(2) In order to obtain accreditation, representatives of the news media shall register in the office of the President, indicating the publication, news wire service, radio or television station represented. However, any representative of a news media who is attending the session as a lobbyist, as defined in ORS 171.125, shall not be entitled to accreditation or the privileges of the floor.

(3) Nothing in the rule prohibits a member from requesting and receiving specific material delivered by legislative staff.

(4) The Sergeant at Arms shall enforce this rule.

17.05 Lounge Privileges.

The lounge is for the convenience of Senators. Supervision, operation and use of the Senate Lounge shall be directed through agreement of the Caucus Leaders.

IMPROPER CONDUCT**18.01 Work Environment.**

(1) The Senate is committed to providing a work environment free from improper conduct, which includes any conduct, including workplace harassment that discredits the integrity of the Senate.

(2) "Workplace harassment" means treatment or behavior that to a reasonable person creates an intimidating, hostile or abusive work environment, and includes violent acts for which employers could be held liable. Harassment may be based on a person's sex, race, religion, age, disability, national origin or status as a member of a protected class.

(3) "Sexual harassment" means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

(a) A person says or suggests that declining to submit to the conduct will affect a person's job, benefits or business before the Legislative Assembly;

(b) A person uses submission to or rejection of the conduct as the basis for decisions affecting another person's employment; or

(c) The conduct has the purpose or effect of unreasonably interfering with a person's performance or creating an intimidating, hostile or offensive environment in which the person works.

(4) Sexual harassment" includes the following conduct:

(a) Verbal abuse of a sexual nature;

(b) Graphic comment about a person's body or attire;

(c) Touching of a sexual nature;

(d) Sexual advances and propositions;

(e) Sexually degrading words used to describe a person;

(f) Display in the workplace of any sexually suggestive object or picture; and

(g) Any threat or insinuation that a person's refusal to submit to a sexual advance will adversely affect that person's employment, evaluation, wages, duties, work shifts or any other condition of employment or business before the Legislative Assembly.

(5) A supervisor engages in improper conduct by failing to take appropriate action when the supervisor knows or should have known that improper conduct is or was occurring.

18.02 Scope.

The Senate rules on improper conduct apply to complaints brought against Senate members, Senate employees, Senate caucus employees, lobbyists or the personal staff of a Senate member. Senate personal staff includes legislative assistants, secretaries, interns, volunteers and other staff working in the offices of individual members, the President's office and the caucus offices.

18.03 Notice.

(1) When a legislative session commences, the President shall give the following notice to all Senate members and Senate employees:

If you believe you have been a victim of improper conduct, you have options. You can tell the offender about the action that disturbed you and ask the offender to stop. You can communicate with the offender in person or in writing. You may also use the informal or formal procedures established by the Rules of the Senate as set forth in 18.05 and 18.06 to pursue a complaint of improper conduct if you:

(a) Do not want to confront the offender directly;

(b) Have talked to the offender and the offensive behavior has not stopped; or

(c) Believe your complaint has resulted in retaliation.

In addition, you have the right to file a complaint with administrative agencies and the courts.

(2) Notice of the Senate policy shall be posted in all work areas.

18.04 Special Committee on Conduct.

(1) The President shall appoint members of each party in equal numbers to the Special Committee on Conduct for the purpose of handling the formal procedure set forth in Rules 18.06 to 18.09. The chair shall be a member of the majority party and the vice chair shall be a member of the minority party.

(2) The committee shall adopt rules as necessary, including rules to govern the nature and scope of any investigation conducted pursuant to the Senate rules on improper conduct.

18.05 Informal Procedure.

Persons who believe they have been subjected to improper conduct may simply want the improper conduct to end; they may not want to go through a formal or legal procedure. The following informal procedure addresses this need. However, a person making a complaint need not use this informal procedure before filing a formal complaint with the Senate, administrative agency or court. The informal and formal procedures in the Senate rules on improper conduct are optional; a person may or may not use them.

(1) The person making the complaint must submit the complaint to an intermediary designated pursuant to subsection (5) of this rule within 30 days of the improper conduct.

(2) The intermediary has two roles. First, the intermediary ensures that the person making the complaint has a safe and nonhostile work environment. The President or the Secretary of the Senate shall assist the intermediary in making the appropriate arrangements. Second, the intermediary listens, answers questions and explains options. The intermediary is not an advocate but a mediator who, with the permission of the person making the complaint, may explore various paths to resolution. An intermediary does not have authority to impose disciplinary action.

(3) The identities of the parties to the informal procedure shall be confidential. Any records related to the informal procedure shall be exempt from public disclosure under the provisions of ORS 192.501 and 192.502 without regard to the public's interest in their disclosure. Confidentiality shall extend until such time as a formal written

complaint, if any, is filed with the Legislative Counsel as provided in Rule 18.06.

(4) After meeting with an intermediary, the person making the complaint may decide to take further action and institute formal complaint procedures.

(5) The Caucus Leaders shall designate as intermediaries a reasonable number of Senate members and staff of the Senate, including the Secretary, the Legislative Administrator and the Employee Services Manager. A description of the function of the intermediary shall be prepared by the Legislative Administrator and approved by the Special Committee on Conduct. Designated intermediaries shall be identified by name, with contact telephone number and office location, and a list of the designated intermediaries shall be given to all Senate members and Senate employees. The Senate shall save harmless and indemnify any intermediary against any tort claim or demand arising out of an alleged act or omission occurring in the performance of duty under these rules.

18.06 Formal Procedure.

A person may file a formal written complaint instead of participating in the informal complaint procedure described in Rule 18.05, or may file a formal written complaint if, after participating in the informal procedure, the person is not satisfied with its resolution. The formal complaint procedure shall consist of the following steps:

(1) During a legislative session, the person must file a formal written complaint with the Caucus Leaders. If the person filing the complaint agrees, the Caucus Leaders may work to resolve the complaint informally. However, if there is no informal resolution, the formal written complaint shall be filed by the Caucus Leaders with Legislative Counsel within seven days of the determination that there is no consent or no resolution. During the interim between legislative sessions, the person must file a formal written complaint with the Legislative Counsel.

(2) The person must file the formal written complaint within 30 days of the improper conduct or, if the person has timely begun an informal procedure, within 14 days of the end of the informal procedure.

(3) Upon receipt of a complaint, the Caucus Leaders shall:

(a) Provide the person filing the complaint with a safe and nonhostile work environment with a comparable work assignment; and

(b) Notify the accused of the complaint, the name of the person making the complaint and the nature of the complaint.

(4) After the filing of a formal written complaint with Legislative Counsel, the Caucus Leaders shall appoint an investigator who is not an employee of the Legislative Assembly and who is experienced in investigating complaints of improper conduct of the type alleged. If the respondent is either Caucus Leader, or the Caucus Leaders are unable to agree on appointing an investigator within 10 days of the filing of the complaint, Legislative Counsel shall appoint the independent investigator.

(5) The investigator shall conduct an investigation and, within 14 days after being appointed, present findings of fact and recommendations to the President and the Caucus Leaders, the person filing the complaint, the person who is the subject of the complaint and the members of the Special Committee on Conduct.

(6) If the person accused of improper conduct is a Caucus Leader, the obligations of that Caucus Leader under this rule shall be assumed by the President.

18.07 Time Limits.

(1) The Special Committee on Conduct has jurisdiction over conduct occurring from 30 days before the convening of a regular session of the Legislative Assembly to adjournment sine die. However, if the complaint is filed less than 10 days before adjournment, the President may refer the complaint to an interim committee on conduct.

(2) If a person files a formal complaint with Legislative Counsel during the interim between legislative sessions as provided in Rule 18.06, the President may appoint an interim committee on conduct for the sole purpose of hearing that complaint.

(3) Neither committee shall have jurisdiction over any complaint that is:

(a) Based on conduct that occurred before the effective date of these Senate rules on improper conduct; or

(b) Filed after the deadline prescribed by Rule 18.06.

18.08 Hearing.

(1) Upon receipt of the formal written complaint and the investigator's report, the Special Committee on Conduct shall schedule a public hearing on the complaint. The committee shall notify the Caucus Leaders, the President, the person filing the complaint and the person who is the subject of the complaint of the hearing date, which shall be not sooner than 14 days after receipt of the complaint and report. The committee must complete its hearing and make its recommendations within 60 days of the filing of the formal written complaint with Legislative Counsel.

(2) At the hearing, only the members of the committee may ask questions of witnesses. The person who filed the complaint and the person who is the subject of the complaint, or a representative of either of them, shall be allowed to present evidence to the committee by suggesting witnesses and documents to be presented to the committee and by suggesting questions that the committee may address to the witnesses. Questions by committee members must be those that a court of law would deem relevant to a civil action involving the same conduct.

(3) Audio recordings of the committee hearing shall be made by committee staff and shall be made available on an expedited basis to the person filing the complaint and to the person who is the subject of the complaint. No television equipment or tape recording devices other than those used for official committee recording shall be permitted at the hearing.

(4) If the person filing the complaint or the person who is the subject of the complaint disagrees with the recommendations of the Special Committee on Conduct, either person may request that the committee review the recommendations. The request must be made in writing within 10 days after receiving written notice of the committee's action. The committee must complete the review not later than 10 days after receiving the request.

18.09 Sanctions.

(1) Any sanction the Special Committee on Conduct recommends must be proportionate to the seriousness of the offense.

(a) For Senate personal staff, recommended sanctions may include reprimand, suspension or termination. The supervising Senate member must impose the sanction recommended for personal staff.

(b) For Senate members, recommended sanctions may include reprimand, censure or expulsion.

(c) The President must impose any sanction recommended against persons other than Senate personal staff and members. Recommended sanctions may include, as appropriate, reprimand, censure or exclusion from part or all of the Senate.

(2) If the committee recommends no action, the formal procedure is concluded and the complaint shall be considered dismissed.

(3) Any recommended sanction resulting from a formal complaint against a Senate member must be recommended to the floor by the Special Committee on Conduct. Any formal sanctions recommended against a Senate member must be referred to the floor for approval by a two-thirds majority vote of the Senate before final action is taken against a Senate member.

(4) The person who filed the complaint may determine that no further action is necessary but is not precluded from pursuing other appropriate remedies, including court action.

18.10 Malicious or Frivolous Claims.

If, after a hearing, the Special Committee on Conduct determines that a complaint of improper conduct is frivolous, the person filing the complaint shall be subject to appropriate disciplinary action, including the sanctions set forth in Rule 18.09. A complaint is frivolous only if the complaint was not grounded in fact or warranted by existing law, or was brought forward solely to harass the accused person or to interfere with the work of the Senate.

18.11 Retaliation Prohibited.

Retaliatory action against any person who participates in any activity authorized or directed by Senate rules is prohibited and constitutes improper conduct within the meaning of Rule 18.01.

EXECUTIVE APPOINTMENTS

19.10 Referral to Committee.

Following reading of the message from the Governor appointing a person to a position or office requiring confirmation by the Senate, the President shall refer the appointment to an appropriate committee and may refer it to not more than one additional committee. The committee shall consider the appointment as soon as practicable.

19.20 Committee Review of Appointees.

(1) All persons initially appointed to boards, commissions or agencies, subject to the provisions of section 4, Article III of the Oregon Constitution, shall appear before the appropriate Senate committee prior to confirmation by the Senate.

(2) The chair of the executive appointments committee, with the consent of the President of the Senate and a majority of the committee members, may waive appearance before the committee of persons appointed by the Governor.

19.35 Committee Action.

(1) The committee may, after public hearing, take action on the appointment and promptly file the report with the Secretary of the Senate. On final action the committee shall recommend that:

(a) the Senate confirm;

(b) the Senate confirm en bloc;

~~(bc)~~ the Senate refuse to confirm; or

~~(ed)~~ the appointment be reported to the Senate without recommendation.

19.40 Additional Time for Consideration.

(1) If any appointment submitted by the Governor and subject to Senate confirmation is submitted too late for the Senate to review the recommendation of the committee or otherwise consider the appointment, that appointment shall be carried over to the next convening of the Senate as required by section 4, Article III of the Oregon Constitution and ORS 171.562 and 171.565.

(2) The proposed appointment shall not be considered rejected, or confirmation denied, if the appointment is carried over. The action of carrying over consideration of the appointment shall be duly recorded in the Journal.

19.55 Consideration of Committee Reports.

(1) Action on a committee report recommending Senate confirmation shall be placed on the calendar ~~for the session days~~ soon as possible immediately following reading or distribution of the report.

(2) If the committee recommendation is to refuse to confirm or no recommendation, action on the report shall take place ~~on the second session day after the session day the report is read or distributed~~ as soon as possible following reading or distribution of the report.

(3) The vote on confirmation shall be taken by roll call. The affirmative vote of a Constitutional majority (16) is necessary for confirmation.

19.60 Confirmation en bloc.

(1) If a committee reports on nominees en bloc, the report shall be placed on the calendar for confirmation ~~the next session days~~ soon as possible after reading or distribution of the list of appointments.

(2) When there is more than one appointee to an individual board, commission or agency, a motion to confirm en bloc, when recommended by the committee, shall be in order.

(3) Any member may require a separate vote by requesting that an appointee be considered separately. The request shall be submitted in writing to the Secretary of the Senate one hour before the session on the day that the confirmation is on the calendar. The request will be announced at the appropriate time and the appointee considered separately from the en bloc vote.

SB 1032 – Schrader requested the following explanation of vote be entered into the journal:

“BPA is a chemical that has been in use for 40 years in the manufacture of hard plastic containers and the lining of metal food and beverage cans. It is widely used in many other consumer products across a broad range of industries, including food processing.

“The Federal Drug Administration and the Department of Health and Human Services is currently investing in health studies in animals and humans to fully evaluate and determine potential health effects of BPA exposure. They anticipate having results in 18 to 24 months.

“The FDA already supports efforts by industry to halt the manufacture of infant cups and infant bottles made with BPA in the US market. They are already facilitating the development of alternatives to BPA for the linings of formula cans, and the agency is supporting efforts to minimize BPA levels in other food can linings. Furthermore they are developing a stiffer and more robust regulatory framework for BPA oversight.

“In the marketplace companies (Nalgene, Playtex, Eden Foods, etc.) are beginning to use BPA alternatives, and Wal-Mart and Toys-R-Us have pledged to stop selling baby bottles containing BPA. Many retailers such as Safeway, CVS, Whole Foods, Target, Babies-R-Us have also announced that they will no longer sell children’s products containing BPA.

“I am concerned that SB 1032A, though well-intentioned and motivated by concern for our children, is placing retailers at additional risk for litigation (an unlawful trade practice) at a time when they are already voluntarily moving away from selling products with BPA.

“Finally, I believe that this issue needs to be solved at a national level so the manufacturing community can have clarity and consistency as they move to develop additional alternatives to BPA.”

SB 1032 – Verger requested the following explanation of vote be entered into the journal:

"I have appreciated the input I received from many organizations and constituents regarding the BPA Bill (SB 1032) It was not without much sought after information and careful consideration that I cast a "NO" vote today.

"I am always concerned about the safety and health of our children, whom are our most vulnerable Oregon citizens. BPA has been removed from the majority of manufacturing of baby bottles and sippy cups. Big box stores such as Wal-Mart have set standards to only sell BPA free baby bottles and sippy cup.

"BPA has a 50 year record of safe use and is one of the most extensively studied chemicals on earth. Some studies have shown that less tested alternatives may in fact carry higher risk for children than BPA. Currently the FDA has initiated additional research of BPA in one area based on recent findings by the National Toxicology Program. I am watching the findings of the FDA closely and have confidence that if the FDA finds BPA to be unsafe that it will be banned throughout the nation and not left as a state by state issue if the danger to children is found.

"I would like the FDA to have the time to conduct the research needed before we legislate a ban that could have the future unintended consequence of affecting such industries as our Oregon food processors who use BPA in the canning process and also coastal fisherman who use plastic linings to keep fish cold that contain the chemical BPA."

SB 1064 - Prozanski requested the following explanation of vote be entered into the journal:

"During the 2009 session, I agreed to change Oregon's long standing law that prohibited ALL felons from ever possessing a firearm. It only made sense to me that since a person who was convicted of only one felony (that was not a homicide or gun related crime) could purchase a gun after 15 years, that they should be able to "possess" that gun.

"After we passed that bill, SB 603, we were alerted that the language in the bill actually opened the door for ALL felons (including murderers) to be able to immediately petition a court (including Justice Courts - which are not even a court of record and only about one-half have legally trained judges) without waiting any length of time for restoration of their gun rights to possess a gun. Everyone agreed last year to limit that right to individuals with only one felony conviction that did not involve homicide or a gun and who had waited 15 years.... NOT multiple convicted felons or murderers!

"Even though the law has only been in effect since January 1, numerous felons have already taken advantage of this mistake. Further, I do not WANT A BUNCH OF FELONS FROM OTHER STATES TO COME TO OREGON TO TRY TO GET THEIR RIGHTS BACK TO POSSESS A GUN over the next year before the legislature can act again on this mistake. This is the time to be pro-active. I do not want to read in a newspaper that a felon who was recently released from prison got their right to possess a gun back committed a new crime with a firearm.

"As a gun owner for the past 40 years, I believe there should be a wait period before a felon can petition a court to restore their right to possess a gun. Oregon currently requires a person convicted of a crime to wait at least 3 years BEFORE they can petition to expunge their record. It only seems logical that felons should have to wait before being able to petition to restore their gun rights. Oregon Gun Owners represented by Paul Phillips of PAC West supports SB 1064. I also understand that the Oregon District Attorney Association supports SB 1064.

"Again, please remember that until January 1, 2010, ALL felons were prohibited from possessing a gun in Oregon. Under SB 1064, one-time felons (except homicide and gun related felonies) will have the ability to petition to get their right to possess back. This is reasonable. SB 603 was not; it opened the door to too many felons."

Senate reverted to the order of Third Reading of House Measures by unanimous consent at the request of the Chair.

HB 3704 A-Eng. - Under rules suspension, read third time. Carried by Hass. Call of the Senate demanded by Hass joined by Burdick, Monnes Anderson. All present except Morrisette, excused. Potential conflict of interest declared by Hass. On passage of bill the vote was: Ayes, 25; nays, 4 - Ferrioli, Johnson, Morse, Whitsett; excused, 1 - Morrisette. Bill passed.

HB 3663 - George requested the following explanation of vote be entered into the journal:

"I voted "NO" on HB 3686, because I believe it violates the principle of separation of church and state. Specifically, it appears that HB 3686 does not maintain religious neutrality in public schools.

"HB 3686 raises some extremely complex issues and I do not believe it is an appropriate bill for a short-term session. Currently, we have different legal scholars taking opposite positions on HB 3686. HB 3686 should be placed into an interim workgroup to allow the legislature adequate time to fully vet all of these issues."I am not

convinced HB 3686 provides the necessary religious neutrality as it applies to public schools."

HB 3686 B-Eng. - Verger requested the following explanation of vote be entered into the journal:

"I voted No on HB 3686 (Religious Garb) not because I do not have the greatest respect for other people's religions because I absolutely do. Freedom of religion and freedom of worship are rights given to each of us.

"But Oregon's public school system is supported by the General Fund, paid for by Oregon taxpayers who represent all religions or in some cases, no religious belief. That's why there has been a separation of church and state. I have always held strong support for this separation of church and state.

"Teachers wearing religious attire are pictures that speak a thousand words to very young children whose parents can strongly object on the grounds that it does not maintain neutrality in schools.

"While the bill may be well intended, I cannot support it."

HB 3706 A-Eng. - Verger requested the following explanation of vote be entered into the journal:

"I voted Yes on HB 3706.

"The Unfair Trades Practices Bill

"This was a difficult vote for me. Having been in the automobile business for over 40 years, I could not be too sympathetic with the banks who did not want to be included in regulations that I had always lived under as did others. I like fair and even treatment of all.

My concern was the possibility of a flood of lawsuits that could follow. I requested the private right of action be taken out. It was not. However, after a long discussion with the main sponsor of the bill, I am satisfied that this right would still be there through other avenues of recourse. So I voted yes on the bill."

HB 3700 B-Eng. - Verger requested the following explanation of vote be entered into the journal:

"I voted No on HB 3700 that would allow public money to be deposited in Credit Unions as they do in banks. A strong supporter of Credit Unions, I have voted for legislation that allowed Credit Unions to expand their original mission of a non-profit who met the needs of their membership, and were tax exempt.

"However now the issue is one between the Credit Unions and the banks where one could surmise that Credit Unions have an unfair advantage in allowing a customer higher rates due to their non-profit status.

"But this bill is like being in between a husband and a wife. You like them both and their argument makes everyone uncomfortable. Because a 'Yes' vote would seriously impact the Community Banks in my district, will not seriously impact my good friends, the Credit Unions, and brings the discussion to the mission of each, a far more complex issue to settle in 3 weeks, I voted NO."

HB 3624 B-Eng. - Under rules suspension, read third time. Carried by Burdick. On passage of bill the vote was: Ayes, 29; nays, 1 - Nelson. Bill passed.

"I voted no on HB 3698 due to the roll up cost in 2011-2013 of over 5 million dollars and 27 full time employees.

"SB 1017 was a better job's bill as it showed strong discipline with a cost of \$34,000.00, in contrast to SB 1017.

"While there were some aspects of the bill that I liked, i.e. the -17 amendments, I could not support the concept of new programs at this time of economic crisis at such a high cost.

[See my vote explanation on SB 1064, filed February 23, 2010.] SB 1064-A will require all petitions for restoration of the right to possess a firearm by a felon to go before a circuit court, not a justice court. This is an improvement over SB 603 (2009).

"I preferred the dash 3 amendment that would have kept SB 1064 intact, but added a sunset clause. That amendment would have kept murderers from being able to petition the court to legally possess firearms.

"Accordingly, I voted for SB 1064-A and will lead a workgroup to re-establish our state policy prohibiting violent and dangerous felons from being able to legally possess firearms in Oregon."

Dear Secretary Brown:

I have signed Enrolled Senate Bill 5565, which guarantees the distribution of an additional \$200 million to school districts during the 2010-2011 fiscal year.

I write to urge caution to the school districts receiving these funds in preparing their 2010-11 school budgets. Although we now see more encouraging signs of economic recovery as we begin to plan for the 2011-13 biennium, new challenges are emerging, including an anticipated general fund shortfall of approximately 15 percent. Because of the anticipated roll-up costs contained in SB 5565, I am concerned that this bill will not provide a sustainable level of funding for our K-12 schools during the 2011-13 biennium. In addition, SB 5565 leaves the state with virtually no reserves if revenues decline again in the 2009-11 biennium.

I strongly recommend that school districts hold the additional funds authorized by SB 5565 in reserve and expend them only in ways that will allow them greater fiscal stability in the coming 2011-13 biennium.

Sincerely,
Theodore R. Kulongoski

SB 1017 - Message from the Governor announcing he signed on April 1.

SB 1014 - Message from the Governor announcing he vetoed on April 8.

April 8, 2010

The Honorable Kate Brown
Secretary of State
State Capitol
900 Court Street NE
Salem OR, 97301

Dear Secretary of State Brown:

I am returning Enrolled Senate Bill 1014 unsigned and disapproved.

With one exception, this measure is a well-crafted clarification of the operation of executive branch boards and commissions that I worked with the Legislature on in order to update and standardize the practices of state boards.

I am exercising my veto solely because of Section 21 of the Enrolled bill. Section 21 would authorize the Governor to appoint no more than two members who are employed by a school district to the seven-member State Board of Education. It also deletes the existing prohibition in ORS 362.021(2)(a) of appointment of any individual who is currently engaged in teaching, administration or operation of any school. In this respect, SB 1014 represents a significant policy modification that I believe is inconsistent with the need for impartiality among the members of the Board of Education.

The selection of public board and commission members to serve as policy makers for Oregon is one of the most important duties we exercise. During my many years in public office, I have seen the value that these citizens provide as they seek to carry out the responsibilities we have assigned to them. Although many state boards are made up of stakeholders relevant to the subject matter on which they provide advice, that is not the case with the Board of Education.

The existing statute appropriately permits appointment of former educators to the board, and in fact two members of the current Board of Education are former school employees. While it is important for the Board to listen to, and understand the effect of their deliberations and decisions on, various interest groups, especially educators, the appointed members' duty is to serve the interests of all Oregonians. My veto will ensure that this continues to be the case with the Board of Education.

Finally, I write to comment and urge caution on an issue that has arisen with each of the bills I have vetoed today. All three bills proposed changing a long-standing Oregon public policy. I have a serious concern as to whether the Special Session in February provided opportunity for citizens and interested stakeholders to be

adequately involved in the development of these proposed major policy changes.

The public give-and-take is critical to crafting and amending legislation by allowing all interested parties to be involved in the development of public policy. I believe we must always be open and transparent when we are proposing changes to long-established Oregon policy, especially in a short legislative session.

The Regular Session in 2011 will give all parties, including the public, a more meaningful opportunity to be part of the legislative process.

Sincerely,
Theodore R. Kulongoski

SB 1046 – Message from the Governor announcing he vetoed on April 8.

April 8, 2010

The Honorable Kate Brown
Secretary of State
136 State Capitol
900 Court St. NE
Salem, OR 97301

Dear Secretary Brown:

I am returning Enrolled Senate Bill 1046 unsigned and disapproved.

I have long advocated for mental health parity and improving the integration of mental health and physical health disciplines in order to improve the overall health of Oregonians, and increase access to services to underrepresented populations. However, I am concerned that Senate Bill 1046 as written creates serious policy and regulatory conflicts.

Furthermore, I believe that a policy change of this significance requires more safeguards, further study and greater public input than was provided during the February special session.

I believe that the best first step toward achieving the goals of Senate Bill 1046 is for the legislature to authorize in the 2011 Legislative Session a pilot program that would generate data on which to inform and guide solutions that give greater access to broader mental and physical healthcare.

Finally, I write to comment and urge caution on an issue that has arisen with each of the bills I have vetoed today. All three bills proposed changing a long-standing Oregon public policy. I have a serious concern as to whether the Special Session in February provided opportunity for citizens and interested stakeholders to be adequately involved in the development of these proposed major policy changes.

The public give-and-take is critical to crafting and amending legislation by allowing all interested parties to be involved in the development of public policy. I believe we must always be open and transparent when we are proposing changes to long-established Oregon policy, especially in a short legislative session.

The Regular Session in 2011 will give all parties, including the public, a more meaningful opportunity to be part of the legislative process.
