**TABLE OF SECTIONS
AMENDED, REPEALED
OR “ADDED TO”**

ORS SECTIONS AMENDED, REPEALED OR “ADDED TO”

From left to right in the columns of the table below are found:

(1) The section, series of sections or chapter of Oregon Revised Statutes.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the ORS section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the ORS chapter or series.

(3) The following information about the section and measure by which ORS is amended, repealed or “added to”:

(a) The section number and Senate or House measure number;

(b) The section number and current session measure number or previous session measure number if a measure was re-passed over the Governor’s veto, followed by “OV” for a current session overturned veto or “OVP” for a previous session overturned veto; or

(c) The section number and boldfaced ballot measure number if an initiative petition was approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

SB 1506 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1506 is a minor technical change to status of the Public Records Advocate and Public Records Advisory Council with major impacts. The Public Records Advocate resigned last year due to unethical and undue influence against her advocacy by the Executive Branch. Despite public pronouncements from the Governor and Attorney General both have been factually involved in blocking public records releases. Everyone is entitled their opinions, but those who defended the de facto termination of the Public Records Advocate is appalling for the future of any democracy or republic. Even in this bill process, at the Committee level, majority leadership attempted to kill the bill by sending it to Joint Ways & Means Committee to die even after passage. Joint efforts by all members of the General Government Committee led to the passage of this bill. Senator Riley was instrumental in keeping the bill on course along with Senator MonnesAnderson and Senator Golden. Hopefully, it is not killed in the House.

Baertschiger Jr. moved that in compliance with Article IV, section 19, of the Oregon Constitution, and notwithstanding any provision of the Senate Rules for the 2020 Regular Session of the Eightieth Legislative Assembly, the requirement that on its final passage each bill shall be read section by section be suspended for SB 1522, 1533, and 1575 only. Motion carried by unanimous consent.

SB 1511, 1535 – Read second time and passed to third reading.

SB 1522 A-Eng. – Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 30. Bill passed.

SB 1522 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1522 is a technical change to the reporting and investigation bill of last Session. It started supposedly as a simple fix but has evolved from TSTB to a broader set of changes. It appears to have become more complex than intended for the short session. However, the working group seems to have come to a starting point to attempt a variety of technical changes. Therefore, waiting for the long session would be just that ... a waiting period. Thus, better to see if this will work now then fix again in the long session if necessary. More changes will be required. Some aspects of the bill are in progress already hence the emergency clause.

SB 1533 A-Eng. – Read third time. Carried by Golden. On passage of bill the vote was: Ayes, 23; Nays, 7 – Baertschiger Jr, Boquist, Findley, Girod, Linthicum, Olsen, Thomsen. Bill passed.

SB 1533 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1533 is a technical increase to the amount per tenant to \$5,000. The fund is questionable in terms of fiscal. The bill needs to be evaluated by LFO to plan for the future. The concept is good but needs the proper evaluation in the House. Once evaluated for the fiscal and planning should be passed out of the House.

SB 1575 A-Eng. – Read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 26; Nays, 4 – Baertschiger Jr, Boquist, Findley, Thomsen. Bill passed.

SB 1575 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1575 could not be explained to this member by committee members. The proponents were very narrow with little explanation of the Implementation Work Group. It is nineteen pages. The Carrier did little to comfort the process. The bill may be OK, but the House needs to do a thorough review prior to passage. Thus, a NO at this time to signal a more thorough review in the House. Appears greater than simple technical fixes.

HB 4065 – Message from the House announcing passage.

HCR 204; HJR 202; HB 4013, 4035, 4058, 4065, 4090, 4108, 4125 – Read first time and referred to President’s desk.

Baertschiger Jr. moved that in compliance with Article IV, section 19, of the Oregon Constitution, and notwithstanding any provision of the Senate Rules for the 2020 Regular Session of the Eightieth Legislative Assembly, the requirement that on its final passage each bill shall be read section by section be suspended for SB 1511 only. Motion carried by unanimous consent.

SB 1531, 1551, 1567 – Read second time and passed to third reading.

SB 1511 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1511 is an eleven page repeat of a bill that failed last session. Today was the first time it was heard of by this member. It is politically designed to help one property in Silvies Valley that was subject to state sanctions. The sunset is testimony to this fact. The news story and reports are pretty explicit on the issue being political in nature. The bill is not appropriate for the short session as the issue needs wider vetting if nothing else notification. The beaver pond or beaver dam techniques may be appropriate but again the vetting needs a long session if this is scientifically true for Oregon.

HB 4075, 4095, 4097, 4142 – Read first time and referred to President's desk.

HB 4061, 4140 – Read second time and passed to third reading.

Boles and Findley granted unanimous consent to change votes from aye to nay.

SB 1535 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1535 sunset needed to be extended. However, the release and liability for release of records by DCBS appears improved but the data releasable appears to be widened. This is not the intent of this member to widen the release of potential records and creates a potential conflict between studier and regulators. The widening needs to be struck in House to make the bill appropriate. Having DCBC placed in the position is not good policy. Again, an amendment in the House would correct the bill.

SB 1567 – Senate is in receipt of a message that the minority report has been withdrawn. Bill to be considered in the normal course.

SB 1531 A-Eng. – Read third time. Carried by Hass. On passage of bill the vote was: Ayes, 29; Excused, 1 – Olsen. Bill passed.

SB 1531 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1531 is a series of technical tax code changes. Some required for alignment some required for easier compliance. Both revenue committees worked through these since last Session.

SB 1551 A-Eng. – Read third time. Carried by Linthicum. On passage of bill the vote was: Ayes, 25; Nays, 4 – Boles, Boquist, Findley, Girod; Excused, 1 – Olsen. Bill passed.

SB 1551 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1551 may be a decent bill with good intentions. However, a 94-page bill with so many changes is unwarranted in the short session. The Carrier stated several changes may be required in the House so not ready for prime time.

SB 1567 A-Eng. – Read third time. Carried by Frederick. On passage of bill the vote was: Ayes, 29; Excused, 1 – Olsen. Bill passed.

SB 1567 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1567 is a ten-page bill. Carrier outlined some confusion that apparently exists. Claims the minor changes will help improve accountability. The two examples provided regarding racial issues were powerful plus other cases were outlined in private. Should this bill not resolve the issue raised by the Carrier it should be reviewed in the future. Supposedly a work group product. While some information presented on the Floor did not appear to be accurate, none-the-less, proceeding was important regardless of the confusion between accountability and collective bargaining.

HB 4068 – Message from the House announcing passage.

HB 4012, 4066, 4068, 4107, 4109, 4148, 4150 – Read first time and referred to President's desk.

HB 4061 – Read third time. Carried by Beyer. On passage of bill the vote was: Ayes, 29; Excused, 1 – Olsen. Bill passed.

HB 4061 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4061 raised the place cost for the Culture Trust license plate. Proponents from the beneficiaries asked for the increase.

**TABLE OF SECTIONS
AMENDED, REPEALED
OR “ADDED TO”**

ORS SECTIONS AMENDED, REPEALED OR “ADDED TO”

From left to right in the columns of the table below are found:

(1) The section, series of sections or chapter of Oregon Revised Statutes.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the ORS section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the ORS chapter or series.

(3) The following information about the section and measure by which ORS is amended, repealed or “added to”:

(a) The section number and Senate or House measure number;

(b) The section number and current session measure number or previous session measure number if a measure was repassed over the Governor’s veto, followed by “OV” for a current session overturned veto or “OVP” for a previous session overturned veto; or

(c) The section number and boldfaced ballot measure number if an initiative petition was approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

**OREGON RULES OF CIVIL PROCEDURE (ORCP) AMENDED,
REPEALED OR ADDED**

There were no amendments, repeals or additions affecting the Oregon Rules of Civil Procedure during the 2020 regular session.

**SECTIONS IN UNCODIFIED LAW AMENDED,
REPEALED OR “ADDED TO”**

From left to right in the columns of the table below are found:

(1) The year, chapter and section or sections of the uncodified law.

(2) An “A” or an “R” indicating respectively the amendment or repeal of the uncodified section, or the word “Add” indicating that a section or sections of a measure are “added to and made a part of” the series of uncodified sections.

(3) The following information about the section and measure by which the uncodified section or sections are amended, repealed or “added to”:

(a) The section number and Senate or House measure number;

(b) The section number and current session measure number or previous session measure number if a measure was repassed over the Governor’s veto, followed by “OV” for a current session overturned veto or “OVP” for a previous session overturned veto; or

(c) The section number and boldfaced ballot measure number if an initiative petition was approved at the most recent general election (such as “§5 BM 55”).

The engrossing level is printed next to the measure number if the measure has been engrossed (such as “C” to indicate the C-engrossed version, “AMR” or “AMR2” to indicate respectively the first or second minority report A-engrossed version, and “BCC” or “BCC2” to indicate respectively the first or second conference committee report or amendment to the B-engrossed version).

The measure number and engrossing level appear in boldfaced type if the measure has become law, or has been referred, and has been assigned an Oregon Laws chapter number.

(4) An “E” if an emergency clause applies to the amendment, repeal or addition.

**SENATE
JOURNAL**

Wednesday, June 24, 2020 – Morning Session

Senate convened at 8:00 a.m., President Courtney in Chair. The following members were present: Beyer, Boquist, Dembrow, Fagan, Findley, Frederick, Gelsner, Girod, Golden, Hass, Heard, Johnson, Knopp, Linthicum, Manning Jr, Monnes Anderson, Prozanski, Riley, Roblan, Steiner Hayward, Taylor, Thatcher, Wagner; excused – Baertschiger Jr, Boles, Burdick, Hansell, Olsen, Thomsen. Colors were honored and the Senate pledged allegiance to the flag. Invocation by President Courtney.

The following Proclamation from the Governor was read:

PROCLAMATION

WHEREAS: Since January 2020, the State of Oregon has been engaged in responding to the public health threat posed by the novel infectious coronavirus (COVID-19) which, as of today, has resulted in at least 6,218 cases and 183 deaths statewide; and

WHEREAS: This is a unique moment in American history, with people across rural and urban Oregon taking to the streets and uniting in their calls for racial justice and criminal justice reform; and

WHEREAS: There is an urgent need for Oregon's Legislative Assembly to enact laws regarding police accountability, and policies to address the COVID-19 pandemic.

NOW THEREFORE: I, Kate Brown, Governor of the State of Oregon, pursuant to Article V, section 12, of the Oregon Constitution, find an extraordinary occasion exists, and do by this proclamation call the Eightieth Oregon Legislative Assembly to convene in special session on June 24, 2020, at 8:00 a.m.

Although the Constitution does not allow me to limit the length of the special session or the issues considered, I ask that the members of the Assembly act expeditiously in enacting legislation to the matters referenced above.

IN WITNESS WHEREOF, I hereunto set my hand and cause the Great Seal of the State of Oregon to be affixed. Done at the Capitol in the City of Salem in the State of Oregon on this day, June 17, 2020.

Kate Brown, Governor

Bev Clarno, Secretary of State

The Credentials Committee report of February 3, 2020, stands and all members of the Senate are eligible to serve in the First Special Session of the Eightieth Legislative Assembly.

Wagner moved that the Senate Rules of the Eightieth Legislative Assembly be adopted, as amended, as the Senate Rules for this First Special Session of the Eightieth Legislative Assembly.

On adoption of the rules, the vote was: Ayes, 17; Nays, 7 – Boquist, Findley, Girod, Heard, Knopp, Linthicum, Thatcher; Excused, 6 – Baertschiger Jr, Boles, Burdick, Hansell, Olsen, Thomsen. Special Session Rules adopted.

(Rule changes for the Special Session are noted below.)

FIRST SPECIAL SESSION RULES OF THE SENATE 80th LEGISLATIVE ASSEMBLY
Adopted January 14, 2019 and amended June 30, 2019 and February 4 June 24, 2020

1.01 Definitions.

(17) “Special Session” means the Special Session of the 80th Legislative Assembly convened on June 24, 2020.

2.05 Procedure for Adopting, Amending, or Rescinding Rules.

No standing rule of the Senate shall be adopted, amended or rescinded except upon the affirmative vote of a constitutional majority (16). After the Organizational Session of the Senate for this Special Session, the adoption, amendment or rescission of rules shall be proposed in writing, read at a regular business session, printed, distributed to members' desks and allowed to lie on the table for at least one session day prior to any vote thereon.

2.20 Rules of the Senate.

~~(1) Except as modified or rescinded under SR 2.05, these rules shall be in effect for the entire term of the Legislative Assembly whether the Senate is in session or has adjourned *sine die*.~~

~~(2) The Senate shall follow the recommendations of the concurrent resolution(s), if any, adopted by the 80th Legislative Assembly to set the legislative schedule for the regular sessions. The provisions of any such concurrent resolution may be suspended by a two-thirds majority (20) of elected members. If no concurrent resolution sets a legislative schedule for the session, the Senate may adopt rules setting its own legislative schedule.~~

These rules adopted for the Special Session shall expire upon the adjournment *sine die* of the Special Session, at which time the Senate Rules as last amended on February 4, 2020 shall continue in effect. Notwithstanding the Special Session, all rules governing drafting requests and measure introductions in advance of a Long Session remain in effect without ules are termed interim or session rules.

2.50 Organizational Session.

(3) The Regular Session and Interim Rules, as approved by the Senate on January 14, 2019, will go into effect on January 22, 2019. Rules adopted for a Special

Session shall remain in effect for that Special Session.

(6) The Organizational Session for a Special Session shall be held on the first day of the Special Session.

3.05 Session Hour; Deliberations Open; Deliberations During Global Pandemic.

(2) All deliberations of the Senate and its committees shall be open to the public. This provision does not prohibit clearing the gallery or hearing room in the event of a disturbance, during which time deliberations shall be in recess. The Senate recognizes that this Special Session is being conducted during a global pandemic in which a novel coronavirus has sickened millions of people and taken the lives of at least 110,000 Americans. Because the virus spreads through close personal contact and through the air, the Senate finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. Accordingly, for this Special Session:

- (a) All floor sessions and committee meetings must be contemporaneously streamed on the Internet and broadcast on one or more television monitors at a location proximate to the Capitol and accessible to the public enabling the public to observe all legislative deliberations.
- (b) Any floor session vote or committee meeting vote must be visually observable by and audible to the public through the means described in paragraph (a) of this subsection.
- (c) For committee meetings, members may participate in and be counted toward quorum using remote videoconferencing technology if the technology permits each member, when they are speaking, to be visually observed by all other committee members and by the public.
- (d) If a committee holds a public hearing, witnesses shall be allowed to testify before the committee using videoconferencing or teleconferencing technology. Nothing in this rule modifies a chair’s existing authority to place time limits on witness testimony or limit testimony to topics germane to the committee’s agenda. A testimony station that is proximate to the Capitol shall be made available to permit interested members of the public to

testify at each public hearing using teleconferencing means.

- (e) The Capitol shall be physically closed to the public for the duration of the Special Session. Bona fide members of the press may be physically present in the Capitol during hours that legislative proceedings are taking place.

13.01 Requirements for Presentation of Measures for Introduction; Bill backs.

(4) All measure drafting requests from Legislative Counsel and measures introduced during the Special Session must be approved by the President.

17.01 Floor Privileges.

(1) When the Senate is in session, no person shall be permitted within the bar except:

~~(f) One member of a senator’s personal staff or a member of the staff of a Senate committee may be seated at a member’s desk. Additional Senate staff members are permitted on the side aisles.~~

(f) Staff, personnel, and media access to the floor may be limited during a public health emergency.

17.03 Distribution of Materials ~~on or to~~ Floor.

(1) No materials on any measure that is on the Third Reading calendar or on the agenda may be distributed ~~on or to~~ the floor except materials prepared for, or by, a member of the Senate.

(5) Distribution of materials to the floor may be limited to electronic distribution during a public health emergency.

Wagner moved that in compliance with Article IV, section 19 of the Oregon Constitution, and notwithstanding any provision of the Senate Rules for the Eightieth Legislative Assembly, that the requirement that every bill shall be read by title only on three several days in each house be suspended for the duration of this 2020 First Special Session. On suspension of the constitutional provisions, the vote was: Ayes, 23; Nays, 2 – Linticum, Thatcher; Excused, 5 – Baertschiger Jr, Boles, Hansell, Olsen, Thomsen. Constitutional provisions suspended.

The Secretary of the Senate was directed by the President to notify the Governor and the House of Representatives that the Senate has completed its organization and is ready for the business of the 2020 First Special Session of the Eightieth Legislative Assembly.

President Courtney made the following appointments:

COMMITTEE ON THE FIRST SPECIAL SESSION OF 2020

Peter Courtney, Co-Chair
 Fred Girod, Co-Vice Chair
 Ginny Burdick
 Lew Frederick
 Tim Knopp
 Floyd Prozanski
 Kim Thatcher

Effective June 24, 2020, President Courtney announced that he is invoking the provisions of the one-hour notice rule in accordance with Senate Rule 8.16:

“The committee chair may call a meeting of the committee with less than 24 hours notice if, at least one hour prior to the meeting, notice is given to the Secretary of the Senate’s office, posted outside the Senate Chamber and in any other place reasonably designed to give notice to the public and interested persons.”

The Senate dispensed with reading of the following messages from the Governor by unanimous consent at the request of the Chair. The messages and all pertinent information have been electronically distributed. Messages and committee report ordered recorded in the journal by the Chair.

The following messages from the Governor, dated May 18, 2020, subject to Senate confirmation provided by ORS 171.562 and ORS 171.565, were referred to the Interim Committee on Rules and Executive Appointments:

SB 1605 – Report by Committee on The First Special Session of 2020 recommending passage.

SB 1607 – Report by Committee on The First Special Session of 2020 recommending passage.

Committee Report Summary No. 3, listing the following reports, was distributed to members today. Summary list recorded in Journal and Status Report by order of the President.

SB 5711 – Report by Committee on The First Special Session of 2020 recommending passage with amendments (Amendments distributed).

Wagner moved that in compliance with Article IV, section 19 of the Oregon Constitution, and notwithstanding any provision of the Senate Rules for the Eightieth Legislative Assembly, the requirement that on its final passage each bill shall be read section by section be suspended for the duration of this 2020 First Special Session. On suspension of the constitutional provisions, the vote was: Ayes, 25; Nays, 1 – Findley; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Constitutional provisions suspended.

Wagner moved that the rules be suspended to take action on second and third reading of today's Third Reading Calendars. On suspension of the rules, the vote was: Ayes, 25; Nays, 1 – Thomsen; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Rules suspended.

SB 5711; SB 1602, 1603, 1604, 1605, 1607 – Read second time and passed to third reading.

SB 5711 A-Eng. – Under rules suspension, read third time. Carried by Girod. On passage of bill the vote was: Ayes, 25; Nays, 1 – Boquist; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Bill passed.

SB 5711 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 5711A is a budget bill for bills that have yet to pass the Legislature. Complete ignorance of the process. Since when does a legislator approve money for a bill and policy that is not yet law. If time is the issue, the Emergency Board exists for funding interim policies thus should be the approving authority. Further, this bill budget could have passed in the February 2020 short session had the Democrat Speaker of the House and her party members not fled the Capitol for the last three days of the 2020 Session.

SB 1602 A-Eng. – Under rules suspension, read third time. Carried by Girod. On passage of bill the vote was: Ayes, 24; Nays, 2 – Baertschiger Jr, Thomsen; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Bill passed.

SB 1602 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1602 A could have been passed in the 2020 Short Session had not the Democrat Speaker of the House and her Democrat Caucus fled the Oregon State Capitol for the last three days of the scheduled session. A bill about an agreement the Democrats reached with part of the timber industry. This bill should not be an emergency special session but deserves passage.

SB 1603 – Under rules suspension, read third time. Carried by Roblan. On passage of bill the vote was: Ayes, 16; Nays, 10 – Baertschiger Jr, Beyer, Boquist, Findley, Girod, Heard, Johnson, Knopp, Thatcher, Thomsen; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Bill passed.

SB 1603 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1603 is a tax. It requires a 2/3rd vote but the law does not matter to the super majority who make the legislative rules and control the legislative staff. The Carrier claimed this bill is about broadband support, yet, the actual spending in the bill for broadband is approximately 15%. So how is 15% suddenly the intent of the bill. It is phony at best. A problem exists but this is not the solution. Even I can see highspeed cable hanging on the telephone pole near my house but cannot access it. This bill does not fix this problem. The bill is only before the emergency session as the issue failed in bill form for the past three sessions. The contention this bills is about COVID 19 is in this State Senator a false statement. I could say worse in regard to the attempt to claim it is about an epidemic as defined by the CDC, EUDC, and WHO. The bill and issue could have been solved had not the Democrat Speaker of the House and her Democrat caucus fled the State Capitol for the last three days of the 2020 Short Session. This requires a NO vote.

SB 1604 – Under rules suspension, read third time. Carried by Frederick. On passage of bill the vote was: Ayes, 26; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Bill passed.

SB 1604 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1604 should not be before the emergency session as this member twice supported this bill in two previous sessions. Twice before is passed the State Senate. Police arbitration should have been passed by the House of Representatives twice but was blocked by the Speaker of the House and her caucus. Why, because the public and police unions opposed the bill in the past. Now, with protests in the streets of Portland, the super majority Democrats now think they have to pass arbitration for police employees to protect their re-elections. Odd given the Democrat history in Oregon of rescinding the Fourteenth Amendment. None-the-less, as we are present, the bill should be passed so Oregon can weed out bad cops while protecting good law enforcement, if not now, next year the super majority may succumb again to the unions. Real social justice is hard to come by in the Legislature. Yes vote.

SB 1604 – Prozanski requested the following written explanation of vote be entered into the Journal:

This is the sixth time since 2019 that I voted for SB 1604 (the measure was assigned different bill numbers in previous sessions). The bill limits an arbitrator from overturning a discipline sanction imposed upon an officer. It is important for lawful sanctions to not be arbitrarily overturned so those can serve to hold officers accountable for misconduct. This bill was passed by the Senate Judiciary Committee and the full Senate unanimously in 2019 and 2020, but became caught up in political “horse trading” in the House of Representatives in 2019 and it couldn’t be voted on in the House in 2020 due to the Republican walkout that forced the session to conclude before its scheduled adjournment. I expect that the Governor will sign the bill when it reaches her desk.

SB 1604 – Taylor requested the following written explanation of vote be entered into the Journal:

I have submitted this vote explanation for the following bills: HB 4201, HB 4203, HB 4205, HB 4207, HB 4208, and SB 1604. While I support the legislature addressing Oregon’s law enforcement practices and accountability policies, I believe these bills are only a starting point. I ask the legislature to engage with Oregon’s communities of color to identify and address the racism and inequities within our law enforcement policies, procedures, and statues. In addition, communities of color must be included as we seek to change and create new accountability standards for all levels of law enforcement. As part of these discussions, I ask the legislature to consider a broader and more creative set of solutions that are just, equitable, and will support and prioritize the health and safety of communities across Oregon. We have a responsibility to Oregonians to seriously consider the impact that our law enforcement policies have in our communities, and an opportunity to make real and lasting change. We cannot achieve either unless we create a more inclusive process.

SB 1605 – Under rules suspension, read third time. Carried by Gelsner. On passage of bill the vote was: Ayes, 26; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Bill passed.

SB 1605 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1605 in regard to foster care is again before the Legislature as it was last session. Again, the Speaker of the House left the State Capitol with her Democrat colleagues for the last three days of the 2020 Short Session. Someone recently claimed “republicans act like children” yet it is the Democrat legislators who have failed too date to resolve this issue with their supermajority. The claim by the Carrier this issue is about COVID-19 is dubious in the opinion of this State Senator. Spreading panic and fear mongering by Legislators based on politics is wrong. On this issue, the WHO, EUDC, CDC and real medical & science ought to be read by Legislators as it does not match the MEDIA falsehoods or actions of the Governor and her staff. The failure of due diligence and open deliberations on COVID-19, and this Emergency Session is appalling. However, neither the Carrier’s comments in regard to COVID-19 stories or the Governor’s failed policies have nothing to do with this bill. This bill was before the last session. None-the-less, the foster care children need the assistance in this bill while the Emergency Board needs to fund it. Yes vote.

SB 1607 – Under rules suspension, read third time. Carried by Findley. On passage of bill the vote was: Ayes, 26; Excused, 4 – Boles, Hansell, Linthicum, Olsen. Bill passed.

SB 1607 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1607 is before the emergency session as it was killed in the 2020 Short Session by likely two walkouts: Republicans in the Senate who returned for the last three days, and Democrats in the House who walked out for the last three days of the scheduled session. It should have passed

then. Should not be before us now in an emergency session. Yet, there is nothing wrong with it as it is needed plus any funding can be handled by the Emergency Board. An adjustment to the Small School District funding formula is required. Yes vote.

HB 4202, 4206, 4209, 4210, 4211 – Read first time and referred to Joint Committee on The First Special Session of 2020.

The following measures were referred to committee on June 24, and recorded on Committee Referral List No. 1, which was distributed to members. Referral list recorded in the Journal and Status Report by order of the President.

SCR 211; SB 1601, 1606 – Under rules suspension, read second time and passed to third reading.

SCR 211 – Moved to the foot of today's third reading calendar by unanimous consent at the request of the Chair.

Senate at ease. Senate reassembled.

SB 1601 A-Eng. – Under rules suspension, read third time. Carried by Beyer. On passage of bill the vote was: Ayes, 27; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

SB 1601 A-Eng. – Boquist requested the following

written explanation of vote be entered into the Journal:

SB 1601A is a fix that could have been done by the Governor via executive order. Why she failed to fix this issue is unclear. As the Co Vice Chair of the Joint Transportation Committee, it is my understanding the intent is to allow the use of new transit funds from HB 2017 dedicated only for transit expansion to temporarily fund current operations during the Governor's political pandemic executive orders regarding COVID-19 epidemic. For the record, this Senator is opposed to the content and application of the Governor's orders as the proponent of two of the laws cited in the recent Oregon Supreme Court ruling. The second fix of this bill is to disallow violations (tickets) for expired drivers licenses, plates, and permits until the present political pandemic executive orders expire. Futuristic only not retroactive. Adjudication before a judge may still be required. Lastly, the bill merges two funds previously identified in HB 2017 transportation package. The bill is written quite strangely, but Senator Beyer the Co-Chair, and Carrier, and ODOT assure us the language is appropriate for these three intents despite no sunset clause. Why the Governor did not act is unknown, as she caused the DMV delays, is unknown. Yes vote.

SB 1606 A-Eng. – Under rules suspension, read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 27; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

SB 1606 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 1606A ensures hospitals in the present epidemic cannot force a person to sign a 'do not resuscitate' order to acquire hospital care. The idea this was required, if it was, is unbelievable. That doctors and hospitals would require this form be signed is unfathomable. However, since the Governor ordered the lockdown, or lock up, of senior care facilities which resulted in half the COVID-19 deaths, and failed to address this issue is just as unfathomable. Therefore, since we are in an emergency session, this is the type of bill that should be passed to protect citizens in every district of the State of Oregon. While the issue has been raised in whole in the past, this bill is limited to the issue of 'Do Not Resuscitate' orders. Yes vote.

Senate recessed until 1:00 p.m. by unanimous consent at the request of the Chair.

Friday, June 26, 2020 – Afternoon Session

Senate reconvened at 1:00 p.m. President Pro Tempore Monnes Anderson in Chair. All present except, Excused, 3 – Hansell, Linthicum, Olsen.

HB 4202 – Report by Committee on The First Special Session of 2020 recommending passage.

HB 4206 – Report by Committee on The First Special Session of 2020 recommending passage of the A-Engrossed bill.

HB 4209 – Report by Committee on The First Special Session of 2020 recommending passage.

HB 4210 – Report by Committee on The First Special Session of 2020 recommending passage.

HB 4211 – Report by Committee on The First Special Session of 2020 recommending passage.

Senate reverted to the order of Propositions and Motions by unanimous consent at the request of the Chair.

HB 4202, 4206, 4209, 4210, 4211 – Under rules suspension, read second time and passed to third reading.

HB 4202 – Under rules suspension, read third time. Carried by Hass. On passage of bill the vote was: Ayes, 26; Nays, 1 – Boquist; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4202 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4202 makes technical changes to the commercial activities tax. There is nothing wrong with the technical changes as they improve a bad law and bad policy. I opposed the original tax as a sales tax that is really subject to payment by Oregon's poorest in the end. Therefore, oppose the changes for the same reason. Simply improving a bad policy does not make it right. No vote.

President Courtney in Chair.

HB 4209 – Under rules suspension, read third time. Carried by Findley. On passage of bill the vote was: Ayes, 27; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4206 A-Eng. – Under rules suspension, read third time. Carried by Heard. On passage of bill the vote was: Ayes, 27; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4206 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4206 A establishes a meat processing inspection system in Oregon. Decades ago, Oregon entered into agreements to have the USDA inspect meat processing in Oregon. Due to consolidations, for a variety of bad and good reasons, the federal inspection program no longer supports smaller independent processors. While I oppose the dual system idea, we have little choice of we want food to eat in Oregon as the political pandemic expands coupled with the failing supply chain. However, the Governor under her unlimited emergency powers can block the inspection of meat anyway so this may be a mute bill. Voted Yes.

HB 4210 – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 20; Nays, 7 – Baertschiger Jr, Boquist, Findley, Girod, Heard, Johnson, Thomsen; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4210 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4210 was proposed in past sessions. It takes away the discretion of a Judge in the courts to suspend drivers licenses for a variety of reasons. We either trust the Judges to use their discretion or not. The Carrier claiming it is related to the COVID-19 is simply false in this Senator's opinion. In fact, that it was in past Session proves this fact. There is zero evidence in the present epidemic that Judges are abusing their existing authority. One speaker on the Floor claimed mayors and council members were fine with restricting judges. It must be assumed

they do not agree with the separation of powers. The Chairman of the Judiciary Court outright claimed Judges were acting in bad faith so the law needed to be changed. It is clear to this State Senator the real intent is to strip the Court of it's discretion not help any poor person. Likewise, the Carrier's close was a wholly inappropriate unsupported insinuation Judge's were misbehaving based on race or ethnicity. If the Legislature wants to direct Judge's to use a real means test, as part of his or her application of the law, then that is an appropriate policy change. This would be an easy fix. However, it is apparent the intent is to regulate the Courts for whatever reason the proponents really intend. If that is the case, then abolishing the existing Court system replacing it with a People's Court would better service the proponent's real intent. A proposal this Senator might actually support in a proper form. Voted No.

HB 4210 – Prozanski requested the following written explanation of vote be entered into the Journal:

I voted for HB 4210 because it has been shown that many individuals without ability to pay their original fines are pushed into a revolving cycle of debt when their fine is increased by additional costs and fees for failure to pay. This in turn results in the court suspending their driver's license for failure to pay. Unfortunately, many of the same individuals find themselves needing to continue to drive to work, to the grocery store, and transporting their family members to appointments or school. If they are stopped for another traffic violation, they will usually receive a citation for driving while suspended, adding further to their debt in one or more courts.

HB 4210 will keep a person's driving privileges from being suspended exclusively for failure to pay court fines. It must be stated that a court can, through a show cause proceeding, require a person to return to court to discuss why they are not making their scheduled payments. If the person fails to appear for their show cause proceeding, the court is authorized to suspend their license for failure to appear. The goal is to have courts continue to work with individuals who are not able to make timely payments and to adjust those payments based on the individual's ability to pay at any given time, thereby reserving suspension of driving privileges to cases where defendants fails to appear in court to discuss their failure to pay the fine(s). Lastly, states that have adopted a similar policies have not experienced in a loss in their rate of collections.

HB 4211 – Under rules suspension, read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 27; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4211 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4211 makes technical changes to the funds transfer requirement from a previous session. Appeared as a technical fix that likely does not belong in an emergency session but OK as a policy. Voted Yes.

Senate at ease. Senate reassembled.

HB 4201, 4203 – Message from the House announcing passage.

Senate reverted to the order of First Reading of House Measures by unanimous consent at the request of the Chair

HB 4201, 4203 – Read first time and referred to Joint Committee on The First Special Session of 2020.

Senate recessed until 2:00 p.m. by unanimous consent at the request of the Chair.

Recess extended to 2:30 p.m. Senate reconvened at 2:30 p.m. President Courtney in Chair. All present except, Excused, 5 – Baertschiger Jr, Hansell, Heard, Linthicum, Olsen.

Senate, having recessed under the order of First Reading of House Measures, resumed under the order of Reports from Committees by unanimous consent at the request of the Chair.

Committee Report Summary No. 6, listing the following reports, was distributed to members today. Summary list recorded in Journal and Status Report by order of the President.

HB 4201 – Report by Committee on The First Special Session of 2020 recommending passage of the A-Engrossed bill.

HB 4203 – Report by Committee on The First Special Session of 2020 recommending passage of the A-Engrossed bill.

Senate reverted to the order of Propositions and Motions by unanimous consent at the request of the Chair.

HB 4201, 4203 – Under rules suspension, read second time and passed to third reading.

HB 4201 A-Eng. – Under rules suspension, read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 25; Nays, 1 – Boquist; Excused, 4 – Baertschiger Jr, Hansell, Linthicum, Olsen. Bill passed. Heard, excused when roll was called, granted unanimous consent to vote aye.

HB 4201 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4201A is a phony attempt to placate protesters who have raised serious questions by creating a legislative committee appointed by the super majority who have been in power for decades to now review police accountability. Existing law allows the President of the Senate and Speaker of the House to form such a committee without a new law. The bill is not needed. If this is an emergency, which it is, then forming a new legislative committee to suggest something next year is simply a stall. Creating a new committee or task force is the normal legislative means to kill a bill for political purposes. It is clear political pressure caused a complete about face in this emergency. No matter of rhetoric on the Floor changes these facts. The original Speakers' bill proposed putting the Attorney General, the chief cop, chief prosecutor, and chief defender of state law enforcement and corrections officers, and state agencies in charge of accountability and investigations. Putting the defender of State's potential abusers in charge of reform was a sham political proposal. The Attorney General already has this authority. The State needs a fully independent police accountability commission out of the reach of politicians, cops, lawyers, and prosecutors if we want reformation. Possibly even a separate People's Court to oversee these types of tragic situations as the judiciary has failed as well. HB 4201A is an effort to bury any police reforms. Voted No.

HB 4201 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I voted for HB 4201 even though it was amended to just create a joint committee to study the issues involved more thoroughly before making changes to existing policy. (I will serve on the joint committee.)

HB 4201 was originally drafted to turn over all investigations and prosecutions of use of force (UOF) cases to the state Attorney General's office (AG). Knowing that this approach would have been extremely ineffective, expensive and would have resulted in unintended consequences, I recommended that we maintain the current policy - a multi-agency task force, not including the agency involved in the UOF

incident - to handle the investigation under the control of the district attorney and give the attorney general's office dual jurisdiction in final decision making regarding whether criminal charges would be brought against the officer(s). It's worth noting that this model has been used since 2008 and has successfully isolated involved agencies from being part of the UOF investigation.

Such a hybrid approach would have ensured that the investigation wasn't delayed while waiting for another set of detectives to arrive on scene from elsewhere in Oregon. The AG's office would have been kept informed during the investigation and would have had final say over whether any criminal charges were brought against the officer. This model as recommended would have ensured accountability and oversight, as well as integrity of investigations.

Instead of making a simple change to the existing procedure to immediately increase accountability, the Legislature chose to pursue consensus among the joint committee members to develop legislation for introduction before the 2021 regular session.

HB 4201 is one of five police accountability bills brought forward by the Legislative People of Color Caucus (POC). According to members of POC, they want to bring forward legislation to address issues many people of color have faced with law enforcement officers.

HB 4201 A-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

I have submitted this vote explanation for the following bills: HB 4201, HB 4203, HB 4205, HB 4207, HB 4208, and SB 1604. While I support the legislature addressing Oregon's law enforcement practices and accountability policies, I believe these bills are only a starting point.

I ask the legislature to engage with Oregon's communities of color to identify and address the racism and inequities within our law enforcement policies, procedures, and statutes. In addition, communities of color must be included as we seek to change and create new accountability standards for all levels of law enforcement. As part of these discussions, I ask the legislature to consider a broader and more creative set of solutions that are just, equitable, and will support and prioritize the health and safety of communities across Oregon.

We have a responsibility to Oregonians to seriously consider the impact that our law enforcement policies have in our communities, and an opportunity to make real and lasting change. We cannot achieve either unless we create a more inclusive process.

HB 4201 A-Eng. – Thatcher requested the following written explanation of vote be entered into the Journal:

As the Vice Chair of the Senate Judiciary, and a member of the Special Session Committee, I want to acknowledge that the work in the first 2020 special session around the issues of police accountability are a starting place, and not a final end point. Specifically, though I was supportive of the legislation concepts that were brought forward, in our haste to address the calls for law enforcement reforms, these measures barely scratch the surface and other concepts never even had an opportunity to be heard. Moreover, due to the COVID-19 shutdown of Oregon's Capitol, the public didn't have any meaningful opportunity to engage in the policy-making process. Oregonians deserve better from us.

It is worth noting that, to my knowledge, the language contained in HB 4201 had never been publicly vetted, reviewed or heard in a prior session, yet it became a focal point of police reform bills for the special session. The public was given a virtual public hearing June 23rd after Legislative Concept 78 (LC78) had been posted on June 22nd for just one day. Subsequently, the bill was rushed through the process and it is expected that by day's end on June 26th, 2020, Governor Brown will sign this measure into law. That's five days from concept to law, without significant public input. My goal in submitting a vote explanation isn't with regard to the policy, but rather to the process, which in its current form, is not in the overall best interest of Oregonians.

As a matter of preference, it is my hope that as we tackle weighty and important topics like police accountability, that the process is more

robust, and all ideas are on the table. I've offered my assistance To Senator Lew Frederick, who has been working on these issues for many years, I've offered my assistance and will continue to make myself available to help address the inequity issues in policing.

Rightly, the legislature created its third-ever required statutory committee, the Joint Committee on Transparent Policing and Use of Force Reforms, so that we use our time in legislative sessions to address ongoing issues of how to elevate policing challenges so we can get to a point where we have safe, community policing that protects people, business, and property in a manner that is equitable, fair, transparent and accountable.

Lastly, it's imperative that we're thoughtful as a body about how the policies we legislate relate to how trust is rebuilt between communities of color and law enforcement entities... in real time, boots on the ground, and that we're not passing untenable legislation that is rendered useless for its inability to be enacted in the community because the legislation wasn't properly vetted. That's why it's so important that as we continue this dialogue, we must get stakeholders to the table, invite robust public input, and eschew legislation that feels good, yet does little to nothing to restore faith between the police and our communities.

HB 4203 A-Eng. – Under rules suspension, read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 25; Nays, 1 – Boquist; Excused, 4 – Baertschiger Jr, Hansell, Linthicum, Olsen. Bill passed.

HB 4205 – Report by Committee on The First Special Session of 2020 recommending passage of the A-Engrossed bill.

Senate reverted to the order of Propositions and Motions by unanimous consent at the request of the Chair.

HB 4204, 4205 – Under rules suspension, read second time and passed to third reading.

HB 4204 A-Eng. – Under rules suspension, read third time. Carried by Beyer. Baertschiger Jr, Burdick, Girod, Golden, Hass, Monnes Anderson, Thatcher, Wagner declared potential conflict of interest. On passage of bill the vote was: Ayes, 19; Nays, 8 – Baertschiger Jr, Boquist, Findley, Girod, Heard, Johnson, Thatcher, Thomsen; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4204 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4204A is a mortgage bill relating to foreclosures as a backstop to one of the Governor's political pandemic executive orders along with federal actions. The Oregon Supreme Court has ruled the Governor has complete power within her existing authority to rule the State with an iron fist as legislator and enforcer until such time the supermajority Democrats vote to end her executive orders. This includes allowing the Governor to ignore this bill, or any other bill passed in the emergency session. The bill is not required. Any position of the Attorney General stated by the Carrier on the Floor is utterly worthless to a separate constitutional branch of the government. The statutorily created Attorney General in advance is declaring the she opposes the federal government's legal position on this matter yet has no federal court ruling let alone even a court filing. It is inappropriate for the Legislature to get involved at this time. Further, members of the public who wished to testifying in hearings were blatantly denied that opportunity by the supermajority Co-Chairs of the special session committee. A direct open violation of the Oregon Constitution by the supermajority Democrats. Voted No.

HB 4205 A-Eng. – Under rules suspension, read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 26; Excused, 4 – Hansell, Johnson, Linthicum, Olsen. Bill passed.

HB 4205 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4205A is a very poor step in the right direction for peace officers to intervene in the wrongful actions of another peace officer. The first exemption regarding safety of the intervener neuters the bill. The bill uses "reasonably should know" as a standard for recognizing misconduct which is a failure. A first grader could claim he or she did not know. Then no requirement exists for a police supervisor to take action if advised of wrongful conduct under the bill. Then the bill only requires annual reports from BPSST which is ridiculous. We are in an emergency, yet, we ask for only a yearly report on police misconduct. Rhetoric by the Carrier on this issue does not change the word of the new law. Again, like other phony police reform bills, due to the result of political pressure to the supermajority, The Speaker and President added placating language instead of providing true reforms rightfully demanded by citizens. It is a marginal step in the right direction. Marginal. Voted Yes.

HB 4205 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I voted for HB 4205 because it will require an officer to intervene and report another officer who engages in certain misconduct. The bill also provides the reporting officer with protections from retaliation for intervening or reporting the misconduct by another officer.

HB 4205 is one of five police accountability bills brought forward by the Legislative People of Color Caucus (POC). According to members of POC, they want to bring forward legislation to address issues many people of color have faced with law enforcement officers.

HB 4205 A-Eng. – Taylor requested the following written explanation of vote be entered into the Journal:

HB 4207 A-Eng. – Under rules suspension, read third time. Carried by Fredrick. On passage of bill the vote was: Ayes, 26; Nays, 1 – Boquist; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed. Boquist, excused when roll was called, granted unanimous consent to vote nay.

HB 4207 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4207A supposedly creates a database on police officer discipline at DPSST. The bill is not required as the database already exists online with DPSST. Any citizen can already get this online. DPSST showed me how to access this information online. Further, a news reporter confirmed to me the public can already request copies of disciplinary files. This is another phony establishment supermajority political placation to citizens and protesters who are demanding real police accountability. Worse, the bill provides civil lawsuit immunity to police departments who the old personnel files of a new hire even if they see disciplinary problems. Thus a police department could hire a known abuser but be held harmless from civil liability. This may not have been the intent but it is the word of the law as passed. Section 6 portions of the bill simply codify existing state policies. The bill reforms nothing. It makes accountability worse not better. Requested unanimous consent to cast a vote. Voted No.

HB 4207 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I voted for HB 4207 because it will require a hiring law enforcement agency to check discipline records of any applicant who has previously worked as a police officer prior to the new agency hiring them. It also provides the previous employer with liability protection for allowing the hiring agency access to the personnel files.

The bill also directs the Department of Public Safety Standards and Training to establish public statewide online database of suspensions and revocations of certifications of police officers.

HB 4207 is one of five police accountability measures brought forward by the Legislative People of Color Caucus (POC). According to members of POC, they want to bring forward legislation to address issues many people of color have faced with law enforcement officers.

HB 4208 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4208A the tear gas bill, like other so-called police accountability bills, was gut & stuffed by the Democrat Speaker of the House of Representatives by amendment. The new amended phony bill effectively does nothing in practice in the State of Oregon. Tear gas is used to disperse crowds. While the bill states an "agency may not use tear gas for purposes of crowd control" it has an exception if ORS 166.015 applies to the situation. ORS 166.015 defines any actions of five or more people that might cause public harm or are tumultuous. Any crowd of five people can be tear gassed under this law. Again, this bill changes nothing. The bill is a supermajority shenanigan for political purposes when actual reforms ought to be debated. Voted No.

HB 4208 A-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I voted for HB 4208 to limit use of tear gas to situations that are declared as riots and not for general crowd control. Prior to using tear gas in riot situations, notice and an opportunity for people to leave the area must be given before tear gas can be deployed into the crowd.

HB 4208 is one of five police accountability measures brought forward by the Legislative People of Color Caucus (POC). According to members of POC, they want to bring forward legislation to address issues many people of color have faced with law enforcement officers.

HCR 212 – Under rules suspension, read final time.

Carried by Dembrow. On adoption of resolution the vote was: Ayes, 26; Nays, 1 – Boquist; Excused, 3 – Hansell, Linthicum, Olsen. Resolution adopted.

HCR 212 – Boquist requested the following written explanation of vote be entered into the Journal:

HCR 212 sets bill deadlines for the 2021 Regular Session which is after the next General Election. Sixty state representatives are up for election as are fifteen state senators. Binding a future legislature is unconstitutional per legislative counsel. Setting bill deadlines prior to election of new members then regulating the number of bills a new elected member of the legislator may introduce is wrong. It is discriminatory to some districts. It is bad practice. It defies the purpose of a democracy or the republican form of government. Status quo actions like this is why Oregon is now an economic basket case. Voted No.

HB 4213 A-Eng. – Under rules suspension, read third time. Carried by Burdick. Potential conflict of interest declared by Baertschiger Jr, Burdick, Fagan, Girod, Golden, Hass, Monnes Anderson, Thatcher, Wagner. On passage of bill the vote was: Ayes, 19; Nays, 8 – Baertschiger Jr, Boquist, Findley, Girod, Heard, Johnson, Thatcher, Thomsen; Excused, 3 – Hansell, Linthicum, Olsen. Bill passed.

HB 4213 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4213A codifies Governor Brown's executive order on commercial and residential rents etc. The Oregon Supreme Court ruled the Governor's existing and future executive orders have the effect of law. The Governor can and has acted unilaterally. For better or worse, this power does allow the Governor to react to changing situations. HB 4213A does not require the tenants to be in a crisis, impacted by COVID-19, or means tested in any manner. The Floor rhetoric the bill was about homelessness, or nobody would lose any money, or the constitution would protect any contractual obligations is simply false. LC has issued an opinion the Governor's executive orders can breach contractual obligations. Appears the Oregon Supreme Court supports this in its rulings. Nor does the Governor have to follow HB 4213A in any manner what-so-ever. Plus the impact on the court filings for debt recovery was never considered. Creating a loan program with federal grant funds to help tenants in need should have been done instead of this bill. The Legislature should not get involved in the middle of the Governor's executive orders unless willing to repeal those orders. The Governor has the power thus should be liable herself for fixing this crisis she created. Voted No.

HB 4213 A-Eng. – Golden requested the following written explanation of vote be entered into the Journal:

I voted "Aye" on HB 4213A to extend and codify residential and commercial evictions because I view as catastrophic the prospect of enhancing houselessness in Oregon as COVID-19 infection rates continue and increase. That outcome must be prevented at virtually all costs.

I am, however, disappointed at the failure to significantly consider a straightforward, relatively simple option for reducing the burden this bill will place on Oregon landlords. That burden was partially addressed by our passage of HB 4204, a moratorium on foreclosures that should protect landlords from losing their properties if rental non-payments make it impossible for them to make mortgage payments. But the practical effect of HB 4213A is that some landlords will be owed as much as six months' rent on September 30, 2020, without having adequate payment security from their tenants. Some landlords will likely suffer financial loss.

This exposure to loss could have been narrowed by incorporating suggestions to tie eviction protection to health or economic effects of the pandemic. A proposed -4 Amendment would have required the tenant to

provide some form of documentation, e.g, a note from an employer or medical provider, a communication from the Employment Department, etc, to be protected from eviction. That amendment was not seriously discussed. And attempts to spur discussion of a less demanding option, such as an undocumented written statement from a tenant that the inability to pay rent had linkage to the pandemic, were unsuccessful.

I believe HB 4213A would have been better more balanced if it had included some attempt to tie rental non-payment to the COVID crisis that the special session was convened to address. It could well be that a majority of my colleagues would not, in the end, have agreed with me on the substance of this matter. But the absence of any material discussion of this option, given the potential impact of HB 4213A on Oregon's community of small-scale landlords, does not reflect well on our legislative process.

HB 4212 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 4212A is another attempt to codify Governor Brown's political pandemic executive orders regarding the virus epidemic that compounds the legal issues around the Oregon Supreme Court's emergency ruling. The court ruled the Governor has the power to act unilaterally indefinitely creating her own laws suppressing the citizens even to their deaths. This bill is a spoiled stew of legitimate needs, self-centered wants, and very bad ideas. It was negotiated in secret by the Speaker and President. If the Governor was involved it is no apparent in the public record. However, all of these actions can already be accomplish by the Governor per the Oregon Supreme Court on her own. This includes funding some critical needs, but again, the Governor has to execute the bill, however, can do this by picking and choosing under her own emergency powers what she wants not what citizens request. Governor Brown is claiming to so-called legislative leaders she will keep her lockdown orders in place for at least a year. The legislature refused to reverse the extremist actions of the Governor and failed Oregon Supreme Court, the Legislature should stay out of this mess until the Governor outlines her plans to us and the public. Likewise, real public input is required not the phony fascist actions of this emergency special session. Further, suspending public input requirements for local government decisions is just as bad as the circus of the past three days. Every citizen of the State of Oregon has a reason to protest now. HB 4212 drafted in secret is a combination of eleven legislative concepts. That 39 secret amendments were prepared by the Speaker and President along with a few Democrat members using the Speakers authority, yet, Republican minority member amendments were not allowed by majority rules. Webster's dictionary defines this as fascism. The relating clause was legal trash that gives the finger to the Oregon Constitution despite the majority party Carrier's feeble attempt to justify it. This vote soundly deserved a No vote on constitutional grounds. Voted No.

Senate reverted to the order of Other Business of the Senate by unanimous consent at the request of the Chair.

PROCLAMATION

WHEREAS: Since January 2020, the State of Oregon has been engaged in responding to the public health threat posed by the novel infectious coronavirus (COVID-19) which, as of yesterday, has resulted in at least 18,131 cases and 316 deaths statewide; and

WHEREAS: There is an urgent need for Oregon's Legislative Assembly to rebalance the state budget due to the economic fallout from the COVID-19 pandemic and to ensure delivery of benefits and benefit programs to Oregonians.

NOW THEREFORE: I, Kate Brown, Governor of the State of Oregon, pursuant to Article V, section 12, of the Oregon Constitution, find an extraordinary occasion exists, and do by this proclamation call the Eightieth Oregon Legislative Assembly to convene in special session on August 10, 2020, at 8:00 a.m.

I ask that the members of the Assembly act expeditiously in enacting legislation to address the matters referenced above. In addition, I am supportive of the Legislature considering urgent legislation that builds on or remains from the first special session, particularly related to police accountability.

IN WITNESS WHEREOF, I hereunto set my hand and cause the Great Seal of the State of Oregon to be affixed. Done at the Capitol in the City of Salem in the State of Oregon on this day, July 31, 2020.

Kate Brown, Governor

Bev Clarno, Secretary of State

The Credentials Committee report of February 3, 2020, stands and all members of the Senate are eligible to serve in the Second Special Session of the Eightieth Legislative Assembly.

Wagner moved that the Senate Rules of the Eightieth Legislative Assembly be adopted, as amended, for the Senate Rules for this Second Special Session of the Eightieth Legislative Assembly.

On adoption of the rules, the vote was: Ayes, 18; Nays, 8 – Baertschiger Jr, Boles, Findley, Girod, Heard, Knopp, Linthicum, Thatcher; Excused, 4 – Boquist, Hansell, Olsen, Thomsen. Special Session Rules adopted.

SECOND SPECIAL SESSION RULES OF THE
SENATE 80th LEGISLATIVE ASSEMBLY
Adopted January 14, 2019 and amended
June 30, 2019 and February 4 August 10, 2020

1.01 Definitions.

(17) “Special Session” means the Special Session of the 80th Legislative Assembly convened on August 10, 2020.

2.05 Procedure for Adopting, Amending, or Rescinding Rules.

No standing rule of the Senate shall be adopted, amended or rescinded except upon the affirmative vote of a constitutional majority (16). After the Organizational Session of the Senate for this Special Session, the adoption, amendment or rescission of rules shall be proposed in writing, read at a regular business session, printed, distributed to members' desks and allowed to lie on the table for at least one session day prior to any vote thereon.

2.20 Rules of the Senate.

~~(1) Except as modified or rescinded under SR 2.05, these rules shall be in effect for the entire term of the Legislative Assembly whether the Senate is in session or has adjourned *sine die*.~~

~~(2) The Senate shall follow the recommendations of the concurrent resolution(s), if any, adopted by the 80th Legislative Assembly to set the legislative schedule for the regular sessions. The provisions of any such concurrent resolution may be suspended by a two-thirds majority (20) of elected members. If no concurrent resolution sets a legislative schedule for the session, the Senate may adopt rules setting its own legislative schedule.~~

The rules adopted for the Special Session shall expire upon the adjournment *sine die* of the Special Session, at which time the Senate Rules as last amended on February 4, 2020 shall continue in effect. Notwithstanding the Special Session, all rules governing drafting requests and measure introductions in advance of a Long Session remain in effect without regard to whether the rules are termed interim or session rules. Notwithstanding the expiration of rules adopted for this Special Session, the amendment to Senate Rule 18.01 (1) shall continue in effect.

2.50 Organizational Session.

(3) The Regular Session and Interim Rules, as approved by the Senate on January 14, 2019, will go into effect on January 22, 2019. Rules adopted for a Special Session shall remain in effect for that Special Session.

(6) The Organizational Session for a Special Session shall be held on the first day of the Special Session.

3.05 Session Hour; Deliberations Open; Deliberations During Global Pandemic.

~~(2) All deliberations of the Senate and its committees shall be open to the public. This provision does not prohibit clearing the gallery or hearing room in the event of a disturbance, during which time deliberations shall be in recess. The Senate recognizes that this Special Session is being conducted during a global pandemic in which a novel coronavirus has sickened millions of people and taken the lives of at least 160,000 Americans. Because the virus spreads through close personal contact and through the air, the Senate finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. Accordingly, for this Special Session:~~

- (a) All floor sessions and committee meetings must be contemporaneously streamed on the Internet and broadcast on one or more television monitors at a location proximate to the Capitol and accessible to the public enabling the public to observe all legislative deliberations.
- (b) Any floor session vote or committee meeting vote must be visually observable by and audible to the public through the means described in paragraph (a) of this subsection.
- (c) For committee meetings, members may participate in and be counted toward quorum using remote videoconferencing technology if the technology permits each member, when they are speaking, to be visually observed by all other committee members and by the public.
- (d) If a committee holds a public hearing, witnesses shall be allowed to testify before the committee using videoconferencing or teleconferencing technology. Nothing in this rule modifies a chair's existing authority to place time limits on witness testimony or limit testimony to topics germane to the committee's agenda. A testimony station that is proximate to the Capitol shall be made available to permit interested members of the public to testify at each public hearing using teleconferencing means.
- (e) The Capitol shall be physically closed to the public for the duration of the Special Session. Bona fide members of the press may be physically present in the Capitol during hours that legislative proceedings are taking place.

13.01 Requirements for Presentation of Measures for Introduction; Bill backs.

~~(4) All measure drafting requests from Legislative Counsel and measures introduced during the Special Session must be approved by the President.~~

17.01 Floor Privileges.

~~(2) Notwithstanding subsection (1) of this rule, staff, personnel, and media access to the floor may be limited during a public health emergency.~~

~~(2)(3) Courtesies of the floor may be extended only to special dignitaries, former members of the Legislative Assembly and members of the family of a member to whom courtesies of the floor have been extended in accordance with policies as set by the President. Courtesies shall not be extended to any former member who is a lobbyist.~~

~~(3)(4) No person who is a lobbyist as defined in ORS 171.725 shall be permitted in the Senate Chamber area during its daily session. Any person transgressing this subsection shall be removed from the chamber area and shall be subject to the penalties provided by law for violation of lobbying regulations. Notes from a lobbyist are prohibited while the Senate is in daily floor session.~~

~~(4)(5) Admission to the side aisles beyond the bar shall be reserved for the families and guests of members of the Senate, local and state elected officials and such other persons as may be authorized by the President. However, the privilege shall not be granted to any person actively engaged in seeking the passage or defeat of any measure, except during consideration of Concurrent Resolutions as may be authorized by the President.~~

~~(5)(6) No food, beverage other than water, or smoking is permitted on the side aisles or within the bar.~~

~~(6)(7) While the Senate is in daily session, the center aisle of the floor shall be kept clear of all persons, except members and the Secretary of the Senate or someone acting under the direction of the Secretary of the Senate and conducting the business of the Senate. Access to the chamber during a daily session shall be by the side doors and side aisles.~~

~~(7)(8) Beginning 15 minutes before the opening of each session and ending 15 minutes after the session, no person shall be permitted in the chamber area except those authorized to be in the chamber under this rule.~~

17.03 Distribution of Materials on or to ~~on~~ Floor.

(1) No materials on any measure that is on the Third Reading calendar or on the agenda may be distributed ~~on~~ or to the floor except materials prepared for, or by, a member of the Senate.

(5) Distribution of materials to the floor may be limited to electronic distribution during a public health emergency.

18.01 Legislative Branch Personnel and Contracting Rules.

(1) The Legislative Branch Personnel Rules, as adopted by the Senate ~~on January 14, 2019 and amended~~ on June 29, 2019 and adopted by the Legislative Administration Committee on August 6, 2020 are incorporated into the Senate Rules by this reference as rules of proceeding of the Senate.

SB 5723 – Golden requested the following written explanation of vote be entered into the Journal:

Thank you, Mr. President, I'm going to guess that everyone in this chamber has received emails in the last month that say "Dear Senator, I understand and appreciate the difficult task ahead of you in rebalancing the state budget, but I'm writing to tell you it's crucial that you hold program X, Y or Z harmless from any cuts." More often than not, they go on to make a pretty strong case.

And I'll bet many of us responded by asking for their understanding that we're at a moment when we have no choice but to make cuts we don't want to make, and that will include damage to some really important programs and services. And it's likely that you add to that a pledge along the lines of "I'll do all I can to minimize adverse effects on vulnerable Oregonians and the state programs that assist them."

Mr. President, I think we're violating that pledge. If we were doing all we reasonably can to minimize the pain, we would probably follow the lead of a growing number of states coupled to the federal income tax: they've elected to DECOUPLE their tax code from several new and under-noticed tax breaks in Congress' first COVID relief package. Evidence is that going along with these new federal tax breaks will give wealthy Oregonians, people who are not suffering from the pandemic's economic effects, \$225 million in new state tax breaks at the same time that we are cutting vital services that effect our most vulnerable citizens.

I won't argue that case today, both because the decision is not before us in this session and because I haven't vetted the relevant facts to the depth that's needed. I rise today simply to offer two propositions that I hope that everyone of us can agree with:

1) If there's grounded evidence that disconnecting would mean transferring hundreds of millions of dollars from BRAND NEW tax breaks for the most affluent Oregonians to vital service needs, or to

replenishing critical reserve funds...if there's some reason to believe that's true, we have an obligation to study this possibility carefully to verify the facts, and make a decision based on those facts, and

2) We have a responsibility to be honest with Oregonians about those facts. Like most of you, I've received form-letter emails from self-identified mom-and-pop businesses, saying they can't BELIEVE we're planning to hurt them even more in these tough Covid days by taking away an important tax break they already have. If those claims are wrong, and they are, it's up to us to say so. And if we know of a group organizing those emails, we should tell them to knock it off. We should all be willing to say that strategically misleading the people we represent is not the road to good public policy.

Now, I'll go out on a limb and predict that if a bill to disconnect makes it to this floor in a future session, it won't get unanimous support. The plain fact is that we don't all agree on tax policy. But I still believe we have it in us to base that disagreement on the verifiable facts of the matter instead of maneuvering for political advantage. We have to get better at that to craft for Oregonians the public policy they deserve.

SB 5721 – Knopp requested the following written explanation of vote be entered into the Journal:

I voted no on SB 5721, the bonding bill, because the process was flawed, and Central Oregon's needs were dismissed by the Majority in favor of their Portland, Eugene and Corvallis districts. The process lacked access and transparency.

Testimony was essentially blocked, and no dialogue was had with Central Oregon higher education advocates. OSU Cascades Student Success Center was left off the list by Democrats despite being one of the only projects with student match.

I support affordable housing bonds in the bill but when you combine that with 179 million in higher education bonds, all but 19 million going to valley districts, this bill earned my no vote.

HB 4301 – Heard requested the following written explanation of vote be entered into the Journal:

My no vote on this bill has nothing to do with the merit or validity of the legislation at hand, and solely to do with the mangled legislative system that brought it forward. What we have seen in recent years and culminating today in the second reckless session in less than six weeks, is the erosion of the moral guiding principles that define a functioning Legislature. The task and burden we bear as legislators is to define the standards by which our society is governed, and our citizens judged. At its core, a Legislature should be built on honesty, transparency, and accountability. Sadly, they have all but disappeared in our chambers.

Honesty is crucial in ensuring that we craft the most comprehensive legislation. In its simplest form, honesty is having every affected party at the table with an equal opportunity to weigh in on the matters. What we saw today however was a rushed process in which that opportunity was not afforded to the people. Instead our Democrat majority chairs chose to rush this bill through committee, closing it off to invited testimony only. This is testimony that only the Chairs (Democrats) had a say in choosing. The delusion that this bill had properly been vetted starts to shatter here.

In terms of transparency, our system was designed with a series of checks to make sure that we are doing our work under the purview of the public eye. The Majority Party cannot honestly believe that they are being transparent, when they make the legislation public less than 48 hours before it is going to be voted on! To then deny the public access to their building, and the minority any viable form of impacting the legislation (cannot submit bills, did not have time to draft amendments, and minorities in every committee so we cannot vote it down) makes a mockery of the very notion of transparency.

And lastly, accountability. We have a responsibility to hold ourselves accountable to the people who trust us to come up here and defend their rights. A key component of accountability in our building is the publics ability to come, lobby their legislators, and voice their opinions on the legislation. With no information sessions for public comment and a session that ran at breakneck speed, the people never stood a chance. Instead the Democrat supermajority chose to showcase their elite ability to dictate everyone's lives from the dais, with no remorse for the death of an honorable legislative process.

For all these reasons, and for the sake of advocating for a just and ethical process, I voted no.

September 20, 2020

Dear Secretary Clarno:

Our state faces several unprecedented challenges simultaneously: the COVID-19 pandemic; structural racism resulting in persistent disparities for Black, Indigenous, People of Color, and Tribal communities in our state; widespread unemployment; a significant budget shortfall; and now the worst wildfire season in our lifetimes.

The Legislature and I have worked closely together on all of these challenges. I applaud legislators' recent work during the 2020 Second Special Session. I know it has been incredibly difficult for them to navigate the demands of the Legislature's deliberative nature and the limits that COVID-19 require us to impose for public health and safety. I also want to commend legislators' work on balancing our state budget in response to the economic crisis that COVID-19 has created.

The wildfires are a significant change since the adjournment of the Second Special Session. As we continue to navigate these rapidly changing crises, I know the Legislature will stand ready, again, to help Oregonians and address these challenges. When it became apparent that COVID-19 disproportionately affected Black, Indigenous, People of Color, and Tribal communities in Oregon, the Legislature and I worked together to steer Coronavirus Relief Fund dollars to those communities. Now, we must work together to help Oregonians who have lost everything from these fires.

As a first step, this month the Emergency Board will consider an additional allocation to the Wildfire Damage Housing Relief Program to assist Oregonians who lost their homes in the fires. This program already has a substantial waiting list, and this allocation will provide immediate help to those most in need. As a next step, I have directed agencies to bring another relief proposal for future consideration by the Legislature. This relief package must maximize all federal assistance coming to Oregon. I am also asking the Oregon Department of Forestry to estimate as quickly as possible the cost of fighting these catastrophic fires, and I am working with our congressional delegation to get substantial reimbursement from FEMA for as many of these costs as possible. Finally, I expect to partner with the Legislature in the future to address the structural and surge capacity needs necessitated by these catastrophic fire seasons, as well as the long-term issues of fire cost, prevention, and suppression.

Until we understand the total impacts and costs, we must help Oregonians while being judicious with our funds. In light of the current wildfires state of emergency, which occurred after the adjournment of the Second Special Session, I am exercising my veto authority to ensure that state agencies fighting wildfires have necessary resources for responding to this emergency. In addition to those vetoes, I am also vetoing a small number of single items in these appropriation bills that will ensure that the state budget remains in balance. Taken together, these vetoes increase the state's ending balance by over \$65 million to a total of \$164.3 million in General Fund and \$16.7 million in Lottery Fund. I have asked the Legislature to reserve at least \$150 million in the emergency fund for upcoming requests relating to the fires.

Article V, section 15a of the Oregon Constitution grants me the "power to veto single items in appropriation bills ... without thereby affecting any other provision of such bill." Both Senate Bill 5723 and House Bill 4304 appropriate funds, and thus are "appropriation bills" that trigger my authority to veto any "single items" within those bills.

In accordance with Article V, section 15a, I hereby disapprove, disallow, and veto the following items of **Enrolled Senate Bill 5723** without affecting the remaining provisions of the bill:

Oregon Department of Forestry (SB 5723, Sections 177-179, 181-185)

Sections 177 to 179 decrease general fund appropriations for agency administration, fire protection, and private forests. Sections 181 to 184 decrease other funds expenditure limitations for agency administration, fire protection, private forests, and the equipment pool. Section 185

decreases the federal funds expenditure limitation for private forests. I am vetoing these provisions to maintain funding for the Oregon Department of Forestry while it responds to the ongoing statewide wildfires state of emergency.

Oregon Military Department (SB 5723, Sections 290-294)

Sections 290, 291, and 293 decrease general fund appropriations for emergency management and operations. Sections 292 and 294 decrease the federal funds expenditure limitation for emergency management and operations. I am vetoing these provisions to maintain funding for the Oregon Military Department while it responds to the ongoing statewide wildfires state of emergency.

Oregon State Police (SB 5723, Sections 297-299, 322)

Sections 297 to 299 decrease general fund appropriations for patrol services, criminal investigations, gaming enforcement, the Office of State Fire Marshal, administrative services, agency support, criminal justice information services, forensic services, and the Chief Medical Examiner. Section 322 decreases the general fund appropriation to the State Department of Fish and Wildlife for state police enforcement. I am vetoing these provisions to maintain funding for the Oregon State Police while it responds to the ongoing statewide wildfires state of emergency.

Special Purpose Appropriation for DHS / OHA (SB 5723, Section 342)

Section 342 establishes a special purpose appropriation for the Emergency Board to be allocated to the Oregon Health Authority or the Department of Human Resources for caseload costs or other budgetary challenges the agencies are unable to mitigate. I am vetoing this provision to maintain balance in the state budget, and to retain vital resources at state agencies responding directly to the fire.

Department of Environmental Quality (SB 5723, Section 273)

Section 273 decreases the general fund allocation to the Department of Environmental Quality, made at the March 9, 2020 Emergency Board meeting, for rulemaking and other actions to reduce greenhouse gas emissions across all emission sources, including point sources, natural gas emissions, and transportation fuels. I am vetoing this provision to preserve agency resources to continue to address the effects of climate change, a key part of our wildfire response.

Department of Education, Early Learning Division (SB 5723, Section 213)

Section 213 decreases the general fund appropriation to the Department of Education, Early Learning Division, relating to the healthy families program, early learning hubs, and focus childcare networks. I am vetoing this provision to preserve resources at state agencies that are part of the state's safety net at a time when many Oregonians are struggling with the impacts of wildfire and COVID-19.

In accordance with Article V, section 15a, I also hereby disapprove, disallow, and veto the following items of **Enrolled House Bill 4304** without affecting the remaining provisions of the bill:

Wildfire Damage Housing Relief Account (HB 4304, Sections 38-40a)

Section 38 to 40a repeal the Wildfire Damage Housing Relief Account within the Oregon Housing Fund, resulting in the transfer of the fund balance. I am vetoing these provisions to maintain resources at agencies tasked with responding to the wildfires.

PERS Revenue Allocation Changes (HB 4304, Sections 15, 15a, 16, 18, 18a, 18b, 18c)

Sections 15, 15a, and 16 repeal the allocation of sports betting lottery funds to the PERS Employer Incentive Fund. Sections 18, 18a, 18b, and 18c repeal the transfer of excess proceeds from capital gains taxes, estate taxes, and debt collection, and the transfer of interest from unclaimed property to the PERS School Districts Unfunded Liability

Fund. All of these sections redirect revenue streams. I am vetoing these provisions because they redirect resources away from programs that help relieve budgetary pressures for local governments.

State Treasurer Funds (HB 4304, Section 57)

Section 57 transfers funds from the miscellaneous receipts account for the State Treasurer. I am vetoing this provision because I am concerned that the public was not able to adequately weigh in on this budget decision, and upon further review I do not believe it is appropriate.

Educator Advancement Fund (HB 4304, Section 61)

Section 61 transfers funds from the Educator Advancement Fund. I am vetoing this provision to ensure funding remains in place to aid local school districts during a time of intense strain on their budgets and employees.

I have signed Senate Bill 5723 and House Bill 4304 as to the remaining provisions of those bills, and return each of those signed bills to you with this letter. On each bill, I have lined through the items that I disallow, disapprove, and veto. These provisions are "single items" that are distinct and severable.

Sincerely,

Governor Kate Brown

The following members were present: Baertschiger Jr, Beyer, Boles, Dembrow, Fagan, Findley, Frederick, Gelsner, Girod, Golden, Hass, Heard, Knopp, Manning Jr, Monnes Anderson, Prozanski, Riley, Roblan, Steiner Hayward, Taylor, Thatcher, Wagner, President Courtney; excused – Boquist, Burdick, Hansell, Johnson, Linthicum, Olsen, Thomsen. The following Proclamation from the Governor was read:

PROCLAMATION

WHEREAS: Oregon is responding to the public health emergency posed by the novel infectious coronavirus (COVID-19) which, as of today, has resulted in at least 95,010 cases and 1,161 deaths statewide; and

WHEREAS: Recovery efforts continue from a series of catastrophic wildfires that erupted across significant portions of the Oregon earlier this year; and

WHEREAS: There is an urgent need for Oregon's Legislative Assembly to enact legislation before the end of the year that provides protections and economic relief for Oregonians affected by the COVID-19 and wildfire recovery emergencies.

NOW THEREFORE: I, Kate Brown, Governor of the State of Oregon, pursuant to Article V, section 12, of the Oregon Constitution, find an extraordinary occasion exists, and do by this proclamation call the Eightieth Oregon Legislative Assembly to convene in special session on December 21, 2020, at 8:00 a.m.

Although the Constitution does not allow me to limit the length of the special session or the issues considered, I ask that the members of the Assembly act expeditiously in enacting legislation regarding the matters referenced above.

IN WITNESS WHEREOF, I hereunto set my hand and cause the Great Seal of the State of Oregon to be affixed. Done at the Capitol in the City of Salem in the State of Oregon on this day, December 15, 2020.

Kate Brown, Governor

Bev Clarno, Secretary of State

The Credentials Committee report of February 3, 2020, stands and all members of the Senate are eligible to serve in the Third Special Session of the Eightieth Legislative Assembly.

Wagner moved that the Senate Rules of the Eightieth Legislative Assembly be adopted, as amended, for the Senate Rules for this Third Special Session of the Eightieth Legislative Assembly.

On adoption of the rules, the vote was: Ayes, 16; Nays, 7 – Baertschiger Jr, Boles, Findley, Girod, Heard, Knopp, Thatcher; Excused, 7 – Boquist, Burdick, Hansell, Johnson, Linthicum, Olsen, Thomsen. Special Session Rules adopted.

THIRD SPECIAL SESSION RULES OF THE
SENATE 80th LEGISLATIVE ASSEMBLY
Adopted January 14, 2019 and amended
June 30, 2019 and February 4 December 21, 2020

1.01 Definitions.

(2) “Chamber area” includes the entire area of the Senate floor including the areas immediately adjacent to the Senate Chamber and, during a public health emergency, includes the Senate Chamber gallery.

(4) “Courtesy of the floor” means admittance within the bar granted upon request of a member in accordance with SR 17.01(23).

(17) “Special Session” means the Special Session of the 80th Legislative Assembly convened on December 21, 2020.

2.05 Procedure for Adopting, Amending, or Rescinding Rules.

No standing rule of the Senate shall be adopted, amended or rescinded except upon the affirmative vote of a constitutional majority (16). After the Organizational Session of the Senate for this Special Session, the adoption, amendment or rescission of rules shall be proposed in writing, read at a regular business session, printed, distributed to members’ desks and allowed to lie on the table for at least one session day prior to any vote thereon.

2.20 Rules of the Senate.

~~(1) Except as modified or rescinded under SR 2.05, these rules shall be in effect for the entire term of the Legislative Assembly whether the Senate is in session or has adjourned sine die.~~

~~(2) The Senate shall follow the recommendations of the concurrent resolution(s), if any, adopted by the 80th Legislative Assembly to set the legislative schedule for the regular sessions. The provisions of any such concurrent resolution may be suspended by a two-thirds majority (20) of elected members. If no concurrent resolution sets a legislative schedule for the session, the Senate may adopt rules setting its own legislative schedule.~~

The rules adopted for the Special Session shall expire upon the adjournment sine die of the Special Session, at which time the Senate Rules as last amended on February 4, 2020 shall continue in effect. Notwithstanding the Special Session, all rules governing drafting requests and measure introductions in advance of a Long Session remain in effect without regard to whether the rules are termed interim or session rules. Notwithstanding the expiration of rules adopted for this Special Session, the August 10, 2020 amendment to Senate Rule 18.01 (1) shall continue in effect.

2.50 Organizational Session.

(3) The Regular Session and Interim Rules, as approved by the Senate on January 14, 2019, will go into effect on January 22, 2019. Rules adopted for a Special

Session shall remain in effect for that Special Session.

~~(5)(6)~~ The Organizational Session for a Special Session shall be held on the first day of the Special Session.

3.05 Session Hour; Deliberations Open; Deliberations During Global Pandemic.

~~(2) All deliberations of the Senate and its committees shall be open to the public. This provision does not prohibit clearing the gallery or hearing room in the event of a disturbance, during which time deliberations shall be in recess. The Senate recognizes that this Special Session is being conducted during a global pandemic in which a novel coronavirus has sickened millions of people and taken the lives of many Americans. Because the virus spreads through close personal contact and through the air, the Senate finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. Accordingly, for this Special Session:~~

- ~~(a) All floor sessions and committee meetings must be contemporaneously streamed on the Internet and broadcast on one or more television monitors at a location proximate to the Capitol and accessible to the public enabling the public to observe all legislative deliberations.~~
- ~~(b) Any floor session vote or committee meeting vote must be visually observable by and audible to the public through the means described in paragraph (a) of this subsection.~~
- ~~(c) For committee meetings, members may participate in and be counted toward quorum using remote videoconferencing technology if the technology permits each member, when they are speaking, to be visually observed by all other committee members and by the public.~~
- ~~(d) If a committee holds a public hearing, witnesses shall be allowed to testify before the committee using videoconferencing or teleconferencing technology. Nothing in this rule modifies a chair's existing authority to place time limits on witness testimony or limit testimony to topics germane to the committee's agenda. A testimony station that is proximate to the Capitol shall be made available to permit interested members of the public to~~

testify at each public hearing using teleconferencing means.

- ~~(e) The Capitol shall be physically closed to the public for the duration of the Special Session. Bona fide members of the press may be physically present in the Capitol during hours that legislative proceedings are taking place.~~

3.15 Roll Call.

(1) A roll call vote of audible "ayes" and "nays" shall be taken and recorded on the final passage of all measures, with the exception of memorials and resolutions that affect only the Senate and do not appropriate money.

3.20 Requirements for Voting.

(2) Except by unanimous consent, no member shall be permitted to vote on any question unless in attendance at the time the question is put. A member shall be considered in attendance if the member is in the chamber area. ~~However, a member must be within the bar to vote.~~

13.01 Requirements for Presentation of Measures for Introduction; Bill backs.

~~(4) All measure drafting requests from Legislative Counsel and measures introduced during the Special Session must be approved by the President.~~

17.01 Floor Privileges.

~~(2) Notwithstanding subsection (1) of this rule, staff, personnel, and media access to the floor may be limited during a public health emergency.~~

~~(2)(3)~~ Courtesies of the floor may be extended only to special dignitaries, former members of the Legislative Assembly and members of the family of a member to whom courtesies of the floor have been extended in accordance with policies as set by the President. Courtesies shall not be extended to any former member who is a lobbyist.

~~(3)(4)~~ No person who is a lobbyist as defined in ORS 171.725 shall be permitted in the Senate Chamber area during its daily session. Any person transgressing this subsection shall be removed from the chamber area and shall be subject to the penalties provided by law for violation of lobbying regulations. Notes from a lobbyist are prohibited while the Senate is in daily floor session.

~~(4)(5)~~ Admission to the side aisles beyond the bar shall be reserved for the families and guests of members of the Senate, local and state elected officials and such other persons as may be authorized by the President. However, the privilege shall not be granted to any person actively

engaged in seeking the passage or defeat of any measure, except during consideration of Concurrent Resolutions as may be authorized by the President.

~~(5)~~(6) No food, beverage other than water, or smoking is permitted on the side aisles or within the bar.

~~(6)~~(7) While the Senate is in daily session, the center aisle of the floor shall be kept clear of all persons, except members and the Secretary of the Senate or someone acting under the direction of the Secretary of the Senate and conducting the business of the Senate. Access to the chamber during a daily session shall be by the side doors and side aisles.

~~(7)~~(8) Beginning 15 minutes before the opening of each session and ending 15 minutes after the session, no person shall be permitted in the chamber area except those authorized to be in the chamber under this rule.

17.03 Distribution of Materials on or to ~~on~~ Floor.

(1) No materials on any measure that is on the Third Reading calendar or on the agenda may be distributed ~~on~~ or to the floor except materials prepared for, or by, a member of the Senate.

(5) Distribution of materials to the floor may be limited to electronic distribution during a public health emergency.

18.01 Legislative Branch Personnel and Contracting Rules.

(1) The Legislative Branch Personnel Rules, as adopted by the Senate ~~on January 14, 2019 and amended~~ on June 29, 2019 and adopted by the Legislative Administration Committee on August 6, 2020 are incorporated into the Senate Rules by this reference as rules of proceeding of the Senate.

SB 1801 A-Eng. – Monnes Anderson requested the following written explanation of vote be entered into the Journal:

I voted no on SB 1801 because increasing access to alcohol through “cocktails-to-go” has its own set of costs and impacts. The Centers for Disease Control and Prevention (CDC) caution us about increasing alcohol consumption during the COVID-19 pandemic. Increased stress can lead to increased alcohol use, and increased alcohol use brings with it a host of risks such as further increasing anxiety, depression, and other mental health conditions; increasing incidents of violence, injuries, and motor vehicle crashes; and increasing the likelihood of experiencing long-term health issues such as liver disease, cancer, heart disease, stroke, and high blood pressure. The CDC also warns us that drinking alcohol weakens your body's ability to fight infections, which increases the risk of complications and makes it harder to get better if you become ill. Here in Oregon we have some of the highest substance use disorder rates in the country, and the most common disorder in our State is an alcohol use disorder. This is one of the reasons why Oregon's Substance Use Strategic Plan calls for decreasing access to alcohol.

We have also seen the need for substance use services increase during COVID-19, but at the same time some providers are providing care to fewer people because of COVID-19 restrictions. Increasing access to alcohol through “cocktails-to-go” will make it harder to address the growing behavioral health needs that COVID-19 has brought us. I remain concerned about the impacts of increasing access to alcohol, especially during this time when so many of our community members feel isolated and we are struggling to provide needed behavioral and other support services.

Senate recessed until 3:45 p.m. by unanimous consent at the request of the Chair.

HB 4402 A-Eng. – Dembrow requested the following written explanation of vote be entered into the Journal:

While I voted in support of HB 4402, I want to clarify my understanding regarding the “COVID-19 Emergency Rule” that school districts must follow, if there is a discrepancy between state and federal guidance.

The bill states that: *“COVID-19 Emergency Rule” means an executive order, order of the Superintendent of Public Instruction, declaration, directive or other state or federal authorization, policy, statement, guidance, rule or regulation that creates a standard or waives, suspends or modifies otherwise applicable state or federal law, regulations or standards regarding the rendering of education services.*

One of the questions that arose during public testimony was what happens if “federal authorization” is in conflict with the state policy that was created in order to implement guidance from the Centers for Disease Control. More specifically, what if a district were to seek to defend its inadequate actions by arguing that it was complying with statements made by the President that called for more relaxed standards? Which standards should prevail?

Based on conversations that I had with those involved in the work groups that worked on this issue, I understand the intent to be compliance with the more narrowly-focused rules developed for Oregon, the ODE/OHA “Ready Schools, Safe Learners” requirements, which use CDC guidance and the Governor’s executive orders as the basis for their policies. My understanding is that it’s those requirements that will prevail here, not the changing CDC guidances, and certainly not a

presidential tweet.

I would have put this statement on the record in person, but our goal was to keep floor speeches to a minimum yesterday, as a result of the COVID restrictions we are following.

If there is rule-making around HB 4402, I hope that it will reflect this intent.

HB 4402 A-Eng. – Gelsner requested the following written explanation of vote be entered into the Journal:

Although I believe getting Oregon students back to school as soon as safely possible is an urgent priority, I voted NO on HB 4402. This bill would have provided school districts a shield from liability related to COVID related claims. This is because I believe people disproportionately impacted by the dangers of the virus should not be put at greater risk by community pressure to open schools before it is safe for everyone.

It is true that granting a liability shield to schools costs our general fund nothing. Instead, it shifts the financial and health related costs of COVID risks directly to a smaller number of Oregonians with the most to lose. It also changes the risk analysis for districts, which will leave them susceptible to increasing pressures to open schools before it is safe.

I was not alone in this belief. Organizations representing those most devastated by the virus and likely to suffer significant complication or death – those with disabilities and chronic illness, low income communities and organizations representing the interests of Black, Indigenous and other people of color – raised the alarms about the measure. These organizations included Disability Rights Oregon, the Oregon Developmental Disabilities Coalition, Unite Oregon, The Arc of Oregon, The Arc of Multnomah County, FACT Oregon, the Autism Society of Oregon, NextUp, and the Oregon Justice Resource Center. Although I was aware it was likely that this measure would pass, I believed it was critical that the concerns of these organizations and the communities they represent be acknowledged by my No vote. The concerns they voiced are urgent and a unanimous vote on this measure would have failed to recognize the validity of these concerns.

I am also concerned that the definition of “emergency rule” is too vague in this legislation. It does not strictly define compliance with rules set by the state of Oregon. Instead, it provides an immunity shield to a district that was “in compliance” with rules, statements or guidance in effect at the time of the alleged violation. However, the legislation does not address what to do when existing policies, guidance, rules and statements contradict each other. Over the course of this pandemic, state and federal guidance and regulations have been in. Which guidance, rules, statements or policies ultimately define what grants liability to a district? The legislation does not state that it is the strictest current regulations. Instead, it is ANY regulation or statement or policy or guidance from any state or federal official in effect at the time of the alleged negligence.

While I appreciate supporters of the bill believe this language will encourage more schools to voluntarily institute rigorous compliance with the rules, I am not convinced. My work over the past two years looking at residential facilities for children revealed that programs can easily demonstrate compliance with policies and rules in writing. However, inadequate training or lax enforcement are often not recognized until it is too late. In one case, this led to the death of a 16 year old due to an inappropriate restraint. The organization has argued they are not liable for his death because staff were not in compliance with written policies – even though the organization had not uniformly enforced those policies or adequately trained their staff prior to the child’s death.

It should not be enough for school districts to simply have written policies that are compliant with emergency rules because the stakes are too high. District leaders must demonstrate how they will ensure strict compliance with these protocols from staff, students and parents. For instance, how will a district ensure a COVID exposed student does not come to school? How will they ensure that in a staffing crisis, a teacher or teaching assistant won’t face pressure to come to school before their quarantine is over because they are concerned they will be disciplined? How will mask compliance be enforced in hallways and classrooms? Will a student be sent home if he has symptoms on the day of his AP exam? Will he agree to leave? And how will violations be enforced?

These are all difficult issues that rely on the judgement and confidence of individual staff, parents and students that may face competing academic, financial, emotional and employment pressures. These are also issues that are difficult for any individual to enforce

because COVID prevention relies on what most of us consider very personal choices. A district could have excellent COVID related written policies, but without adequate training and enforcement it would be impossible to ensure these were implemented with fidelity. And, as we know, even what seem like modest errors related to COVID can have grave consequences. Just this month, one person in Douglas County went to work while ill. As a result, there have been 300 people quarantined and 7 deaths. It is not hard to imagine a similar seemingly small violation in a school district by a single employee or student resulting in the same sequence of events. Is it really appropriate that the financial burden of this violation should fall on those who suffer illness and death?

Returning Oregon kids to school is not about liability shields. It is about all of us coming together for a few months to make necessary sacrifices like avoiding gathering with those outside our homes, wearing masks when outside our homes or cars, washing our hands and staying home when ill. This will allow us to reduce transmission in our communities. Lower transmission rates coupled with strict compliance with COVID protocols could allow schools to open this school year. A liability shield, I am afraid, will simply push schools to open too fast before they have worked out the details of implementation because they do not have to be concerned about being held accountable for errors if they can point to some statement, rule, or proclamation from any state or federal official. Not only might this lead to death and illness for others in the community, it will lead to further disruption of the learning experience when entire classrooms or schools are forced into quarantine. I may have been able to vote YES on this bill with the following three changes:

- If the definition of emergency rule was narrowed to be compliance with the strictest rule in effect through official action (official rulemaking, executive order, etc) at the time of the alleged violation
- If it was clear that the district would not be eligible for liability protection if an individual employee or student or group of employees or students failed to comply with or implement a written district policy with fidelity
- If the impact on COVID vulnerable populations had been mitigated with an effective date that was delayed until completion of distribution of vaccines to the very vulnerable Phase 1a populations.

I honor and respect the intentions of my colleagues who introduced and passed this bill. I know they are motivated by a deep desire to meet kids' needs.

Kids need to be back in school. Safely. When kids return we need to be sure that students, teachers and staff have all the resources they need to resume learning safely and to make up for lost time. In the 2021 Session, we must pass policies and allocate the resources necessary to prioritize vaccinating at risk educational staff and 16 and 17 year old students with underlying conditions. We must ensure there are resources and will to make PPE available in adequate supply to every school in the state. We also must be ready to ensure that a school employee that is exposed to COVID at school has presumptive eligibility for workers compensation. Finally, we must be prepared to allocate significant additional resources to our schools so they can allow students the desperately needed additional learning time and experiences to recover from this major disruption to their education.

The following measures were referred to committee on December 21, and recorded on Committee Referral List No. 1, which was distributed to members. Referral list recorded in the Journal and Status Report by order of the President.

Report by Interim Committee on Rules and Executive Appointments reporting back that the Governor's appointment of James Nash to the State Fish and Wildlife

Commission, did not receive final action by the committee.

In accordance with Senate Interim Rule 209.40 consideration of the appointment that did not receive final action by the Interim Rules and Executive Appointments Committee was carried over to the next convening of the Senate.

The following committee report from the Senate Special Committee on Conduct, dated August 14, was distributed to members today, recorded in the journal and status report, and will be placed in the original documents file:

RECOMMENDATION OF NO FURTHER ACTION

Having considered the investigator's final report, the testimony and other evidence presented at the July 23 hearing, the Complainant's request for review and the related response, and the Complainant's testimony at the August 14 meeting, the Senate Special Committee on Conduct finds as follows:

1. Pursuant to Legislative Branch Personnel Rule 27 and Senate Chamber Rules, the Senate Special Committee on Conduct is granted jurisdiction over formal complaints alleging harassment or discrimination by legislators.

2. Although the Complainant had previously testified that the complaint is not directed at legislators, the Complainant's August 1 request review and testimony on August 14 challenge the decision made by Sen. Peter Courtney to appoint an interim Legislative Revenue Officer.

3. Consistent with the findings of the independent investigator, the Committee finds no evidence that Sen. Peter Courtney, or any other legislator, engaged in discriminatory conduct in the selection of an interim Legislative Revenue Officer or in any related process.

Therefore, the Committee **RECOMMENDS** that it take **NO FURTHER ACTION**.

Burdick moved that the Senate confirm en bloc the Governor's appointments as listed.
