President Courtney made the following remarks to the Senate:

"When I don't know what to say, I try to return to safe harbor. It is something that has long fascinated me: the Oregon Trail. There's been a lot written about it, said about it. And it's interesting. Had I given this speech last week at this time, it would have been much different. Because on Saturday morning I learned something. We were, the Democrats, in a session about sensitivity and inclusiveness, and we divided into groups and the group I was in, I'll be frank with you, there were three persons of color, two women, and there was Peter. So clearly, Peter, well he was quite a minority. And the individuals there said things, discussed things, and one of them said something that completely threw me. And I said I don't know if I can talk about the Oregon Trail now because I was unaware of a certain point. The Oregon Trail, it was 2000 miles, I'm told. From somewhere in Missouri to Oregon City. It was often referred by some, as the nation's longest graveyard. One out of ten perished on that journey. One out of ten. The big killer was cholera and typhoid fever, but there was more. But interestingly enough, it was a disease, it was a deadly disease that took them down in large numbers. Sorry, I don't mean to overly prepare things, but this COVID-19 thing is really not good stuff. It isn't. It hurts people, it hurts families. It interferes with us being able to do the things we'd like to do in a certain way. We are unable to do them because we are still under directions from those who have made it their life's work to study infectious diseases. I have here a statement, emailed to me this morning, from an infectious disease doctor at Oregon Health and Sciences University. The one I go to see if we still have to wear the masks, can we let up, and [the doctor] said "We cannot, Peter. We advise you, we hope you will continue to wear a mask in the Capitol when you're there". Okay.

"There were weather issues, brutal weather issues those on the trail they had to pass and move through, tremendous terrain. I've given

speeches on the wagons and why they were designed so much different than the ordinary wagon train. If you know that, I won't go into that, but the wagons were tiny compared to the wagons in the Midwest. But there was something else, and this is what happened Saturday morning. Maybe I should have assumed it. Racist and exclusionary thoughts at the time precluded a number of people from getting on the trail who wanted to, and when they got here, those that did, they struggled. Now in every great journey, in every great march, there, if we're very honest, pros and cons, good and bad. But it existed. Also, when the settlers arrived here, there was some disruption of the native people who had been here for a long time. I'm going to leave you with two quotes because if I don't do it this way, I can't relate it to it.

"Here we have an individual, and I've set it up before, 24 years old, John Bidwell. "Our ignorance of the route was complete, we were ready to start, but no one knew where to go." The young man was 24 years old; it was 1843. "The road forks, we will take the left crossing the river, and other going down the north side of the river. We don't know which is right." That was in the 1850s, so seven years after the very young John Bidwell started out. He took the left fork, and after spending a year in California, he came back to Missouri. But what is interesting to me is, I wonder if he had taken the other fork, if he would have been one of the Oregon pioneers. You know, I could go on here, I'll say things like I was told, history shows I think this is right, that the journey of 2000 miles, which took around 6 months, well I'm not trying to capitalize on it, but the fact is we got about 6 months in front of us, trying to make this government work under very difficult circumstances, and I hope that we are able to do it in a way that those who follow us will say that was one incredible session, extraordinarily difficult, but they stepped up.

"There's some other things I need to talk about to show you something I think is very meaningful to me. I talked about two individuals, but there are other individuals also. George Washington Bush. He came from Missouri on the Oregon Trail. Well, there was the history of him before that, but I'm not going to get into that. He came west in 1850, he was 33. What's interesting about him, he left Missouri because of discrimination. He was black. He comes to Oregon and things aren't going real well. He and his wife decided to go north of the Columbia River. What is interesting is, he was able to arrive and they decided to start a town. Do you know what town it was? Centralia, Washington. One of the major founders was black. In addition, in the panic of 1893, depression then. He made trip after trip to Portland and Chehalis getting goods for the people back in what would become Centralia. He saved the town. He was black. He had every reason to be vengeful, hateful, and angry. Yet not only did he found a great town in the great state of Washington, he saved it at a very dire time. George Washington Bush. He had been a veteran of the war of 1812. He came to Oregon as part of the Bush-Simmons party in 1844. He was also went north because discrimination in Oregon at the time was too much. He is credited by many of bringing the state of Washington into the United States. His son was elected to the first legislature of Washington. Again, the heart of an individual who had every reason to be bitter and angry. People like that I find remarkable. Finally, William John Livingstone. He was a former slave in Missouri, and he came here. He became successful. Particularly, in eastern Oregon. He ended up owning a hundred and eighty acres of land there. What's interesting is, he would sell some of that land to the individual that had been his master. His master. His master in Missouri. Slave, the master. Slave goes west, and he ends up selling land to his master. Long time ago.

"I'm still proud, very proud I got the honor, the privilege, of going to the great state of Oregon, my Oregon. I still love to study and think about the Oregon trail. And I use it often because of the struggle. I've given talks also on the mental health struggles on the trail. They were extraordinary. There was a lot of fighting that went on with individuals on each wagon trail. But they knew something. Two hands are better than one, and I would say here, thirty hands are better than two. Wagon trains could have as many as 500 people. The issue of the orphan, another thing I've talked about, it was the women who demanded that when they got here, either you set up a place for orphans or we're not going with you. They knew, they knew that tragedy would strike.

"And now it's our turn. We're divided. Many are angry. And frustrated. We are going to disagree and debate and we'll even fight. But somehow those trains got here. Even though they were fighting death and doubt. They got here. Many times, they weren't sure where they were going, and I got to tell you, this last year we've had what, three special sessions, I stopped counting the e-boards. And I've got to tell you, along the way we were doing some things we weren't sure of but felt we had to do something because of the crisis we are now in. And so, I just hope in some way that and I'm not speaking to Democrats, Republicans, now, I'm not, I'm not going to get into that. I'm not. I'm not. Because you see some of the fighting and debating will be within individuals in our own family. Let's understand that. But somehow, I would hope that the human

nature in us which appeals to the best in us, would come forward and find the ways we did in the special sessions and even the e-boards. To get our people out of this situation. Those are my words. I haven't got anything more I can really say.

"I wish today the building could be open. I mean that. I mean that. I wish today, this breaks my heart, I watched in the rain the blocks put up outside this capitol. I got out of my car and took a picture and I just stopped and stood there in the rain watching it. This state freed me in a lot of ways. It freed me. I came from the east coast, so I'm just going to tell you about the east coast. I love the east coast, my parents are buried there, I have a brother who's buried there, I went to school there, colleges. But there is a class system there. There is. Where you went to school, I can go on and on. It wasn't until I came to Oregon where it didn't matter if you went to school, because I didn't go to the great schools. It didn't matter. Oregon gave me freedom about myself, and who I was, like nowhere else. I think this capitol is the most beautiful capitol in the world. I have a right to think that but there is a tear in my eye that now we're having to think of security in two ways: a terrible disease and the disruption that is going on. So, I hope, if any of you reach the point of anger with me, or frustration, I would hope you'd realize that this is a single wagon train, at least that is how I look at it, and no matter what you do or say, you are part of us for better or worse, and most importantly we need every individual in this chamber. We need them, yes, we do. Because we're stronger together than if we're not. More importantly that we need the people of Oregon, the great people of Oregon, in every corner of this state needs. So, thank you for being here. Thank you for, well thank you for being here. Thank you for volunteering this. This session will be recorded in history, and I like to think this wagon train, regardless, it is going to get there and the end maybe when we *sine die*, we can feel good about the work we've done together."

The Senate recognizes that this session is currently being conducted during a global pandemic in which a novel coronavirus has sickened millions of people and taken the lives of many Americans. Because the virus spreads through close personal contact and through the air, the Senate finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. (d) If a committee holds a public hearing, witnesses shall be allowed to testify before the committee using videoconferencing or teleconferencing technology. Burdick moved that the Senate confirm the Governor's

reappointment of Patrice Louie to the Oregon Medical Board. On confirmation the vote was: Ayes, 17; Nays, 10 - Anderson, Boquist, Findley, Girod, Hansell, Heard, Kennemer, Knopp, Thatcher, Thomsen; Excused, 3 - Linthicum, Robinson, Wagner. Confirmed.

Burdick moved that the Senate confirm the Governor's appointment of Anthony Domenigoni to the Oregon Medical Board. On confirmation the vote was: Ayes, 25; Nays, 2 - Boquist, Heard; Excused, 3 - Linthicum, Robinson, Wagner. Confirmed.

Appointments to Oregon Medical Board – Boquist requested the following written explanation of votes be entered into the Journal:

The purpose of the oversight authority of the Oregon Medical Board on doctors is to ensure the best medical options are presented to patients in Oregon not to be a political choir or enforcer of the political ideology in vogue. It is exceptionally clear, the OMB has determined it is the Governor's enforcer against political opponents failing to pull the party line, despite the consequences to citizens, such as the most vulnerable being seniors locked on homes to die while the OMB says nothing. A review of the actions of the OMB sanctions against Governor Brown's and their financial or political opponent's is quite telling in the Board's own public records on sanctions against rural doctors failing to agree with urban ideologies. Compared to science and facts in the records of the CDC, FDA, WHO and other States and Nations, the actions of the OMB are abysmal. They are reminiscent of the actions of the majority of doctors in the 1920s and 1930s that lead to crimes against humanity and genocide for which Doctors were convicted in trials receiving the death penalty themselves. Not unlike we have witnesses in other countries in recent years. Or several countries today. The OMB is no place for politics. The entire Board should be removed, with the staff, and completely replaced with doctors who want not serve people, not play politics, or benefit financially. Both re-appointments deserved NO votes, and it was unfair to place a new appointee on the OMB at this time as one doctor cannot reform the majority. History tells us this fact. The OMB and others will very likely find themselves in the courts in the very near future for civil and criminal crimes based on their actions.

Burdick moved that the Senate confirm the Governor's reappointment of Martha Gross to the Teacher Standards and Practices Commission. On confirmation the vote was: Ayes, 17; Nays, 10 - Anderson, Boquist, Findley, Girod, Hansell, Heard, Kennemer, Knopp, Thatcher, Thomsen; Excused, 3 - Linthicum, Robinson, Wagner. Confirmed.

Burdick moved that the Senate confirm the Governor's appointment of Lindsey Rogers to the Teacher Standards and Practices Commission. On confirmation the vote was: Ayes, 18; Nays, 9 - Anderson, Boquist, Findley, Girod, Hansell, Heard, Knopp, Thatcher, Thomsen; Excused, 3 - Linthicum, Robinson, Wagner. Confirmed.

Burdick moved that the Senate confirm the Governor's appointment of Sophorn Cheang as the Director of Oregon Business Development Department. On confirmation the vote was: Ayes, 17; Nays, 10 - Anderson, Boquist, Findley, Girod, Hansell, Heard, Kennemer, Knopp, Thatcher, Thomsen; Excused, 3 - Linthicum, Robinson, Wagner. Confirmed.

SB 39, 40, 94, 98, 99, 100, 117, 130, 131, 132, 186, 436 - Read second time and passed to third reading.

SB 37 - Read third time. Carried by Lieber. On passage of bill the vote was: Ayes, 26; Nays, 1 - Heard; Excused, 3 - Linthicum, Robinson, Wagner. Bill passed.

Heard requested the following written explanation of vote be entered into the Journal for votes cast during the 2021 Regular Session:

The Constitution of the State of Oregon clearly states that "The deliberations of each house, of committees of each house or joint committees and of committees of the whole, shall be open..." This provision was put in place to ensure accountability and transparency to the people of the state that their Legislature was working in their best interest. The virtual format that is being used does not provide for an honest, open, and transparent discussion on the matters of this state.

We are seeing just how discriminatory these virtual sessions can be! The Majority Party has created a system that if you cannot afford internet you cannot be a part of the discussions. This "Pay to Play" approach is NOT the Oregon way. Between this and the heartbreaking examples of the elder and economically depressed members in our society struggling and getting frustrated over their challenges navigating this virtual environment, it cannot honestly be said that we are doing the peoples work.

The "People's Work" should be considered an essential service and there for accessible in person. Because the people are still being denied their constitutional right to participate and lobby their legislature in an open manner, I cannot legitimize this session with a yes vote no matter the merit of the bill, and there for had to vote no.

SB 83 - Read third time. Carried by Dembrow. On passage of bill the vote was: Ayes, 25; Nays, 2 - Heard, Knopp; Excused, 3 - Linthicum, Robinson, Wagner. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 89 - Read third time. Carried by Lieber. On passage of bill the vote was: Ayes, 26; Nays, 1 - Heard; Excused, 3 - Linthicum, Robinson, Wagner. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 93 - Read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 26; Nays, 1 - Heard; Excused, 3 - Linthicum, Robinson, Wagner. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

In the publicly closed State Capitol with agency commissions and boards functioning without proper citizen access, measures introduced by Governor Brown, who issued the state of emergency, should be delayed until a future publicly accessible legislative session. Therefore, if an agency bill reaches the Floor of the State Senate it gets a NO vote. The citizens of my District have limited internet and virtual access which has proven unrepresentative in hearings so far this Session. Simply having government employees from agencies claiming there is no opposition has proven inaccurate, unreliable or plain false in many situations since January 2021. No bill expanding any powers of any agency should be approved without full public access to the legislative process. Only as part of a provable emergency situation should a temporary bill be approved for an agency.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

(1) Unless otherwise ordered by a majority of the members present, the hour of meeting shall be designated by the President.

(2) The Senate recognizes that this session is currently being conducted during a global pandemic in which a novel coronavirus has sickened millions of people and taken the lives of many Americans. Because the virus spreads through close personal contact and through the air, the Senate finds that routine procedures must be modified to preserve health and safety while continuing to satisfy the obligations placed on the Legislative Assembly by the Oregon Constitution, including obligations to conduct open deliberations. Accordingly:

(a) All floor sessions and committee meetings must be contemporaneously streamed on the Internet and broadcast on one or more television monitors at a location proximate to the Capitol and accessible to the public enabling the public to observe all legislative deliberations.

(b) Any floor session vote or committee meeting vote must be visually observable by and audible to the public through the means described in paragraph (a) of this subsection.

(c) For committee meetings, members may participate in and be counted toward quorum using remote videoconferencing technology if the technology permits each member, when they are speaking, to be visually observed by all other committee members and by the public. If visual observation of a committee member is not possible, a member may participate and be counted toward quorum if the member is audible at all times to other committee members and to the public.

(d) If a committee holds a public hearing, witnesses shall be allowed to testify before the committee using videoconferencing or teleconferencing technology. Nothing in this rule modifies a chair's existing authority to place time limits on witness testimony or limit testimony to topics germane to the committee's agenda. A testimony station that is proximate to the Capitol shall be made available to permit interested members of the public to testify at each public hearing using teleconferencing means.

(e) Bona fide members of the press may be physically present in the Capitol during hours that legislative proceedings are taking place, though the total number of persons allowed in the Capitol may be restricted during the public health emergency.

(f) Because the Senate has determined to not permit members of the public to be physically present in the Capitol during the pandemic, member receipt of per diem is not warranted.

Therefore, a member may not receive a per diem allowance for any session day that legislative proceedings are conducted but members of the public and not allowed to be physically present in the Capitol to attend those legislative proceedings.

Senate adjourned until 11:00 a.m., Thursday, March 18, by unanimous consent at the request of the Chair.

SB 554 A-Eng. – Golden requested the following written explanation of vote be entered into the Journal:

I strongly disagree with assertions by SB 554's opponents that this legislation "clearly" violates the Second Amendment, a constitutional provision that I, along with most of my constituents, value and support. Leading experts on constitutional law have debated the precise meaning and application of the of the Second Amendment since it was written. I find the comment of the late Justice Antonin Scalia, included in his explanation of a Supreme Court decision, to be central to the ongoing argument: the Second Amendment does not grant the "right to keep and carry any weapon whatsoever in any manner whatsoever for whatever purpose."

I also take exception with the criticism that this bill nullifies the right of concealed weapon permit holders to bear arms as they choose. The core of this legislation is to allow local elected officials to decide whether or not firearms should be allowed in the public buildings for which they are responsible—a power they had for decades before state law changed in the 1990s. The citizens of my district, like Oregonians generally, are deeply divided on these issues. Some oppose any limitation or regulation of any kind on firearms. Some would like to see them banned on publicly-owned property altogether. Because community beliefs and values differ so much across our state, I believe that local elected officials are best positioned to make this complex, difficult decision; I can't think of anyone more qualified to make decisions about firearms in a particular school than its locally-elected school board members. That is why I supported this measure.

SB 554 A-Eng. – Patterson requested the following written explanation of vote be entered into the Journal:

I voted "Yes" on SB 554 and wish to explain my vote.

I fully support our US Constitution, including each of the amendments. I was raised in a household with guns and am part of a family in which hunting, and fishing are valued. I believe Oregonians have a unique relationship with firearms that center on respect and responsibility.

I also take the mass shootings that our country has seen in recent years and even in recent days in Colorado and Georgia very seriously. We cannot sit idly by as mass shootings in places like schools continue to take the lives of hundreds of Americans, every year. Importantly, this bill allows local jurisdictions to decide whether they want to allow firearms in or around public buildings like schools.

This is not a mandate nor, in my view, is it an expression on my opinions on the Second Amendment but rather an expression of my support for allowing local voices to make decisions that work for their community. I believe we need to take reasonable steps to keep Oregonians, particularly our students, safe from gun violence and this gives local jurisdictions the ability to make that decision, if they so choose.

I am committed to supporting reasonable gun safety laws that protect both the Second Amendment and protect the lives of Oregonians.

SB 16, 45, 112, 136, 188, 315, 317, 405, 438, 493 - Read second time and passed to third reading.

SB 188 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 188 received a ‘no’ vote on the Senate Floor as the text of the bill and staff measure summary did not match. Further, it is not the place of the Legislature to tell the court what part of town to hold court. Why the original law exists is a wonder. The Judicial Branch should have the authority to make these determinations. In short, the answer to the problem stated on the Floor should have been to return the entire authority to the other branch of government. No doubt the issues of access are correct at despite testimony, my district has zip codes with lower incomes per the official state and federal records. Again, the way to address the issue was to return authority to the courts so they can be flexible rather than wait years for the legislature.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 315 - Read third time. Carried by Hansell. On passage of bill the vote was: Ayes, 26; Nays, 1 - Heard; Absent, 1 - Boquist; Excused, 2 - Manning Jr, Thomsen. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 79 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 79 received a 'no' vote as it worsens access to disadvantaged and minority individuals. It is virtual signaling to many. It takes away limited funds that should be going directly to the individuals from existing county and state agencies with existing delivery platforms. Diluting precious resources to the overhead and high salaries at non-profits is not the answer. Tribes are already eligible and funding help under other laws in this arena. Not one additional dime was authorized to address known existing shortfalls that are supposed to help disadvantages and minority individuals. Passing a do nothing bill and sending out a press release does not help minorities.

SB 101 A-Eng. - Read third time. Carried by Riley. On passage of bill the vote was: Ayes, 26; Nays, 4 - Heard, Linthicum, Robinson, Thatcher. Bill passed.

SB 291 A-Eng. - Read third time. Carried by Patterson. Potential conflict of interest declared by Burdick, Girod, Golden, Hansell, Kennemer, Thatcher, Wagner. On passage of bill the vote was: Ayes, 17; Nays, 13 - Anderson, Boquist, Findley, Girod, Hansell, Heard, Johnson, Kennemer, Knopp,

Linthicum, Robinson, Thatcher, Thomsen. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 291 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 291 received a 'no' vote as the solution is collaboration. For decades, landlords and tenant groups have worked together to resolve issues. If that collaboration failed then legislators made decisions to help citizens. The bill is an attempt by the most unpopular Governor in history to make claims for more than four decades of failure. There is zero evidence found by this Senator any attempt was made to collaborate. OLIS contained no witness list. OLIS contained only written testimony. The Governor's past mandated programs since March 2020 have been disastrous. The House needs to mandate the groups get together to come up with a joint set of solutions, if that cannot be done, then maybe a one-sided legislative bill is merited.

SB 299 A-Eng. - Read third time. Carried by Riley. On passage of bill the vote was: Ayes, 20; Nays, 10 - Anderson, Girod, Heard, Johnson, Kennemer, Lieber, Linthicum, Robinson, Steiner Hayward, Thatcher. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 299 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 299 allows citizens to create upon their own vote children service districts to help local kids. Local control is the root of representative government. I have supported this bill for this reason for multiple sessions for which it has failed to pass the House. The argument in the past is cities, districts and counties provide children support through parks, after school programs, etc. This has been a lame argument as every city, district, and county has cut programs to my knowledge. Then in the past year, when children needed help, virtually every city, district and county ran away. Many are still out. Most are not providing services yet. As a former soldier, I find it unacceptable for any public entity to run away when it comes to children and women. It is time for the citizens to take over the control of children's programs. Future public education is very likely going to be AI and online so these districts will be needed for children's activities, intermural, vocational development, and social development. Many cities, counties, and school districts have failed in this arena so it is time for change. Unfortunately, due to a severe cough this was my last vote of the Session Day.

SB 398 A-Eng. - Read third time. Carried by Burdick, Manning Jr. On passage of bill the vote was: Ayes, 27; Nays, 1 - Linthicum; Excused, 2 - Boquist, Heard. Bill passed.

SB 398 A-Eng. – Linthicum requested the following written explanation of vote be entered into the Journal:

I voted against the bill because, in my opinion, the bill falls short of accomplishing its purported goals. I recognize the merit of the bill's goals. The first is straightforward: The bill creates a new crime of intimidation for the purposeful display of a noose. The next goal of the bill is prevention and deterrence through defined financial sanctions or jail time for displaying a noose with the intent to intimidate.

However, these are not the ultimate goals. Rather, SB 398 A seeks to provide Oregonians with bold assurances that peace and harmony are within our grasp by providing people with legal reminders that innumerable forms of intimidation are entirely unacceptable.

Yet, on the technical level, I believe this legislative effort falls short. The difficulties associated with proving the "intent to intimidate," is difficult. Enormous problems associated with conflated denials, accusations, social media explosions, and other political pressures and realities derail the focus and goal of this legislative ideal. I think this bill instead provides enormous potential to fan the flames of discord that are

pulsating below the surface.

Like the carriers, Sens. Burdick and Manning, I applaud the Legislature's attempt at making laws that promote universal standards with regard to treating our neighbors, friends, and acquaintances with equal respect and dignity. This is indeed an admirable goal for our entire legislative body.

My no-vote should not be interpreted as meaning that I support the insidious display of nooses for the purposes of intimidation. Also, my vote must not be construed as advocating for, or promoting the use of nooses or any other forms of intimidation. I am well aware of the historical context of the symbol and the fear and harm they conjure. My problem is not with the spirit of the law, but with its technical implementation in our modern world where mass media is constantly intruding on our ability to provide just, appropriate, and principled solutions in our fragmented world.

SB 425 A-Eng. - Read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 25; Nays, 3 - Linthicum, Robinson, Thatcher; Excused, 2 - Boquist, Heard. Bill passed.

SB 441 A-Eng. - Read third time. Carried by Knopp. On passage of bill the vote was: Ayes, 28; Excused, 2 - Boquist, Heard. Bill passed.

SB 495 A-Eng. - Read third time. Carried by Gorsek. On passage of bill the vote was: Ayes, 21; Nays, 7 - Anderson, Findley, Girod, Linthicum, Robinson, Thatcher, Thomsen; Excused, 2 - Boquist, Heard. Bill passed.

SB 790 A-Eng. - Read third time. Carried by Knopp. On passage of bill the vote was: Ayes, 28; Nays, 1 - Heard; Excused, 1 - Boquist. Bill passed.

HB 3043 - Read second time and passed to third reading.

I wanted to take a moment to acknowledge the impact Mr. Myers had on this state. I whole heartedly agree with every single word of this resolution and would extend my condolences to his family for their loss. Oregon lost a faithful and honorable son when she lost Mr. Meyer. I have taken a firm position this session that it is an illegitimate one as the people have been barred from their legislative process. As such I have voted no on every piece of legislation that has come to the floor.

I had asked to be excused to avoid having any "No's" tarnishing the memory of Mr. Myers, however the Majority Party would not grant it. I was fully prepared to be absent and have it go against my record to once again avoid tarnishing the memory of Mr. Myers. Instead, the Democrat Majority used Parliamentary procedures to force my presence on the floor. It is a shame that they have chosen to politicize what should have been an honorable recognition of a life well lived. Standing on my principle and through the forceful and abusive hand of government, I regretfully was forced to cast a no vote. May the memory of Marty Myers long outlive the shameful events that have led us to where we are today.

SCR 18 - Heard requested the following written explanation of vote be entered into the Journal:

I want to thank Alfreda Bales for her six decades of service to her state! Your state and her people thank you for your service. I strongly believe that good public servants deserve to be recognized as they are the backbone of this government. I wanted to take a moment to explain that I have taken a firm position this session that it is an illegitimate one as the people have been barred from their legislative process. As such I have voted no on every piece of legislation that has come to the floor.

I had asked to be excused to avoid having any "No's" tarnishing the

Standing on my principle and through the forceful and abusive hand of government, I regretfully was forced to cast a no vote.

SB 621 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 621 received a 'no' vote as the bill overturns a vote of the citizens of Portland. The citizens received an explanation prior to passage they understood. Establishment bureaucrats and politicians apparently want a different process than approved by the voters. There was a lot of misinformation for whatever reason on the Floor. None-the-less, if a changes is desired it needs to be sent back to the local voters.

### Oregon Investment Council

Charles Wilhoite

Be Confirmed.

SB 116 - Wagner moved that the bill be taken from its place on today’s third reading calendar and placed on April 19 calendar. Motion carried by voice vote.

Girod moved that in compliance with Article IV, section 19, of the Oregon Constitution, and notwithstanding any provision of the Senate Rules for the 2021 Regular Session of the Eighty-first Legislative Assembly, the requirement that on its final passage each bill shall be read section by section be suspended for: SJM 3; SB 177, 180, 201, 209, 282, 416, 483, 558, 560, 566, 578, 704, and 742 only. On suspension of the constitutional provision, the vote was: Ayes, 25; Nays, 5 – Boquist, Heard, Linthicum, Robinson, Thatcher. Constitutional provision suspended.

SJM 2, 4; SJR 10; SB 391, 458, 486, 565, 605, 713, 768 - Read second time and passed to third reading.

SJM 3 - Read final time. Carried by Girod. On adoption of memorial the vote was: Ayes, 29; Nays, 1 - Heard. Memorial adopted.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SJM 3 – Boquist requested the following written explanation of vote be entered into the Journal:

SJM 3 is a memorial letter to Congress requesting the federal government pay for damages to private property home owners when fires on federal lands destroy citizens homes on their private lands. Voted yes out of courtesy. Federal government seizes citizens if they cause a fire on federal land, then recoup their government losses from the citizen, however, they could care less about private property destruction as this is a 200 year old problem. Worse, in my experience, these letters sent to the Congressional Clerks in D. C. are never read by any member of Congress. Every member of Congress knows this travesty exists. D. C. government serves government not the People.

SB 177 A-Eng. - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 28; Nays, 2 - Boquist, Heard. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 177 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 177 seemed logical per the Carrier's explanation. However, the explanation of another committee members was different. Then the text did not match which is the read of the law used by the Courts. The Attorney General is not a reliable source for this type of issue as District Attorneys handle these cases. No District Attorney is listed in OLIS Testimony. The defense attorneys were neutral meaning something else. The Oregon Supreme Court ruling was not available in the OLIS record so changing the court's intent is unwise without due diligence. While some members are fearful of time this bill is not ready.

SB 180 A-Eng. - Read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 28; Nays, 2 - Boquist, Heard. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SJM 4 - Boquist requested the following written explanation of vote be entered into the Journal:

SJM 4 is a memorial letter sent to the Clerks of the Congress asking them to "pursue avenues to reparations... and develop reparation proposals." No less than three State Senators of both major parties claimed the memorial only called for a study. Not what the text says. Senate Democrats kept referring to changing the system. Odd after more than four decades of Democrat executive and legislative control in Oregon the best we can do is a memorial to a Clerk in D.C? Do not think anti-Democrat progressive protesters in Portland and Eugene believe a letter to D.C. will help improve their plight. If the Democrats opened the Oregon State Capitol the protesters would tell them face to face how to fix minority disparity. One revisionist Democrat statement tried to call the southern democrat confederate battle flag and democratic national convention banner a republican flag but then corrected this revisionist statement. No amount of revisionist history on the Floor of the Oregon State Senate changes facts like Lane County's name sake, Governor Joseph Lane, Democrat, was the Vice Presidential candidate for the southern democrat confederate states in the 1860 election. Why have we not renamed Lane County? It is the Democrats who reversed Oregon's 14th Amendment vote banning slavery. It is Democrats in Oregon who banned Catholic Schools only to lose at the U.S. Supreme Court. It is the Democrats who voted against the Equal Rights Amendment. It is the Democrats who voted against the Civil Rights Act. It is the Democrats in charge in Salem and Portland. After four plus decades of Democrat rule why is Portland burning? Why does the system need fixed? If the system needs changed the protesters are correct: the present elected Democrats need to go instead of this memorial being mail across the country. Lastly, this State Senator spent four decades helping Africans, Latins and Asians overseas but never once saw a Senate Democrat or Republican legislator helping their poor and disenfranchised alongside me. Never. Oregon minorities would be better served if the legislature passed appropriations and statutes helping disadvantaged and minority citizens improve their economic status and completely reforming the judiciary rather than political rhetoric letters being sent to Washington D.C.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SJM 4 - Golden requested the following written explanation of vote be entered into the Journal:

I would like to make a remark in my floor speech on SJM 4 more accurate. Speaking off the cuff, I said something to the effect that "Virtually all of my constituents" would agree that a significant conversation on reparations is warranted. On reflection I realize I have no way to know if that's true. A fact that I can stand behind is that most Oregonians with whom I've spoken on this issue, which is not a very large number, would agree with that premise. I would like to correct my exaggeration.

SJR 10 - Read final time. Carried by Manning Jr. On

adoption of resolution the vote was: Ayes, 27; Nays, 2 - Boquist, Heard; Excused, 1 - Linthicum. Resolution adopted.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

Measure 110 Implementation recommending passage.

HB 2140 - Report by Committee on Veterans and Emergency Preparedness recommending passage.

Girod moved that in compliance with Article IV, section 19, of the Oregon Constitution, and notwithstanding any provision of the Senate Rules for the 2021 Regular Session of the Eighty-first Legislative Assembly, the requirement that on its final passage each bill shall be read section by section be suspended for SB 72, 116, 424, 629, 699, 745, 757, 765, 767, 792, 794; HB 2129 and 2130 only. On suspension of the constitutional provision, the vote was: Ayes, 25; Nays, 5 – Boquist, Heard, Linthicum, Robinson, Thatcher. Constitutional provision suspended.

SB 8, 183, 556, 580, 667, 711, 721, 744, 803, 805, 829, 850 - Read second time and passed to third reading.

SB 72 - Read third time. Carried by Dembrow. On passage of bill the vote was: Ayes, 26; Nays, 4 - Boquist, Girod, Heard, Linthicum. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 116 A-Eng. - Read third time. Carried by Manning Jr.

SB 116 A-Eng. – Boquist moved to refer to Committee on Rules. On motion to refer to Committee on Rules the vote was: Ayes, 11; Nays, 19 – Beyer, Burdick, Dembrow, Frederick, Gelser, Golden, Gorsek, Heard, Jama, Johnson, Lieber, Manning Jr, Patterson, Prozanski, Riley, Steiner Heyward, Taylor, Wagner, President Courtney. Motion failed.

SB 116 A-Eng. – Debate resumed. On passage of bill the vote was: Ayes, 20; Nays, 10 - Boquist, Findley, Girod, Hansell, Heard, Johnson, Linthicum, Robinson, Thatcher, Thomsen. Bill passed.

SB 116 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 116 per verbal statements is supposed to ensure security companies do not have employees who look and act like police. Per DPSST, it is the next step after Kaylee's Law which is the result of a public safety officer murdering a student at Central Oregon Community College and OSU Cascades. This Senator received the original bill concept documents, spoke to board and committee members, and receive abbreviated copies of the lawyer's reports regarding the March 2020 month long suspension of COCC's public safety department regulated by DPSST. The Chief was terminated per the news media. The issue again was public safety looking like and acting like police which needs fixed. However, the text of the bill instead prohibits the use of equipment, vehicles, uniforms and titles used by private fire fighting, police (security), ambulances and emergency medical services as defined in ORS 181A.355. There is no may clause, no shall clause, no go make rules clause, simply makes it illegal to have or use in the scope of employment by any entity. DPSST wanted to rightfully better regulate police look a likes but instead the Senate Democrats intentionally expanded the bill to targeting every business that has security, does fire fighting, or provides ambulances, or emergency medical services. Amazon, Facebook, and Apple data centers, Fred Meyer and other retailers, Nike, Intel, manufactures and mills, defense contractors, UAV contractors, banks, credit unions, apartment buildings, doctors and every business with security or security guards, fire fighting equipment, and emergency medical are in the bill now. Ambulance companies could not own ambulances that look public vehicles. Wildland fire fighters could not own or use fire trucks or fire equipment. Neither can have radios or equipment compatible with public entities in an emergency. Fires happen every day. Ambulance roll every hour. The bill decimates

interoperability in a disaster or emergency as set up in the FEMA incident command structure used by Oregon. The Senate Democrats were provided an opportunity on the Floor of the Senate to send the bill to Senate Rules Committee, controlled by Democrats, to makes changes to focus purely on security verses police confusion, remove or clarify businesses and entities who are not security contractors, remove private wildfire crews, remove ambulance providers, remove emergency medical services, and ensure incident command interoperability but refused on pure Democrat party lines. This refusal beyond a doubt means the intent and language of the bill is to eliminate private fight fighting crews, private ambulances, private emergency medical services, and private security except as one committee members said "security dressed in a t-shirt and jeans." Of course, government ambulances, fire fighting, emergency medical services, and POLICE would replace private entities. What happen to the Democrat mantra "defund the police?" Then another Senator who does have free debate speech on the Floor tried to claim the bill was exactly as requested by DPSST board and committee members which is simply mistaken per the public record. The bill needs to be amended in the Oregon House of Representatives to focus purely on regulating security companies.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 424 - Read third time. Carried by Manning Jr. Potential conflict of interest declared by Knopp. On passage of bill the vote was: Ayes, 20; Nays, 10 - Boquist, Findley, Girod, Hansell, Heard, Johnson, Linthicum, Robinson, Thatcher, Thomsen. Bill passed.

SB 767 - Read third time. Carried by Prozanski. Manning Jr in Chair. On passage of bill the vote was: Ayes, 21; Nays, 9 - Boquist, Findley, Girod, Hansell, Heard, Linthicum, Robinson, Thatcher, Thomsen. Bill passed.

SB 767 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 767 is theoretically a simplification of small claims court processes. It was not clear exactly the intent in the text of the bill. The Carrier's explanation on the Floor did not appear to match the bill. The sponsoring entity was unknown. There was very limited testimony in the record. May or may not be a good idea.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 792 - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 26; Nays, 4 - Boquist, Girod, Heard, Linthicum. Bill passed.

SB 792 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 792 was another bill in which the Carrier's stated intent did not match the text of the bill. If a person wants a hunting or fishing license to do such in Oregon it should be a public record. Protecting all sensitive information to prevent identity theft should be the critical. No date of birth should be released on any licensee regardless of age.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 794 - Read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 23; Nays, 7 - Boquist, Girod, Heard, Linthicum, Robinson, Thatcher, Thomsen. Bill passed.

SB 794 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 794 sets a 25% higher fee on Oregon park campsites for out of state residents or as stated on the Floor without Oregon license plates. Every citizen camper should be charged the same rate for utilizing the same park campsites. Many parks are homes to homeless like immigrants. We should not be charging them more for not being able to document they have an Oregon drivers license or car plate. Fee increase bill on the backs of the least able to pay. Discriminatory at best.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 556 A-Eng. – Debate resumed. On passage of bill the vote was: Ayes, 27; Nays, 1 - Girod; Excused, 2 - Frederick, Heard. Bill passed.

SB 556 A-Eng. – Gelser requested the following written explanation of vote be entered into the Journal:

SB 556 changes the words “on-site” to “in person” in sections of Oregon statute related to inspections, licensure and investigation of certain health and human services programs. This change was needed to clarify that when the Legislature initially required on-site inspections, the intent was that a person physically go to the location. With new technology and coming out of COVID-19 restrictions, it was important to clarify this intent. It is important to note that this requirement could still be adjusted during a public health emergency in the future.

On the Senate floor questions were raised about the fiscal impact of SB 556A. As originally drafted, the measure inadvertently required ALL inspections, licensure activities and investigations to be done in person. This was not good policy and it would have caused significant additional cost for the agencies.

Amendments were immediately sought for SB 556 to ensure it met the original intent— to simply change the phrase “on-site” to “in-person” where that language was already in the statute. That was reflected in the -2 amendment that was amended into SB 556 and ultimately became SB 556A. This bill requires no change to current practice (though prevents future changes to practice) and thus requires no new positions or expenditures.

At the work session, after we adopted the -2 amendment, I noted that the preliminary unofficial fiscal actually indicated the potential of a significant expenditure estimate and several additional positions. This was not consistent with my understanding after extensive discussions with OHA and DHS. As a result, I held over the work session so that LFO and the agencies could ensure the fiscal information was accurate.

I then learned that ODDS inadvertently sent over their paperwork on the base bill, rather than the -2 amendment, when LFO requested information for the development of the fiscal. ODDS, DHS and LFO communicated and the issue was resolved. The only official fiscal statement, that on SB 556A, correctly states that SB 556A has NO expenditure impact. This is why the bill was sent to the floor rather than to Ways and Means.

A few minutes prior to the 3rd reading of the measure, I learned there were questions about this matter. I circled back with DHS and the following statement was issued by ODDS Director Lilia Teninty on April 21 at 11:06am by email:

*Hello Sen Gelser,*

*I'm following up to clarify the change in the ODHS FIS for SB 556. There was a requirement in the bill about the frequency of visits that was removed in the -2. ODDS did not account for this change when submitting the FIS. The amendment allows us to keep our current processes in place and results in no additional cost for ODDS.*

*Thx, Lilia*

I read this statement on the floor and subsequently emailed a copy to all members of the Senate. I also committed to have this information put into the record in the form of a vote explanation. Some members further requested that the prior statement, that was in error, be removed from OLIS to eliminate confusion. However, upon inquiry I learned OLIS records cannot be modified or removed because that would be an alteration of the public record.

Preliminary fiscal and revenue analyses and staff measure summaries are routinely posted to OLIS before the official versions are complete. These preliminary statements include the language: Only Impacts on Original or Engrossed Versions are Considered Official

The only official fiscal statement in OLIS was the official statement on SB 556A which stated there is No Expenditure Impact for the measure.

I cast an AYE vote for SB 556A because it ensures in-person inspections of facilities serving the most vulnerable Oregonians resume as it becomes safe to do so. This is critical to the health, welfare, safety and dignity of those receiving residential services. The bill has no fiscal impact, and simply clarifies the intent of in person inspections.

SB 667 A-Eng. - Read third time. Carried by Gorsek. On passage of bill the vote was: Ayes, 16; Nays, 12 - Anderson, Boquist, Findley, Girod, Hansell, Johnson, Kennemer, Knopp, Linthicum, Robinson, Thatcher, Thomsen; Excused, 2 - Frederick, Heard. Bill passed.

SB 580 – Patterson requested the following written explanation of vote be entered into the Journal:

I voted "Yes" on SB 580 and wish to explain my vote.

This bill is a straightforward and uncomplicated one. It simply allows class sizes to be discussed as a part of contract negotiations between teachers and school boards. It does not mandate class sizes and leaves these decisions in the hands of each local school district across the State.

According to a report by the Oregon Department of Education in 2019, Oregon averages about 26 students per class in elementary schools and 28 students per class in high schools, among the largest class sizes in the nation. The national average for elementary school is 21 students, and 24 in high school. According to the National Center for Education Statistics, only Utah has larger class sizes than Oregon does.

Smaller class sizes positively impact the quality of a student's learning and increases the amount of individualized attention that each student receives, impacting educational achievement. Connecticut, a state similar in population to Oregon, has an average of 19 students in elementary school classrooms and 22 in high school classes. It should come as no surprise that Connecticut's four-year high school graduation rate is nearly 90%, significantly higher than Oregon's, which is currently at 83%.

I realize that there are many competing demands for every dollar received by school districts. But there are no more important stakeholders in our schools – and in Oregon's future - than our schoolchildren and their teachers.

SB 752 - Read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 28; Excused, 2 - Heard,

Thatcher. Bill passed.

SB 753 - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 18; Nays, 10 - Beyer, Boquist, Findley, Girod, Hansell, Johnson, Knopp, Linthicum, Robinson, Thomsen; Excused, 2 - Heard, Thatcher. Bill passed.

SB 753 – Boquist requested the following written explanation of vote be entered into the Journal:

SB 753 is a terrible bill contradicting the very meaning of justice. It allows the Oregon Attorney General to only take spousal support cases that pay a bounty to the agency. Spousal victim whose case does not allow for the federal bounty will not longer be helped by the Oregon Department of Justice. Justice only goes to cases that can collect revenue to pay attorneys for the Attorney General. The staff measure summary and AG's testimony on OLIS is very clear. Utterly disgusting position by the Attorney General who claims equal justice for all.

SB 766 - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 27; Excused, 3 - Heard, Patterson, Thatcher. Bill passed.

SB 822 - Read third time. Carried by Dembrow. On passage of bill the vote was: Ayes, 26; Nays, 1 - Boquist; Excused, 3 - Heard, Patterson, Thatcher. Bill passed.

HB 2137 A-Eng. - Read third time. Carried by Findley. On passage of bill the vote was: Ayes, 23; Nays, 4 - Anderson, Girod, Linthicum, Thomsen; Excused, 3 - Heard, Patterson, Thatcher. Bill passed.

HB 2498 A-Eng. – Read third time. Carried by Thomsen. On passage of bill the vote was: Ayes, 27; Excused, 3 - Heard, Patterson, Thatcher. Bill passed.

HB 2985 - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 24; Nays, 3 - Hansell, Linthicum, Robinson; Excused, 3 - Heard, Patterson, Thatcher. Bill passed.

HB 3261 A-Eng. - Read third time. Carried by Golden. On passage of bill the vote was: Ayes, 19; Nays, 8 - Boquist, Findley, Girod, Johnson, Kennemer, Linthicum, Robinson, Thomsen; Excused, 3 - Heard, Patterson, Thatcher. Bill passed.

HB 3261 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 3261 was on my vote list as marginal as did not appear needed nor addressed a real problem of locating shelters at this time. It does overturn local government control. The Carrier did not know if cities supported the bill when it was on the Floor today. OLIS Testimony has nothing from cities. The witnesses list says League of Oregon Cities supports the bill. The Carrier did not know of any present problem the bill was attempting to fix. Floor debate focused on Project Turnkey not reaching the homeless that were supposed to be aided six months ago given the present political pandemic. It was stated on the Floor this extended the sunset on the special session emergency funding since support had not been forth wit per the Floor debate. Floor concerns were raised about building and health issues at these motels and hotels turned into emergency housing. Very clear there are concerns the motels and hotels could turn into historical flop houses if not implemented without local health oversight. No doubt everyone wants to help with effective small scale affordable housing but the impact of this bill was very unclear.

SB 266 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 266 is a statutory attempt to cover up and transfer liability for the death of seniors in homes and centers as ordered by the Governor. As the Carrier stated on the Floor, the majority of Oregon's symptomatic covid-19 deaths are and were in senior homes, centers and living facilities. This is recorded in the official record of the Floor Session. Seniors are known to be factually the most vulnerable to SARS-CoV-2 but were locked up and last for treatment or remedies. As the Carrier stated families were blocked by the Governor from helping their fathers, mothers, and lived ones trapped behind her Executive Orders backed by Judges and armed police. Governor Kate Brown, OHA Director Allen, OHA Doctor Sidelinger, OHA, DHH, and OSHA as agencies are responsible for these deaths. There is no 'superior order' defense by these officials. Meaning they and law enforcement cannot claim they were simply following orders. It is intentional manslaughter under Oregon Revised Statutes. It is a crime against humanity. OHA and DHS have long been considered incompetent in the legislature with one bail out and change after the next. SB 266 style reforms ten fold are required as the bill simply attempts to deflect blame, liability, and criminal responsibility by saying we have no law or rules thus must make them in the future. False. The final amendments came out of the dark of the night from the Democrat Chair hours before passage as committee members have explained elsewhere, and is recorded in the public record on OLIS. The facilities themselves may or may not be responsible given state bureaucrats and law enforcement alike have been used by the Governor to enforce these deaths, while, Judges stood by or gave their blessing themselves. Identical to Europe and China in the earlier 1900s; doctors, lawyers, judges, and bureaucrats enforcing genocide. The vote today cannot go unchallenged as Governor Brown today extends her powers based on false claims by OHA in the face of factual data and reports from the U.S. Department of Health and Human Services and Center for Disease Control & Prevention of the Biden Administration. That data was entered into the public record of the Oregon State Senate as a Floor letter today.

SB 266 A-Eng. - Robinson requested the following written explanation of vote be entered into the Journal:

This bill came before committee heavily amended at the 11th hour. This amended and replaced or "gut and stuff" bill is overly complicated and requires greater consideration.

The -10 amendments were posted at 12:27 PM on 4-13-2021, voted on in committee at 3:35 PM on 4-13-2021, required the committee rules

be suspended to be passed.

Three hours is not enough time to examine and consider a whole new bill.

This 14 page amendment to replace the original single page bill took more than 20 minutes to read on the floor of the Senate.

A well-intended bill, but legislation of this magnitude needs careful consideration and public input; therefore, I cannot support SB 266 A.

SB 420 A-Eng. - Read third time. Carried by Manning Jr. On passage of bill the vote was: Ayes, 20; Nays, 6 - Girod, Johnson, Linthicum, Robinson, Thatcher, Thomsen; Excused, 4 - Boquist, Findley, Heard, Kennemer. Bill passed.

SB 702 B-Eng. - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 21; Nays, 5 - Girod, Linthicum, Robinson, Thatcher, Thomsen; Excused, 4 - Boquist, Findley, Heard, Kennemer. Bill passed.

HB 2006, 2037, 2038, 2039, 2123, 2290, 2583 - Read second time and passed to third reading.

SB 31 - President Courtney signed on April 29.

Colors were honored and the Senate pledged allegiance to the flag. Invocation by Senator Manning Jr.

Committee Report Summary No. 58, listing the following reports, was distributed to members on May 3. Summary list recorded in Journal and Status Report by order of the President.

SB 27 - Report by Committee on Rules recommending passage with amendments.

SB 691 - Report by Committee on Rules recommending passage with amendments.

Findley, Girod, Hansell, Linthicum, Thatcher, Thomsen; Excused, 3 - Heard, Johnson, President Courtney. Bill passed.

SB 748 A-Eng. - Read third time. Carried by Gelser. Potential conflict of interest declared by Gelser. On passage of bill the vote was: Ayes, 26; Nays, 1 - Girod; Excused, 3 - Heard, Johnson, President Courtney. Bill passed. Patterson granted unanimous consent to declare a potential conflict of interest after the vote.

SB 748 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 748 allows a parent with a disabled child to remain on their state government insurance after they turn 26 in certain circumstances. If the 26 year old disabled child was removed then based on the circumstances they would no doubt be placed on the Oregon Health Plan. Simply makes more sense to save the transfer costs and transition issues between the two programs. While this Senator has a disabled child, that child would not qualify for this program, thus did not declare a possible conflict of interest.

SB 813 A-Eng. - Read third time. Carried by Dembrow. On passage of bill the vote was: Ayes, 19; Nays, 8 - Boquist, Findley, Girod, Hansell, Linthicum, Robinson, Thatcher, Thomsen; Excused, 3 - Heard, Johnson, President Courtney. Bill passed.

SB 836 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 836 is a virtue signal bill designed to appease but not help individuals in DOC's alternative incarceration program. The Carrier's statements would be well suited to criminal charged and liability lawsuits against the Governor for locking seniors in homes whom perished and locking down citizens in local communities some inside their homes. The premises of the bill is convicted individuals in the AIC program could not be locked down thus unable to participate in the program in the next emergency or pandemic. The Governor suspended the constitution and statutes in the present political pandemic including the AIC at DOC so she or he will do so again. In reality, the law does nothing. However, it is noted Senate Democrats are fine with ensuring convicted individuals cannot be locked down or locked out or locked in, but fully support locking seniors in centers to perish and citizens in their homes suspending their rights. Very strange. It is noted the alternative incarceration program is very good but this bill changes nothing except campaign propaganda.

SB 27, 408, 691 - Boquist requested the following written explanation of votes be entered into the Journal:

SB 27, SB 408 and SB 691 are all three government serving government bills with very little if any individual citizen input. Yesterday, in the 'dark of the night' legislation common this Session a bill was advanced from June 15, 2021 Floor to May 5, 2021 Floor with less than 24 hours' notice to ensure public input was blocked. Statements on all three bills were made on the Floor of overwhelming support for these 'more government' bills yet the official record is near void of public testimony. The super majority claim virtual and email has created the most open Session in history but a search of this Senator's emails did not find even one citizen in support of any of these bills? None. All are government making government laws on how the people will act in the government's police state. All contained good and bad policies based on a member's situational ethics but this member is steadfast in the right of the public to be present after yesterday's shenanigans. On the Floor today, out of view of cameras, there were dozens of face-to-face side-by

side meetings, papers passed around by majority members, yet, it is unsafe for the public to have the constitutional right to assembly and query members? The double standard is government serving government not the people.

SB 130; HB 2165 – Message from the House announcing passage.

SB 554 – Message from the House announcing the Speaker signed on May 6.

HB 2165 - Read first time and referred to President's desk.

HB 2298, 3218 - Read second time and passed to third reading.

HB 2032 - Read third time. Carried by Kennemer. On passage of bill the vote was: Ayes, 24; Nays, 2 - Boquist, Robinson; Excused, 4 - Burdick, Heard, Johnson, Linthicum. Bill passed.

HB 2033 - Read third time. Carried by Patterson. On passage of bill the vote was: Ayes, 25; Nays, 1 - Boquist; Excused, 4 - Burdick, Heard, Johnson, Linthicum. Bill passed.

HB 2395 - Read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 20; Nays, 5 - Anderson, Boquist, Robinson, Thatcher, Thomsen; Excused, 5 - Burdick, Girod, Heard, Johnson, Linthicum. Bill passed.

HB 2531 - Read third time. Carried by Patterson. On passage of bill the vote was: Ayes, 23; Nays, 2 - Boquist, Robinson; Excused, 5 - Burdick, Girod, Heard, Johnson, Linthicum. Bill passed.

HB 3178 - Read third time. Carried by Riley. On passage of bill the vote was: Ayes, 21; Nays, 4 - Boquist, Findley, Robinson, Thomsen; Excused, 5 - Burdick, Girod, Heard, Johnson, Linthicum. Bill passed.

HB 2032, 2033, 2395, 2531, 3178 – Boquist requested the following written explanation of votes be entered into the Journal:

HB 2032, 2033, 2395, 2531 and 3178 are all government serving government bills with no individual citizen input. One Carrier stated the written summary was wrong but oh well I guess. One was an exemption of for a large campaign donor. Portions of all no doubt have some good intent to government. Maybe. However, in the 'dark of the night' legislation common this Session, a bill yesterday was advanced from June 15, 2021 Floor to May 5, 2021 Floor with less than 24 hours' notice to ensure public input was blocked. Everything I saw on that bill from the public was opposition in the thousands. Yet, Floor statements today indicated all these bill had wide public support. A review of the Written Testimony showed 100% of the supporters were special interest groups or government agencies. All with the exception of the paper bag production bill are government making government laws on how the people will act in the government's police state. While the paper bill is clearly a special interest bill it is the only bill that would deserve passage at this time but it did not require my vote given the situational ethics displayed today. On the Floor today, out of view of cameras, there were dozens of face-to-face, side-by-side meetings, chit-chats, hugs, papers passed around by members, yet, it is unsafe for the public to have the constitutional right to assemble and query members? To block citizen input trickery must be used to pass bills? The double standard is government serving government not the people. Then an OSP oddity was noticed at the end of the voting bringing back into question what the Oregon Supreme Court calls Oregon's police powers.

SB 780 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 780 is an attempt to hold harmless from liability doctors, providers, and hospitals from their actions in the Governor's illegally declared emergency over the past 15 months. The Carrier was clear the intent was to ensure these entities were "not held accountable" for following government orders. There is no statutory or even constitutional defense for "superior order" or "Nuremberg defense" pleadings for crimes against humanity under international law. Law in this case established

by the United States signed into law under treaties agreed upon by the U.S. Congress. The bill itself is an attempt at averting the 'administration of justice' in direct violation of the of the same laws and treaties which is grounds for actions before the International Criminal Court. Turing it over to lawyers and judges to decide per the Carrier's statements is exactly what transpired in the past for which the judges were then found guilty themselves. This bill is even worse for the fact seniors remain locked in centers dying per the same government orders as was clearly stated into Senate record just a week ago. The Carrier of the bill at that time was clear that approximately half of all Covid 19 deaths in Oregon were seniors locked in centers and homes. So who is responsible for these deaths?

HB 2094 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2094 would allow Housing & Community Service Department to change the definition of 'veteran' by rule. Oregon history tells us in times of constrained resources that veteran support is almost always cut first. Many agencies consider 'veterans' a risk not a treasured asset thus the farther from a war the less the veteran gets except a press release. For this reason, statutes under the Oregon Department of Veterans Affairs define 'veteran' to ensure equal protection and proper protections. Veteran support will decrease not increase under this bill. Having a policy allowing state agencies who historically do not like veterans or place them last make the rules will be a disaster for veterans. Veterans have to fight agencies to get benefits so allowing those agencies to easily change definitions by rule needs to be called out. As a veteran I have personal experience with these government agencies.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 2094 – Robinson requested the following written explanation of vote be entered into the Journal:

HB 2094 sets a dangerous precedent, allowing an agency to redefine "veteran" by rule is the start of a slippery slope. Even though the premise

that a broader definition of “veteran” could potentially help more Veterans sounds great it could easily induce other changes. Who else gets to define “veteran” in the future, BOLI, DAS, individual municipalities, etc.? If ORS need to clarify definitions for “veteran” they can just reference the Federal definition of “veteran”. The statute already references federal definitions from the Department of Veterans Affairs. This bill is problematic and will eventually hurt veterans.

HB 2475 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2475 deserved two no votes. No on the Democrat version. No on the Republican version. The intent of the bill in theory is to assist low income citizens with their power bills. The PUC already has a programs in place that should have been expanded. Instead, the Democrats virtual signaled a new name for low income ratepayers then authorized a funding a new entity to deliver services. The Republican plan added a new entity to expand bureaucracy a different direction. Best means to deliver lower rates is to reduce legislative interference in energy, power and fuel delivery. The idea that the CUB represents me as a residential rate payer is long past false. The CUB is now government serving government not the people. Creating two new CUB type entities goes the wrong way. PUC can and should use its existing authority or programs to deliver assistance to lower income citizens.

President Courtney announced that the Senate is in receipt of a written request that consideration of appointees to the Pacific Northwest Electric Power and Conservation Planning Council and Oregon Fish and Wildlife Commission be separated from the en bloc vote.

Wagner moved that the Senate confirm en bloc the Governor's appointments as listed.

HB 2051 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

HB 2051 was marked for a yes bill based on the bill text. The Carrier explained a different intent. Then four more speakers described different intents. The bill may be good but it was clear it was not well understood by members. Given the confusion it got a no vote.

HB 2054 - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 21; Nays, 7 - Findley, Girod, Hansell, Linthicum, Robinson, Thatcher, Thomsen; Excused, 2 - Beyer, Heard. Bill passed.

HB 3057 - Boquist requested the following written explanation of vote be entered into the Journal:

HB 3057 is an Oregon Health Authority end run on HIPAA confidential patient health information very likely in violation of federal law. Likely a statute designed to shield OHA from its illegal activities during the symptomatic Covid-19 political pandemic in which OHA locked seniors in homes to intentionally perish. Classic crimes against humanity. Oddly, the bill attempts to re-define Covid-19 directly to only cases of SARSCoV-2 instead of their own OHA CDC definition of symptomatic Covid-19 which is 16 times broader per the CDC's own data. It the bill's definition were strictly applied cases would plummet, however, the definition cannot be correct. Nor does OHA display any competency what-so-ever to be given any additional authority. The Carrier was quite clear the intent was to allow nurses and bureaucrats not involved in patient care to access a citizens medical records on a computer system without either the patient or patient's providers knowledge. The Carrier stated the intent was to protect nurses from exposure that were not patient providers. The Carrier could not provide a reason for the need of this bill at this time when questioned. The Carrier could not identify a fiscal impact except computer access above. The bill certainly allows a completely incompetent Oregon Health Authority to weaponize patient data in Section 1(1)(b) for bureaucrats to target patient providers while covering both their criminal and civil liability. Sections 4, 5 and 6 were repudiated by the Carrier in lieu of a widespread computer access by non-providers while Section 7 then attempts to indicate the exact opposite of the bill's stated intent claiming the patient information cannot be released. Page 2 Line 3 allows OHA to release patient information for any reason it deems necessary. Written Testimony in OLIS in support does not appear to match the text of the bill just as the Carrier's statements do not match the bill.

HB 2113 changes to the Oregon Medical Board should not be implemented until the entire board is replaced. The OMB was directly involved in crimes against humanity and genocide regarding locking seniors and others in homes to perish and their involvement in the lockdowns regarding symptomatic Covid 19 (CDC definition). Further, allegations include systematic child abuse statewide and manslaughter of seniors. The entire board like their predecessors in Germany tribunals should be charged by the ICC.

HB 2062 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2180 B-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2180 would appropriately start Oregon down the road literally for electric vehicle charging if rolled out in the Metro areas in line with the West Coast Electric Highway and a major city loop; Portland, The Dallas, Bend, Salem, Eugene, and Medford. Applying it to rural and hinterland communities at this time is not correct to me. We need a roll out plan instead of do it everywhere when many places are decades away from EV cars being a reality.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 2526 A-Eng. - Read third time. Carried by Wagner. On passage of bill the vote was: Ayes, 22; Nays, 7 - Boquist, Findley, Girod, Heard, Linthicum, Robinson, Thomsen; Excused, 1 - Thatcher. Bill passed.

HB 2526 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2526 replaces Columbus Day with Indigenous Day instead of giving true Native Americans their own holiday. Strange the virtue signally proponents inside the Legislative Assembly did not want to give indigenous people their own day. Instead they want to revise history. It is inappropriate to only give the first people a 'hand me down' day. They deserve better. If the legislature wanted to revise history then it should have removed the name of Lane County named after Joseph Lane the Vice President candidate for the Southern States in the 1860 Presidential election as example. Oregon's most famous Democrat.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 3163 – Boquist requested the following written explanation of vote be entered into the Journal:

HB 3163's bill text and staff measure summary states "a resident does not include a person who merely owns real property or pays property taxes in the state." Since when are taxpayers second rate citizens in this country? Owners are now 'merely taxpayers' here to pay for government. This is discrimination. This very nationalist. Self-centered. This defies the whole concept of equality. Apparently legislators forgot non-residents pay both income and property taxes as well. Fully understand selfish Oregonians want to keep their natural resources to themselves but are not other property owners not equal under the law? Obviously not with a 26 to 2 vote in the Oregon State Senate.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 3293 A-Eng. - Read third time. Carried by Patterson. On passage of bill the vote was: Ayes, 23; Nays, 6 - Boquist, Girod, Heard, Linthicum, Robinson, Thomsen; Excused, 1 - Thatcher. Bill passed.

HB 2508 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

HB 2508 was a 'yes' vote going to the floor as we need to expand inexpensive telemedicine to increase access while reducing costs. The Carrier's open seemed logical. Then the questions and statements by Senators started raising more questions not answers. As doctors and practices closed, fears increased, visits decreased, so access was actually pretty good for those willing to defy the fear and panic being spread by the Oregon Health Authority. Then symptomatic covid-19 has created a new crop of millionaires and billionaires in the health care industry. The bill was described on the floor as an optional way to increase access but the text is riddled with 'require' not may clauses. It was stated regardless of being by telephone the doctor should be paid the same amount as a clinic visit. This cost is then passed to the patient. Office visit costs are sky rocking so charging the same is not right. It was stated whatever the cost for service in office it should be billed at the standard billing chart rate. Then it leaves it to the incompetent Oregon Health Authority to oversee these increases in costs. The same OHA that locks seniors in homes to die thus is guilty of crimes against humanity. As the Democrat President and Democrat CDC issue orders to eliminate masks and other medical procedures, the Oregon Health Authority and OSHA with the Governor continue to issue more mandates, lockdowns, and implement new orders to protect themselves from liability at the expense of the citizens. OHA, OSHA and the Governor should be in jail not overseeing profiteering by doctors, hospitals and the health care industry. We need cost effective telemedicine another OHA scam.

On motion to withdraw from the Committee on Rules, the vote was: Ayes, 11; Nays, 18 – Beyer, Burdick, Dembrow, Frederick, Gelser, Golden, Gorsek, Jama, Johnson, Lieber, Manning Jr, Patterson, Prozanski, Riley, Steiner Hayward, Taylor, Wagner, President Courtney; Excused, 1 – Thatcher. Motion failed.

SJR 23 – Linthicum requested the following written explanation of vote be entered into the Journal:

I would like to submit a vote explanation for my motion to withdraw SJR 23 from the Senate Committee on Rules.

This motion was designed to give Oregonians a say in how they are governed. SJR 23 would have put the question to Oregon voters as to how they would like their elected representatives in the legislature to constrain or check the Governor's power via unelected bureaucrats.

For the last year, by executive fiat and administrative rule, the Governor and her appointees have imposed destructive and harmful regulations which have severely curtailed Oregonians' freedoms. These actions are not laws passed by this body, but rather regulations imposed by unaccountable, unelected government bureaucrats. If the legislature wants to reclaim its place as a co-equal branch of government, SJR 23 would be a good place to start.

As background, Oregon already has detailed legal procedures for addressing communicable diseases and for testing, treating, quarantining, or isolating individuals believed to pose a threat to public health.

Oregon's existing statutes, akin to those upheld in the U.S. Supreme Court in *Jacobsen v. Massachusetts*, 197 U.S. 11 (1905), express a fundamental legislative determination that the appropriate response to serious communicable diseases was to delegate to the State Public Health Director or others the power to petition a court for an order to isolate or quarantine a person or group of persons as necessary (ORS 433.123) or use emergency administrative orders as needed (ORS 433.121). No violation of the separation of powers and other provisions of the Oregon Constitution is required to implement such procedures and protect the public welfare in cases of epidemics.

The effort to withdraw SJR 23 from the committee would have allowed the Senate to appropriately deliberate and discuss the Governor's sweeping abuse of powers which violates separations of power guaranteed in the Oregon Constitution. Specifically,

Article IV, § 1 of the Oregon Constitution provides:

"The legislative power of the state, except for the initiative and referendum powers reserved to the people, is vested in a Legislative Assembly, consisting of a Senate and a House of Representatives." No legislative powers are vested in the Governor.

Article I, § 21 of the Oregon Constitution provides:

". . . nor shall any law be passed, the taking effect of which shall be made to depend upon any authority, except as provided in this

Constitution".

Article I, § 22 provides:

"The operation of the laws shall never be suspended, except by the Authority of the Legislative Assembly."

Article III, § 1 of the Oregon Constitution provides:

"The powers of the Government shall be divided into three separate (sic) departments, the Legislative, the Executive, including the administrative, and the Judicial; and no person charged with official duties under one of these departments, shall exercise any of the functions of another, except as in this Constitution expressly provided."

My motion was necessary because SJR 23 found itself aground on the sands of political despotism fortified by the committee process and upheld by the majority party. Yet, ensuring the protected constitutional rights and representation for the public is this body's responsibility. Our Governor, to date, has participated in executive overreach and declined to exercise the constitutional emergency powers granted by Oregon Constitution in response to the COVID-19 pandemic.

SJR 23, if approved by voters, would give the Legislative Assembly the power to overturn tyrannical rules imposed by the executive branch. This policy would provide much-needed protections to Oregon's maintenance of the separation and balance of constitutional power.

Although the legislature retains the power to end by statute an emergency, thereby overturning a Governor's declaration of an emergency and orders issued thereunder, the motion presented would ensure public involvement to prevent or adequately mitigate the harm caused by the unconstitutional power grabs.

The Governor's exclusive control over the executive branch, such as Oregon OSHA, would be directly challenged if the Legislative Assembly had approved this motion. Instead, the Legislative Assembly declined to exercise its obligations and constitutional responsibilities by striking down this motion.

No doubt, future overreaches like the current COVID-19 policy scandals will continue to occur without the legislature taking responsibility. As elected representatives, we were elected to make hard decisions. SJR 23 would have challenged the Governor and shown that the legislature won't shy away from our responsibility to govern.

My motion for SJR 23 would have brought to the floor a simple question: What would Oregonians want? After all, as I understand it, that's how a democracy is supposed to work. Oregonians deserve a voice in their own governance.

SB 574 - Message from the Governor announcing she vetoed with the following explanation on May 26:

May 26, 2021

Dear President Courtney and Speaker Kotek,

Pursuant to Article V, section 15b(1) of the Oregon Constitution, I am returning Enrolled Senate Bill 574 unsigned and disapproved.

This bill would allow a person operating a motorcycle to travel between lanes of traffic, under certain conditions and in specific circumstances. Some of the conditions set forth in the bill include the requirement that traffic is either stopped or has slowed to a speed of ten miles per hour or less, that the motorcyclist travels between lanes at no more than ten miles per hour above the speed of traffic, and that the motorcyclist does not impede normal movement of traffic. This practice, known as "lane filtering," is currently unlawful-as it is in many other states-due to legitimate public safety concerns.

While I appreciate that SB 574 is more tailored than previous attempts to legalize lane filtering, I have several concerns with the bill as currently drafted, particularly related to public safety and noncompliance with the proposed conditions, which prevent me from approving it. First, many stakeholders, including law enforcement agencies and members of the public, remain concerned that lane filtering is unsafe for both the motorcyclists and the drivers sharing the road, due to the serious injuries and death that commonly result from motorcycle-involved accidents. Second, although the bill proposes conditions with which a motorcyclist must comply (such as a maximum speed at which motorcyclists can travel between lanes), I remain worried that some will not adhere to these conditions.

Based on these concerns, I am returning SB 574 unsigned and disapproved.

Sincerely,

Governor Kate Brown

House Bill 2168 designates June 19 as an Oregon State Holiday commemorating the arrival on horseback of the news of the Emancipation Proclamation in Galveston, Texas, in 1865 to the cheers of African Americans then enslaved.

Basic historic information does not really do justice to the emotions involved here. Sometimes a picture is needed.

The Man in the center, Robert Johnson, with the hat and cane was 103 years old when this picture was taken in 1954. He was enslaved at birth. He and his parents and others who looked like him worked in the fields under the threat of death. They had no control of their family, access to food, shelter. They could not make any decisions of their own. His family was likely "sold down the river to the family of Jefferson Davis to work on the huge Hurricane or Brierfield Plantations to plant, chop, and pick the cash crop of cotton. He fought for and with the Union Army when it came through Vicksburg, Mississippi during the Civil War. He became a sharecropper and landowner after the Confederacy Lost. He raised eight children who became preachers or teachers. The woman standing next to my Great Grandfather, is his daughter, my Grandmother Mary Ellen. On the other side of him is my Father. The woman next to my dad is my mom. My brother, David, was born just five months later. My baby sister, Karla, is in my dad's arms. And that is me standing in front, likely trying to mentally move around the mathematical shapes in front of me. I still do that.

Great Grandfather Johnson was in Scotlandville, LA to see his grandson, my dad, march with the other professors of Southern University in Commencement. It was a proud day for him. A family going from slaves in Mississippi to University Biology professor.

The Emancipation Proclamation news arrived in waves to the enslaved Black women and men of my family in Mississippi. Family stories say "Joy" was the first emotion. Next "skepticism." Active and often deadly reactions followed against freed African Americans by Whites fearful that they might be treated the way they treated their former slaves. "Hope" stood at the center of a possible future for my family.

The picture here is of my grandfather, my grandmother, my father, four of his siblings, and their next-door neighbor. They are standing in front of their sharecropper's house Near Hayti in the Bootheel of Missouri. My grandfather and grandmother both worked in the fields and as teachers, but in Mississippi, there were restrictions on teaching black kids to read. So they moved to Missouri where they could get books. Of course, the books were the books that had been thrown out by the white schools. But they were books.

The Hope continues to this day. So does the skepticism. The two dance together in our time. We need to understand how they fit together, and how they create a new world.

My family traveled the country attending science conventions and visiting relatives, conscious of, but not bowing to the Jim Crow laws that kept us from staying in motels in the North and South; not bothering with restaurants that might not serve us. We stopped at every historic marker along the way. I suspect that it was also a way for Dad to rest. He made it a point to read out loud every marker so that we had in our memory his voice, the words on the marker, and a sense of being in a certain place at a certain time.

Celebrating Juneteenth is not just a legal historical marker. It is a memory that lives on in each of us.

The little boy holding the free reverend Ashton Jones sign on the far left of the picture above is me. My neighbors and my mom and my sister are visible in the picture as well. This was one of the many demonstrations that we were in Atlanta when I was growing up. Because the Jim Crow South still didn't recognize the idea of the Emancipation Proclamation.

A copy of the picture to the right hangs in my parents' house. They were most proud of it. Michelle Obama was the second first lady to speak at a Tuskegee University commencement. The first was Eleanor Roosevelt. She also, famously, rode with the Tuskegee Airmen that time. As it turns out my father, standing there on the right, was that both commencements. His sense of hope. My mom's sense of hope, (She's the one standing right next to Michelle Obama), is what keeps me going. That sense of hope keeps the community going as well despite the fact that there are folks who want to return to the deep conservative confederacy in whatever way they can. Voter suppression is one tool now used, along with fear, once again.

This year we faced the racism of the past and the racism of the present.

The murder of George Floyd in front of us, all of us, focused clearly the issues of racism and lack of personal safety. It was no longer a myth of "victimhood."

The pandemic exposed huge holes in the fabric of our safety net for African Americans and other minority/marginalized groups while pointing out the essential worker role praised but not compensated. The year gave us a marker, a touchpoint on other times. We now, via this bill, this proclamation, can learn from another time, and dedicate to changing the future in real-time without waiting for the news of equality to arrive on horseback.

I recognize efforts to resist the arc of history bending towards justice will always be there. This new holiday recognizes that the people of the State of Oregon, despite our past, can take the veil of ignorance away and each year celebrate Hope on Juneteenth. A marker to read and remember.

How important is Juneteenth? Here's a picture you do not often see. But it gives a glimpse into how the Black Community felt about the hope for Freedom and the people who died to bring even the hope of that freedom to their descendants. "Memorial Day was started by former slaves on May 1, 1865, in Charleston, SC to honor 257 dead Union Soldiers who had been buried in a mass grave in a Confederate prison camp. They dug up the bodies and worked for 2 weeks to give them a proper burial as gratitude for fighting for their freedom. They then held a parade of 10,000 people led by 2,800 Black children where they marched, sang and celebrated."

In Oregon for the last 40 years, that I know about, the Peoples family, especially the legendary Miss Clara Peoples, kept alive the Juneteenth Celebration in Portland. Marsha Peoples Jack, Janell Jack, Jynifer Robinson, Heather Cox, Maranisha Jacobs, Tim Hall, and Margaret Peoples held an event every year.

House Bill 2168 is one marker of Hope

Although I agree with most of the provisions of HB 2935, as with many pieces of legislation in the Senate, this bill does have unintended consequences. It is these potential unintended consequences that I voted against.

Specifically, HB 2935 prohibits a school district from being a member of any voluntary organization that administers interscholastic activities if the organization does not have equity-focused policies.

The term equity-focused is not well defined in my opinion and could be easily abused and manipulated to the benefit of a chosen few organizations.

My concerns about this portion of the legislation were not addressed by any of the committee testimony or the meeting materials on this bill

HB 2420 denies employees an opportunity to present their discrimination and retribution claims to the courts if they utilize the BOLI process. Aligning the court and agency times at 12 months eliminates the second option. This can only be considered intentional. It appears to be an effort to block Legislative Assembly complaints but none-the-less employees unionized so have some protections. History indicates BOLI will simply run the clock out with little or no response to the retaliated or discriminated employee. The effort to stifle debate on this bill is becoming common practice in the Oregon State Capitol.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 2936 B-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

HB 2936 setting standards for police background checks would have been a good start but contains two concepts which resulted in a no vote. First, regulating speech on social media such as Facebook by an employer or prospective employers is prohibited elsewhere in Oregon law and is unconstitutional. Second, if Oregon wants to develop a statutory framework for identifying criminal groups that needs to be done without violating the Tenth Amendment. Worse is the notion in legislative debate to utilize the ACLU, Southern Poverty Law Center and FBI to determine whom should be banned from law enforcement. The ACLU (American Civil Liberties Union) has a long history of supporting the KKK and confederal battle flag along with other subversive groups. A former board member lamented recently that the ACLU no longer supports civil rights. The Southern Poverty Law Center political organization is considered by a large segment of the population to be anti-religious, leftist, bias, and its track record since 1971 is not a reliable bases to judge law enforcement. SPLC lists the American College of Pediatricians, Pacific Justice Institute, American Family Council, and

other law firms and churches as part of its 1000 plus organizations it considers hate groups. The SPLC has recently faced its own employee claims of sexual harassment, gender discrimination and racism within the organization along with being forced to settle multi-million-dollar lawsuits over false hate group designations. The FBI (Federal Bureau of Investigation) track record at Ruby Ridge, Waco, Fast & Furious, Malheur Refuge, recent internal investigations, and its own insurrection actions over the past two years eliminate it as a judge of character as well. If Oregon wants to screen applicants it needs to develop its own process without the ACLU, SPLC or FBI.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 2936 B-Eng. – Thatcher requested the following written explanation of vote be entered into the Journal:

I voted no on HB 2936 B because I believe racism and religious discrimination has no place in law enforcement. The bill demands scrutiny of a law enforcement candidate's "beliefs" and "attitudes" about specified classifications and groups of people. There are no definitions for many of the important key terms that may result in the rejection of a law enforcement candidate from consideration as a law enforcement officer. The plain language of the bill suggests that someone who belongs to a church that believes, for example, in traditional marriage, would be red-flagged during the required psychological assessment of an applicant's "opinions" of "diverse populations". There are other such potential outcomes that might result in law enforcement candidates being discriminated against based on subjective, undefined and politically-charged terms that depend on the political pressures and viewpoints of whom ever is appointed to carry out the edicts spelled out within this law and set the policies related to hiring of law enforcement officers.

HCR 24 should be celebrated in its 50th successful year of the bottle bill. Not the 49th year. Since March 2020 the bottle bill has been suspended across most of Oregon including almost all of my rural district. Citizens are charged deposits but cannot return the bottles and cans as the grocery stores and return centers have run away with state government support. Therefore, we need to commend the bottle bill in its 50th successful year which is next year maybe.

HB 5021 is the budget for the Oregon Medical Board which should be completely replaced. The Carrier was clear the board needs more money to investigate more doctors. The doctors who are political opponents of Governor Brown and the Oregon Health Authority. The board members have aided in crimes against humanity and genocide in its support of locking seniors in homes to intentionally perish. The OMB attacks doctors who have followed medical science instead OMB's political benefactors thus should be defunded. This board is responsible for more deaths than any police brutality, therefore, should not be funded by HB 5021.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 5021 A-Eng. - Robinson requested the following written explanation of vote be entered into the Journal:

I voted against the budget for the Oregon Medical Board, not because I do not support the goal and mission of the Board, but because I do not support the execution of the policies it has implemented.

To reduce the cost of medical care, we must first know the cost of medical care. The Oregon Medical Board and other organizations have rubber stamped partisan policies that often do nothing to improve the cost of care. These boards should be asking hard questions and using their authority to define the cost of care and what are the drivers of these costs.

Only once we have accountability for the cost of care can we work to reduce the cost of care. This is the only way to provide inexpensive, high quality medical care for all Oregonians.

Until this goal is executed, I cannot support this budget bill.

HB 3284 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

HB 3284 contains language stating covid information can be released if meets federal law. This is stated at least twice in the bill. The Carrier claims the bill would not allow the release of vaccine data to support vaccine passports yet the 'federal law' language is in the bill. Hopefully, the Carrier is correct but courts use the word of the law not some Floor speech. Further, the Governor, Oregon Health Authority and OSHA with Attorney General backing claim federal law allows them to require vaccine proof, passports, and allows forcing business to enforce vaccines. Who is correct does not matter given the Governor can use unlimited tax dollars to support her position. The Governor can bankrupt any business.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 836 B-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SB 836 is a virtue signal bill designed to appease but not help individuals in DOC's alternative incarceration program. The Carrier's statements would be well suited to criminal charged and liability lawsuits against the Governor for locking seniors in homes whom

perished and locking down citizens in local communities some inside their homes. The premises of the bill is convicted individuals in the AIC program could not be locked down thus unable to participate in the program in the next emergency or pandemic. The Governor suspended the constitution and statutes in the present political pandemic including the AIC at DOC so she or he will do so again. In reality, the law does nothing. However, it is noted Senate Democrats are fine with ensuring convicted individuals can not be locked down or locked out or locked in, but, fully support locking seniors in centers to perish and citizens in their homes suspending their rights. Very strange. It is noted the alternative incarceration program is very good but this bill changes nothing except campaign propaganda.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

HB 2172 B-Eng. – Prozanski requested the following written explanation of vote be entered into the Journal:

I am filing this written vote explanation for HB 2172 to correct a misstatement I made during my vote explanation following the vote on the bill.

I stated that the Minority Report would allow individuals serving a sentence for attempt or conspiracy to commit a crime described in ORS 163.095, 163.107 or 163.115 to be eligible for a reduction in the term of post-prison supervision. I was wrong; it would not.

On motion to withdraw from the Committee on Education the vote was: Ayes, 11; Nays, 18 - Beyer, Burdick, Dembrow, Frederick, Gelser, Golden, Gorsek, Heard, Jama, Johnson, Lieber, Patterson, Prozanski, Riley, Steiner, Hayward, Taylor, Wagner, President Courtney; Excused, 1 - Manning Jr. Motion failed.

SB 659 – Linthicum requested the following written explanation of vote be entered into the Journal:

From 2011 to 2019, Oregon students could choose to attend any public school in the state. This enabled families to choose a school with programs and opportunities best fit for their student's needs and goals. This program sunset in 2019 and along with it, educational opportunity for the next generation of young Oregonians.

Under the current system, students are required to show "hardship" if they want to escape a school that isn't meeting their needs. What is not included in the legal definition of hardship are things like the students learning progress, needs, or even their own academic goals. This hardship standard is keeping countless kids from reaching their full potential in their education.

Unless you can clear this “hardship” hurdle, education is determined by where you live. ZIP code determines where you get educated. In some cases, it comes down to which side of the street you live on.

Let’s use an example from right here in Salem. If you live on the west side of I-5, you will attend South Salem High School. 75% of their students are proficient in reading and writing and 40% are proficient in math. If you live on the east side of I-5, you are sent to McKay High School where only 59% are proficient in reading and writing and 28% in math. If a student from McKay is allowed to transfer to South Salem, they are 27% more likely to be proficient in math and 42% more likely to be proficient in reading.

So why do we tie where you live to where you go to school? After the Great Depression, in an attempt to help white American’s refinance their homes, the federal government created color-coded maps in which red areas were considered the most hazardous. This is where redlining comes from. The Federal Housing Authority at the same time recommended that against putting children or “incompatible racial elements” in the same schools. It’s not a surprise then that the school lines of today correspond closely with the redlined maps. A 2021 report from the Annenberg Institute at Brown University found that schools in previously redlined zones have much less diverse student populations and worse average test scores.

Our students’ success should not be bound by what side of the street they live on or racist history in their neighborhood. The past year of school closures is causing many to realize who actually controls their education. It’s not just in Oregon either. In April, Arizona joined other states in advancing open-enrollment legislation, taking a major step toward erasing school boundary lines.

Senate Bill 659 would have been a step in the right direction toward erasing school boundary lines in Oregon. Parents would be free to enroll their children in any public school in the state they want, no matter where they live. I know teachers’ unions and bureaucrats hate this idea. But that is where political courage is needed to stand up to powerful special interests. Unfortunately, this body didn’t muster that courage today.

SB 5514 – Message from the Governor announcing she line-item vetoed with the following explanation on June 16:

Dear Senator Courtney and Speaker Kotek,

Pursuant to Article V, sections 15a and 15b of the Oregon Constitution, I am using my single-item veto authority to disapprove the following single item in an appropriation bill: Section 5 of Enrolled Senate Bill 5 514. I am approving the other appropriations in the bill.

Senate Bill 5514 allocates \$9.3 billion to the State School Fund for the 2021-2023 biennium. As part of that total appropriated amount, Section 5 would allow transfer of up to \$200 million from the principal of the Education Stability Fund (ESF). At this time, however, a transfer from the ESF likely would violate the Oregon Constitution, as the state currently does not meet any of the constitutional economic triggers that allow the Legislature to access the ESF.

Article XV, section 4(6) of the Oregon Constitution sets forth the limited circumstances in which the Legislature can access the principal of the ESF – namely, when the state is experiencing an economic downturn or facing some other emergency affecting school budgets. Although those economic circumstances were present last year, when the Legislature transferred \$400 million from the ESF as part of its August 2020 budget rebalancing efforts, that is no longer the case. Instead, recent revenue forecasts show a drastic improvement in revenue projections, with expected revenues for the current biennium exceeding those of the prior biennium. In light of this economic rebound, we should not – and are not constitutionally allowed to – access and allocate the principal of the ESF at this time.

I remain committed to working with legislators to ensure that schools receive \$9.3 billion in funding for the coming biennium. I look forward to signing legislation that replaces the ESF allocation to the State School Fund with \$200 million from another source.

Sincerely,

Governor Kate Brown

SB 397 A-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 397 is a complex rework of Oregon's expungement law. Meaning the ability to have offenses removed from the public record. It certainly needs updating. Whether this bill will be workable is of question. It was not vetted in House Judiciary but instead sent to the horse trading committee of Joint Ways & Means. Then multiple agencies were unable to determine the fiscal impact but clearly stated it may be costly. Had this bill been better vetted in the proper policy committee it way well have gotten a yes vote even if costly.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 497 B-Eng. - Robinson requested the following written explanation of vote be entered into the Journal:

SB 497 like multiple other bills at this time of Session did not get vetted in the House Judiciary Committee. It wrongly was sent to Ways & Means before a complete legislative policy review. It then takes \$7 million in appropriations for the Department of Corrections designating it for "community-based supervision for designated person misdemeanors involving domestic violence." Oregon does not do this for other misdemeanors. This is a new program. An end run on the budget. Note individuals that continue as domestic threat should have charged and prosecuted by District Attorneys for the higher crime thus placed in the existing probation programs. Which by the way are continuously cut in the budge process in real dollars. A better approach would be to hold District Attorneys more accountable while funding the existing programs not create a new program.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 500 A-Eng. - Read third time. Carried by Golden. On passage of bill the vote was: Ayes, 28; Nays, 1 - Heard; Excused, 1 - Manning Jr. Bill passed.

SB 707 A-Eng. - Read third time. Carried by Gelser. On passage of bill the vote was: Ayes, 28; Nays, 1 - Heard; Excused, 1 - Manning Jr. Bill passed.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 755 B-Eng. - Read third time. Carried by Prozanski. On passage of bill the vote was: Ayes, 21; Nays, 8 - Boquist, Findley, Girod, Heard, Linthicum, Robinson, Thatcher, Thomsen; Excused, 1 - Manning Jr. Bill passed.

SB 755 B-Eng. - Boquist requested the following written explanation of vote be entered into the Journal:

SB 755 is Senator Prozanski's rewrite of ballot Measure 110 passed by the voters. It is common for the majority in the legislature to re-write initiatives drafted by petitioners who gathered hundreds of thousands of signatures to get the voters to pass an initiative. Whether these modifications are good, bad or workable will need to be determined as time passes. Whether the Chief Petitioners and the Yes on 110 Committee all agree on the modifications to the ballot measure is unknown. Though many supporters of M110 submitted testimony. However, the bill should have been in a joint policy committee or both the

House & Senate Judiciary Committees for vetting. As the Carrier stated on the Floor, it is the starting point with lots of changes to come. Have always opposed changing and modifying voter initiatives until they prove unworkable to the voters who passed them. Even those I disagree with as the Voters passed them. Hopefully, SB 755 is a decent starting point.

Heard requested written explanation of vote be entered into the Journal. Printed explanation is found on page RS1-SJ-47.

SB 778 A-Eng. - Read third time. Carried by Jama. On passage of bill the vote was: Ayes, 28; Nays, 1 - Heard; Excused, 1 - Manning Jr. Bill passed.

HB 2100 B-Eng. – Patterson requested the following written explanation of vote be entered into the Journal:

I voted "no" on HB 2100 and wish to explain my vote.

Of course, we want our community response agencies to be culturally competent and to serve diverse communities. But I do not believe that HB 2100 is the way forward, as it could adversely affect current services without additional funds being available to all.

To quote from testimony received from Jimmy Jones, the Executive Director of the Mid-Willamette Valley Community Action Agency: "There are those who will argue that Community Action is incapable of answering the need for racial justice in Oregon, and yet we were born from a racial justice movement. My agency has 425 employees, 44 percent of which are people of color. We serve more than 50,000 Oregonians, more than 60 percent of which are people of color. We are largely an agency of color, serving communities of color."

Certainly, there are problems in the state homeless response system. Grossly inadequate funding, a data system so poor that it would be difficult to design a better system if you were deliberately building one not to work, a Byzantine finance and contracting system and too little flexibility generally. But blowing up what works with no plan, no proven alternative, no history of direct service at scale, and no hope for success is not modernization. It's reckless."

I strongly support efforts to promote racial justice and equity. However, I feel that HB 2100 in its current form puts critical infrastructure for serving the growing numbers of homeless individuals in our communities at risk.

SB 759 A-Eng. – Thatcher requested the following written explanation of vote be entered into the Journal:

I voted no on SB 759A bill. There is no way that staff members of the Oregon legislature should be represented by an international and national union that contributes to political campaigns and causes. We were told that the IBEW local representing the legislative staff has never

before contributed to candidates or political causes. However, a portion of the dues received by staff members will be sent to the national IBEW and those dues will be used to support or oppose political candidates and campaigns for policies legislators may also support or oppose. This creates an obvious conflict of interest. Quite often, these internationally organized unions directly influence policy stances the national unions will fund at a state level and direct the national unions to send money back to the states to support or oppose political campaigns. When the legislative staff members are working for legislators while paying dues to an organization that could be funding the legislators' political races, or funding the political races of their opponents, there is an inherent conflict of interest. If the staff is to organize, they should be organized under an independent, stand-alone union and not under an internationally established union that opposes or supports political campaigns of any kind.

As I read through the accomplishments of the BPOE and heard from the carriers about all the good they have done, I was dreading having to cast a no vote. My no vote should not be a reflection on the great work done by this organization. My no vote is a protest against an unconstitutional session as I describe below.

The Constitution of the State of Oregon clearly states that "The deliberations of each house, of committees of each house or joint committees and of committees of the whole, shall be open..." This provision was put in place to ensure accountability and transparency to the people of the state that their Legislature was working in their best interest. The virtual format that is being used does not provide for an honest, open, and transparent discussion on the matters of this state.

We are seeing just how discriminatory these virtual sessions can be! The Majority Party has created a system that if you cannot afford internet you cannot be a part of the discussions. This "Pay to Play" approach is NOT the Oregon way. Between this and the heartbreaking examples of the elder and economically depressed members in our society struggling and getting frustrated over their challenges navigating this virtual environment, it cannot honestly be said that we are doing the peoples work.

The "People's Work" should be considered an essential service and there for accessible in person. Because the people are still being denied their constitutional right to participate and lobby their legislature in an open manner, I cannot legitimize this session with a yes vote no matter the merit of the bill, and there for had to vote no. Were it any other session, I would gladly have voted yes.

HB 3398 A-Eng. - Read third time. Carried by Taylor. On passage of bill the vote was: Ayes, 21; Nays, 7 - Boquist, Heard, Linthicum, Patterson, Robinson, Thatcher, Thomsen; Excused, 2 - Kennemer, Manning Jr. Bill passed.

SB 872 was motioned to the floor for consideration by Senator Thatcher to ensure vaccine confidentiality in the present ongoing symptomatic covid political pandemic. Only eight rural Senators supported the motion including myself. Earlier today, Governor Brown

extended her emergency powers until December 31, 2021 by issuing Executive Order No 21-15 replacing her original orders. This is a six month extension of her dictatorial emergency powers. Further, she did not revoke the old orders until certain benchmarks are met in the future. Nothing has changed as of today. The Governor's power remains unchecked and unconstitutional thus SB 872 should have been considered.

SCR 25 A-Eng. – Boquist requested the following written explanation of vote be entered into the Journal:

SCR 25 and Senate Rule 15.05(8) regarding mandatory executive sessions for labor negotiations with legislative assistants is

unconstitutional per the Chief Legislative Counsel in writing on January 28, 2019. As stated on the Floor by the Senate President, the intent is to mandate executive sessions which violates ORS 192.660(3) per the Oregon Attorney General and Oregon Government Ethics Commission. All three documents are in the Senate record as Floor letters submitted this day. SCR 25 and the Senate Rule are attempts to end run fair labor negotiations after the legal formation of the union to collective bargain for Legislative Assistants after the failure of leadership to address pay equity, personnel Rule 27, and unsafe workplace issues. Union negotiators would not have the option required by ORS 192.660(3) to opt into executive sessions plus may not be able to communicate labor issues discussed in executive sessions to the union members. It appears to be an attempt to break the union by circumventing the rule or law. Further, the intent stated by the Senate President on the Floor was for the Senate Rule empowering the same Presiding Officer is take precedence over the statute. It was stated on the Floor members of the media would not be prohibited but could not disclose anything outside of the executive session.

HB 2740, 2927, 3000 – Boquist requested the following written explanations of votes be entered into the Journal:

HB 3000, HB 2927 and HB 2740 came to the floor with minutes notice. All such bills with no notice after 5 supplemental lists got no votes today. HB 3000 was a “D” version meaning amended at least four times by committees changing the original bill dramatically. We must help rural SW Oregon but the changes after four iterations including new property seizure clauses and giving Oregon Health Authority not law enforcement authority the bill simply does not help in the end. The bill passed but will need serious changes in the next Session.

HB 3000 D-Eng. – Robinson requested the following written explanation of vote be entered into the Journal:

HB 3000 D has been publicized as a watershed, fix-all bill for the broken marijuana industry in Southern Oregon. It is not; furthermore, there are several provisions of the bill that take Constitutional rights from Oregonians.

The U.S. Constitution protects private property. My oath of office requires that I protect the U.S. Constitution. Even if I may not agree with the activity, I cannot support government transgressing our constitutional rights. For example, parts of this bill violate the constitution with warrantless search and seizure.

Additionally, there are other problems with this bill and the majority party has watered down many of the things that will actually help us in Josephine County. HB 3000 D, with the D indicating that the bill was amended four times before it came to the Senate Floor, was not the bill that the public was told it was.

I voted no on SB 3055C today, not because I disagree with everything that is in this omnibus bill. It includes many good and necessary updates to existing law and was the product of an entire session of hard work by many members.

However, as the Oregon Legislature's omnibus transportation bill for 2021, it needed to include much, much more in the way of specific actions to address the risks of climate change. Emissions from the transportation sector are the biggest source of greenhouse gas emissions in Oregon. I spoke earlier today on HB 2021, the 100% Clean Electricity bill,

We made good investments in alternative transportation in the 2017 omnibus bill, but it's four years later and the ravages of climate change have only grown more profound. On a day of record heat, ongoing drought, and impending wildfires, we should be passing a package that equally focuses on safety and emissions-reduction. We should be looking forward, not remaining wedded to a vision from the past.

I hope we can do better next time.

HB 5006 A-Eng. – Dembrow requested the following written explanation of vote be entered into the Journal:

I voted for HB 5006, which among many other worthy investments, maintains the current funding level of the Innovation Law Lab/Equity Corps program, ensuring Oregonians in deportation proceedings have an attorney by their side when they face the very real risk of being unjustly separated from their families. I was proud to partner with Sen. Jama and Reps. Alonso Leon and Salinas to co-author an expansion of this program this session. While HB 3230 did not pass this year, the need for legal

representation and community-based wraparound services remains. As I stressed in my advocacy for ongoing funding for the Equity Corps program in HB 5006, this \$2m investment is intended to be bridge funding, allowing the legal services providers, community navigators and case clearinghouse to maintain their current levels of funding while we work toward future funding of immigration legal services funding for all. No Oregonian currently served by this program should lose their attorney, and the investment we make today means we will continue to stand by these Oregonians, and continue to show that Oregon is a welcoming place for all.
