Bentz and Gelser were appointed to escort the Honorable Adrienne C. Nelson, Justice of the Oregon Supreme Court, to the rostrum.

Justice Adrienne C. Nelson administered the oath of office to the newly-elected senators.

Nominations for President of the Senate were declared open by unanimous consent at the request of the Chair.

Monnes Anderson nominated Peter Courtney for President of the Senate, seconded by Manning Jr.

There being no further nominations, nominations were declared closed by the Chair. On the election of Courtney as Senate President, the roll was called with the following results: Ayes, 27; Nays, 3 – Baertschiger Jr, Boquist, Fagan.

Courtney was duly elected President of the Senate.

On election of the Senate President, Fagan requested the following written explanation of vote be entered into the Journal:

I appreciate the legacy that Senate President Peter Courtney has built over his decades in public life as a person who loves Oregon and fights for the most vulnerable of her people.

However, as part of BOLI's investigation into sexual harassment and hostile work environment in the Oregon State Capitol, BOLI interviewed a former employee who testified that Senator Courtney disapproved of who she was dating and gave her an ultimatum to resign or be fired. She resigned with five months of severance, health insurance, and a promise not to sue. In short, she accused President Courtney of a gross misuse of power. I believe her. For this reason, I voted no on his nomination for Senate President.

As a civil rights attorney, I know that the presumption of innocence is the bedrock of our justice system. The Constitution demands a high burden of proof when the government charges someone with a crime and seeks to take away their freedom or property.

But no one is charged with a crime today. Rather, I had one vote for the best person to lead the Oregon State Senate. The person nominated stands credibly accused of abusing power by a woman who is afraid to come forward. I have no ability to interview her, question witnesses, subpoena documents, or examine the nominee under oath. All I have is her testimony and my values, which follow this presumption – I believe credible accusations by those who have little to gain, against those who have much to lose.

Our nation and our Capitol face a reckoning of sexual harassment, abuses of power, and a culture of intimidation that allows both. It was recently exposed that, while passing legislation to protect workers, survivors and vulnerable people from Enterprise to Brookings, we have failed to protect the public servants working side by side with us. That is unacceptable.

Moreover, I believe it will be harder for us to address the urgent challenges facing Oregon families – the housing crisis, climate change, gun violence and our underfunded schools – with a cloud of credible allegations hanging over our leader.

I respect my colleagues who voted differently today. I acknowledge the criticism of those who accuse me of denying due process or thwarting the presumption of innocence. But today is not a courtroom. If any analogy is appropriate, today is a boardroom. As members of the board, we are electing a person to chair the board and steer our organization through a crisis largely of our own making. One of our highly qualified candidates has been credibly accused of an abuse of power. Without casting final judgment on that candidate, we have other highly qualified candidates who can lead us without a cloud hanging over them and hindering the urgent work we have to do for Oregonians.

On election of the Senate President, Gelser requested the following written explanation of vote be entered into the Journal:

I am frustrated with the speed at which we are addressing the issues related to the culture in this building as it relates to workplace harassment. I am alarmed at the way the complaint brought forward by four women through the former labor commissioner has been characterized. These are brave women who took great risk to step forward. Any discussions about them and their experiences should be based in respect for their experience and courage.

I have worked hard to push change in constructive ways. I've attended and given testimony to the Law Commission. I've requested to have the issue of harassment on caucus agendas. I've attempted to have face to face conversations with the Senate President. I've submitted testimony to the Legislative Administration Committee. I've communicated with senior staff (who have been unfailingly responsive. I am so grateful for them!) However, time and again I've been met with resistance or refusal to have these discussions with other members in a formal setting or with the Senate President. If I as a Senator and committee chair am unable to make change or elevate the discussion, how can our staff do so?

Just today we were asked to vote for a rule that continues to

unlawfully silence some employees as it relates to workplace harassment. Months ago, the Oregon Law Commission recommended complete elimination of a blanket confidentiality policy about harassment investigations. In addition to the legal considerations, silence does not improve our culture. When discussion is discouraged, it furthers stigma and shame. It eliminates transparency and reduces the opportunity for accountability and progress.

Not quite two weeks ago, the former BOLI Commissioner issued his report regarding workplace harassment in the Oregon Capitol. Within that report were serious allegations about employment practices in the Senate President's Office. There has been no statement or explanation to the Senate from the Senate President about these allegations as of the writing of this statement. Further, women involved in the BOLI complaint or who have otherwise experienced harassment have told me the tone of the discussion about their experience has been hurtful and dismissive.

Our Senate President is a good man. I do not believe he condones harassment in the workplace or discrimination. I know he cares deeply about people. He has driven significant, important changes in this state for very vulnerable people, in particular at the Oregon State Hospital. Oregon is unquestionably a much better place because of his service and leadership. That is why I have such great and deep personal affection for him.

However, the question of leadership for culture change is not about the kind of person the Senate President is or my personal feelings about him. This vote is about choosing the leader that can get us through this difficult time with transparency, openness, urgency and sensitivity to the experiences of those who have experienced harassment and its aftermath in our Capitol.

Ultimately, ensuring that our rules and policies are lawful and appropriate is the responsibility of the Senate President. Ensuring that members are fully briefed about serious matters impacting our workplace is the responsibility of the Senate President. Ensuring that discussion is free flowing, creating avenues for members and staff to safely raise difficult issues, and setting the tone for discussion about allegations of harassment is also the responsibility of the Senate President.

I don't take this vote lightly. I have an obligation to the people who serve this institution. I have an obligation to the women who have stood up and raised their voices for change-- whether by filing their own complaint, asking the BOLI Commissioner for an investigation, or participating candidly in an investigation. The consequences for those in this building with far less power than I, are enormous and life changing. Consider, for instance, the Republican intern who abandoned her plans for a career in politics and left the state because we failed to protect her from harassment in this Capitol building. She continues to wait for an apology.

As a returning caucus member, I made a commitment to my colleagues in November to support our nominee on the Senate floor today. I requested a caucus meeting where I might have been able to raise and hopefully resolve concerns that have arisen since that time, but that request was denied. I cast an Aye vote to keep my commitment to my colleagues and because no other candidate stepped forward to take on this work. I am filing this vote explanation to formally document my concern and to express my hope that the depth of this concern will be heard and met with immediate change. I hope for change in the tone of the discussion about the experiences of complainants and witnesses in the BOLI report. I hope for a full and independent investigation into the allegations that the Senate President's office made inappropriate decisions or comments regarding the dating choices of an employee. I hope to see the issue of changing our culture remain front and center until our staff tell us they feel safe, they feel heard, they feel respected and they feel like things are improving.

Changing our policies and culture with urgency and transparency will be the hardest work of this session. We must act immediately. Those who serve this institution deserve nothing less.

On election of the Senate President, Golden requested the following written explanation of vote be entered into the Journal:

Today, January 14, I voted for Senator Courtney to preside over the Senate in this session, despite recently emerging charges that his office has not been fully transparent in its dealings with individuals connected with allegedly improper relationships or harassment in the Capitol. I want to reiterate my sense that it's vital for the legislature and its leadership to provide to a model workplace in which harassment is

reduced to the lowest level possible, and where targets of harassment can bring forward complaints and concerns with no fear of damage to their careers or reputation. It is also imperative that complainants are in no way pressured to conceal information in order to protect individuals who have behaved inappropriately.

While choosing to vote for Senator Courtney for President, I urge him to demonstrate his understanding of the importance of this issue by taking every possible step to resolve the confusion surrounding recent allegations, to maximize transparency as to the process with alleged incidents are handled, and to strongly encourage the work of the new Joint committee on Capitol Culture to develop policy that makes the legislature an institution that is as free as humanly possible from harassment of legislators, staff, and visitors.

Cyndy Johnston, Deputy Secretary of the Senate, administered the oath of office to the newly-elected President of the Senate.

The Chair appointed Knopp and Taylor to escort Monnes Anderson to the rostrum.

Cyndy Johnston, Deputy Secretary of the Senate, administered the oath of office to the newly-elected President Pro Tempore of the Senate.

Nominations for Secretary of the Senate were declared open by unanimous consent at the request of the Chair.

Burdick nominated Lori L. Brocker for Secretary of the Senate.

Baertschiger Jr. moved that nominations for Secretary of the Senate be closed and that a unanimous ballot be cast for Lori L. Brocker. Motion carried by voice vote. Lori L. Brocker elected Secretary of the Senate.

The Reverend David Knapp, husband of Secretary Brocker, administered the oath of office to the newly-elected Secretary of the Senate in Portland.

President Courtney made the following remarks to the Senate:

I love Mother Teresa. She understood what could be gained by simple kindnesses. She once said: "None of us, including me, ever do great things. But we can all do small things, with great love, and together we can do something wonderful." Today is Opening Day. It is a good day.

Your families are here, your colleagues' families are here. But tomorrow or next week, they will be gone. And each of us will be on our own. It's hard on the human spirit. One thing you often see on championship teams is that members care about each other. They take care of each other, both on the field and off the field. They train together, travel together, win together, and lose together.

And when they share that special bond that is sometimes created between teammates, it can show up in how they play and, in the success, they achieve, and how they handle defeat.

I think of the Senate as a team. For most of you the session is a road game. Other than Senator Winters, Thatcher, and myself, you all come from someplace else. Salem isn't your home. It's the place you have to go to serve your constituents. You get a room in an extended stay hotel. Rent an apartment or house that provides a bed, shower and a kitchen. But it isn't home. Some of you live close enough to commute back and forth each day. But your car is not your home, and that commute can be grueling. That extra hour or more in the morning and evening is time you never get to spend with your families, in your communities.

But being away from home, the exhausting commutes are all part of the job you chose, the job you were chosen for.

To the extent you can help one of your colleagues do that job better, offer to lend a hand. I want to ask each of you today to think about a "good deed of the day." Help each other out. Have each other's back. It can be a committee member helping a committee member. Looking out for the person who sits next to you on the floor, or whose office is next door or down the hall. If you keep an eye out, you will see plenty of opportunities to help others get through the day, and just getting through the day.

I saw a great example a couple of weeks ago. My wife and I were boarding a plane and noticed that one of the flight attendants had a doughnut. We asked him where he got it. He said the pilot brought doughnuts for the whole crew that morning. Something so simple, but so helpful. The pilot recognized they were a team. That the flight attendants run the show in the cabin when the cockpit doors close. He realized something as simple as a doughnut might help them get through the flight a little easier.

Like us, they work best as a team. Yes, we campaign against each other, but we serve together and maybe, just maybe we can do a good deed of the day for each other. So, help each other. Do the little things, the everyday life things. Help a colleague out. In the end, it may be more important than anything else we do here. Let us begin.

Senate at ease. Senate reassembled.

Senate recessed until 10:40 a.m. by unanimous consent at the request of the Chair.

Senate reconvened at 10:40 a.m. President Courtney in Chair. All present.

Senate, having recessed under the provisions of the Report of the Committee on Permanent Organization and Order of Business, resumed under that provision by unanimous consent at the request of the Chair.

HCR 11 – Under the provisions of the Report of the Committee on Permanent Organization and Order of Business, placed on final adoption. Carried by Burdick.

HCR 11 – Boquist point of order, asking if it was a rule or a resolution before the body.

HCR 11 – President Courtney clarified that it is a resolution.

HCR 11 – Boquist, citing provisions of the Oregon Constitution, asked for a ruling from the chair on the validity of adopting resolutions during an Organizational Session.

Senate at ease. Senate reassembled.

HCR 11 – President Courtney, in consultation with Legislative Counsel, ruled that it is custom and practice of the Senate to adopt rules that apply to both houses in concurrent resolution form. The rules that establish session deadlines are routinely in this form.

HCR 11 – Debate resumed.

HCR 11 – Boquist point of order, asking if the resolution requires a signature from the governor.

HCR 11 – President Courtney stated that resolutions do not require the signature of the governor.

HCR 11 – Debate resumed. On adoption of resolution, the vote was: Ayes, 23; Nays, 7 – Baertschiger Jr, Boquist, Fagan, Gelser, Linthicum, Olsen, Thatcher. Resolution adopted.

HCR 11 – Baertschiger Jr requested the following written explanation of vote be entered into the Journal:

I voted no on HCR 11 because I believe that the issue of sexual harassment in the workplace, particularly our workplace, is an issue that deserves great attention to detail. We are heading in the right direction on these changes, but the process has been rushed and not inclusive. I believe that these rules need to be looked over and amended by the committee that has been charged to look at our culture and practices in a deliberative process. I feel that there should have been a committee examining these changes and not brought before the Legislative body during organization days. I am optimistic that we will continue to improve these rules in order to create a safe work environment and culture for everyone work works in the Capitol.

HCR 11 – Boquist requested the following written explanation of vote be entered into the Journal:

HCR 11 as a resolution is unconstitutional under Article IV, Section 10 of the Oregon Constitution. Measures, bills and resolutions cannot be passed in an organizational session. This was stated on the Floor of the Oregon State Senate. Dexter Johnson of Legislative Counsel first alleged that a ‘resolution’ was not a measure under the Constitution. Next Dexter Johnson then alleged that HCR 11 was not a resolution but instead a rule. The common text proved this wrong. Lastly, Dexter Johnson of Legislative Counsel settled on the notion that it is OK to violate the Constitution as it has been done in the past by the Legislature, therefore, it is custom now to violate the Oregon Constitution. HCR 11 intentionally violates federal law in an effort to cover up past violation along with future violations. The retroactive nature of the unconstitutional resolution appears intentional as an effort to conceal past harassment investigations. Senators report this change will be used by leadership lawyers to appeal the Labor Commissioner’s discovery and findings to the Courts. This appears to be a result of alleged leadership deals falling to materialize with the new Commissioner of Labor. Further, it will block public records requests this Senator submitted in regard to past harassment. This is noteworthy given the resignation yesterday of a member of the President of the Senate’s staff. HCR 11 does not implement the recommendations in full from the Oregon Law Commission but instead cherry picks their recommendations to protect past failures. Lastly, the HCR did not originate in a legal Committee nor did it have a public hearing or work session. It is nothing more than continuing institutionalized discrimination at expense of past, present and future victims.

HCR 11 – Olsen requested the following written explanation of vote be entered into the Journal:

The vote on the floor on January 14, 2019 regarding HCR 11 was a difficult vote for me. On one hand, we certainly want rules to protect anyone from any sort of harassment, but on the other hand, as we pass these rules, we must in fact follow the rules that we pass.

My no vote on this issue was threefold. First, our own state Constitution says that we cannot pass bills or resolutions in an organizational meeting, which is exactly what we were doing. *Mason’s* also made it clear that the Constitution takes precedence over all other agendas. The body ignored both.

Secondly, it was made clear on the floor that this legislation violates Federal law. Third, any time the body passes a law that is retroactive, I will protest the issue and vote against the legislation.

The vote on this day did all three. This vote was a slap in the face to Oregonians that require us to live within the laws and rules we pass. We violated the Constitution of the State of Oregon not because we should for the benefit of the people, but because we could to move an agenda.

The response given by our legal counsel was certainly an

embarrassment to the legal profession, stating that the Constitution could be usurped because of precedence was appalling. Shame on the Senate for passing this legislation.

HCR 11 – Prozanski requested the following written explanation of vote be entered into the Journal:

I voted yes on HCR 11 because I believe it is a step forward for the legislative branch to ensure a safe workplace for all who participate in the legislative process at the Oregon State Capitol.

During the 2018 Regular Session, the Legislature requested the Oregon Law Commission (OLC) to conduct a review of the legislative branch’s current policies, procedures and practices for a harassment-free workplace at the State Capitol. OLC was also asked to make recommendations on how to improve those policies, procedures, and practices to ensure the State Capitol is “a model workplace where everyone feels safe and can work without fear of harassment.”

HCR 11 provides two improvements to the current policies. The first is to extend the statute of limitations (SOL) from one year to four years. This change will allow for those who believe they have been harassed additional time to report harassment.

The second change pertains to the informal complaint process. It exempts individuals involved in the incidents from confidentiality restrictions. I understand this standard is different from the formal complaint process, but House members negotiated this change to allow the Resolution to be passed with the necessary rules suspension.

As a member of the Joint Committee on Capitol Culture, I understand HCR 11 is a temporary fix and that the Joint Committee will review, discuss and consider all of the OLC’s workgroup’s recommendations through the committee process including taking public testimony. Further, the changes made in HCR 11 will be revisited by the Joint Committee.

I expect the committee to complete its work in short fashion and that the Legislature will vote on a new resolution that will incorporate the adoption of many, if not all, of the recommendations put forward in the OLC’s State Capitol Workplace Harassment Work Group Report.

Pursuant to the provisions of the Report of the Committee on Permanent Organization and Order of Business, the Chair made the following appointments to the Special Committee on Rules.

Senate continued under the provisions of the Report of the Committee on Permanent Organization and Order of Business with the consideration of HCR 19 (distributed to members' desks).

HCR 19 – Under the provisions of the Report of the Committee on Permanent Organization and Order of Business, read final time. Carried by Burdick. On adoption of resolution, the vote was: Ayes, 27; Nays, 3 – Boquist, Linthicum, Thatcher. Resolution adopted.

HCR 19 – Boquist requested the following written explanation of vote be entered into the Journal:

HCR 19 is unconstitutional under Article IV, Section 10 given this is an organizational session. Further, it limits citizen access to the Legislature by ending bill drafts on January 18, 2019 which is before the official long Session begins. This violates the free speech of citizens while limiting the redress allowed of elected Legislators to support their nearly 130,000 citizens in a State Senate District. HCR 19 combined with Senate Rules deliberately blocks citizen rights to access their Legislature.

SCR 10 – Under the provisions of the Report of the Committee on Permanent Organization and Order of Business, read final time. Carried by Burdick. On adoption of resolution, the vote was: Ayes, 29; Nays, 1 – Boquist. Resolution adopted.

SCR 10 – Boquist requested the following written explanation of vote be entered into the Journal:

SCR 10 is a violation of the Oregon Constitution.

SB 33 – Boquist requested the following written explanation of vote be entered into the Journal:

Oregon Criminal Justice Commission is virtually the only entity that must have its Oregon Administrative Rules approved as related to sentencing guidelines. Since my previous votes would include both agreement and disagreement to sentencing times etc. were passed in a previous bill, there is no doubt, some opposition to some of the guidelines. Hence, a no vote was cast to continue opposition or disagreement to some of the guidelines. It is not against the whole of SB 33's approval of the OARs.

SB 44 – Read third time. Carried by Girod. On passage of bill, the vote was: Ayes, 22; Nays, 7 – Baertschiger Jr, Boquist, Hansell, Knopp, Linthicum, Olsen, Thatcher; Excused, 1 – Thomsen. Bill passed.

SB 2 is a fast track to existing land use laws for ten rural Oregon counties in exchange for a County giving up its appeal rights on unrelated environmental issues. In rural Oregon this would be known as proverbial horse trading. The choice to make the trade lies with the ten counties but what about the other 20, yes 20, rural counties? If this is a landmark land use law change where urban Democrats suddenly care about ten rural counties, amounting to 2-3 Senate Districts, why is the new historic bipartisanship not good enough for the other twenty (20) rural counties. What about the citizens in the left-out counties? Why? Because is it propaganda. It is horse trading. At the same time SB 2 is supposed to be historic land use cooperation by the Senate Democrats, the same Senate Democrats and Governor, using her own parable, are 'railroading' rural Oregon and rural citizens on HB 2020. In tandem, HB 2020 per its elected supporters eliminates 60,000 jobs, almost all rural. SB 2 does not offset raising the rural poor's heating bills by hundreds of dollars, raises their commuting fuel by hundreds of dollars, and wiping out the rural cities and counties. While SB 2 might result in vote trades, or even some limited relief in one or two counties, why is the bill limited to just ten rural counties? SB 2's policy is OK given it is permissive but should have been applied to all of rural Oregon. Telling one-third of rural Oregon we like you and need your vote, while actioning the demise of the other two-thirds of rural citizens is not good policy even if it is good politics for urban Democrats. SB 2 is either good for all of rural Oregon or none of it. Respectfully submitted under the Oregon Constitution.

HB 2010 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2010 is the provider and hospital tax. This is the best option available amongst the worst options. Meaning that in order to fund rural hospitals who have to provide universal health care in Oregon we must raise funds for federal match. This appears to be the only plausible option at this time. Unfortunately, it does not contain cost containments that will be required to keep health care afloat. In reality, the medical community is in whole the best paid in the State of Oregon. My District's per capita is approximately \$28,000 a year. At the same time, Portlandia is \$36,000 per year. Some counties in Eastern Oregon are as low as \$17,000 per year. Everyone must sacrifice to help everyone but at this time cost containment is a finger pointing event. This is not a real fix at all. The Carrier's rhetoric that government agencies know best how to save health care is utter nonsense. The Democrats have been in charge for four decades thus the failure is totally theirs. Had we needed to provide a vote to get this past on 18 votes then it would have required a

yes vote. Until the medical community is willing to cut costs health care systems remains in jeopardy.

SB 608 – President Courtney signed on February 27.

Senate adjourned until 11:00 a.m., Monday, March 4, by unanimous consent at the request of the Chair.

Monday, March 4, 2019 – Morning Session

Convening of the Senate delayed to 11:30 a.m. Senate convened at 11:30 a.m., President Pro Tempore Monnes

Anderson in Chair. The following members were present: Bentz, Beyer, Boquist, Burdick, Dembrow, Fagan, Frederick, Gelser, Girod, Golden, Hansell, Johnson, Knopp, Linthicum, Manning Jr, Olsen, Prozanski, Riley, Roblan, Steiner Hayward, Taylor, Thatcher, Winters; excused – Baertschiger Jr, Hass, Heard, Thomsen, Wagner, President Courtney. Colors were posted and the Senate pledged allegiance to the flag. Invocation by Dan Bryant, Senior Minister, First Christian Church, Eugene.

SB 608 – Message from the Governor announcing she signed with the following explanation on February 28:

Dear President Courtney and Speaker Kotek:

Today I am signing Senate Bill 608, which protects tenants from no-cause evictions, and limits rent increases. I write this letter to clarify my intent on a few points.

First, Senate Bill 608 neither adds to nor subtracts from existing state-law preemption of local laws. The bill does not alter ORS 91.225, which continues to preempt local ordinances that directly control rents. Likewise, the bill does not prohibit cities and counties from enacting other policies that are permissible under existing state laws, as interpreted by the courts. The Legislature intended to maintain the current balance between state and local authorities on these issues, as evidenced by its rejection of proposed amendments to Senate Bill 608 that would have changed the rules governing preemption. In signing Senate Bill 608, that is my intent as well.

Second, it is my intent that the obligations set forth in Senate Bill 608 be harmonized with those imposed by local jurisdictions, whenever possible. For example, in circumstances in which a landlord terminating a tenancy is obligated to pay relocation assistance under a city ordinance and one-month's rent under Senate Bill 608, payment of the higher amount would satisfy the landlord's relocation assistance obligation under state and local law.

Third, I encourage the Legislature to fund a study examining the effects of Senate Bill 608, so Oregon can continue to lead and innovate on these important issues.

Most importantly, although passage of Senate Bill 608 is a notable achievement, our work is not yet done. We must provide resources to educate and train Oregonians regarding this law, and to increase the supply of homes across the housing spectrum.

My budget includes a historic \$400 million in state investments to address these challenges. The investments are focused around four strategies that, among other things, invest in permanent supportive housing and accelerate the growth of housing supply in greater Oregon. I look forward to working with the Legislature to fund these critical investments.

Sincerely,

Governor Kate Brown

SCR 19; SB 178, 215, 227, 298, 422, 438, 485 – Read second time and passed to third reading.

SB 50 A-Eng. – Read third time. Carried by Dembrow. On passage of bill, the vote was: Ayes, 21; Nays, 4 – Boquist, Knopp, Linthicum, Thomsen; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Bill passed.

SB 50 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 50 is well intended but the issue could be resolved by State Parks adopting the electronic online acquisition recommended in audits of the Oregon Secretary of State. Those agencies that have adopted them have accomplished what is intended in SB 50. Simply waving public contracting codes is not the answer.

SCR 4 – Read final time. Carried by Linthicum. On adoption of resolution, the vote was: Ayes, 24; Nays, 1 – Thomsen; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Resolution adopted.

SCR 7 – Read final time. Carried by Johnson. On adoption of resolution, the vote was: Ayes, 25; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Resolution adopted.

SCR 8 – Read final time. Carried by Johnson. On adoption of resolution, the vote was: Ayes, 25; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Resolution adopted.

SB 29 A-Eng. – Read third time. Carried by Linthicum. On question of passage of bill, the vote was: Ayes, 13; Nays, 12 – Bentz, Boquist, Burdick, Girod, Hansell, Johnson, Knopp, Linthicum, Olsen, Thatcher, Thomsen, Winters; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Bill failed. Burdick, having voted on the prevailing side, served notice of possible reconsideration.

SB 29 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 29A as carried on the Floor as a house keeping bill which it is partial interpretation. The bill is supposedly a technical modernization bill but that is not accurate. It is a 50/50 bill with equal good and bad which needed to be opposed. The bill eliminates Oregon State Police funding for tobacco enforcement. The bill doubles pool and bath house fees. The bill mandates local medical assistance but does not provide the funding for these needed services. The courts have ruled this is unconstitutional to mandate actions to local government without funding but this fact was ignored.

SB 162 A-Eng. – Read third time. Carried by Bentz. On passage of bill, the vote was: Ayes, 23; Nays, 2 – Girod, Thomsen; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Bill passed.

SB 394 – Read third time. Carried by Bentz. On passage of bill, the vote was: Ayes, 25; Excused, 5 – Baertschiger Jr, Hass, Heard, Wagner, President Courtney. Bill passed.

SB 753 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 753 is a notable effort at raising nonprofit funds for ocean research. Unfortunately, the bill does not have donor conflict of interest language that would prevent a very large donor from dictating the research or even desired outcomes. This could have been an easy fix in the bill but for some reason not considered. Hope the bill is repaired in the House to reflect a donor requirement for nonpartisan research due a publicly recognized nonprofit.

SB 388 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 388 is well intended to help pardoned individuals start new lives. This is a noble intent. However, it fails on transparency as the public deserves access to the public records that were used by the Governor to make their determination for the pardon. Likewise, the public deserves to know the Court's record on the original conviction on why a Judge and/or Jury made the original conviction. Further, that the Governor is a proponent is very strange. When the President of the United States issued pardons on Oregonians the very same Governor, and Oregon Attorney General, waived court cases in the air issuing press releases condemning the President. They questioned the Constitutional authority. Yet today, they want the record of individuals they pardoned sealed from the public. Keeping these records public will counter any possible misuse of the pardon by future Governors. We need a consistent transparent policy, not SB 388, though well intended.

SB 212 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 212 was a gut and stuff done with less than 24 hours notice to the committee and public. Even tracking the original two bills is difficult. The bill attempts to correct a gambling deduction thought to be for professional gamblers, which it is not, and help students and parents who pay excessively high tuitions at Oregon's universities. The Carrier stated it would provide on average of \$83 per filer. The two concepts are a revenue raising issue requiring 18 votes and a deduction that may or may not require 16 or 18 votes. The two issues were combined to circumvent the Oregon Constitution on two counts. Bad idea. Then universities stated in hearings the Lifetime Learning tax credit was eliminated by Congress this deduction was needed. This turned out to be false. The LLC was in fact extended along with the Advanced Opportunity credit at \$2500 and \$2000 each. Oregon should be expanding these credits to help students along with tuition payers. In the hearing, members were told this impacted 27,000 filers amounting to \$6.2 million per year on the Revenue Impact Statement. While the RIS was not changed, an email to members from LRO, said it actually impacted 123,000 filers but the RIS was not changed. At this time, we have no idea really what the impact of this bill as combined? This is what happens when bills are gut and stuffed in the dark of the night with amendments. Think the bill should be called the Rich University President's bill as we continue to fund a failing university system on the backs of student debt indenturing them for decades instead of really helping them up.

SCR 1 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SCR 1 attempts to provide support for alternative hydro power generation via a resolution that might garner federal support. While this is a good idea the method is not. SCR 1 intentionally describes a list of rhetoric most rural legislators voted against in the past. I was a no vote then, so voting yes would mean I am a hypocrite if I voted yes now. The Carrier claimed hydro power was renewable, yet his party had declared hydro is not renewable under the law. Not sure which is correct. While storage is good, the resolution is more rhetoric than substance. Therefore, the SCR deserves a NO vote as it will be used as propaganda in the future in a manner not consistent with the intended policy.

SCR 25 – Read final time. Carried by Dembrow, Gelser. On adoption of resolution, the vote was: Ayes, 30. Resolution adopted.

Motion carried by unanimous consent.

SJM 8; SB 1017, 1018 – Introduced, read first time and referred to President's desk.

SB 519, 918 – Read second time and passed to third reading.

SB 484 – Read third time. Carried by Gelser. Potential conflict of interest declared by Girod. On passage of bill, the vote was: Ayes, 19; Nays, 10 – Bentz, Boquist, Girod, Hansell, Johnson, Linthicum, Olsen, Thatcher, Thomsen, Winters; Excused, 1 – Baertschiger Jr. Bill passed.

SB 484 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 484 is a 50/50 bill that was well intended. Charging one time for an application series is a very good idea. However, having to return the background check fee expense will increase rents we just limited to 10%. The carrier stated the reason for returning the application fee was the applicant being denied was likely illegal. Very poor choice of words. If the bill is fixed to address the background check cost would support it on concurrence coming back to the Senate from the House. The carrier did offer to fix it on the far side, so hopefully it will be fixed then returned shortly.

SB 500 A-Eng. – Read third time. Carried by Olsen, Manning Jr. On passage of bill, the vote was: Ayes, 29; Excused, 1 – Baertschiger Jr. Bill passed.

HB 2087 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2087 A is needed, but not in this form. Raising the fines are necessary but will simply be passed to the payees of the insurance policies. However, what should have been done was to raise the fees slightly less, but make individual executives liable for failing to follow the laws. The bad apple insurance companies will simply pay the higher fines then pass along the costs. That is because they see it as a cost of doing business just like now. Making the individual executives listed as

corporate officials in Oregon personally liable would resolve the matter in a more effective manner.

SB 25A fixes several key issues in mental health proceedings. However, it creates a double standard. The private sector must comply with discovery in five days along with some limited public agencies. However, it creates a double standard that extends the response to 15 days for some public entities. Every entity, private and public, need to be held to the same standard. That would either be 5 days or 15 days whichever is best. A single standard needs to be established in an amendment in the House.

SB 128 A-Eng. – Read third time. Carried by Knopp. On passage of bill, the vote was: Ayes, 28; Nays, 2 – Boquist, Girod. Bill passed.

SB 128 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 128A addresses the procedure of having two medical personnel present at the time of a fluoroscopy. This issue should have been resolved at the medical board level not the legislature. Mandating two individuals simply increases the cost to the patient. OHA and OSBN should have resolved this issue. Health care costs need to be reduced, not increased, especially since the majority of health care in Oregon is now subsidized by the taxpayers; state and federal.

SB 160 – Read third time. Carried by Heard. On passage of bill, the vote was: Ayes, 30. Bill passed.

SB 164 A-Eng. – Read third time. Carried by Taylor. Potential conflict of interest declared by Hass. On passage of bill, the vote was: Ayes, 23; Nays, 7 – Baertschiger Jr, Boquist, Girod, Johnson, Linthicum, Olsen, Thomsen. Bill passed.

SB 164 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 164A rightfully provides BOLI the authority to oversee the Oregon Retirement Savings Board compliance. Unfortunately, it goes beyond enforcement to creating an unlawful trade practice. Nobody could explain why a court proceeding authority was inserted into the law at this time. The unlawful trade practice needs to be amended out in the House.

SB 251 A-Eng. – Read third time. Carried by Dembrow. On passage of bill, the vote was: Ayes, 24; Nays, 6 – Baertschiger Jr, Boquist, Heard, Linthicum, Thatcher, Thomsen. Bill passed.

SB 251 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 251 is a bill that adopts an insurance industry standard not a government standard. While the intent of the NAIC polices should be adopted they should be tailored to Oregon without delegating authority elsewhere that do not care about Oregonians. None-the-less, the adoption of present NAIC policies might be wise but I am doubtful. Unfortunately, the bill adopts future changes proposed and published by NAIC which is unconstitutional. The present legislature cannot delegate authority to a future legislature nor can the present legislature bind a future legislature under the Oregon Constitution. The bill needs to be amended in the House.

SB 136 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 136 should allow equal treatment between providers. However, nobody on the Senate floor could explain whether the bill includes opioid prescriptions. Fliers on the Floor indicated it did not include opioids only non-opioids. Nobody on the Floor could answer the question. Therefore, given the opioid crisis, and OHA suspending opioid reduction programs, the bill got a NO vote until this is clarified in the House.

SB 5501 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 5501 is the first Joint Ways & Means Committee budget bill. There will be nearly 100 bills of this type. Done separately, these bills result in a disjointed appropriations system that makes it impossible to determine the overall budget of the State until after the fact. Further, any bill above inflation for 19-21 as estimated by CPI should not be approved without an exceptional justification. That current service level exceeds inflation raises questions on the entire budgeting process. Then there is the issue of unilateral wage increases ordered by the Governor so employees could then pay their retirement match has not been analyzed in its entirety. Let alone that it will cost over a billion dollars has not been reported to the public. For these reasons, this Senator plans to vote against most budget bills if they exceed inflation without proof of an exceptional reason.

SB 970 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 970 contains a requirement for Oregon landlords to allow marijuana to be stored or used on its properties in violation of federal law. The carrier's explanation was inadequate on the Senate Floor. While marijuana is legal in Oregon only due to the federal government not enforcing federal drug laws. Until such time the U.S. Congress legalizes marijuana Oregon should not be forcing Oregon businesses, landlords, and citizens to violate federal law to accommodate others willing to assume that risk. Likewise, Oregon allows non-smoking tobacco restrictions, so why are we forcing individuals or businesses or even government to allow smoking marijuana in the same exact locations? It is unfortunate this section is in the bill containing other viable changes to the landlord tenant laws.

SB 1008 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1008 is a first attempt to reforming youth sentencing problems that need to be addressed by the legislature, if not a vote of the people. Court decisions, judicial crisis, and budgets require action. My NO vote is based upon the lack of clarity on exactly what the bill really accomplishes. There is very little doubt the bill will come back for concurrence from the House. While my office received numerous pieces of paper that outlined one side or the other's rhetorical position. Nothing in detail that would be provided to make a logical decision. Maybe the Committee members have those answers but not this State Senator. Roughly 45 minutes before the Floor Session a proponent finally delivered a ten plus page explanation but nothing from the opponents. This bill requires more than 15 minutes to understand. However, Senators can vote YES in support, or NO in opposition or NO for

unknown. Abstaining is not an option. Yesterday, a meeting to explain the bill was scheduled. Instead, it was a 30 minute rhetorical bloviation with no details. While we face a decision that impacts thousands of lives the explanations and details in plain English remain scant. This is very odd. Oregon faces a budget crisis, and a criminal justice crisis. The Floor debate was just an extension of political blather and rhetoric instead of even a shed of details by except Senator Prozanski for which he did a good job of the bill's 33 page design. Unfortunately, the bill's debate provides almost zero details if challenged. The bill progressed as if it was a political campaign not a legislative debate. It was as if the bill was being traded for some other bill or vote. Several legislators expressed this was the case. Vote trading. When the bill returns from the House this Senator looks forward to a thorough review then an appropriate vote.

It is further appropriate to point out the violations of the lobby laws and use of public funds and public employees that occurred on this bill. The fact remains lawyers who think they are above the law only hurt their own cause. The public expects District Attorneys to follow the law not claim exceptions for their employees to use tax dollars to promote a position in the Legislature.

SB 253 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 253A further transfers more responsibility and power to the Oregon Health Authority which since creation has been a dismal failure in containing costs, expanding basic health care including mental health, and holding profiteering medical providers accountable. OHA is now part of the problem not the solution. This Senator supports a return to local basic health services being provided at county level via county doctors, nurses, and public service providers to low income and needy citizens. This would be the most cost effective means of delivering preventive and basic health care.

SB 698 A-Eng. – Moved to the foot of today's third reading calendar by unanimous consent at the request of the Chair.

SB 68 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 68 is a fee increase to fund carbon tax plans under HB 2020 therefore deserved a NO vote. It is a 50% increase in the budget area at the PUC. Members were briefed it contained two POPs in order hide their separate passage. There is zero justification for the huge increase.

SB 247 A-Eng. – Moved to the foot of today's third reading calendar by unanimous consent at the request of the Chair.

SB 250 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 250 is supposedly a technical fix done every two years for DCBS. The Carrier outlines lists of effects of the bill but virtually none of that information is actually in the bill itself. No idea why. The Carrier claimed the bill implements language in the Affordable Care Act into State law but again neither the bill nor staff measure summary contain these details. The rhetoric for passage is the discrimination language which already exists in state and federal law. The Carrier claimed that cost effective insurance providers could be surcharged additional fees, for consumers to pay, to cover failing insurance providers. Apparently 'to big to fail' will now be paid by hard working citizens to cover bad providers. This will expand premiums. DCBS has failed to contain costs and profiteering thus providing them a revenue source to pay for their failures. Simply stated the bill and carry are not clear.

SB 698 A-Eng. – Read third time. Carried by Monnes Anderson. Burdick in Chair. President Courtney in Chair. On passage of bill, the vote was: Ayes, 23; Nays, 7 – Baertschiger Jr, Boquist, Girod, Johnson, Linthicum, Olsen, Thomsen. Bill passed.

SB 726 A-Eng. – Under Special Order of Business, read third time. Carried by Taylor, Knopp. On passage of bill, the vote was: Ayes, 23; Nays, 6 – Bentz, Boquist, Girod, Linthicum, Olsen, Thomsen; Excused, 1 – Winters. Bill passed.

SB 726 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 726 deserved passage as it will start to help victims one year plus one day after the Governor's signature. At least to some extent. It does nothing to help any victim that was abused a year ago. Or even five years ago. The Legislature provided a legal remedy for child molesters in the past but refused to do the same for women now. It provides a 'pass' to perpetrators who victimized employees of the legislature more than a year ago. While the Committee Chair and Vice Chair wanted to expand the bill that was not possible as legislative leadership did not want anything prospective. While I personally see this as a 'cover up' bill to protect existing leadership, none-the-less, it will help in the future. Today, despite HCR 11, there is nobody outside the legislature status quo of abuse, harassment and retribution that can help a victim as BOLI is limited to one year, and the EEOC is limited to six months, and civil actions authority is years in the future. To date, the majority leadership refuses to provide employees of the Legislature the contact data of even outside counsel that would report back to them which is reflective in this Senator's opinion of why SB 726 is a short term cover up. Further, there is no existing confidentiality nor attorney client privilege to reporting victims seeking help. Likewise, majority leadership decides what members get 'legal counsel' support in lawsuit but certainly use public dollars to defend themselves. SB 727 needed passage to help future employees across the State of Oregon... sometime in the years to come. My 'no' vote was against the continued cover up in the Oregon State Capitol as the culture remains the status quo in order to maintain the power to pass policy at the detriment of women and employees. Sad state of affairs.

SB 726 A-Eng. – Thomsen requested the following written explanation of vote be entered into the Journal:

I am fully aware of the intent behind SB 726A, to provide a greater level of protection for victims of discrimination and sexual harassment in the workplace. I am in 100% support of this, and really wanted to vote "yes."

My concern is that although this bill's passage will improve workplace conditions for potential victims moving forward, it does not go back and retroactively address anything done in the past to survivors of

sexual assault. That, to me, would have made things right for a great many Oregonians. I voted "no" because of this missed opportunity, and fear that with the momentum behind SB 726A, we may not get that chance in the future.

SB 1047 – Introduced, read first time and referred to President's desk.

SB 1049 A-Eng. – Under rules suspension, read third time. Carried by Girod. Call of the Senate demanded by Burdick, joined by Prozanski and Steiner Hayward. All present except, excused – Olsen, Winters. On passage of bill, the vote was: Ayes, 16; Nays, 12 – Baertschiger Jr, Bentz, Boquist, Fagan, Gelser, Golden, Heard, Linthicum, Taylor, Thatcher, Thomsen, Wagner; Excused, 2 – Olsen, Winters. Bill passed.

SB 1049 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

As a Tier I public employee who vested while serving as an assistant district attorney in Lane County in the early 1990s, my "yes" vote for SB 1049 was not an easy one but it was necessary to deal with the crisis that occurred because of the Great Recession (2007-2009). Prior to then, Oregon's PERS system was 110 percent funded. Unfortunately, due to the international financial crisis, its reserves were wiped out. Now, its unfunded liabilities continue to increase. This has resulted in local governments (cities, counties and school districts) having to direct more money into their PERS contribution accounts instead of providing adequate levels of services and programs.

Failure to enact SB 1049 would cause local government contribution rates to increase to over 35 cents of every dollar. SB 1049 will assist in lowering the employer's contribution rate and those public employers from needing to reduce staffing levels, vital services or essential programs.

Even though I opposed previous PERS reform legislation that I deemed unconstitutional and punitive, I now find myself needing to take affirmative steps to protect public workers from loss of employment due to the inability of public employers to maintain public services and programs.

It should be noted that the Legislature will place at least \$100 million into an employer incentive funds account. Many of us who voted for this bill are still advocating to direct an additional \$400 million into that account before the end of session. These incentive funds will encourage local governments to pay down their PERS unfunded liabilities. Also, all the proceeds realized by the state in a new sports betting program will be dedicated to help address the ongoing PERS financial issues.

Further, it is very unfortunate that we cannot pass an additional revenue bill to address these PERS issues. This reality is due to not having a super majority of Legislators to support such efforts as well as the continued threat of corporate-funded ballot measures to overturn such legislation. We have also seen those groups unjustly attack public employees. In fact, there is at least one pending proposed ballot measure that would cause many public employees to lose their jobs because of its draconian approach to dealing with the PERS crisis; we were assured by Sen. Betsy Johnson (D-Scappoose) that she would lead an onslaught effort to refer and defeat HB 3427, the Student Success Act which directs \$2 billion into the K-12 budget.

As I mentioned, this was not an easy vote but based on all the factors presented to us, it was a necessary one to ensure that there would not be more devastating impacts on state public workers or services to the public. I look forward to the Legislature providing additional compensation to those workers to offset their redirected contribution rates.

SB 2 – Message from the Governor announcing she signed with the following explanation on May 24:

Dear President Courtney, and Speaker Kotek:

Today I am signing Senate Bill 2, which provides a limited process by which certain counties in eastern Oregon can designate potential sites for industrial or other employment uses outside an urban growth boundary, in specified circumstances. I write this letter to clarify my intent in signing that bill.

Senate Bill 2 is the result of legislative efforts during the last several sessions to respond to perceived disparities in how our land-use system affects western and eastern Oregon, and to strike an appropriate balance between protecting farmland and providing economic development opportunities adjacent to cities and towns. The bill addresses those concerns by authorizing certain eastern Oregon counties to designate sites outside an urban growth boundary in limited circumstances.

With the signing of Senate Bill 2, I consider those concerns resolved. As Governor, I will continue to strongly support Oregon's land-use system.

Sincerely,

Governor Kate Brown

SB 297 – Message from the Governor that she signed on June 4 with the following explanation:

Dear President Courtney and Speaker Kotek:

Senate Bill 297 relates to individuals with mental illness in Indian country. Currently, ORS 426.070(1) permits the initiation of civil commitment procedures by two persons; the local health officer; or "[a]ny magistrate." Section 1(l)(c) of Senate Bill 297, as passed by the Legislature, expands the last of those options so that civil commitment procedures can be initiated by "[a]ny magistrate or judge of a court of a federally recognized Indian tribe located in this state."

Because the legislative drafter omitted a comma following the word "magistrate," the text of Section 1 (1)(c) is potentially ambiguous. Taken out of context, one might read that section as authorizing judicial initiation of civil commitment procedures only by tribally affiliated magistrates or judges. The correct reading, however, is that Section 1 (1)(c) permits initiation of civil commitment procedures by "[a]ny magistrate" who currently can perform that function under state law or, alternatively, a tribal court judge. In other words, Senate Bill 297 adds tribal court judges to the list of persons who can initiate civil commitment procedures; it does not otherwise restrict or eliminate the ability of other judges to do so.

The Legislature clearly intended as much when it passed Senate Bill 297 and, in signing the bill, I so intend as well. The purpose of this letter is to clarify that point.

Sincerely,

Governor Kate Brown

SB 851 is the offshore repatriation calculation bill known as GILTI.

The future fix for deconflicting the state program with the federal program is fine prospective. The policy the bill conveys forward is fine. In the Committee hearing, it was stated this impacted only a few large tax filers based on corporation returns. DOR believed every taxpayer was in the know. DOR estimate slightly more than a dozen tax filers. The bill requires amended returns by each of these tax filers back two years if not more. This is the first time since 2005, in which this Legislator has seen a tax law reach back 2-3 years. It may be unconstitutional. And a filer unaware of this action my file in court with the argument changes tax law back two or more years is a violation of the law. I stated this issue in the Committee for the record but provided a courtesy vote to forward the bill pending potential challenge in the court.

HB 3309 is simply wrong. It allows local government to build unsafe facilities in tsunami zones to save them money. The deaths that will result by building new emergency services facilities that will be destroyed, with deaths, will and should make the city, county and state liable for the deaths. This started two sessions ago allowing OSU to build on liquified Newport Bay so future students will die in a future tsunami. It is clear, the State of Oregon really does not care about tsunami preparation nor the lives of its citizens. Bad policy.

SB 181 – Message from the Governor that she signed on June 27 with the following explanation:

Dear President Courtney:

Today I am signing Senate Bill 181, which expands "child-caring agencies" to include county operated programs that provide services to children in the custody of the Department of Human Services or the Oregon Youth Authority.

ORS 418.215 requires child-caring agencies to be licensed and, to qualify for licensure, to be "duly incorporated under the corporation laws of any state." But county-operated programs are not incorporated. Because Senate Bill 181 does not amend ORS 418.215, it creates a conflict with existing law.

The Legislature has been alerted to this problem and, I am informed, is working to resolve it by amending another bill. But Senate Bill 181 contains an emergency clause and is therefore effective immediately. And there is no guarantee that another bill will pass this session.

In signing Senate Bill 181, it is my intent – and, I believe, it was the Legislature's intent – to allow county-operated programs to be licensed as child-caring agencies. With this letter, I am directing executive agencies under my authority to resolve the conflict between Senate Bill 181 and ORS 418.215 in favor of the later-enacted statute. See *State v. Ferguson*, 228 Or App 1, 4, 206 P3d 1145, 1147 (2009) ("[I]f earlier and later statutes are in irreconcilable conflict, then the earlier must yield to the later by implied repeal or amendment.") (internal quotation and citation omitted).

Sincerely,

Governor Kate Brown

SB 5519 A-Eng. – Read third time. Carried by Hansell. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5519 A-Eng. – Hansell requested the following written explanation be entered into the Journal:

SB 5519 is the budget bill for the Oregon Liquor Control Commission. The OLCC supports businesses, public safety, and community livability through education and the enforcement of liquor and marijuana laws. The Joint Committee on Ways and Means recommends a budget of \$247,412,476 Other Funds, and 363 positions (361.00 FTE). The recommendation includes investments in the following:

- Shipping and warehouse personnel, equipment and facilities;
- Information technology improvements and project management;
- Liquor and marijuana enforcement;
- Agent dispatch;
- Additional capacity in accounting, internal communications, and human resources; and
- An increase in liquor store agent compensation, which increased from an average of 8.93% of assumed sales to an average of 9.02% of sales.

The budget makes technical adjustments based on updated projections of the number of licensees, the continuation of the per-bottle surcharge imposed by the Commission, and for fee increases implemented by the agency and the legislature. Distillery tasting room sales are budgeted at an average of 17% of sales.

The recommendation results in an estimated \$341.1 million in liquor revenue distributed to the General Fund; \$107.7 million to

incorporated cities; \$75.4 million for City Revenue Sharing; \$53.7 million to Counties; \$19.7 million for mental health programs; and \$697,000 to the Oregon Wine Board.

The Joint Committee on Ways and Means recommends approval of SB 5519, as amended.

SB 5539 A-Eng. – Read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5539 A-Eng. – Steiner Hayward requested the following written explanation be entered into the Journal:

SB 5539 is the budget bill for the Oregon Watershed Enhancement Board. OWEB was established by the legislature as the agency designated to administer the lottery funds constitutionally dedicated to fund watershed conservation and restoration. SB 5539 also allocates lottery funds to other agencies to pay for activities eligible to be funded with Ballot Measure 76 lottery funds.

The budget supports OWEB with a total of \$8.3 million in operations Lottery Funds, \$17,926 Other Funds, and \$2.5 million Federal Funds to support administration of the grant program. The grant program budget is \$3.1 million Other Funds and \$42.8 million Federal Funds. Almost all of the federal monies are derived from the federal Pacific Coastal Salmon Recovery Fund.

Measure 76 Lottery Funds for local grant projects is included in SB 5540 to provide the agency with a six-year expenditure limitation for these projects.

The Joint Committee on Ways and Means recommends approval of SB 5539, as amended.

SB 5540 A-Eng. – Read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 26; Nays, 1 – Thatcher; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5540 A-Eng. – Steiner Hayward requested the following written explanation be entered into the Journal:

SB 5540 provides the Oregon Watershed Enhancement Board with a six-year limitation for local grant projects funded by Measure 76 Lottery Funds. At least 65% of the biennial revenue from Measure 76 that is dedicated to watersheds must be used for these types of projects. Many of the projects awarded funding by OWEB are multi-year efforts and OWEB only makes final grant payments upon completion of the project.

The Legislature addresses this by treating the local grants portion of the OWEB budget like capital construction projects, which have a six-year limitation. SB 5540 provides OWEB with \$82.2 million in Lottery Funds expenditure limitation for new Lottery Funds grants awarded during the next biennium.

The Joint Committee on Ways and Means recommends approval of SB 5540, as amended.

SB 155 B-Eng. – Read third time. Carried by Roblan. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 155 B-Eng. – Roblan requested the following written explanation of vote be entered into the Journal:

SB 155 requires all investigations involving suspected sexual

conduct by school employees or other individuals interacting with children in school-related settings to be conducted by either the Teacher Standards and Practices Commission or the Oregon Department of Education. The Department of Human Services is required to investigate reports of child abuse tied to school-related settings. In addition, regardless of setting, the bill makes DHS responsible for investigating all third-party reports of child abuse that are not investigated by a law enforcement agency.

The bill appropriates \$1.3 million General Fund to the Department of Education and provides 6 positions (4.22 FTE) to comply with the requirements of the bill. In addition, the bill appropriates \$1.1 million General Fund and increases Federal Fund limitation by \$1.2 million to the Department of Human Services and provides 13 positions (9.75 FTE) to comply with the provisions of the bill. Finally, the measure increases the Other Funds limitation for the Teacher Standards and Practices Commission by \$525,000 and 3 positions (2.25 FTE) to comply with the requirements of the bill.

The Joint Committee on Ways and Means recommends approval of SB 155, as amended.

SB 534 C-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

I voted against this bill because it overrules municipal planning regarding housing. Cities know best what their population needs, and to craft a “one size fits all” housing policy for the whole state ignores the unique qualities of each city, and the detailed plans they may already have in place.

SB 5511 A-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 26; Nays, 1 – Fagan; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5511 A-Eng. – Steiner Hayward requested the following written explanation be entered into the Journal:

SB 5511 is the budget bill for the Department of Geology and Mineral Industries. The Joint Committee on Ways and Means recommends a budget of \$2.5 million General Fund, \$2.8 million Other Funds, and \$2.9 million Federal Funds, for a total biennial budget of \$8.3 million, including 39 positions and 19.46 FTE. This reflects a one-year budget for the agency.

The Department has cash flow issues in both of its programs in the current biennium and the budget adjusts the 2017-19 legislatively approved budget. The budget includes \$650,000 General Fund to 2017-19 to support current operations and backfill overspending the General Fund appropriation in the Geologic Survey program. The budget also includes \$400,000 Other Funds limitation to support current operations of the Mined Land Reclamation program.

The 2019-21 budget includes the elimination of five positions in the Geologic Survey program that will provide the General Fund savings necessary to fund two new financial support positions within the agency. These new positions will provide additional grant and contract oversight for the program to eliminate overspending. Finally, there are three budget notes, including directing the Governor's Office and the Department of Administrative Services to report back in 2020 on a detailed strategic plan for the future of the agency.

The Joint Committee on Ways and Means recommends approval of SB 5511, as amended.

SB 5512 A-Eng. – Under rules suspension, read third time. Carried by Golden. Potential conflict of interest declared by Knopp. On passage of bill, the vote was: Ayes, 23; Nays, 4 – Baertschiger Jr, Heard, Olsen, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5512 A-Eng. – Golden requested the following written explanation be entered into the Journal:

The recommended budget includes Other Funds support for additional staffing resources to ensure effective oversight and delivery of the agency's housing stabilization, single-family, and multi-family divisions. Additional staffing will maintain accountability and accuracy in management, analysis, underwriting, and policy development for the dollars being invested in the agency. Additional staffing resources in the agency's Central Services division will support overall agency functions, including financial analysis, human resources, contracting, accounting, and executive support. The recommended budget creates a new single-family home ownership down payment assistance product financed entirely with Other Funds investment and fee for service revenue.

Management and coordination of efforts related to distressed manufactured housing and targeted home improvements for vulnerable residents are also supported by Other Funds.

General Fund investments in this budget include a combined total of \$40 million of state operating funding for the Emergency Housing Assistance program and the State Homeless Assistance Program, along with one-time enhancements of \$5 million for EHA and \$5 million for competitive shelter projects in the 2019-21 biennium. A 2019-21 investment of \$5 million General Fund is included for a Greater Oregon Housing Accelerator to incent development of housing outside the I-5 corridor. Also recommended is \$1.5 million in one-time General Fund support for home ownership counseling services.

In addition to SB 5512, there are several other policy bills making their way across the chamber floors that include funding for programs that will be administered by the Housing and Community Services Department.

The Department of Housing and Community Services provides critical services to our state and deserves adequate funding.

SB 5515 A-Eng. – Under rules suspension, read third time. Carried by Manning Jr. Potential conflict of interest declared by Knopp. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5515 A-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

SB 5515 is the budget bill for the Department of Justice. The Department is responsible for general legal counsel and supervision of all legal actions in which the state is a party or has an interest. DOJ is also responsible for several other programs including child support enforcement, crime victims' compensation, consumer protection, regulation of charitable organizations, and supporting the law enforcement community.

The budget totals \$652.1 million total funds, including: \$110.9 million General Fund, \$353.6 million Other Funds, and \$187.5 million Federal Funds. The total funds budget is a 4.6% increase from the 2017-19 legislatively approved budget. The budget includes 1,448 positions and 1,416.74 FTE.

The budget includes investments in statewide juvenile dependency representation; Victims of Crime Act funding; legal services for state agencies; the backfill of a revenue shortfall in the Division of Child Support; funding for a child support information technology project; and staff for the Division of Child Support. The Defense of Criminal Convictions is funded at forecasted caseload.

The budget includes reductions to meet statewide spending targets and to right-size the Mortgage Mediation and Tobacco Master Settlement Agreement programs. The budget eliminates 28 vacant positions.

The 2019-21 billable Attorney General rate for agencies will increase from \$182 for the 2017-19 biennium to \$214 and is estimated to generate \$229.3 million in revenue.

The Legislative Fiscal Office 2019 Joint Committee on Ways and Means rate is a 17.8% increase over the prior biennium. The increase is explained by standard budget adjustments plus the funding of one month of working capital reserve for cashflow purposes. The budget also includes policy packages that support increased demand for legal service by state agencies in the areas of business activities, natural resources, human services, transportation, housing, child support, and criminal defense. The working capital reserve is a one-time adjustment to replenish a drawn down that occurred during the 2017-19 biennium. Without adding the reserve, the increase in the rate would have been 12.1%.

The budget report includes one budget note related to limiting the agency's support of the Oregon District Attorneys Association to administrative functions and to the exclusion of all political, legislative, or lobbying activities.

The Committee approved the Department's key performance measures and updated targets, with instructions that an in-depth review be undertaken with a report back to the Legislature in 2020.

The Joint Committee on Ways and Means recommends approval of

SB 5515, as amended.

SB 5517 A-Eng. – Under rules suspension, read third time. Carried by Wagner. Potential conflict of interest declared by Gelser. On passage of bill, the vote was: Ayes, 23; Nays, 4 – Baertschiger Jr, Knopp, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 5517 A-Eng. – Wagner requested the following written explanation be entered into the Journal:

SB 5517 is the budget bill for Legislative Branch agencies. These agencies are Legislative Assembly, Legislative Administration, Legislative Counsel, Legislative Fiscal, Legislative Revenue, Legislative Research and Policy, and the Commission on Indian Services.

The budget includes branch-wide adjustments for pay equity costs and to account for centralized phone system costs. It establishes ongoing funds for media equipment replacement and Capitol building facility needs, as well as covers costs related to security projects initially funded in the 2017 biennium that are ongoing in nature. The budget also includes \$250,000 for the Document Publishing and Management System project for costs that cannot be covered by bond proceeds which are being proposed to be used to fund the rest of the costs of the project.

New positions are added to Legislative Administration for information technology, facilities, and employee services needs, as well as to Legislative Counsel and Legislative Fiscal to address workload and to better support the Joint Legislative Audit and Information Management and Technology Committees. Funding is included for realignment and reclassification of positions, and authorization is granted to reclassify additional positions as appropriate across the legislative branch. Any further costs incurred to reclassify positions is to be paid for within agency budget resources. In addition, a budget note directs the Legislative Policy and Research Office to prepare a plan by December 1, 2019 for upcoming redistricting work.

The bill also adjusts the 2017-19 budget to accurately reflect and account for expenditures made in this biennium. These adjustments are an increase of \$380,000 in Other Funds expenditure limitation for the Legislative Fiscal Office and the transfer of \$1 million General Fund from the Session appropriation to the Biennial appropriation for the Legislative Assembly.

The Joint Committee on Ways and Means recommends approval of SB 5517, as amended.

SB 5525 A-Eng. – Under rules suspension, read third time. Carried by Beyer. On passage of bill, the vote was: Ayes, 25; Nays, 2 – Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 116 B-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 17; Nays, 9 – Baertschiger Jr, Bentz, Boles, Hansell, Heard, Knopp, Olsen, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 2 – Boquist, Johnson. Bill passed.

SB 116 B-Eng. – Golden requested the following written explanation of vote be entered into the Journal:

I voted for this measure despite my unease at the provision that delegates to the legislature the duty to write ballot measure language for certain citizen-initiated measures. Since the legislature created whatever statute is under discussion, it seems to me that authority with less involvement in the history of the measure-such as the Attorney General or Secretary of State-would be a more appropriate author of this language.

That concern was outweighed by my sense of the importance of determining the outcome of any prospective repeal challenge to HB 3427 in January 2020 rather than some later date. Delaying implementation aspects of the program mandated by HB 3427 would, in my view, have unacceptably negative impacts on Oregon's public school students.

SB 171 B-Eng. – Under rules suspension, read third

time. Carried by Gelser. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 669 A-Eng. – Under rules suspension, read third time. Carried by Monnes Anderson. On passage of bill, the vote was: Ayes, 26; Nays, 1 – Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

SB 669 A-Eng. – Monnes Anderson requested the following written explanation be entered into the Journal:

SB 669 makes changes to the licensing, inspection, and regulation of in-home care agencies, which provide services to assist individuals with daily needs. The measure directs the Oregon Health Authority to establish training requirements for the workers who provide these services and authorizes OHA to deny or revoke the license of an in-home care agency for failure to comply with the training requirements or employment and wage laws. The measure also accelerates OHA's on-site inspection cycle of in-home care agencies from once every three years to once every two years.

Additionally, the measure requires the Department of Human Services to develop recommendations for methods to assess and monitor services provided by home care workers. These recommendations may include on-site or electronic monitoring of the workers by the case managers or service coordinators.

The estimated fiscal impact of the bill in 2019-21 is \$524,587 General Fund, \$125,000 Federal Funds, and four positions. The bill establishes the General Fund appropriations and Federal Funds expenditure limitation in OHA and DHS consistent with the impact on each agency.

The Joint Committee on Ways and Means recommends approval of SB 669, as amended.

SB 861 B-Eng. – Under rules suspension, read third time. Carried by Dembrow. On passage of bill, the vote was: Ayes, 18; Nays, 9 – Baertschiger Jr, Bentz, Boles, Hansell, Heard, Johnson, Olsen, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 5011 A-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 5011 is the budget bill for the Department of Consumer and Business Services.

The budget for the agency totals \$681,481,981 total funds, which is a 44.4% increase from the legislatively approved budget for the 2017-19 biennium and a 38.4% increase from the current service level. The vast majority of the increase is due to the provision of expenditure limitation related to the Oregon Reinsurance Program established by HB 2391 in the 2017 legislative session. Excepting those amounts, the agency's budget increases by \$1,182,182 total funds, which is a 0.2%

increase from the current service level.

The budget recognizes additional revenue from fees established for the Oregon Prescription Drug Price Transparency program and increased licensing renewal fees for Securities Broker-Dealers. \$168.1 million in revenue from retaliatory taxes and securities program fees are anticipated to be transferred to the General fund.

The budget continues funding for the COFA Islander Premium Assistance program and adjusts for federal revenues in the Oregon OSHA and Senior Health Insurance Benefit Assistance programs.

The Joint Committee on Ways and Means recommends approval of HB 5011, as amended.

HB 5027 A-Eng. – Under rules suspension, read third time. Carried by Taylor. On passage of bill, the vote was: Ayes, 24; Nays, 3 – Baertschiger Jr, Olsen, Thatcher; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 5033 A-Eng. – Under rules suspension, read third time. Carried by Wagner. On passage of bill, the vote was: Ayes, 26; Nays, 1 – Olsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 5033 A-Eng. – Wagner requested the following written explanation be entered into the Journal:

HB 5033 is the budget bill for the Department of Revenue. The Department administers almost 40 tax programs and collects more than 95% of the state's General Fund revenue. The Department oversees the county property tax function, collects and distributes taxes and fees for other state agencies and local governments, and acts as a collection's agency for state government. The Department also operates two tax relief programs for the elderly and persons with disabilities.

The Joint Committee on Ways and Means approved a budget of \$337.2 million total funds, including \$211.2 million General Fund and \$126.1 million Other Funds. The total funds budget is a 4.0% increase from the 2017-19 legislatively approved budget and a 2.6% increase from the 2019-21 current service level budget. The budget includes 1,018 positions and 973.35 FTE.

The budget sustains investments in the Core Systems Replacement project, a high-speed scanner project, and a Property Valuation System project. Funding is also continued for the administration of transportation and Heavy Equipment Rental taxes. The budget also includes funding for the auditing of marijuana tax filings and state lodging taxes. General Fund was provided to resolve long-standing funding issues in the Property Tax Division. In total, \$8.7 million was invested in the Department above the current service level.

Reductions to the budget include the elimination of 26 vacant positions, most of which were identified by the Department as being no longer needed.

The Subcommittee approved the agency's Key Performance Measures and targets, with direction that the agency conduct a comprehensive review and report back to the Legislature in 2020.

The Joint Committee on Ways and Means recommends approval of HB 5033, as amended.

Hansell, Heard, Johnson, Knopp, Olsen, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2015 A-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 2015 requires the Oregon Department of Transportation, Driver and Motor Vehicle Division, to issue regular (non-Real ID) driver licenses, instruction permits, or identification cards to applicants without requiring proof of lawful status in the United States. Applicants will pay the regular fee required for the document they are seeking and must present proof of age, identity, and Oregon residency.

This bill will result in a significant workload increase at DMV field offices, at least for the first six months of implementation, beginning January 1, 2021. The department will hire 68 limited-duration positions for the 2019-21 biennium to implement the bill. The department will also develop and implement a communication and outreach plan to ensure potential applicants are aware of the new program and understand the application process and requirements.

The bill provides Other Funds expenditure limitation of \$4,264,589 and directs the department to ensure compliance with the National Voter Registration Act.

The Joint Committee on Ways and Means recommends approval of HB 2015, as amended.

HB 2209 A-Eng. – Taylor requested the following written explanation be entered into the Journal:

HB 2209 increases regulations on high hazard trains, increasing safety for Oregonians. This bill requires railroads that own or operate a high hazard train route to have an oil spill prevention and emergency response plan approved by the Department of Environmental Quality.

Railroads that are required to submit these plans must pay a fee, capped in statute at 0.05% of gross operating revenues derived from within Oregon, which is the amount that DEQ finds necessary to defray eligible costs.

The measure also requires the owner of oil to pay the Department of Revenue a fee, capped in statute at \$20 for each rail car loaded with oil for transport through Oregon.

HB 2230 A-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 23; Nays, 4 – Baertschiger Jr, Bentz, Olsen, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 –

HB 2230 A-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

This bill adds Department of Corrections nurses to the statute regulating mandatory overtime for nursing staff in other public institutions. The bill provides exceptions to the mandatory overtime limits for certain emergency situations, such as unforeseen events, infectious disease epidemics and unplanned direct care vacancies.

It is anticipated to have a minimal fiscal impact on the budget for the Department of Corrections.

The Joint Committee on Ways and Means recommends approval of HB 2230.

HB 2333 C-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2333 C-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 2333 clarifies the difference between recreational vehicles, which are titled and registered with the Oregon Department of Transportation, and park model recreational vehicles (also known as “tiny homes on wheels”), which are more than eight and a half feet wide and may be titled, but not registered, with ODOT. The measure removes regulation of recreational vehicles from the Department of Consumer and Business Services.

The measure also includes recreational vehicles that are more than eight and a half feet wide in the definition of manufactured structures for property tax purposes and makes other technical changes.

The Department of Consumer and Business Services estimates a revenue reduction of \$571,032 in the 2019-21 biennium to its Recreational Vehicle and Manufactured Housing Inspection Programs. ODOT would incur some costs to implement the titling and registration changes but they are expected to be minimal.

The Joint Committee on Ways and Means recommends approval of HB 2333, as amended.

Prozanski granted unanimous consent to change vote from aye to nay.

HB 2437 B-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

I voted “no” on HB 2437 because the bill would put our wetlands at risk by decreasing regulations on traditionally maintained channels, allowing 3000 cubic yards of material to be removed at once, and placed on wetlands.

Our wetlands are a part of what makes Oregon such a unique place, both in terms of natural beauty and habitat for many species of plants and animals. This bill was intended to bring farmers to the table and provide increased oversight from the Department of Fish and Wildlife. However, the rollback of regulation regarding wetlands and the lack of

teeth given to ODFW to enforce their oversight were significant problems. I believe there are better ways to increase communication between regulatory agencies and farms, ways that don't have such a detrimental impact on critical natural habitat.

I voted "no" on HB 2437 in the Ways and Means Natural Resources Subcommittee and "no" on the Senate Floor today.

HB 2444 A-Eng. – Under rules suspension, read third time. Carried by Roblan. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 5014 A-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed. Knopp granted unanimous consent to declare a potential conflict of interest after the vote.

HB 5014 A-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 5014 is the budget bill for District Attorneys and Their Deputies. District Attorneys are separately elected constitutional officers who serve as the chief law enforcement officer in each county.

District Attorneys are state employees. The state funds their compensation and tort liability insurance; however, some 26 counties have elected to provide supplemental compensation for their local District Attorney. The funding of Deputy District Attorneys is a county government responsibility.

The Public Safety Subcommittee recommends a budget of \$12.95 million General Fund and 36 positions (36.00 FTE) for the 2019-21 biennium. This is a 0.3% decrease over the 2017-19 legislatively approved budget due to the phase-out of one-time dollars associated with grand jury recordation. The budget is funded at the current service level.

The budget includes a budget note related to the Legislature receiving updated information on the funding of each local District Attorney office.

The Committee approved the agency's key performance measures and targets.

The Joint Committee on Ways and Means recommends approval of HB 5014, as amended.

HB 5019 A-Eng. – Golden requested the following written explanation of vote be entered into the Journal:

I voted no on HB 5019, the budget bill for the Department of Forestry, because of glaring lack of adequate funds for fire mitigation and suppression.

The Department of Forestry plays a crucial role not just in forestry, but also takes on chief responsibility for wildland firefighting. In Oregon, the Department of Forestry has stepped up to address this critical threat, but lacks the resources to meet the scale of this emergency. The absence of increased funding for ODF fire mitigation and suppression does not reflect the accelerating need we have heard all session and ignores the crisis in Southern Oregon and other dry regions of the state.

I am grateful for all the work that the Department of Forestry does and want to ensure they have access to all the resources they need, but I cannot support a budget that does not realistically address the life-threatening crisis in my district and others.

HB 5021 A-Eng. – Under rules suspension, read third time. Carried by Roblan. On passage of bill, the vote was: Ayes, 24; Nays, 3 – Baertschiger Jr, Olsen, Thatcher; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 5021 A-Eng. – Roblan requested the following written explanation be entered into the Journal:

HB 5021 is the budget bill for the Office of the Governor.

The bill includes \$16,453,726 General Fund, \$3,962,796 Lottery Funds, and \$3,924,437 Other Funds for a total budget of \$24,340,959. This funding level continues all programs and provides additional resources for a Diversity and Inclusion Coordinator and a limited duration Census Coordinator. The budget also provides for staff adjustments to ensure the budget aligns with the Office's organization. These changes include the transfer in of an Education Policy Advisor from the former Chief Education Office. The net position change is an addition of three positions for a total of 62 positions (61.63 FTE). In addition, Other Funds expenditure limitation is included for Small Business Forums to be held around the state and for the purchase of two vans for the extradition program that is housed in the Governor's Office.

A budget note directs the Office to work with the Department of Administrative Services to evaluate alternative funding source methodologies, including an assessment-based approach and to present the findings to the 2020 Legislature. The budget note includes direction regarding positions loaned by agencies to the Governor's Office noting that such actions should be limited to issues that are temporary in nature.

The Joint Committee on Ways and Means recommends approval of HB 5021, as amended.

HB 5025 – Roblan requested the following written explanation be entered into the Journal:

HB 5025 ratifies fee modifications for the Private Career School program at the Higher Education Coordinating Commission. The Private Career School Advisory Committee, which includes representatives of the schools, recommended these increases. The revenue from these fees are assumed in the Commission's budget.

The Joint Committee on Ways and Means recommends approval of HB 5025.

HB 5032 A-Eng. – Roblan requested the following written explanation be entered into the Journal:

HB 5032 is the budget bill for the Public Employee Retirement System. PERS administers the retirement plans that cover most of Oregon's public employees. It also administers self-pay health care plans for qualified retirees.

The General Government Subcommittee approved a total budget of \$12.7 billion Other Funds. \$12.5 billion of the total is for benefit payments to retirees. The administrative budget totals \$163.4 million and is a 60.7% increase from the 2017-19 legislatively approved budget. The budget includes 419 positions for 414.32 FTE.

The largest increase in the administrative budget totals \$40 million and 43 positions for the implementation of SB 1049 - the PERS reform measure. A budget note directs reporting to the Legislature in 2020 on the implementation of SB 1049.

The other material increase is for \$11.5 million for the School District Unfunded Liability Fund due to a transfer of revenue from the Common School Fund.

The budget also includes funding for cybersecurity, disaster recovery, and the agency's move to the State Data Center. There are seven new operational staff added across various divisions as well as funding for deferred maintenance. The budget eliminates two vacant positions.

The Joint Committee on Ways and Means recommends approval of HB 5032, as amended.

The Transportation and Economic Development Subcommittee approved a total funds budget of \$4.5 billion, an increase of 5.8% compared to the current biennium.

HB 5039 provides resources to fund several major initiatives at ODOT, including further implementation of HB 2017, the issuance of REAL ID driver license and identification cards beginning in July 2020, and the continued modernization of DMV's computer systems. The budget includes:

- \$2.7 billion for highway projects and maintenance;
- \$549.8 million for debt service, including \$25.3 million General Fund;
- \$320.4 million for public transit;
- \$245.6 million for DMV operations; and
- \$73.9 million for Rail programs, including funding for the Amtrak Cascades train.

The budget supports a total of 4,796 positions (4,682.91 FTE)

The Committee recommendation includes a budget note directing ODOT to consolidate two nearly identical public transit grant programs -- the Special Transportation Fund and the Statewide Transportation Improvement Fund -- to reduce its administrative costs and the administrative burden on local public transit agencies and providers.

The Department of Transportation provides critical services to our state and deserves adequate funding.

HB 5042 A-Eng. – Wagner requested the following written explanation be entered into the Journal:

HB 5042 is the budget bill for the State Treasurer. The Treasurer manages short, intermediate, and long-term investments for state agencies and participating local governments. The Treasurer also coordinates and approves bond sales, administers the Oregon 529 Savings Network, the Oregon Retirement Savings Board, and the Public Funds Collateralization program.

The General Government Subcommittee approved a budget of \$93.5 million Other Funds. The budget includes 166 positions and 164.47 FTE.

The budget includes additional resources for the Investment Management Division and information security program. Also approved is a funding realignment package associated with Oregon's 529 savings programs and the Oregon Retirement Savings Board. One long-term vacant position is abolished. HB 2352 A-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 21; Nays, 6 – Baertschiger Jr, Boles, Heard, Olsen, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2352 A-Eng. – Steiner Hayward requested the following written explanation be entered into the Journal:

HB 2352 creates a Towed Watersports Program within the Oregon State Marine Board for the Newberg Pool Congested Zone.

The Marine Board is authorized to collect a fee, estimated at \$124, for the issuance and renewal of a two-year towed watersports endorsement decal.

Agents may be appointed to issue the endorsement and collect the fee with an additional \$2 service charge.

Fees collected must support the costs of administering and implementing the towed water sports program and to assist with paying the costs of law enforcement activities.

HB 2508 B-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2508 B-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 2508 appropriates \$2 million General Fund to the Department of Human Services to award grants to refugee resettlement agencies. The bill specifies that \$200,000 of the appropriation must be distributed to a culturally responsive employment service provider to be selected by the department.

The Federal Office of Refugees Resettlement defines a refugee as any person admitted to the United States under federal laws who cannot return to their own country out of fear they will be persecuted due to race, religion, political opinion, or national origin. Resettlement agencies [such as Catholic Charities, Lutheran Community Services Northwest, and Sponsors Organized to Assist Refugees] help refugees in Oregon resettle by providing services, for up to two years, to refugees who are within five years of arrival. Assistance includes help to obtain a Social Security card and DMV identification, education on opening a bank account and how to pay rent and utility bills, English language instruction, assistance to enroll children in school and making health screening appointment, as well as identifying refugees' employment skills and providing referrals to employment skills training and other job support services.

Historically, the Department of Human Services funds refugee services with federal funds. However, Oregon has just received notice of suspension of federal obligations for social services for the third quarter. Passage of this bill mitigates the impact of this suspension in federal funding, on both refugees and resettlement agencies. This funding would serve approximately 900 refugees.

The Joint Committee on Ways and Means recommends approval of HB 2508, as amended.

HB 2574 A-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill, the

vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2574 A-Eng. – Steiner Hayward requested the following written explanation be entered into the Journal:

HB 2574 includes three separate but related provisions regarding shellfish resources in Oregon.

First, the bill requires the Department of Land Conservation and Development to receive, consolidate, and organize public records of federal, state, or local governments concerning shellfish mariculture in Oregon and to arrange those materials into a suitable format for stakeholder access; making that information publicly accessible. The measure appropriates \$200,000 from the General Fund to the department for those activities.

Second, the bill requires prospective applicants for the cultivation of oysters, clams, or mussels to participate in preapplication conference with the Oregon Department of Agriculture and other appropriate local, state, and federal agencies at least 30 days prior to filing application and appropriates \$200,000 from the General Fund to the department for work related to the preapplication conferences.

Lastly, the bill requires the Oregon Department of Fish and Wildlife to establish and administer a program for community outreach and education regarding opportunities for the recreational harvest of shellfish, and requires ODFW cooperate with Indian Tribes and the Oregon State Police in an effort to enhance enforcement of commercial and recreational shellfish catch limits. The measure appropriates \$160,000 from the General Fund to ODFW for administration and enforcement of the program.

The Joint Committee on Ways and Means recommends approval of HB 2574.

HB 2579 B-Eng. – Under rules suspension, read third time. Carried by Taylor. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2579 A-Eng. – Taylor requested the following written explanation be entered into the Journal:

HB 2579 expands the types of entities that may receive grants from the Farm-to-School Grant Program; the purposes for which the grant may be used; and the types of entities that may receive grants for food-based, agriculture-based, or garden-based educational activities.

New potential recipients include Oregon food producers such as farmers, ranchers, and seafood harvesters. In addition, the bill expands eligibility to centers-based programs for children in the Child and Adult Care Food Program and entities that provide Summer Food Service.

The bill also directs the Oregon Department of Education to evaluate the effectiveness of the programs and to ensure that technical assistance and resources are provided to certain entities.

The measure directs the Department of Agriculture to enter into an agreement with the Department of Education to distribute funding for infrastructure and equipment.

This bill is good for Oregon's farmers. The grant money will ensure that schools can buy food from Oregon's farms, so that the money spent is re-invested in the community.

This bill is good for children. One young student at Portland's Bridlemile Elementary School wrote that he wanted to become a firefighter so that he could help people. To do that, he says he will need to be "big and strong and healthy".

This program gives children access to fresh fruits and vegetables, important sources of nutrition that may otherwise be absent for some children's diets.

The bill appropriates a total of \$10.35 million General Fund to ODE for the purposes of the Farm-to-School program. \$7.4 million General Fund will go for agricultural purchases. Included is \$500,000 General Fund for ODA to provide infrastructure and equipment grants for Oregon Producers.

The appropriation will be used to pay for education, training, technical assistance, and program administration.

HB 2600 B-Eng. – Under rules suspension, read third time. Carried by Wagner. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2600 A-Eng. – Wagner requested the following written explanation be entered into the Journal:

HB 2600 requires long term care facilities, conversion facilities, and residential care facilities providing care to six or more residents to adopt protocols and procedures for preventing and reporting disease outbreaks. These facilities must designate a qualified person with specialized training to be responsible for the protocols, and to serve as a contact for the Department of Human Services and the Oregon Health Authority regarding outbreaks. Employees of these facilities must receive training in recognizing disease outbreaks and infection control. The bill requires the Department of Human Services prescribe requirements for training and to conduct annual onsite inspections of facilities' kitchens and food preparation areas. The bill stipulates that the inspections must be conducted by an individual who has training and expertise in food sanitation.

DHS estimates there are approximately 275 facilities that will be subject to annual onsite inspections. To conduct these inspections, DHS anticipates establishing three permanent full-time Client Care Surveyor positions. The bill authorizes DHS to charge the facility a fee of up to \$200 for inspection. Fees collected are to be deposited into the Quality Care Fund and continuously appropriated to DHS to conduct the required inspection. While the fees are not anticipated to fully cover the cost of inspections, other Quality Care Fund revenues are projected to be available to cover the remainder. The Joint Committee on Ways and Means recommends approval of HB 2600, as amended.

HB 2618 B-Eng. – Under rules suspension, read third time. Carried by Golden. Potential conflict of interest declared by Thatcher. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2706 A-Eng. – Under rules suspension, read third time. Carried by Beyer. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2817 A-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2849 B-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2849 B-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 2849 restricts the circumstances under which a child may be placed into protective custody by the Department of Human Services, or others, without a protective custody order from the court.

The provisions of this bill will result in statewide application of the tighter standard for removal, but should not result in a significant increase in requests for protective custody orders.

DHS will monitor the impact of this bill on the child welfare division and collect data on protective custody order requests. DHS may incur a fiscal impact if there are additional requests for Department of Justice assistance, but also may see cost savings with fewer removals. The fiscal impact to DHS is indeterminate.

The Joint Committee on Ways and Means recommends approval of HB 2849, as amended.

HB 2896 B-Eng. – Under rules suspension, read third time. Carried by Golden. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 2896 B-Eng. – Golden requested the following written explanation be entered into the Journal:

Per my floor speech introducing this measure, I offer the following explanatory details of HB 2896:

The bill appropriates \$15 million General Fund to the Housing and Community Services Department toward these efforts, as follows:

- \$9.5 million to seed the preservation and affordability loans;
- \$2.5 million for manufactured dwelling replacement, decommissioning, and for advisory committee expenses; and
- \$3 million for infrastructure development at a manufactured dwelling park in Springfield Oregon.

\$5.5 million is transferred to the Manufactured Home Preservation Fund and spent as Other Funds.

HB 2910 B-Eng. – Under rules suspension, read third time. Carried by Frederick. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3064 B-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3064 B-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 3064 makes changes to the Justice Reinvestment Grant Program administered by the Criminal Justice Commission.

HB 3064 expands the membership of the Justice Reinvestment Program Grant Review Committee to include two members from underserved communities, and modifies the way in which grant applications are reviewed and funds distributed. It requires an advisory committee be created to make recommendations on ways to increase equity in allocation of Justice Reinvestment funds. It requires a county's grant application for Justice Reinvestment funds to demonstrate a decreased use of prison capacity and a commitment to reducing recidivism while protecting public safety and holding offenders accountable. It provides funding to the Criminal Justice Commission on a one-time basis to conduct an assessment of how much prison capacity each county uses.

The Joint Committee on Ways and Means recommends approval of HB 3064, as amended.

HB 3136 B-Eng. – Under rules suspension, read third time. Carried by Roblan. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3145 B-Eng. – Under rules suspension, read third time. Carried by Prozanski. On question of passage of bill, the vote was: Nays, 27 – Baertschiger Jr, Bentz, Beyer, Boles, Burdick, Dembrow, Fagan, Frederick, Gelsner, Golden, Hansell, Hass, Heard, Johnson, Knopp, Manning Jr, Monnes Anderson, Olsen, Prozanski, Riley, Roblan, Steiner Hayward, Taylor, Thatcher, Thomsen, Wagner, President Courtney; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill failed.

HB 3145 B-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

I voted no on this bill because a task force is not what we need at this time. We don't need to study the public defense system—there have been many studies, all of which explain in detail the changes and investments that need to happen in order to have a system of public defense which upholds people's constitutional rights. This bill would have delayed any real investment by wasting money on another study which would tell us the exact same thing. We have the information. Now is the time to act on it. For this reason, I voted "no" on HB 3145.

HB 3165 B-Eng. – Under rules suspension, read third time. Carried by Wagner. On passage of bill, the vote was: Ayes, 24; Nays, 3 – Baertschiger Jr, Olsen, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3165 B-Eng. – Wagner requested the following written explanation be entered into the Journal:

HB 3165 appropriates \$950,000 General Fund to the Oregon Health Authority for the 2019-21 biennium to award planning grants to 10 school districts or education service districts. The bill directs the Oregon Health Authority, in consultation with the Oregon Department of Education, to select 10 school districts or education service districts to receive planning grants for district planning and technical assistance in evaluating the need and developing a plan for school-based health services, which must include an alternative model to the school-based health center model.

The alternative approach should focus on services for a specific community need, such as mental health services, school nursing services, dental services, primary care or trauma informed services, and must involve a partnership with a coordinated care organization, a federally qualified health center, a local public health authority, or another major medical sponsor. The alternative approach must also identify a process for billing insurance, medical assistance, or another third-party payer, or identify other funding for the cost for services.

The Joint Committee on Ways and Means recommends approval of HB 3165, as amended.

HB 3183 B-Eng. – Under rules suspension, read third time. Carried by Wagner. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3273 B-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3273 B-Eng. – Steiner Hayward requested the following written explanation be entered into the Journal:

HB 3273 requires certain specified drug manufacturers to use program operators to participate in a drug take-back program. Covered manufacturers must pay all costs associated with participating in a drug take-back program. With passage of the measure, the Department of Environmental Quality and the Oregon Board of Pharmacy will be responsible for ensuring compliance with the drug take-back program. Program operators must submit program plans to the Department of Environmental Quality for approval.

DEQ estimates the fiscal impact of administering the drug take-back program to be \$258,202 Other Funds and 2 positions (0.94 FTE) for the 2019-21 biennium, and \$144,586 Other Funds and 1 position (0.50 FTE) for the 2021-23 biennium. The measure authorizes DEQ to assess fees to pay the costs of administering the program.

The Joint Committee on Ways and Means recommends approval of HB 3273, as amended.

HB 3447 A-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill, the vote was: Ayes, 26; Nays, 1 – Thatcher; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3447 A-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 3447 is a revenue bill. It adjusts court fees for inflation. This includes filing, motion, settlement conference, trial, document, and marriage solemnization fees. Under the measure, these statutory fees will increase 6% effective October 1, 2019.

In addition, the measure will decrease the standard filing fee for foreign judgments to correct an error that occurred in 2017 (when the fees were last adjusted); and clarify the ability of a successful plaintiff to collect amounts related to the costs of enforcing judgments, including obtaining and executing a writ of garnishment.

The measure is expected to generate \$3.4 million in 2019-21. About \$290,000 of this amount will go directly to the courts for technology and operating costs, with the balance deposited into the General Fund.

The Joint Committee on Ways and Means recommends approval of HB 3447, as amended.

HB 3450 A-Eng. – Under rules suspension, read third time. Carried by Knopp. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

HB 3452 – Under rules suspension, read third time. Carried by Knopp. On passage of bill, the vote was: Ayes, 27; Absent, 2 – Girod, Linthicum; Excused, 1 – Boquist. Bill passed.

Projects are funded with proceeds of bonds authorized in HB 5005, as well as other revenues and federal grants received by agencies.

The Joint Committee on Ways and Means recommends total capital construction expenditure limitation for the 2019-21 biennium of \$495.1 million Other Funds and \$33.7 million Federal Funds. Capital construction expenditure limitation is established for a six-year period. Projects approved in this bill will expire on June 30, 2025. The bill also extends dates and adjusts limitation for previously approved projects.

HB 2002 B-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 28; Absent, 2 – Girod, Linthicum. Bill passed. Gelser, excused when roll was called, granted unanimous consent to vote aye.

HB 2002 B-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 2002 clarifies and refines provisions of statute that require a property owner or long-term lessee of publicly supported housing to provide notice to Housing and Community Services and local governments when affordability restrictions expire or the property is intended to be withdrawn from the program. This enables interested qualified buyers to have an opportunity to purchase the property to maintain it as affordable housing.

As amended, bill language was removed that pertained to the issuance of lottery bonds that would fund awards for preservation of affordable housing. Decisions regarding bonds will be made in the context of the larger state-wide budget, based on recommendations made by the Joint Committee on Ways and Means.

The Joint Committee on Ways and Means recommends approval of HB 2002, as amended.

HB 2005 B-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

Thank you for the opportunity to submit a vote explanation in support of House Bill 2005, as a I kept my comments on the floor brief.

First and foremost, I want to be clear that House Bill 2005 was the result of a bi-partisan workgroup, made up of a variety of stakeholder groups. I want to thank each member for making it to many meetings the 2018 session, for staying at the table through difficult conversations, and diving into the details so that we could make certain we crafted a policy that would function well, and that our state could carry out. Which also would feel fair to employers, and workers who will benefit from what is, in my opinion, an overdue policy.

Family and medical leave is defined as protected time off from work used to recover from a serious illness, care for an ill family member with a serious illness or bond with a newborn, newly adopted, or foster child.

The United States is one of only a few nations in the world that does not provide paid maternity leave to working mothers, and one of only a handful of economically advanced nations that does not guarantee the right to paid leave for fathers or workers who provide care for seriously ill family members.

The final bill before us today has buy in and support from stakeholders because it reflects a program which is:

- Affordable for employers and workers and that requires investment from both sides of the equation
- Provides protections for our small employers
- Is aligned with existing family leave programs
- Provides protection for employers when hiring temporary or replacement workers when their workers choose to take their leave
- Gives reasonable benefit leave time that allows workers, especially expecting mothers and fathers the time to bond with their infants, and adopted or fostered family members
- This statewide policy will ensure consistency and predictability for Oregon employers
- This measure also provides accurate cost accountability for the State for workers and employers who pay into the system

HB 2005 includes a definition of family member that covers an individual related by blood or affinity whose close association with a covered individual is the equivalent of a family relationship. This “blood or affinity” standard has been used by the federal government for more than 45 years, and it has been expanded repeatedly.

This program is based largely on Oregon’s Unemployment Insurance program and will be administered by the Oregon Employment Department. It utilizes the same structure and standards already used by Unemployment Insurance to prevent fraud, enforce collections and provide an administrative appeal process in the Office of Administrative Hearings.

Like Unemployment Insurance, this insurance will be portable and will follow a worker without gaps in coverage when they change jobs, provided a worker has earned at least \$1,000 in the base year look-back. Self-employed individuals and tribal governments will also be able to opt-in to the program.

The insurance program will be funded by payroll contributions from both employers and employees. The contribution rate is statutorily capped at no more than 1% of payroll, with employers contributing 40% of the overall premium and employees contributing 60%. Small employers - those with under 25 employees - will be able to opt-out of the employer share of the premium.

We also made certain employers have the ability to provide their own voluntary plans. HB 2005 allows for employers who wish to operate their own paid family and medical leave programs to do so, provided the employee benefits of a voluntary plan meet or exceed the state plan benefits.

A portion of the bill that was most important to me, personally, included that employees who earn low wages will receive 100% wage replacement during their leave time. For higher income earners that percentage drops, for our highest income earners wage replacement is at 65%.

It was important to all involved that we make certain this program is set up correctly, and will function when it becomes operative. We also wanted to give employers sufficient time to plan and prepare. Therefore, similar to the process already underway in Washington, agencies will begin preparations to administer the fund almost immediately after passage. Collection of the payroll assessment will not begin until January 1, 2022. This will give them time to complete rulemaking and prepare to successfully administer the program.

These contributions will be collected for one year before the program will begin providing benefits on January 1, 2023.

We have drafted HB 2005 to be as simple as possible for employers to administer and the Employment Department will be making coverage determination on whether or not an employee is eligible and for how long, the employer won’t have to assess whether someone is eligible or not or determine for how much time they qualify.

At some point, almost every Oregonian will need to take time away from work to deal with a family or medical issue, whether it’s to welcome a new child, help a loved one with a serious illness or injury, or to deal with your own health issue.

I strongly support House Bill 2005 and I am very grateful that it passed on the Senate Floor today.

HB 2006 B-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 26; Absent, 2 – Girod, Linthicum; Excused, 2 – Fagan, Prozanski. Bill passed. Gelsler, excused when roll was called, granted unanimous consent to vote aye.

HB 2006 B-Eng. – Manning Jr requested the following written explanation be entered into the Journal:

HB 2006 appropriates \$3 million General Fund to the Housing and Community Services Department for grants to support or develop programs that help people to obtain and retain housing. Examples include tenant education programs, technology solutions that help low income people find available housing, and fair housing training for tenants and landlords. General Fund of \$3 million is also appropriated to the Department of Justice for assistance to victims of domestic violence

and sexual assault with housing needs.

Minor adjustments are also made to correct for errors discovered after the passage of SB 608, which has to do with no cause evictions. These adjustments include fixing a mistaken cross reference and clarifying that a landlord's non-rental residence does not count when computing whether that landlord is subject to relocation assistance provisions.

The Joint Committee on Ways and Means recommends approval of HB 2006, as amended.

HB 2007 B-Eng. – Under rules suspension, read third time. Carried by Steiner Hayward. On passage of bill the vote was: Ayes, 17; Nays, 11 – Baertschiger Jr, Bentz, Boles, Boquist, Hansell, Heard, Johnson, Knopp, Olsen, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum. Bill passed. Gelser, excused when roll was called, granted unanimous consent to vote aye.

HB 2164 A-Eng. – Under rules suspension, read third time. Carried by Hass. Potential conflict of interest declared by Hass. On passage of bill the vote was: Ayes, 23; Nays, 4 – Bentz, Boquist, Heard, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 1 – Gelser. Bill passed.

HB 2164 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2164 vote explanation. The bill needs to pass and if necessary, would provide the passage vote. The tax credits are critical to low income and other citizens. However, it was combined with sales tax, GST, technical fixes for which I opposed. Therefore, opposed the main bill.

HB 2164 A-Eng. – Knopp requested the following written explanation of vote be entered into the Journal:

I'd like to note that the bill exempts non-profit organizations from the corporate activity tax, but expressly notes that they are not exempt with respect to their "unrelated business income" that is taxable under the Internal Revenue Code. Similarly, the bill exempts foreign insurance companies from taxation, but expressly limits the exemption to certain revenue streams that are already subject to taxation under Oregon law. Fortunately, these same limitations do not apply to the coordinated care organizations and prepaid managed health services organizations that are already subject to assessments under section 9, chapter 538 of Oregon Laws 2017. Those CCOs and DCOs, which provide critical health services to Oregon Health Plan members, are exempt from the corporate activity tax without any qualification whatsoever. This ensures that they can focus on their mission of providing care to Oregon's most vulnerable populations. Some DCOs were concerned about that, and this bill helps eliminate that concern.

HB 2173 B-Eng. – Under rules suspension, read third time. Carried by Golden. On passage of bill the vote was: Ayes, 27; Nays, 1 – Thomsen; Absent, 2 – Girod, Linthicum. Bill passed.

HB 2173 B-Eng. – Golden requested the following written explanation of vote be entered into the Journal:

Per my introductory comments on the floor today, details of HB 2173 include the following:

The bill includes Lottery Funds and Other Funds limitation and position authority for the Oregon Business Development Department to establish the broadband service infrastructure grants and loans program. The bill also includes a \$1 Other Funds place marker for loans and grants and includes a budget note directing the Oregon Business Development Department to submit a plan for the broadband loans and grants program to the Joint Committee on Ways and Means during the 2020 legislative session. After submission of this plan, the Legislature may increase expenditure limitation for disbursement of loans and grants.

HB 2001 B-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

I voted “No” on House bill 2001. What follows are my reasons for doing so and my concerns regarding that bill.

Portland does not have a shortage of housing. Portland is full of high-end apartments that sit empty. The problem is that Oregonians cannot afford Portland’s housing, and this bill does not solve that problem. HB 2001 fails to acknowledge market forces that focus investment on the highest profit not the greatest social needs. Allowing the Home Builder’s association to build whatever they want wherever they want will not mean that they build affordable housing for Oregon’s homeless, or for those trapped in a rent situation where they are forced to pay upwards of 50% of their income on rent alone. The Home Builder’s Association will continue to build what they have been building—high end apartments. They will not build housing that minimum wage workers can rent or buy unless they are specifically required to. HB 2001 gives Oregonians no guarantee of a better housing situation. For this reason, I had to vote no.

HB 2001 disrupts established viable neighborhoods by randomly inserting much larger structures together with loss of privacy and green infrastructure. The bill supersedes the fundamental intent of Oregon’s SB 100 that mandates local control of and citizen engagement in land use decisions. This bill will incentivize demolition of smaller, less expensive houses-- our most affordable housing stock. I believe this will result in random infill redevelopment not with affordable small housing units but with new, large, expensive infill. Once again, there is no requirement that these dwellings be affordable. There is no guarantee that they will be accessible to minimum wage workers. This session, a constituent of mine called the office trying to discover where he could live on minimum wage.

The answer seemed to be nowhere. That answer will not be changed by HB 2001. This bill is not an answer to Oregon’s housing crisis.

House Bill 2001 will displace vulnerable communities by pricing out lower-income families and advantages developers to outbid family home buyers. Additionally, the bill will overburden local services and infrastructure including schools, sewers, parking and roads and harm our environment by demolishing houses and cutting down trees. The greenest house is the house that already exists.

This bill is opposed by the League of Oregon Cities, many individual cities and towns, planning organizations, and the great majority of Oregonians whose neighborhoods will be rezoned. This bill is opposed by the people who sent me here to represent them.

HB 2001 is a bill made developers, posing as a solution for a very real housing crisis—but the crisis is not one of supply, but one of affordability. It is not the result of zoning regulations, at least not in Portland. The affordability gap will not be resolved by eliminating single family zoning. HB 2001 will, however, result in displacement of residents of every income especially the poor and disadvantaged. HB 2001 fails to consider the negative environmental, financial, and social impacts on existing residents and violates the spirit and letter of Oregon’s proud history of sensible land use planning.

I voted against house Bill 2001 because it will not mandate any affordability in the new infill redevelopment, making it likely that all new units simply exacerbate the problem of empty expensive apartments in Portland. I voted no because it will not allow cities to plan density or growth near transportation or services-- well thought out density is most likely to benefit people and HB 2001 does not do this. I voted no because this bill will not result in affordable housing because new construction is more expensive than the less expensive houses it will replace.

Most importantly, I voted no because my constituents understand how bad this bill is, and have asked me to vote no. It is my responsibility, as an elected official, to represent their best interests, and their wishes.

HB 2270 B-Eng. – Burdick moved that the rules be suspended to take action on third reading. Motion carried by unanimous consent.

Senate reverted to the order of Third Reading of House Measures by unanimous consent at the request of the Chair.

HB 2270 B-Eng. – Under rules suspension, read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 18; Nays, 8 – Bentz, Boles, Hansell, Heard, Knopp, Olsen, Thatcher, Thomsen; Absent, 2 – Girod, Linthicum; Excused, 2 – Baertschiger Jr, Boquist. Bill passed.

HB 2270 B-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

Thank you for the opportunity to file a vote explanation in support of HB 2270. Due to time constraints, I kept my floor carry brief, and would like to offer additional details for the record. HB 2270 is a bill to refer an increased tobacco tax to the 2020 general election ballot. If the bill were to pass on the ballot, a tax would be added to certain tobacco and nicotine products.

The additional two dollar tax on cigarettes would be dedicated to the Oregon’s medical assistance program and other programs addressing tobacco and nicotine use related health and mental health issues.

If the measure were to pass the ballot it would also amend the expense payment provisions in cigarette tax administration and enforcement, and establish a floor tax and additionally dedicate this tax to the Oregon Health Authority Fund.

HB 2270 will also include smaller sized cigars commonly sold at convenience stores in the definition of cigarettes and adds to statute the definition of inhalant delivery system for the purpose of taxing tobacco products. If the measure were to pass, it would also impose a tax on inhalant delivery systems – which deliver nicotine-based products – and preempts local governments from additional taxation. Taxes from inhalant delivery systems would go to the state’s medical assistance program and various programs addressing tobacco and nicotine use related health and mental health issues.

It would also increase the cap on the per cigar tax to \$1.00. The measure would apply to cigarette tax and tobacco products tax reporting periods beginning on or after January 1, 2021 and it specifies reporting and information sharing mechanisms.

The last cigarette tax increase began following the 2013 special session, with tiered increases occurring until 2015. Since that time, we

have seen a marked increase in the use of inhalant delivery systems, especially by youth. I support this measure, and I will support it should it be on our 2020 general election ballot.

HB 5050 A-Eng. – Golden requested the following written explanation of vote be entered into the Journal:

My yes vote on HB 5050 reflects my understanding of the difficulty of assembling an end of session appropriations bill when Oregon's needs greatly outstrip available resources. That said, I am deeply disturbed by the last-minute decision to remove from the bill some \$348,000 previously intended to fund community-based Alternative Dispute Resolution programs around the state. This is, in my view, an extremely imprudent fiscal decision. These ADR programs have clearly and consistently saved public dollars by resolving a wide range of conflicts in the early stages, before they require resources from a variety of public safety, housing and other human service programs. I strongly believe this decision will eventuate before too long in significantly greater costs and lost revenue to state and local governments.

I urge the Emergency Board to strongly consider restoration of these funds at the soonest opportunity possible.

SB 1045 – Message from the Governor announcing she signed with the following explanation on July 15:

Dear President Courtney and Speaker Kotek:

The rising cost of housing in Oregon has created a crisis for families across the state, leading to a shortage of affordable housing and rising homelessness. No one policy can solve these complicated problems, so we as policymakers should be open-minded about solutions.

At the same time, we must invest our tax dollars wisely and ensure that we are using every dollar carefully.

Senate Bill 1045 attempts to find a new way to incentivize housing for Oregonians who otherwise couldn't afford it by providing landlords with a subsidy for sharing their homes. However, the bill's use of local property tax dollars to pay for the rental subsidies at the heart of the

program means we must be cautious about its implementation.

The legislature wisely limited this bill's applicability to 500 properties statewide. The bill gives counties and cities the flexibility to develop rules for the bill's implementation to ensure this program is meeting the policy goals of the legislature and that appropriate sideboards are in place.

I expect that as local governments develop these "home share" programs, they will hold the non-profit providers accountable to the policy goals of the legislature and thoroughly audit the program to ensure that the beneficiaries of the tax exemption are the low-income renters who the legislature aimed to help.

In order for this tax expenditure to succeed, it will need to be judiciously applied and carefully implemented.

Sincerely,

Governor Kate Brown
