation on June 2, 2009.

June 2, 2009

The Honorable Peter Courtney
Senate President
Oregon Senate
900 Court Street NE, S-201
Salem, OR 97301

Dear President Courtney,

Senate Bill 464 prohibits a person from using or attempting to use the name of a recording group in advertising or presenting a live musical performance or production in which a group other than the recording group performs.

I have signed Enrolled Senate Bill 464, but I have several concerns about the application of some of the provisions of Senate Bill 464 and whether those provisions would add confusion to existing law.

First, SB 464 does not address the situation in which two recording groups use the same name and have both released commercial sound recordings under that name. In addition, SB 464 does not provide any exception for state and common law trademark owners, similar to the exception for federal trademark owners found at section 3, subsection 3(a). Finally, SB 464 overlaps with existing federal and state trademark protections and state unfair business and trade practices law. There is a question as to whether SB 464 provides protection in addition to trademark and unfair business and trade practices laws, or protection when such laws are unavailable.

I would urge the Legislature to have Legislative Counsel review Senate Bill 464 to determine whether additional legislation is necessary to clarify the intent of the legislation.

Sincerely,
Theodore R. Kulongoski
Governor

"My vote against SB 5502 A, an appropriation of 'General Funds' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. However, the all funds budget will increase four to five percent without a single tax or fee increase.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget. We in the Oregon State Legislature, currently have more money than we ever have, yet we continue to raise taxes, and hold the K-12 education budget hostage.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the budget. SB 5502 A marks an increase in the Oregon Department of Agriculture's 'General Funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Funds' or 'General Funds' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

HB 2227 A-Eng. - Verger requested the following explanation of vote be entered into the journal:

"Too many so called destination resorts in Oregon resemble gated communities. I am unconvinced of the benefits of the type of destination resorts that have begun to spring up. There is evidence that destination resorts have an inflated sense of benefit to their surrounding communities. Nearby cities receive no tax benefit from these gated developments, losing out on property tax

from high end homes that are built in the resort rather than in their nearby community. I am supporting HB 2227 because we need true destination resorts in Oregon, not rural subdivisions that cost Oregon tax payers and local communities. It is a good piece of legislation that allows local governments to have a say in this process that will assure the siting of first class resorts is compatible with good land use planning and not run away development in undesirable places without addressing the impacts of the development."

SJR 24 - Ferrioli moved to withdraw the resolution from the Committee on Environment and Natural Resources. Call of the Senate demanded by Devlin joined by Monnes Anderson and Rosenbaum. All present. HB 2370 B-Eng. - George requested the following explanation of vote be entered into the journal:

"I voted against HB 2370 because it is an auto insurance mandate, which will increase the cost of insurance premiums, and has the potential to reduce consumer choice."

HB 2713 B-Eng. - Read third time. Carried by Prozanski. Potential conflict of interest declared by Ferrioli. On passage of bill the vote was: Ayes, 20; nays, 10 - Atkinson, Boquist, Ferrioli, George, Girod, Kruse, Schrader, Telfer, Whitsett, Winters. Bill passed.

HB 2713 B-Eng. - Schrader requested the following explanation of vote be entered into the journal:

"I voted no on HB 2713B because this bill will establish legal standards for conducting investigations of public safety officer conduct that could result in economic discipline or dismissal. This is troubling because, as articulated by Clackamas County Sheriff Roberts and other County representatives, there are several unclear provisions included in the bill:

"At what point 'preliminary questions' qualify as 'an interview by the officer's employer,' such that the officer can refuse to answer questions (section 2, page 2, line 16)?

"What are 'acts reasonably sufficient to inform the officer of the circumstances surrounding the allegation' (section 2, page 2, line 14)?

"What is an 'unreasonable' amount of time for interviews (section 2, page 2, line 19)?

"How is 'serious investigation' defined (section 2, page 2, line 3)?

"When is the point reached 'as soon as it is determined that the public safety officer may be charged with a criminal offense' (section 2 page 2, line 36).

"What are 'extraordinary measures' (section 2, page 3 line 45)?

"These unclear definitions open the door for litigation and grievances which can sidetrack investigations. Investigations into a public safety officer's conduct that could result in economic discipline or dismissal are serious matters and there should be clear rules and procedures."

HB 2895 A-Eng. - Read third time. Carried by Metsger. Call of the Senate demanded by Devlin joined by Monnes Anderson and Rosenbaum. All present. On passage of bill the vote was: Ayes, 23; nays, 7 - Atkinson, Boquist, Ferrioli, George, Girod, Kruse, Starr. Bill passed.

"My vote against SB 5501 A, an appropriation of 'General Funds' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. However, the all funds budget will increase four to five percent without a single tax or fee increase.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget. We in the Oregon State Legislature, currently have more money than we ever have, yet we continue to raise taxes, and hold the K-12 education budget hostage.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the budget. SB 5501 A marks an increase in the Oregon Advocacy Commissions Office 'General Funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Funds' or 'General Funds' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Funds' or 'General Funds' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

SB 5533 A-Eng. - Read third time. Carried by Walker. On passage of bill the vote was: Ayes, 21; nays, 7 - Atkinson, Boquist, Ferrioli, George, Kruse, Starr, Telfer; excused, 2 - Prozanski, Verger. Bill passed.

SB 5533 A-Eng. - George requested the following explanation of vote be entered into the journal:

"My vote against SB 5533 A, an appropriation of 'General Funds' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. However, the all funds budget will increase four to five percent without a single tax or fee increase.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget. We in the Oregon State Legislature, currently have more money than we ever have,

yet we continue to raise taxes, and hold the K-12 education budget hostage.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the budget. SB 5533 A marks an increase in the Land Use Board of Appeals General Funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Funds' or 'General Funds' budget without first having a clear view of both the overall budget plan, and the security of Oregon classrooms."

HB 3094 B-Eng. - Bonamici requested the following explanation of vote be entered into the journal:

"Though I am deeply concerned about the safety of researchers at Oregon Health Science University's Primate Research Center, I feel as though provisions of HB 3094 will not afford the researchers any further protection and instead will result in unnecessary redaction from public record.

"As a member of the Senate Judiciary Committee, I listened carefully to the testimony from concerned stakeholders on both sides of this issue. Based on that testimony, I came to the conclusion that the researcher protection strategy embodied in HB 3094 was the wrong approach. Why redact the names of researchers from public records, but leave the names and biographies of individual researchers on the OHSU website to be seen by anyone with internet access? Why make the names available to the media, but not to other interested parties?

"I recognize that violent attacks on primate researchers have been and continue to be a significant public safety concern. However, I remain unconvinced that HB 3094 will help us to solve the problem."

The Chair clarified that it is not in order to discuss the merits of a bill upon a motion to withdraw a bill from committee. Debate must be confined to the purpose of the motion. (Reference – Mason's Section 491 (4)).

Debate resumed. Starr called to order for speaking to the merits of the bill rather than the motion.

Parliamentary inquiry by Atkinson asking if discussion of the title of the bill would be appropriate within the definition. The Chair ruled that the discussion would be out of order and further discussion should be regarding the motion to withdraw.

SB 5520 A-Eng. – George requested the following explanation of vote be entered into the journal:

"Today I voted against SB 5520, the K-12 education budget, because we have not made the education of our children a priority for the state budget.

"The 2009-11 budget will have \$2 billion more than the 2007-09 budget (\$48 billion to \$50 billion), nearly a 5% increase WITHOUT tax and fee increases.

"We have a record amount of money this biennium, and we are making cuts to K-12 education. With more than \$2 billion in additional money, it is simply unconscionable to reduce funding to K-12 education like SB 5520 does.

"We developed a budget that would give K-12 education at \$6.245 billion, SB 5520 falls far short of my goal for supporting our children the session."

SB 5520, 5554 – Line items vetoed by the Governor on June 23 with the following message:

June 23, 2009

The Honorable Peter Courtney
Senate President
900 Court Street NE-Room S-201
Salem, OR 97301

Dear President Courtney:

I am returning Enrolled Senate Bill 5520 unsigned and disapproved, and Enrolled Senate Bill 5554, in which I disapproved Section 3, and signed and approved as to the remaining provisions of the bill.

Pursuant to Article V, section 15a, of the Oregon Constitution, I have the 'power to veto single items in appropriation bills, ***without thereby affecting any other provision of such bill.' In accordance with Article V, section 15a, I hereby disapprove and veto Section 3 of Enrolled Senate Bill 5554, without affecting the remaining provisions of the bill. I have lined through the items I disapprove and veto.

At this time of great economic uncertainty, I cannot support any bill that reduces our reserves to a level that puts the economic and financial stability of our state at risk. With a record setting unemployment rate of 12.4% and a significant risk that state revenues will continue to decline throughout the course of the 2009-11 biennium, it is critical to providing certainty and stability for our schools to maintain our reserves until the legislature reconvenes in February 2010.

The state is in a better position to weather this economic recession because of the legislature's leadership in 2007 to establish a rainy day fund. I believe very strongly that we must preserve this fund and use it wisely when we have more certainty around an economic recovery and state revenues. I do not want to be in a position of giving a false sense of certainty to our schools only to be forced to take it away when the legislature reconvenes in 2010.

As Governor, I have a responsibility to look beyond each fiscal year. In light of the current economic situation, I cannot approve the depletion of the reserve accounts proposed in SB 5520 and Section 3 of SB 5554.

Sincerely,

Ted Kulongoski
Governor

HB 2377 B-Eng. – Read third time. Carried by Burdick. (Metsger in Chair) Call of the Senate demanded by Monnes Anderson joined by Burdick and Rosenbaum. All present except Winters, excused. On passage of bill the vote was: Ayes, 16; nays, 13 – Atkinson, Boquist, Ferrioli, George, Girod, Johnson, Kruse, Monnes Anderson, Morse, Nelson, Starr, Telfer, Whitsett; excused, 1 – Winters. HB 5003 A-Eng. – Read third time. Carried by Walker. On passage of bill the vote was: Ayes, 25; nays, 3 – Atkinson, Boquist, George; excused, 2 – Starr, Winters. Bill passed.

HB 5003 A-Eng. – George requested the following explanation of vote be entered into the journal:

“My vote against the budget contained within HB 5003 A, is not to be interpreted as opposition to the specific program. However, the all funds budget this biennium will increase four to five percent without a single tax or fee increase.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget. We in the Oregon State Legislature, currently have more money than we ever have, yet we continue to raise taxes, and hold the K-12 education budget hostage.

"The public has consistently demanded that the K-12 and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 is adequately funded is an insult to our children and Oregon voters. Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"It would be inappropriate to pass any 'Other Fund' or 'General Fund' budget without first having a clear view of the overall budget plan, and providing adequate funding for classrooms in Oregon."

HB 5007 A-Eng. - Read third time. Carried by Walker. On passage of bill the vote was: Ayes, 22; nays, 6 - Atkinson, Ferrioli, George, Kruse, Telfer, Whitsett; excused, 2 - Starr, Winters. Bill passed.

"This legislative body cannot even balance the budget. HB 5007 A marks an increase in the Oregon Criminal Justice Commission 'General Funds' budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Fund' or 'General Fund' budget without first having a clear view of the overall budget plan, and providing adequate funding for classrooms in Oregon.

SB 536 – Message from the Governor announcing bill became law without his signature on June 23 with the following explanation:

June 23, 2009

The Honorable Peter Courtney
Senate President
900 Court Street NE-Room S-201
Salem, OR 97301

Dear President Courtney:

I am returning Enrolled Senate Bill 536 unsigned but not disapproved, and I wish to bring to your attention a couple issues related to implementation of the bill.

SB 536, among other things, prohibits Oregon state agencies from expending funds to comply with the federal Real ID Act, unless certain requirements are met relating to privacy of individuals, other technical safeguards and receipt of federal funds.

I do not interpret SB 536 to have any impact on the implementation of Senate Bill 1080 (2008), which tightened requirements for issuance of Oregon driver licenses and identification cards. I understand that the American Civil Liberties Union (the proponent of SB 536) and the Oregon Department of Transportation both testified at hearings on this bill that it is not intended to impact implementation of SB 1080 or other legislatively approved changes.

I am concerned that current federal regulations require that states meet a "material compliance" standard by December 31, 2009. Consequently, Oregon driver licenses and ID cards may not be accepted as identification for official federal purposes (e.g., airport security) as of January 1, 2010. It is possible that Homeland Security may grant an extension of this deadline. However, the passage of SB 536 ensures that Oregon will not comply, even if an extension is granted.

I am currently working with the National Governors Association to convince Congress that the Real ID Act requires significant changes in order to make it possible for states to comply. The bill draft is titled the PASS ID Act and may replace the current federal law. If PASS ID is enacted, the Department of Homeland Security will issue new regulations, and the standards and timelines for State compliance will change. I do not interpret SB 536 to prohibit the state from implementing new regulations under PASS ID.

Since Congress and Homeland Security Secretary Napolitano are actively considering changes to REAL ID, I have allowed SB 536 to become law without signature. I ask that the Legislature remain committed to moving forward with legislation in the 2010 Supplemental Session or the 2011 Regular Session to allow Oregon to implement subsequent changes to federal law so as to ensure that Oregon citizens are not inconvenienced or disenfranchised by Oregon's inability or unwillingness to comply with federal law.

Sincerely,
Ted Kulongoski
Governor

SB 863 – Message from the Governor announcing he signed on June 23 with the following explanation:

June 22, 2009

The Honorable Peter Courtney
Senate President
900 Court Street NE-Room S-201
Salem, OR 97301

Dear President Courtney:

I have signed Enrolled Senate Bill 863.

Senate Bill 863 authorizes the Economic and Community Development Department to reimburse a local filmmaker with funds from the Oregon Production Investment Fund for expenses paid to produce smaller films that use Oregon residents for production.

While the purpose of SB 863 is a worthy one, I want to note that its primary benefit is over the long term. That is, SB 863 will – over the next several years – help build Oregon's indigenous film and television industry by using Oregon Production Investment Fund (OPIF) dollars to support lower budget projects (\$75,000.00 to \$750,000.00) produced by Oregon filmmakers. This is a worthy goal. However, in the short term, Oregon's film and television industry is most in need of SB 621, which will expand OPIF from \$10-million to \$15-million each biennium. Only SB 621

can assure that major television and film productions continue to shoot in Oregon – bringing millions of dollars into Oregon's economy and providing family wage jobs for hundreds of Oregonians.

SB 621 will effectively increase the Oregon Production Investment Fund by fifty percent. With the increased resources made available by SB 621, the Fund will be able to meet the dual goals of attracting major television and film productions to Oregon, and supporting the burgeoning efforts of local filmmakers.

For all of these reasons, I urge you to pass SB 621, to work in tandem with SB 863.

Sincerely,
Ted Kulongoski
Governor

June 24, 2009

The Honorable Peter Courtney
Senate President
900 Court Street NE-Room S-201
Salem, OR 97301

Dear President Courtney:

I am returning Enrolled Senate Bill 580 unsigned and disapproved.

SB 580 directs the Oregon Department of Transportation to make every effort to implement tolling on the I-5 and I-205 bridges across the Columbia River and mandates development of a toll rate by January, 2011, that would allow for congestion indexing. Though I agree with some of the sentiments of the legislation, I believe that it is premature to mandate these decisions legislatively.

I am pleased by our progress on the Columbia River Crossing, working in partnership with the State of Washington on this bi-state project. SB 580 imposes an artificial deadline that is not helpful and ultimately could be detrimental to the progress we've made.

Governor Gregoire and I jointly named the Project Sponsors Council (PSC) and empowered them to advise the departments of transportation on project development. PSC will make recommendations after considering technical information, receiving input from advisory groups and reviewing public comments. The PSC will make recommendations on the completion of environmental work, project design and timeline, financing, and sustainability efforts including construction techniques and compliance with greenhouse gas emission reduction goals.

I believe that tolling should and will be a part of this project. In fact, I don't believe that the project can happen without some tolling. However, mandating the date that toll rates must be set usurps the work of the PSC. The broad portfolio of issues that must be integrated into the final recommendations of the Oregon and Washington Departments of Transportation should not be subject to a date imposed on the Oregon side of the river. We should not jeopardize the cooperative spirit with Washington State.

I appreciate that the proponents of this legislation want to help move the project forward. Unfortunately, I don't believe this legislation accomplishes that goal.

Sincerely,
Ted Kulongoski
Governor

HB 2186 - Prozanski requested the following explanation of vote be entered into the journal:

"Despite preliminary hesitation, I voted in favor of HB 2186 because it provides sufficient safeguards for the legislature to take a second look at the work of the Department of Environmental Quality (DEQ). It positions Oregon for addressing carbon emissions from vehicles. I did not feel that the opponents presented valid arguments in opposition to the bill.

"Transportation is responsible for one-third of our state's greenhouse gas emissions (GHG). The measures contained in HB 2186 make sense not only because they reduce GHG, but also because they save fuel, save money, spur economic development and reduce air pollution.

"HB 2186 will not go into effect until July 2011. During the 2011 legislative session, the legislature can reject DEQ's plan for implementing the bill, and we will be able to make appropriate changes before the July date.

Provisions to improve truck efficiency and reduce truck idling were converted into a study so that these measures can be reconsidered during the next legislative session. Agricultural vehicles are exempted. A sunset clause was added to the low carbon fuel standard; if this provision is not reauthorized by a new bill, it will sunset in 2015.

"HB 2186 is an important step in the direction of energy independence, green jobs, and prosperity in a carbon-constrained future. Again, the bill provides sufficient safeguards for the legislature take a second look at the work of the DEQ and accordingly, I voted in favor."

“My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget. We in the Oregon State Legislature, currently have more money than we ever have, yet we continue to raise taxes, and hold the K-12 education budget hostage.

“The public has consistently demanded that the K-12 and other ‘core function’ budgets be funded first and funded adequately. The passage of other appropriation bills before K-12 is adequately funded is an insult to our children and Oregon voters. Implementing a system of ‘core functions’ budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"My vote against the budget contained within HB 5013 A, is not to be interpreted as opposition to the specific program. However, the all funds budget this biennium will increase four to five percent without a single tax or fee increase.

"My vote is about the adequate funding of Oregon classrooms, and the sustainability of the overall budget. We in the Oregon State Legislature, currently have more money than we ever have,

Implementing a system of 'core functions' budgeting would greatly assist the Oregon Legislative Assembly with the budgeting woes we face in this and other sessions.

"This legislative body cannot even balance the budget. HB 5013 A marks an increase in the Department of Energy budget during a time when the State of Oregon is experiencing double digit unemployment and a sizable 'hole' in the General Fund budget. This is highly inappropriate. Such overspending is unnecessary and legislatively irresponsible. We currently have significant growth in the 'Other Funds' and 'All-Funds' budgets that more than adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'Other Fund' or 'General Fund' budget without first having a clear view of the overall budget plan, and providing adequate funding for classrooms in Oregon."

August 6, 2009

The Honorable Kate Brown
Secretary of State
136 State Capitol
900 Court St. NE
Salem, OR 97301

Dear Secretary Brown:

I am returning Enrolled Senate Bill 545 unsigned and disapproved.

This bill requires the Oregon Department of Fish and Wildlife (ODFW) to conduct a study of fish hatcheries related to pathogens and the Desert Springs Trout Farm and to report to legislative interim committees.

I believe this bill is unnecessary and would impose an administrative and unfunded financial burden on ODFW.

Fishing, and hatchery trout production to support fishing, is very important to the State of Oregon and ODFW. Ensuring that hatchery trout production is economical, effective and healthy is a high priority of the agency and is as important to me as it is to improve the efficiency, quality and health of its hatchery trout program, including assessment of the cost and benefits of acquiring the Desert Springs Trout Farm. This ongoing assessment does not require a statute and will help set the stage for future agency and legislative considerations.

Sincerely,
Ted Kulongoski
Governor

SB 897 - Message from the Governor announcing he vetoed on August 7.

August 6, 2009

The Honorable Kate Brown
Secretary of State
136 State Capitol
900 Court St. NE
Salem, OR 97301

Dear Secretary Brown:

I am returning Enrolled Senate Bill 897 unsigned and disapproved.

SB 897 requires the Public Employees Retirement System to provide verification of member benefits, and then guarantee that level benefits regardless of their agency.

I am well aware that legal challenges are pending in the courts related to these data verification and guarantee provisions. My standing policy has been to allow matters pending in our appellate courts to run their course. Once a final decision has been rendered by the appropriate appellate court, the Executive and Legislative branches then have the opportunity to determine what statutory changes are needed, if any. That policy applies here.

In addition, the PERS Board has been unanimous and adamant in their opposition to the data verification and guarantee provisions on the principle that every agency should be allowed to correct errors. The variety of PERS tiers, options and criteria are truly complex. No other benefit program guarantees calculation

and prohibits later correction of an error that had not been previously disclosed. This is particularly important for PERS because under SB 897 calculation errors that result in overpayment to a retiree cannot be corrected; PERS may only correct only errors that result in underpayment to the retiree.

PERS is already committed to updating and improving its data systems to reduce and eliminate date errors. Given that the data verification and guarantee provisions in SB 897 would not be implemented until July 2011, I believe we should allow PERS to continue its work on data system enhancements before mandating data guarantees.

One of the reasons why PERS experienced tremendous cost overruns early in this decade was the Legislature's piecemeal approach to amending PERS statutory framework. I believe that any reform of PERS must be measured and thoughtful, so that we can avoid returning to the flawed approach of the past.

Sincerely,
Ted Kulongoski
Governor
