Margie Courtney, wife of Senator Peter Courtney, administered the oath of office to the newly-elected President of the Senate. At this time the gavel was presented to the newly-elected President of the Senate. (President Courtney in Chair)

President Courtney made the following remarks to the Senate.

"Thank you, my fellow senators. I am humbled by your vote. Given the time, you might be encouraged to learn that I will shorten my words.

"This is a day of happiness, a day of joy and a day of celebration. But it also is a day of sadness, a day of loneliness and a day of heartbreak. All of us have very important people in our lives that have helped us along the way and it is on a day like this that we wish they could be here. But life does not permit that. While today is a good day, I know that each one of us in our own way will think about a loved one, a lost one, that we wish could be here. In particular, we need to keep in our thoughts and perhaps say something privately to three of our members who carry a heavy cross today. A father, a mother and a spouse are not here today. Senator Brown's dad, Senator Johnson's mom, Senator Verger's husband are not here today. This day, this moment, we are all brothers and sisters. So, while we laugh and smile today and feel good, please remember those who carry a cross. While they may also smile and even laugh at times, they are suffering.

"I want to thank you for being willing to serve in the state legislature. Your families also deserve much thanks. Together, you put your lives on hold, you sacrifice more lucrative pursuits, you sacrifice your privacy and, most of all, you sacrifice precious time with each other, all to serve this great state.

"I need to thank my staff that puts up with me and works so very hard to provide the services for the president's office—Connie, Brian, Margie, Debbie, Tanya, James and Joe.

"Up here, to give me the oath of office, was my wife Margie. She is the first person I met when I came to this state on July 9, 1969, all by myself, a single suitcase, not knowing anyone. Margie Ann Brennen Courtney was a little girl from Mt. Angel and she did not know what to make of me. I'm sure today, she still does not.

"Today, the Bible was held by our youngest son, Adam. His older brother, Sean, is starting his second semester of his second year at Carroll College in Helena, Montana, and could not be here. Our eldest son, Peter Vincent, is managing the Enterprise office in Woodburn. Our family is small but I think it is a good little family.

"This is the beginning of a session but so much work goes into getting us here. Judy Hall and her worker bees are responsible for all that you see here. Dave Henderson and his troops handled all the mechanical things, all the offices, all the equipment. Ann Boss and her attorneys have been working tirelessly to develop all those bill drafts and continue to work during this ceremony. Ken Rocco and his accountants have had their eagle eyes on the Governor's budget long before December 1. Paul Warner and his economists are trying to figure out ways to pay for what we decide to do and buy. And your personal staff, like ants, have been crawling all over this building getting your offices ready.

"It takes a team; it takes a whole lot of teams working 24/7 to get us to this day to get us through this mission we are on. We thank you one and all.

"Back in 1859, when our great state was founded, our population was 52,465, people, there were 18 counties and 7 cities and there were 38,670 students between age 4 and 20. We had 22 judges and the state budget was \$72,545. And there were 16 state senators. Back then, there were 3,279 Oregonians for every state senator. The Senate would become 30 senators in 1872. We may be one of the smallest chambers in the country.

"Today, 148 years later, Oregon has changed. The population is 3.6 million people. There are 36 counties, 241 cities, 559,244 K-12 students and 198 school districts. There are 187 judges and our state budget—all funds co-chairs, budgeters—is \$49.2 billion.

"And, just as in 1872, we are still 30 state senators. That averages out to about 121,369 Oregonians for each one of us.

"Since 1872, through 67 biennial sessions and 34 special sessions, for 135 years, this Senate has remained constant at 30 members. We are small, but we are huge in our responsibilities and obligations to help Oregon find her way.

"Our task is daunting: balance the budget, address mental health, health care, education, public safety and do all this with an eye to the recommendations of our Public Commission on the Oregon Legislature and do all this within a strict new, bold timeline, while raising the ethical standards of government and pioneering a legislative structure that has never been tried before.

"We are talented. We are first. We are veteran. We are teachers, doctors, nurses, veterinarians, farmers, parents, military veterans, counselors, economists and, yes, even some of us are lawyers.

"We have many firsts. Some of us are first in our families to go to college, first to be elected to public office, first female majority leader, first female African-American President Pro Tempore, first female mayor of her city.

"And we are veteran. Our average age is 56 years and I feel every single year of it. We are veterans in making policy. We have served on City Councils, as mayors, on school boards, police commissions, planning commissions, parks committees, port commissions, soil and water conservation districts, transportation commissions, on Metro. And we have served in the House and in the Senate. In this chamber today, is 279 years of collective experience.

"Our mission is difficult. We have so much to do and so short the time, so new, so unfamiliar, so untested is our legislative path. That sounds very much like the Oregon way.

"The first wagon on the Oregon Trail had no trail to follow, no guide to lead them. They had to beat the fierce winter. You know what their number was? Thirty. The first ones that came to this state were 30. Just like us. And they made it. My fellow senators, I believe, with our pioneering spirit, our vast experience, our respect for history and, most of all, our love of Oregon, we will too. Thank you."

Nominations for President Pro Tempore of the Senate were declared open by unanimous consent at the request of the Chair.

Walker nominated Carter for President Pro Tempore of the Senate, moved that nominations be closed and that a unanimous ballot be cast for Carter. Motion carried on voice vote. Carter elected President Pro Tempore of the Senate.

The Chair appointed Johnson and Ferrioli to escort Carter to the rostrum. W. E. Hunter, Minister from Portland and brother of Senator Margaret

Carter, administered the oath of office to the newly-elected President Pro Tempore of the Senate.

Nominations for Secretary of the Senate were declared open by unanimous consent at the request of the Chair.

Brown nominated Judy Hall for Secretary of the Senate. Brown moved that nominations be closed and a unanimous ballot be cast for Judy Hall. Motion carried on voice vote. Hall elected Secretary of the Senate. Chief Justice of the Supreme Court Paul J. DeMuniz administered the oath of office to the newly-elected Secretary of the Senate.

(3) A member of the Senate or legislative assistant may, at any time, deliver records required to be retained under this rule to the Legislative Administrator. A person who ceases to be a member of the Legislative Assembly shall deliver records under subsection (2) of this rule to the Legislative Administrator within 60 days after the member ceases to be a member. Records delivered to the Legislative Administrator under this rule must identify the person delivering the records and specify the date on which the records may be destroyed.

(4) In order to ensure consistent and timely compliance with the disclosure provisions of the Public Records Law, a member of the Senate may designate the Legislative Administrator to receive public records requests on their behalf. The Legislative Administrator then will assist the member in preparing responses to requests. Regardless of whether or not a member has designated the Legislative Administrator to receive their public records requests, the member may request assistance from the Legislative Administrator or Legislative Counsel in responding to public records requests at any time.

(5) This rule applies to all records of members of the Senate and legislative assistants, whether created before, on or after the effective date of this rule.

without charge.

(4) Each member is authorized a maximum of 50 additional copies of measures without charge.

14.20 Legislative Newsletters.

(1) Each member may issue legislative newsletters or other informational material to constituents. Costs for newsletters and informational material may be billed to the member's individual expense account. Such newsletters or other informational material charged in whole or in part against a member's individual expense account may be distributed at any time during a member's term with the following exceptions:

(a) The period commencing 60 days before the primary election until the day following the election if the member is a candidate for election or reelection at the primary election.

(b) The period commencing 60 days before the regular general election until the day following the election if the member is a candidate for election or reelection at the general election.

(2) As used in this rule "legislative newsletter" and "informational material" means material suitable for distribution to members of the public informing them of official activities of a legislator or actions occurring before the Legislative Assembly or its committees or affecting its activities when such material is not campaign material and does not serve partisan political purposes. The following subsections explain in detail acceptable and unacceptable mailings:

(a) Press Releases: Members may issue press releases to members of the news media (as well as other legislators, Capitol staff, the lobby, etc.) during the 60-day window; however, copies may not be distributed directly to a list of constituents or be posted on members' legislative websites (or even on an external website), if the press release was produced with a state computer or by staff on state time).

(b) Legislative E-Mail: Members may not send electronic publications like electronic newsletters, press releases, town hall meeting notices, or other e-mail to a list of constituents from legislative e-mail accounts (or even from personal e-mail accounts, if the material was produced with a state computer or by staff on state time) during the 60-day window. Members may, however, respond to

inquiries from individual constituents.

(c) Legislative Website: Members may not post copies of newsletters, press releases, town hall meeting notices, or other materials to legislative websites during the 60-day window. Materials posted prior to the deadline do not need to be removed; however, such materials may not be revised during the 60-day window. Members may not communicate broadly by any media (including a link on any external website) urging members of the public to visit the legislative website. It is OK, however, if the legislative website address appears on state business cards or state stationery.

(d) Town Hall Meetings & Other Meetings With Groups Of Constituents: Members may not spend state funds or use staff on state time to advertise a town hall meeting or other meeting with a group of constituents that takes place during the 60-day window, even if the expenditure occurs prior to the deadline in accordance with SR 14.20(1). Members may not distribute a written handout at a town hall meeting or other meeting with a group of constituents that takes place during the 60-day window, if the handout was prepared by staff on state time, even if they completed their work on the handout prior to the deadline in accordance with SR 14.20(1). Handouts produced by other legislative offices or other government agencies are permissible. State business cards may be made available at a town hall meeting or other meeting with a group of constituents during the 60-day window.

(3) As used in this rule “distributed” means that the legislative newsletter or informational material has left the possession and control of the member.

IMPROPER CONDUCT

18.01 Work Environment.

(1) The Senate is committed to providing a work environment free from improper conduct, which includes any conduct, including workplace harassment that discredits the integrity of the Senate.

(2) "Workplace harassment" means treatment or behavior that to a reasonable person creates an intimidating, hostile or abusive work environment, and includes violent acts for which employers could be held liable. Harassment may be based on a person's sex, race, religion, age, disability, national origin or status as a member of a protected class.

(3) "Sexual harassment" means unwelcome sexual advances, requests for sexual favors and other verbal or physical conduct of a sexual nature when:

(a) A person says or suggests that declining to submit to the conduct will affect a person's job, benefits or business before the Legislative Assembly;

(b) A person uses submission to or rejection of the conduct as the basis for decisions affecting another person's employment; or

(c) The conduct has the purpose or effect of unreasonably interfering with a person's performance or creating an intimidating, hostile or offensive environment in which the person works.

(4) "Sexual harassment" includes the following conduct:

(a) Verbal abuse of a sexual nature;

(b) Graphic comment about a person's body or attire;

(c) Touching of a sexual nature;

(d) Sexual advances and propositions;

(e) Sexually degrading words used to describe a person;

(f) Display in the workplace of any sexually suggestive object or picture; and

(g) Any threat or insinuation that a person's refusal to submit to a sexual advance will adversely affect that person's employment, evaluation, wages, duties, work shifts or any other condition of employment or business before the Legislative Assembly.

(5) A supervisor engages in improper conduct by failing to take appropriate action when the supervisor knows or should have known that improper conduct is or was occurring.

18.02 Scope.

The Senate rules on improper conduct apply to complaints brought against Senate members, Senate employees, Senate caucus employees, lobbyists or the personal staff of a Senate member. Senate personal staff includes legislative assistants, secretaries, interns, volunteers and other staff working in the offices of individual members, the President's office and the caucus offices.

18.03 Notice.

(1) When a legislative session commences, the President shall give the following notice to all Senate members and Senate employees:

If you believe you have been a victim of improper conduct, you have options. You can tell the offender about the action that disturbed you and ask the offender to stop. You can communicate with the offender in person or in

writing. You may also use the informal or formal procedures established by the Rules of the Senate as set forth in 18.05 and 18.06 to pursue a complaint of improper conduct if you:

- (a) Do not want to confront the offender directly;
- (b) Have talked to the offender and the offensive behavior has not stopped; or
- (c) Believe your complaint has resulted in retaliation.

In addition, you have the right to file a complaint with administrative agencies and the courts.

- (2) Notice of the Senate policy shall be posted in all work areas.

18.04 Special Committee on Conduct.

- (1) The President shall appoint members of each party in equal numbers to the Special Committee on Conduct for the purpose of handling the formal procedure set forth in Rules 18.06 to 18.09. The chair shall be a member of the majority party and the vice chair shall be a member of the minority party.
- (2) The committee shall adopt rules as necessary, including rules to govern the nature and scope of any investigation conducted pursuant to the Senate rules on improper conduct.

18.05 Informal Procedure.

Persons who believe they have been subjected to improper conduct may simply want the improper conduct to end; they may not want to go through a formal or legal procedure. The following informal procedure addresses this need. However, a person making a complaint need not use this informal procedure before filing a formal complaint with the Senate, administrative agency or court. The informal and formal procedures in the Senate rules on improper conduct are optional; a person may or may not use them.

- (1) The person making the complaint must submit the complaint to an intermediary designated pursuant to subsection (5) of this rule within 30 days of the improper conduct.
- (2) The intermediary has two roles. First, the intermediary ensures that the person making the complaint has a safe and nonhostile work environment. The President or the Secretary of the Senate shall assist the intermediary in making the appropriate arrangements. Second, the intermediary listens, answers questions and explains

options. The intermediary is not an advocate but a mediator who, with the permission of the person making the complaint, may explore various paths to resolution. An intermediary does not have authority to impose disciplinary action.

- (3) The identities of the parties to the informal procedure shall be confidential. Any records related to the informal procedure shall be exempt from public disclosure under the provisions of ORS 192.501 and 192.502 without regard to the public's interest in their disclosure. Confidentiality shall extend until such time as a formal written complaint, if any, is filed with the Legislative Counsel as provided in Rule 18.06.

- (4) After meeting with an intermediary, the person making the complaint may decide to take further action and institute formal complaint procedures.

- (5) The Caucus Leaders shall designate as intermediaries a reasonable number of Senate members and staff of the Senate, including the Secretary, the Legislative Administrator and the Employee Services Manager. A description of the function of the intermediary shall be prepared by the Legislative Administrator and approved by the Special Committee on Conduct. Designated intermediaries shall be identified by name, with contact telephone number and office location, and a list of the designated intermediaries shall be given to all Senate members and Senate employees. The Senate shall save harmless and indemnify any intermediary against any tort claim or demand arising out of an alleged act or omission occurring in the performance of duty under these rules.

18.06 Formal Procedure.

A person may file a formal written complaint instead of participating in the informal complaint procedure described in Rule 18.05, or may file a formal written complaint if, after participating in the informal procedure, the person is not satisfied with its resolution. The formal complaint procedure shall consist of the following steps:

- (1) During a legislative session, the person must file a formal written complaint with the Caucus Leaders. If the person filing the complaint agrees, the Caucus Leaders may work to resolve the complaint informally. However, if there is no informal resolution, the formal written complaint shall be filed by the Caucus Leaders with Legislative Counsel within seven days of the determination that there is no consent or no resolution. During the interim between legislative sessions, the person must file a formal written complaint with the Legislative Counsel.
- (2) The person must file the formal written complaint within 30 days of the improper conduct or, if the person has

timely begun an informal procedure, within 14 days of the end of the informal procedure.

(3) Upon receipt of a complaint, the Caucus Leaders shall:

(a) Provide the person filing the complaint with a safe and nonhostile work environment with a comparable work assignment; and

(b) Notify the accused of the complaint, the name of the person making the complaint and the nature of the complaint.

(4) After the filing of a formal written complaint with Legislative Counsel, the Caucus Leaders shall appoint an investigator who is not an employee of the Legislative Assembly and who is experienced in investigating complaints of improper conduct of the type alleged. If the respondent is either Caucus Leader, or the Caucus Leaders are unable to agree on appointing an investigator within 10 days of the filing of the complaint, Legislative Counsel shall appoint the independent investigator.

(5) The investigator shall conduct an investigation and, within 14 days after being appointed, present findings of fact and recommendations to the President and the Caucus Leaders, the person filing the complaint, the person who is the subject of the complaint and the members of the Special Committee on Conduct.

(6) If the person accused of improper conduct is a Caucus Leader, the obligations of that Caucus Leader under this rule shall be assumed by the President .

18.07 Time Limits.

(1) The Special Committee on Conduct has jurisdiction over conduct occurring from 30 days before the convening of a regular session of the Legislative Assembly to adjournment sine die. However, if the complaint is filed less than 10 days before adjournment, the President may refer the complaint to an interim committee on conduct.

(2) If a person files a formal complaint with Legislative Counsel during the interim between legislative sessions as provided in Rule 18.06, the President may appoint an interim committee on conduct for the sole purpose of hearing that complaint.

(3) Neither committee shall have jurisdiction over any complaint that is:

(a) Based on conduct that occurred before the effective date of these Senate rules on improper conduct; or

(b) Filed after the deadline prescribed by Rule 18.06.

18.08 Hearing.

(1) Upon receipt of the formal written complaint and the investigator's report, the Special Committee on Conduct shall schedule a public hearing on the complaint. The committee shall notify the Caucus Leaders, the President, the person filing the complaint and the person who is the subject of the complaint of the hearing date, which shall be not sooner than 14 days after receipt of the complaint and report. The committee must complete its hearing and make its recommendations within 60 days of the filing of the formal written complaint with Legislative Counsel.

(2) At the hearing, only the members of the committee may ask questions of witnesses. The person who filed the complaint and the person who is the subject of the complaint, or a representative of either of them, shall be allowed to present evidence to the committee by suggesting witnesses and documents to be presented to the committee and by suggesting questions that the committee may address to the witnesses. Questions by committee members must be those that a court of law would deem relevant to a civil action involving the same conduct.

(3) Audio recordings of the committee hearing shall be made by committee staff and shall be made available on an expedited basis to the person filing the complaint and to the person who is the subject of the complaint. No television equipment or tape recording devices other than those used for official committee recording shall be permitted at the hearing.

(4) If the person filing the complaint or the person who is the subject of the complaint disagrees with the recommendations of the Special Committee on Conduct, either person may request that the committee review the recommendations. The request must be made in writing within 10 days after receiving written notice of the committee's action. The committee must complete the review not later than 10 days after receiving the request.

18.09 Sanctions.

(1) (a) Any sanction the Special Committee on Conduct recommends must be proportionate to the seriousness of the offense.

(b) For Senate personal staff, recommended sanctions may include reprimand, suspension or termination. The supervising Senate member must impose the sanction recommended for personal staff.

(c) For Senate members, recommended sanctions

may include reprimand, censure or expulsion.

(d) The President must impose any sanction recommended against persons other than Senate personal staff and members. Recommended sanctions may include, as appropriate, reprimand, censure or exclusion from part or all of the Senate.

(2) If the committee recommends no action, the formal procedure is concluded and the complaint shall be considered dismissed.

(3) Any recommended sanction resulting from a formal complaint against a Senate member must be recommended to the floor by the Special Committee on Conduct. Any formal sanctions recommended against a Senate member must be referred to the floor for approval by a two-thirds majority vote of the Senate before final action is taken against a Senate member.

(4) The person who filed the complaint may determine that no further action is necessary but is not precluded from pursuing other appropriate remedies, including court action.

18.10 Malicious or Frivolous Claims.

If, after a hearing, the Special Committee on Conduct determines that a complaint of improper conduct is frivolous, the person filing the complaint shall be subject to appropriate disciplinary action, including the sanctions set forth in Rule 18.09. A complaint is frivolous only if the complaint was not grounded in fact or warranted by existing law, or was brought forward solely to harass the accused person or to interfere with the work of the Senate.

18.11 Retaliation Prohibited.

Retaliatory action against any person who participates in any activity authorized or directed by Senate rules is prohibited and constitutes improper conduct within the meaning of Rule 18.01.

EXECUTIVE APPOINTMENTS

19.10 Referral to Committee.

Following reading of the message from the Governor appointing a person to a position or office requiring confirmation by the Senate, the President shall refer the appointment to an appropriate standing or special committee and may refer it to not more than one additional committee. The committee shall consider the appointment as soon as practicable.

19.20 Committee Review of Appointees.

(1) All persons initially appointed to boards, commissions or agencies, subject to the provisions of section 4, Article III of the Oregon Constitution, shall appear before the appropriate Senate committee prior to confirmation by the Senate.

(1) The committee may, after public hearing, take action on the appointment and promptly file the report with the Secretary of the Senate. On final action the committee shall recommend that:

(a) the Senate confirm;

(b) the Senate refuse to confirm; or

(c) the appointment be reported to the Senate without recommendation.

19.40 Additional Time for Consideration.

(1) If any appointment submitted by the Governor and subject to Senate confirmation is submitted too late for the Senate to review the recommendation of the committee or otherwise consider the appointment, that appointment shall be carried over to the next convening of the Senate as required by section 4, Article III of the Oregon Constitution and ORS 171.562 and 171.565.

(2) The proposed appointment shall not be considered rejected, or confirmation denied, if the appointment is carried over. The action of carrying over consideration of the appointment shall be duly recorded in the Journal.

19.55 Consideration of Committee Reports.

(1) Action on a committee report recommending Senate confirmation shall be placed on the calendar for the session day immediately following reading or distribution of the report.

(2) If the committee recommendation is to refuse to confirm or no recommendation, action on the report shall take place on the second session day after the session day the report is read or distributed.

(3) The vote on confirmation shall be taken by roll call.

The affirmative vote of a Constitutional majority (16) is necessary for confirmation.

19.60 Confirmation en bloc.

(1) If a committee reports on nominees en bloc, the report shall be placed on the calendar for confirmation the next session day after reading or distribution of the list of appointments.

(2) When there is more than one appointee to an individual board, commission or agency, a motion to confirm en bloc, when recommended by the committee, shall be in order.

(3) Any member may require a separate vote by requesting that an appointee be considered separately. The request shall be submitted in writing to the Secretary of the Senate one hour before the session on the day that the confirmation is on the calendar. SB 5519 -- George, L. requested the following explanation of vote be entered into the journal:

"My vote against SB 5519-A, an appropriation of 'General Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 budget be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education.

"Governor Kulongoski has sent the Oregon Legislature an unsustainable budget. Legislative Fiscal office reports that the Governor's budget will leave a \$1 billion-plus hole in the 2009-2011 budget. Such overspending is unnecessary and irresponsible. We currently have significant growth in the 'General' and 'All-Funds' budgets to adequately fund the State. The public needs to be assured -- and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'General Fund' budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms."

SB 5528, 5531; 65, 70, 79 -- Carried over to March 5 calendar by unanimous consent at the request of the Chair.

SJR 3 A-Eng. -- George, L. requested the following explanation of vote be entered into the journal:

"Sometimes the simplest advice is both the best and the hardest. The adage, 'save first, spend second' is a perfect example. I fully support establishing a Rainy Day Fund. However, how we create such a fund is important.

"SJR 3 would permanently repeal the corporate kicker and use that money for a savings account. The corporate kicker doesn't just apply to big businesses; it applies to many, many small family businesses. I am not willing to exploit Oregon small businesses and expect them to carry the financial burden for the rest of the State. Any time the State takes money away from the private sector it's a tax; plain and simple. Raising taxes ultimately hurts the economy, forcing us to tap into our Rainy Day Fund. This is a cycle that we should not start and one we can avoid.

"Oregon's General Fund has experienced a 20% increase since the last budget cycle. There is also an additional \$6 billion in All Funds. We must use these dollars to 'save first, spend second.

"Oregonians expect us to balance our budget and save for hard times. What they don't expect is for us to raise taxes when we have plenty of revenue.

"I look forward to fully supporting a Rainy Day plan that uses General and All Funds dollars and not by raising taxes."

SB 48 B•Eng. -- Under Special Order of Business, read third time. Carried by Deckert. Call of the Senate demanded by Brown joined by Walker and Kruse. All present except George, G., Winters, excused. On passage of bill the vote was: Ayes, 16; nays, 13 -- Atkinson, Beyer, Ferrioli, George, L., Gordly, Johnson, Kruse, Morse, Nelson, Starr, Verger, Whitsett, Winters; excused, 1 -- George, G. Bill passed.

SB 400 -- Gordly requested the following explanation of vote be entered into the journal:

"I am writing in opposition to SB 400, which would make any staffing level or safety issue with a *potential* impact on employee safety and workload mandatory for bargaining. If enacted, SB 400 could affect virtually everything the Portland Police Bureau does on a daily basis. Most significantly, by having to engage in the bargaining process, SB 400 would delay or prevent our police supervisors from responding directly to community concerns or unforeseen events on very short notice.

"One example is the St. John's Community Livability Mission. This mission was created after the March 2004 shooting of James Jahar Perez. Mr. Perez was shot and killed by Portland Police during a traffic stop. The relationship between the Police Bureau and citizens in the community was strained and at times confrontational.

"In the effort to rekindle a more positive relationship between police officers and citizens who live in or near the neighborhood where this event occurred, North Precinct command staff developed the St. John's Community Livability Mission. From Saturday, May 14, 2004, to Friday, August 27, 2004, twenty-six (26) officers, five (5) sergeants and a lieutenant from North Precinct participated in the mission. From mid-afternoon to early morning on twenty-three (23) separate occasions, primarily on their days off, officers saturated the neighborhoods, business districts and apartment complexes of the St. John's area. The intent was to improve the livability of St. John's while developing better relationships between the police and area residents.

"In order to make this mission happen, North Precinct command staff planned for high visibility foot and bicycle patrols. The mission would require numerous police officers to staff the street. It would also require those on the street to be open and willing to engage citizens in conversation about neighborhood concerns.

"The assignments were first offered on an overtime basis. No one signed up. The perception was that every contact could potentially escalate. A few officers were specifically asked to participate. Other officers were assigned to conduct foot patrols during part of their regular working shift. Eventually, after the mission began, more officers began to sign up. Thanks to the professionalism and hard work of all those involved, the mission was successful at multiple levels. There was a marked decrease in nuisance activity. Police presence within the area became a welcomed and normal occurrence. Police and community relationships were improved.

"In applying SB 400 to this example, it seems doubtful that the Livability Mission would have occurred at all, or been as successful as it was. With officers assigned to foot patrols rather than remaining in their police vehicles and responding to calls for service, it meant that fewer officers were available during the shift to take calls for service. Under SB 400, it could be argued that this shift in duties had a 'potential' impact on workload and officer safety. Under SB 400, the commander would have to contact City bargaining representatives during the planning stage of the mission, make a determination of whether conducting the mission could 'potentially' impact workload or safety, and if so, notify the union, wait for a demand to bargain and if one was made, engage in the bargaining process.

"Under current state law, if a collective bargaining agreement is in effect no unilateral change in a mandatory subject may be made unless agreement is reached at the bargaining table or 90 days have passed. By the time the bargaining process is utilized, the opportunity to effectively carry out the mission is gone.

"Furthermore, under SB 400, if the Community Livability Mission had to be bargained and no agreement was reached, the dispute would be submitted to an arbitrator for a decision. What message does that send to our citizens and workforce? That an arbitrator (who may not even be from Oregon) knows what is best for the relationship between our police force and our citizens?

"Just as it is the precinct commander's responsibility to determine the necessary level of staffing needed to carry out missions that respond to citizen driven complaints quickly, it is my responsibility to make those decisions for the organization as a whole. The Portland Police Bureau

shifted some precinct detective resources to a centralized Homicide Cold Case unit. Would that be a decision with a 'potential' impact that would have to be bargained under SB 400? We are in the process of hiring additional non-sworn staff to be available at the front desks of our precincts. Is that decision with a 'potential' impact that would have to be bargained under SB 400? If there is a change in crime patterns in a particular area, will I be able to be reassigned personnel in a timely manner? If we decide to re-deploy officers from specialty assignments back to the street is that a 'potential' impact that must be bargained under SB 400?

"Where the relationship between citizens and law enforcement officers are concerned, I cannot think of an issue that is of greater sensitivity and importance to a community than use of force. If adopted SB 400 could easily undermine a law enforcement agency's ability to adopt and enforce use of force policies.

"As one example, SB 111 proposes to create a planning authority in each county to develop a plan concerning the use of deadly physical force by police officers. SB 111 proposes that once the deadly physical force plan is developed the governing body must approve or disapprove the plan, and may not amend the plan. Although a nonmanagement representative nominated by a union would serve on the deadly physical force planning authority, this is no guarantee that a public safety labor organization will not argue that the plan has a 'potential' impact on safety or workload and make a demand to bargain.

"What should the employer's response be? If the governing body has adopted the plan, it cannot be amended. Yet, the Employment Relations Board has held that when a subject involves state or federal law and the subject is mandatory for bargaining, a public employer has a duty to bargain. Each county's deadly physical force plan as envisioned under SB 111 could be subjected to the bargaining process making the application of SB 111 difficult at best and most probably ineffective. Having an arbitrator ultimately decide the policy would create distance between local law enforcement and the community we serve.

"I am not aware of data that says this legislation is needed to make police workplaces in Oregon safe. Officer safety is already a priority. The State of Oregon Department of Public Safety Standards and Training sets minimum qualification and training standards for police officers, which account for officer safety. The Portland Police organization has numerous ways of providing our officers as safe a working environment as possible – from policies to training, to equipment, to safety committees, to minimum staffing requirements (which are established for each unique shift in each of our five unique precincts, depending on a variety of factors). Providing a safe workplace for employees is not only required by state law, it is an inherent part of our daily decision-making.

"State law provides mechanisms for public safety unions to bring their safety and staffing concerns to the table. Currently, there is a duty to bargain if a staffing level or safety issue has a direct and substantial effect on the on-the-job safety of public employees. In addition, public safety unions are not prohibited from bringing their safety and staffing concerns to the table, even if they are permissive for bargaining.

"Current state law permits unions and public employers who mutually agree to bring permissive subjects to the table and reach agreement on them. Another available mechanism for raising concerns is the labor management committee. Our labor organizations use this mechanism along with less formal avenues to communicate their concerns.

"A well trained and professional workforce, proper planning and good communication with the community are vital to providing effective and responsive police services. Effective police work also depends on great timing and seizing opportunities when they arise. SB 400 would reduce our agency's ability to respond to quickly developing events. And, it would reduce the flexibility of police managers in making choices that serve their individual communities."

SB 400 -- Verger requested the following explanation of vote be entered into the journal:

"As a former Mayor I fully understand the importance of the collective bargaining process. No one is more appreciative of the men and women who serve on the front lines in public safety than I.

"However, SB 400 addresses the need for staffing levels that may well not be attainable in those counties impacted by the loss of the Rural Funds or those cities in compression as a result of Ballot Measure 5.

"Low staffing levels are not a result of uncaring City Councils, but rather from the lack of funds.

"For the serious impacts on local governments in my district I must vote 'no' on SB 400."

SB 465 -- Read third time. Carried by Metsger. On passage of bill the vote was: Ayes, 23; nays, 5 – Carter, Gordly, Morrisette, Prozanski, Walker; excused, 2 – Monroe, Schrader. Bill passed.

SB 465 -- Gordly requested the following explanation of vote be entered into the journal:

"We should not discriminate against medical marijuana patients simply because they are registered in the Oregon Medical Marijuana program.

"Oregonians should have the right to use lawfully obtained medical marijuana in the same manner as every other lawfully obtained medication. Marijuana patients should not be treated more harshly than patients using medications containing codeine, amphetamines, morphine or other lawfully obtained controlled substances.

"Legislation allowing businesses to ban any employee who uses medical marijuana from working runs counter to the voter's decision in 1998 when they passed the Oregon

Medical Marijuana Act, and also would not make the work place any safer.

"SB 465 would allow an employer to ban someone from the workplace who is never impaired in the work place simply because the employee uses medical marijuana off the job. Yet the same policies could permit other workers who are impaired, but whose medication is prescribed by a physician, to continue working. This is fundamentally an unfair and bad policy.

"To address safety concerns, we believe that employers should test all workers in safety-sensitive positions who may present a risk because fatigue, emotional distress, use of alcohol or any lawfully prescribed medication. If safety is the concern, employers should not discriminate and treat medical marijuana differently from other lawful medications.

"Employers commonly rely on urinalysis testing to determine whether a person is impaired, but those tests *do not* determine if someone is actually impaired at the time they show up for work. Marijuana can remain in the fat cells for more than 30 days.

"No worker should be removed merely because he or she suffers from a debilitating medical condition and lawfully uses medical marijuana when that condition has no bearing on the employee's ability to perform the job."

SB 465 -- Prozanski requested the following explanation of vote be entered into the journal:

"Even though I support safety in the workplace, I can not support SB 465 because it lacks clarity in determining who is under the influence or impaired by the use of medical marijuana in the workplace. In fact, as the bill currently reads an employer can terminate an employee or refuse to hire an individual simply because they are registered in a state sanctioned program, the Oregon Medical Marijuana Act.

"It is unfortunate that the sponsors of SB 465 did not limit the bill to address the real problem of safety in the workplace. Clearly, the bill could have and should have required impairment testing of employees that the employers reasonably believed to be impaired while at the workplace. That would have addressed the safety issue and I would have supported it. Instead, individuals who use medical marijuana outside of the workplace and who are not impaired while at work can be discriminated against solely because they hold an Oregon Medical Marijuana Registry card.

"Lastly, I believe that SB 465 will have an unattended consequence since the bill fails to require any impairment testing prior to sanctioning an employee that the employer reasonably believes is impaired at the workplace, the employer will probably face an employment discrimination lawsuit by the aggrieved employee."

SB 5502 -- George, L., requested the following explanation of vote be entered into the journal:

“My vote against SB 5502, an appropriation of ‘General Fund’ money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

“The public has consistently demanded that the K-12 budget be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education.

“Governor Kulongoski has sent the Oregon Legislature an unsustainable budget. Legislative Fiscal office reports that the Governor’s budget will leave a \$1 billion-plus hole in the 2009-2011 budget. Such overspending is unnecessary and irresponsible. We currently have significant growth in the ‘General’ and ‘All-Funds’ budgets to adequately fund the State. The public needs to be assured – and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

“It would be inappropriate to pass any ‘General Fund’ budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms.”

SB 5502 -- Gordly requested the following explanation of vote be entered into the journal:

“My ‘No’ vote today is delivered as a protest of how the Department of Administrative Services (DAS) has mismanaged the hiring of staff for the Advocacy Commissions, including the Commission for Women, the Commission for Asian Affairs, the Commission for Black Affairs and the Commission for Hispanic Affairs.

“My ‘No’ vote is in protest to what amounts to be paternalistic and disrespectful treatment of the Advocacy Commissions by the Department of Administrative Services.

“After nearly two years under DAS, these essential Commissions have no dedicated staff and no permanent home. That is unacceptable.

“After some thought about options, I would recommend and hope that the Commissions are moved to the Governor’s office, where their role can be elevated and better supported.

“I understand that discussions are underway to remove the Commissions from DAS, and I hope that this occurs before sine die.”

SB 5514 A-Eng. -- Read third time. Carried by Devlin. On passage of bill the vote was: Ayes, 21; nays, 7 – Avakian, Beyer, George, L., Gordly, Kruse, Starr, Verger; excused, 2 – Atkinson, Burdick. Bill passed.

SB 2 -- Verger requested the following explanation of vote be entered into the journal:

"I am writing today because I want to address my vote on Senate Bill 2 today in the Senate.

"First, SB 2 represents the work of the Governors Task Force on Equality.

"Next, SB 2 is an anti-discrimination bill with no reference to gay marriage or civil unions in the bill. With the passage of Ballot Measure 36 the Oregon Constitution was amended so that marriage in the state of Oregon will only be between one man and one woman.

"There are two sections of SB 2 that have caused some concern and confusion among many people. The first section that has been widely discussed is the exemption for churches. Currently, churches are exempt from the requirements of SB 2. However, the present language would not allow discriminating against a person in the hiring of certain jobs within the church. These jobs are in non-church related businesses and the Supreme Court has already ruled on the necessary language.

"The second section of the Senate Bill 2 that has been widely debated refers to education. No part of Senate Bill 2 makes any reference to curriculum in schools. Most of the school curriculum is determined on the local level. The passage of SB 2 will not have any affect on what schools teach in the classroom. SB 2 will have an affect on schools admittance policy. A public school may not limit student admission based on race, religion, sex, sexual orientation, ethnicity, national origin, disability, income level, proficiency in the English language or athletic ability.

"Discrimination is not allowed by the Constitution because all people should be treated equally and fairly. After reading all of the material I received, including numerous letters in support of SB 2 from churches across the state, I believe that my 'aye' vote was correct.

"In closing, I would like to reference the speech that my colleague Senator Brad Avakian gave on the Senate floor today. As he stated, "The law is a mere expression -- it is in the heart and mind that the final defeat of discrimination occurs. If it dies in the heart, no law, no constitution, can save it."

SB 5503 -- George, L. requested the following explanation of vote be entered into the journal:

"My vote against SB 5503A, an appropriation of 'General Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 budget be funded first and funded adequately. The passage of other appropriation bills before K-12 does not give us a clear picture of the overall budget, nor the amount that will be appropriated for K-12 education. At this time, we have the Co-Chairs proposed budget. However, the education budget and the details of the overall budget are still unclear.

"The Co-Chairs' Budget is fuzzy and the Governor's budget is unsustainable. We currently have significant growth in the 'General' and 'All-Funds' budgets to adequately fund the State. The public needs to be assured -- and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'General Fund' budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms."

SB 34 -- Gordly. requested the following explanation of vote be entered into the journal:

1) "The Board's fiscal impact is premised on the \$300,000 of federal grants funding it has received rather than a clearly articulated plan (and associated budget) detailing how the data will be acquired, validated, managed, stored, secured, and analyzed. Thus, the actual cost of this measure, both for the 2007-09 biennium as well as beyond, is uncertain;

2) "A similar concern applies to revenue. There is no identified source of revenue beyond the existing federal grant to cover potential expenditures in excess of \$300,000 or for the funding in future biennia; Without such detail, there is a presumption that the Board may be required to use existing Other Funds revenue sources or its ending Other Funds balance to fund this measure in the future or is a deficit arises in the 2007-09 biennium. Of note is that the Board does not have any Other Funds expenditure limitation associated with this measure;

3) "There is also a question as to whether Commission member travel and other expenses are an appropriate federal grant expense or if such costs must be reimbursed with the Other Funds revenue of the Board (e.g., licensee fees;) and

4) "Lastly, the Board's fiscal impact made no provision for civil penalty revenue, which is to be deposited into the Pharmacy Account."

SB 34 -- Prozanski. requested the following explanation of vote be entered into the journal:

"I voted against SB 34 because it does not provide the adequate safeguards to protect Oregonians' personal medical and prescription drug information. The bill requires all schedule II, III, and IV drugs prescribed in Oregon, including non-narcotic drugs, to be listed in a database. It is anticipated that there could be between 2-5 million records annually. There is not any rational basis to require all of these prescriptions to be included in an electronic database. The bill fails to limit the time that the data will be retained. An advisory committee, not the legislature, will make that decision. I believe that is wrong. This data will also be available to other states. This will increase the chance of a security breach.

"The bill appears to be under-funded. Compared to a similar bill in Washington State which did not pass, it appears the current level of funding will not support the program. If the program is not properly funded, I am concerned that safeguards will be compromised.

"Lastly, SB 34 originally had a referral to the Ways and Means Committee. For whatever reason, that referral was removed. Why? It should have been required to be reviewed by the Ways and Means Committee to ensure that the funding level was appropriate to safeguard personal medical and prescription drug records of Oregonians who are included in this database."

"Today I voted no on SB 838. My vote was not a vote against renewable standards and alternative energy in the state of Oregon.

"I am a supporter of alternative energy. As the Co-Chair of the Reedsport Wave Energy Task force I have worked hard over the past 4 months to try and bring new sources of alternative energy to the state of Oregon.

"I want to say thank to you Senator Brad Avakian for all of his hard work on this issue and the many compromises that he crafted including exempting the small Co-op providers. I commend his hard work for all Oregonians.

"As the Senator representing Central Lincoln PUD I could not support the bill because of the loss of local control that will occur with its passage. As a former Mayor, I have consistently and strongly supported local control since I was first elected to the House in 2001. PUD's are run by elected officials who represent their customers and are closely connected with them on a daily basis. By passing this bill

we take away the ability for these officials to decide what is best for their consumers.

"After careful deliberation, I could not reconcile this issue and ultimately had to vote no.

"Again I would like to thank Senator Avakian for all of his hard work and I will continue to work hard for the state of Oregon to bring wave energy to the Oregon coast."

SB 5511 -- George, L. requested the following explanation of vote be entered into the journal:

"My vote against SB 5511, an appropriation of 'General Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

"The public has consistently demanded that the K-12 and Higher Education budgets be funded first and funded adequately. The passage of other appropriation bills before education does not give us a clear picture of the overall budget, nor the amount that will be appropriated for education. At this time, we have the Co-Chairs proposed budget. However, the education budget and the details of the overall budget are still unclear.

"The Co-Chairs' Budget is vague and the Governor's budget is unsustainable. We currently have significant growth in the 'General' and 'All-Funds' budgets to adequately fund the State. The public needs to be assured -- and the Legislature needs to ensure -- that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'General Fund' budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms."

SB 656 A-Eng. -- Prozanski requested the following explanation of vote be entered into the journal:

“I voted no on SB 656 because the testimony did not support the need to require optometrists to ‘consult’ with an ophthalmologist regarding treating glaucoma patients. I fully recognize the seriousness of glaucoma and the need for early diagnosis and treatment, but the testimony did not establish that optometrists were improperly handling treatment for their patients. Over the past sixteen years, no complaints regarding treatment of glaucoma have been filed with the Oregon Board of Optometry.

“I also question the wisdom of placing treatment protocols for a specific disease into the state statutes. I do not believe that the legislature should be micro-managing medical protocols.

“Accordingly, I could not support SB 656.”

Senate reconvened at 10:55 a.m. President Courtney in Chair. All present.

Senate, having recessed under the order of Third Reading of Senate Measures, resumed under the general order of business by unanimous consent at the request of the Chair.

SM 1 -- Read final time. Carried by Bates. Potential conflict of interest declared by Atkinson. On adoption of memorial, the vote was: Ayes, 19; nays, 11 -- Atkinson, Beyer, Ferrioli, George, G., George, L., Kruse, Nelson, Schrader, Starr, Whitsett, Winters. Memorial adopted.

SM 1 -- Prozanski requested the following explanation of vote be entered into the journal:

"I voted for SM 1 because I support our men and women serving in the United States Armed Forces and our National Guard. As elected officials we have a solemn responsibility to respect and appreciate the sacrifice of our soldiers and their families in the service of our nation.

"I am deeply troubled by the reports indicating that our troops have not always had the protective equipment that they need. Our brave men and women in harms way deserve better. As long as any U.S. soldiers are engaged in any wars or conflicts, it is imperative that we support them and provide them with the proper equipment and tools to complete their missions.

"We were told that Saddam Hussein had weapons of mass destruction. We were told that there was a connection between Saddam Hussein and Osama Bin Laden. We were told that our soldiers would be greeted as liberators. It has become clear that these justifications for the war in Iraq have not materialized.

"I believe it is now time to move toward getting our soldiers out of harms way. As we do so, we need to ensure that we do everything we can to support their transition back to civilian life and back to their families."

SM 1 -- Schrader. requested the following explanation of vote be entered into the journal:

"I am against the current war in Iraq. I feel it is 'un-win-able' just like my generation's Viet Nam. To expose young Americans to combat under those circumstances is unconscionable.

“However, because young Americans are in harm’s way, I will do nothing to undermine their morale in defending what they’ve been told is in the best interests of their Nation.

“I talked with members of the National Guard and our military and to a person they feel this memorial would undermine troop morale. Therefore, I will be voting no on Senate Memorial 1.”

On passage of bill the vote was: Ayes, 21; nays, 9 -- Atkinson, Beyer, Ferrioli, George, G., George, L., Kruse, Starr, Whitsett, Winters. Bill passed.

SM 2007 -- Verger requested the following explanation of vote be entered into the journal:

"In February 2006 the Governor issued an executive order establishing the Governor's Taskforce on Equality in Oregon.

"This Taskforce was charged with analyzing current law regarding discrimination, holding public meetings and taking testimony around the state to consider whether changes were needed to guarantee that all Oregonians were adequately protected from discrimination. After a year of hard work this diverse Taskforce made their recommendations to the Governor.

"House Bill 2007 represents the recommendations of the Governor's Taskforce for Equality.

"Two years ago I voted against Senate Bill 1000 because I felt that it was worded too closely to Ballot Measure 36 and the voters of this state had already spoken on the issue defining marriage as one man and one woman. Also, I thought more work could have been done to word the language so the differences between domestic partnerships and marriage were clear.

"House Bill 2007 was very respectful of Ballot Measure 36 and clearly defines the difference between domestic partnerships and marriages. Domestic Partnerships are not recognized in other states, are not recognized by the federal government and will not offer the same protections offered by marriage. Domestic Partnerships will only be an issue of registration at the County Clerks Office by Oregon residents.

"House Bill 2007 does, however, allow domestic partners to obtain joint insurance, wrongful death benefits for a partner, and allow for hospital visitation and decision-making rights.

"Today, I was an 'Aye' on House Bill 2007 because the language was clear and concise and does not go against the wishes of the majority who voted to keep marriage between one man and one woman."

SB 5525 A-Eng. -- George, L., requested the following explanation of vote be entered into the journal:

"My vote against SB 5525A, an appropriation of 'General Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and

Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

"The public has consistently demanded that the K-12, Higher Education and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before these key budgets does not give us a clear picture of the overall budget. At this time, we have the Co-Chairs proposed budget. However, the details of the overall budget are still unclear.

"The Co-Chairs' Budget is vague and the Governor's budget is unsustainable. We currently have significant growth in the 'General' and 'All-Funds' budgets to adequately fund the State. The public needs to be assured – and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'General Fund' budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms."

SB 724 A-Eng. -- Monnes Anderson requested the following explanation of vote be entered into the journal:

“SB 724 would allow persons who committed the crime of prostitution be eligible to teach. My no vote is because any sexual crime should be grounds for ineligibility as a teacher. We do not have evidence that prostitution impacts how a person will react with children under certain circumstances. We must take a conservative approach on this crime. It may be true that many individuals make mistakes in their younger years, but will we make exceptions for other crimes committed as well in the younger years?

“Committing any sexual crime must be considered grounds for ineligibility for teaching our children. The safety and welfare of our children are on the line and we cannot afford to make any mistakes. I believe teachers must be held to a higher standard than most professions.”

SB 424 -- Motion to substitute minority report carried. The vote was: Ayes, 27; nays, 1 – Gordly; excused, 2 – George, G., Monnes Anderson. Motion carried.

SB 424 A-Eng. -- Gordly requested the following explanation of vote be entered into the journal:

"SB 424 A-Eng. Minority Report requires applicants submit Social Security (SSN) and proof that a person is lawfully present (U.S. citizen or otherwise lawfully present) in order to obtain an Oregon drivers license. It leaves it up to ODOT to establish what proof will be required.

"This is premature until Real ID rules are final. The Department of Homeland Security has not finalized what documents will be required to establish proof of citizenship. But the draft rules state that it will only be certified birth certificates and current passports for U.S. born citizens; SSN alone does not prove citizenship.

"If ODOT institutes requirements for proof of lawful presence and citizenship for those born in the U.S. that differ from the final rules issued by Department of Homeland Security for Real ID, Oregonians and the state will expend necessary funds to establish a system that is not Real ID compliant.

"The problems don't end there. Eventual compliance with Real ID creates real hardship on Oregonians.

"We already know that many Oregonians do not have access to their certified birth certificates because they cannot locate, obtain or pay for them.

"Oregonians will have significant, and in many cases insurmountable, hurdles in obtaining the required document, including those who do not know where they were born (adopted or through a foster system,) who were born in other states (requiring significant costs and procedural hurdles to obtain certified birth certificates.)

whose original documents were destroyed (from fire, flood or other disaster that destroyed the buildings storing these documents,) and who are elderly, low income or homeless.

"For many, obtaining a certified birth certificate will not be enough. They will need to provide legal proof of any name change since birth (marriage, divorce, etc.)

"We have already seen citizenship requirements affect Oregon U.S. citizens, barring them from programs and services to which they are entitled. We should not add driver licenses to this list. Instead, we should require driver licenses for anyone who wants to drive a car, make sure they know the rules of the road and have the necessary automobile insurance."

SB 5529 A-Eng. -- George, L. requested the following explanation of vote be entered into the journal:

"My vote against SB 5529A, an appropriation of 'General Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

"The public has consistently demanded that the K-12, Higher Education and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before these key budgets does not give us a clear picture of the overall budget. At this time, we have the Co-Chairs proposed budget. However, the details of the overall budget are still unclear.

"The Co-Chairs' Budget is vague and the Governor's budget is unsustainable. We currently have significant growth in the 'General' and 'All-Funds' budgets to adequately fund the State. The public needs to be assured – and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'General Fund' budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms."

SB 5544 A-Eng. -- George, L. requested the following explanation of vote be entered into the journal:

“My vote against SB 5544A, an appropriation of ‘General Fund’ money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

“The public has consistently demanded that the K-12, Higher Education and other ‘core function’ budgets be funded first and funded adequately. The passage of other appropriation bills before these key budgets does not give us a clear picture of the overall budget. At this time, we have the Co-Chairs proposed budget. However, the details of the overall budget are still unclear.

“The Co-Chairs’ Budget is vague and the Governor’s budget is unsustainable. We currently have significant growth in the ‘General’ and ‘All-Funds’ budgets to adequately fund the State. The public needs to be assured - and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

“It would be inappropriate to pass any ‘General Fund’ budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms.”

Bill failed.

SB 630 -- Prozanski requested the following explanation of vote be entered into the journal:

"I voted 'no' on SB 630 for two important reasons. First, if the goal of the bill is to allow all voters to vote on all candidates on one ballot, then a single election -- rather than a primary and general election -- should be held. If a single candidate fails to receive more than fifty percent of the vote, then a runoff between the top two candidates could occur within thirty days. This process would accomplish the stated goal in SB 630 and it would reduce the costs and length of our current election process.

"Second, SB 630 contains a provision that allows a candidate who receives over fifty percent in the primary election to advance as the lone named candidate in the general election. This provision will have the unintended consequence of keeping minor party candidates from ever advancing to the general election. I believe that an incumbent would have an unfair advantage over other candidates under this process. Therefore, one of the chief purposes for having an open primary will be annulled."

HB 5535 A-Eng. -- George, L. requested the following explanation of vote be entered into the journal:

"My vote against SB 5535, an appropriation of 'General Fund' money, is not to be interpreted as opposition to the specific program nor the work done by the Ways and Means Committee. My vote is about the adequate funding of Oregon classrooms and the sustainability of the overall budget.

"The public has consistently demanded that the K-12, Higher Education and other 'core function' budgets be funded first and funded adequately. The passage of other appropriation bills before these key budgets does not give us a clear picture of the overall budget. At this time, we have the Co-Chairs proposed budget. However, the details of the overall budget are still unclear.

"The Co-Chairs' Budget is vague and the Governor's budget is unsustainable. We currently have significant growth in the 'General' and 'All-Funds' budgets to adequately fund the State. The public needs to be assured •and the Legislature needs to ensure -- that expenditures in this session remain sustainable for future legislatures.

"It would be inappropriate to pass any 'General Fund' budget without first having a clear view of both the overall budget plan, and surety for Oregon classrooms."

Wednesday, May 30, 2007 -- Morning Session

Senate convened at 10:15 a.m. President Courtney in Chair. The following members were present: Atkinson, Avakian, Bates, Beyer, Brown, Burdick, Deckert, Devlin, Ferrioli, George, G., George, L., Johnson, Kruse, Metsger, Monnes Anderson, Monroe, Morrisette, Morse, Nelson, Prozanski, Starr, Verger, Walker, Westlund, Whitsett, Winters; Carter, Gordly, Schrader excused. The following message from the Governor was read.

May 25, 2007

The Honorable Peter Courtney
State Capitol, S-203
Salem, OR 97301

Dear President Courtney:

"I have signed Enrolled Senate Bill 432. SB 432 establishes important restrictions on shipbreaking in Oregon waters. I support the intent of SB 432 and applaud the efforts of the proponents of this bill to address this important issue.

In the course of the standard bill review process directed by my office, the Department of Justice has identified several drafting issues in SB 432 which may result in the failure of SB 432 to accomplish the intent of the Legislature. The issues are: (1) the definition of 'waters of the state' that is incorporated into the bill does not include most of the ocean shore, so this bill may not prohibit shipbreaking along the coast or in bays that are not estuaries; (2) it is somewhat unclear what the bill intends related to the location of permissible dry docks, (3) use of the word 'vessel' in the definition of floating dry dock may be a problem because the standard definition of 'vessel' is something used 'for purposes of navigation,' however, floating dry docks are not generally used for navigation and so might not fit within the intended definition; and (4) the bill should make clear that all otherwise applicable federal, state or local environmental laws continue to apply to any shipbreaking that is permitted by the bill.

Attached to this letter are draft amendments to SB 432 that would clarify these points. I believe that this issue is important and I encourage the Legislature to adopt the clarifications before the end of this legislative session."

Sincerely,
Ted Kulongoski
Governor

SB 560 A-Eng. -- Verger requested the following explanation of vote be entered into the journal:

"I voted no on Senate Bill 560 and I strongly support Fire Fighters. This bill establishes presumption that certain cancers are compensable occupational diseases for certain firefighters. There are several problems with the bill.

"First fire districts are already required to provide this kind of insurance to all firefighters, volunteers as well as paid staff.

"Second the cost of implementing the medical expansion in this bill increases the cost of this coverage by as much as 300% or more.

"This bill also has the possibility to bankrupt small districts with no limit as when a firefighter must file the claim. This unfunded mandate places an unreasonable burden on local government.

"Also current workman's compensation insurance carriers are threatening to drop their coverage or to increase rates with the passage of this bill. This an especially big issue because it is a retroactive policy that never ends.

"Finally, we again see Portland excluded from a bill. It is unfair that all other fire districts in the state will have to provide this coverage, but Portland will not.

"For these reasons I was not able to support this flawed bill which has no qualifiers and is inequitable."

“I voted no on HB 2456 because the bill draws on state money to underwrite private bus contractors’ compliance with safety standards. While I firmly support the gradual phasing out of outdated equipment that communities rely on and stricter construction standards that protect children, HB 2456 takes a step in the wrong direction.

“In an era of meager public education funding, the state should not be underwriting private contractors as they comply with safety standards. Accordingly, I could not support HB 2456.”

SJR 4 B-Eng. -- Bates requested the following explanation of vote be entered into the journal:

“Today, I cast a ‘no’ vote on the minority report to SJR 4 for two main reasons. First, the subject of the minority report was not germane to the main measure under debate. We have minority reports in this process to ensure adequate debate on an alternative but related policy proposal. The subject of voter registration contained in the minority report is in no way related to the subject in the main measure • a revenue referral to the voters. We have a strong committee process in this Legislature that allows bills that have been thoroughly vetted to come before the body. This minority report has not been carefully studied or scrutinized.

“The second main reason for my no vote is that there are already protections in our constitution that require U.S. and Oregon citizenship in order to register to vote. Article 2 of the Oregon Constitution requires an individual to be a United States Citizen and resident of Oregon in order to register to vote. Likewise, the first question on the voter registration form in Oregon asks an applicant if they are a United States citizen. The registration form also requires the applicant to attest to the truthfulness of the information provided in their application under penalty of \$125,00 fine and/or jail time up to 5 years. Given the existence of current protections in the law, it would appear that this minority report is a purely political maneuver and an unnecessary proposal.”

SJR 4 B-Eng. -- Gordly requested the following letter from the Office of the Secretary of the State as explanation of vote be entered into the journal:

Dear Mr. Andrews,

“Thank you for contacting us by email with your questions. You refer to a campaign advertisement on television by Ron Saxton, a candidate for Governor at the November 2006 General Election. You describe that in this ad, Mr. Saxton asserts that illegal immigrants obtain Oregon drivers’ licenses and use those licenses to vote in election. You state you would like to know what the actual facts are on this allegation and ask if there are any known instances of illegal immigrants voting in Oregon election and if so, how many?

“Our office may only speak to the voter registration part of this, as we do not have access to or handle drivers’ licenses. Therefore, we do not know if any illegal immigrants have attempted to or have been allowed to obtain an Oregon drivers’ license.

“Oregon, like other states, asks registrants on their voter registration card whether they are a citizen of the United States of America. In this space, at the top of the card, it instructs that if they mark ‘no’ to this question they are not to complete the form. To complete the card, the person must sign the card swearing that they are qualified to be an elector and have told the truth on the registration.

The Oregon card warns voters that failure to tell the truth on their voter registration card subjects them to prosecution for a Class C felony.

“The cards are sent to the appropriate county elections office. In Oregon the County Clerk, not the Secretary of State, has the statutory responsibility to decide if a registrant meets basic qualifications. If a clerk has a reason to suspect the qualifications of a registrant in their county, they are empowered under the law to conduct a hearing, gather evidence and decide if the voter is qualified.

“The Help American Vote Act (HAVA,) passed by Congress in 2001, requires new registrants to provide identification at the time they register. A new registrant must provide a driver’s license number. If they do not have a driver’s license, they can submit the last four digits of their Social Security number. The numbers are verified by the county before a voter is deemed as qualified to vote in a federal election.

“If an elector does not have either one of these items and they are registering by the US Postal service they must provide a copy of another form of identification such as a pay stub or utility bill. This federal law took effect on January 1, 2006. A voter will receive a ballot for an election in Oregon, but only the votes for state and local issues will be counted. Until they have completed and submitted the new voter registration card containing the federally required information, the votes for federal offices will not be counted in accordance with federal law.

“All of this comprises an ‘honor system’ of sorts. If the person signs a voter registration card they are swearing that they are telling the truth on the card. If the county clerk or Election Division were to receive a complaint that someone voting in Oregon is, in fact, not a citizen of the United States, that would be investigated. If it turned out to be true, the case would be forwarded to the state Department of Justice for prosecution. We do investigate such complaints but they are infrequent.

“Please see attached a list of complaints this office has received back to 1991, specific to the allegation that the person registering to vote is not a U.S. citizen. (Our office receives several other types of complaints dealing with voter registration issues, such as those questioning other voter qualifications, such as where the person currently lives, or age of the person, etc.; allegations a person completed a voter registration card(s) in someone else’s name or in a fictitious name(s) – these seem to come up especially when people are being paid for collecting voter registration cards [the payment for collecting voter registration cards is not in itself an election law violation;] allegations that a person is registered to vote in more than one location in Oregon, etc.) but unless you wish to know more about those situations, I won’t try to discuss all of those.

“This office may only speak to what has been filed as complaints with this office (which include transmittals from County Election officials) alleging election law violation. Based on this information, we have not been presented with evidence of any organized or wide-spread attempt by non-citizens to vote in Oregon elections. As contained in the attached list, since 1991, there have been ten complaints filed with this office involving U.S. citizenship; with two cases resulting in prosecution and the rest closed based on the specific circumstances in each case. For instance, one of these involved a Vietnamese woman who voted because she

mistakenly assumed that she could vote when she married a U.S. citizen and this case did not result in prosecution. Another case involved a man from England who registered to vote and voted when not a U.S. citizen and was prosecuted and found guilty of voting fraud. Some people have suggested that there are a few cases because a non-citizen commits a Class C felony, and risks deportation, by providing all of their personal information to the government on a voter registration card.

“This is not to say that this office or the County Clerks are positive there are no undetected instances in Oregon of illegal immigrants registering to vote and falsely attesting they are U.S. citizens. We speak only of the complaints filed with this office. Our office has routinely let it be known that if anyone has any indication or evidence of non-citizens voting in Oregon to please provide that evidence in writing to the applicable County Elections Division or to this office. However, there must be some specific information provided to warrant an investigation (for instance, if a complaint was filed simply stating, to the effect, that the complainant suspects ‘there are lots of illegal immigrants registered to vote in Oregon,’ that would be too generalized.)

“To change the voter registration process would necessitate changes to election laws at the state and/or federal level. A person may wish to contact their state senator and state representatives or U.S. Congressperson to discuss such possible legislative changes.

“ORS 247.171 prohibits any person from supplying any information provided on the card knowing it to be false. Violation of this prohibition, including falsely swearing to the attestation of U.S. citizenship and age of 18 or older, is a Class C Felony. Additionally, ORS 260.695 (4) states no person shall vote or offer to vote in any election knowing the person is not entitled to vote.

“There are several safeguards to ensure that fraudulent voter registration does not cause ballots to be mailed to false names or phony addresses, none of them fool-proof but, collectively, some of the best in the nation. The county elections officials scrutinize registration cards when they receive them. If there is doubt about the validity of any of the information, the county may check up on it, e.g., residence addresses are checked against post office street address files. The county may reject the registration (ORS 247.174) but must notify the person and allow for a hearing. Overall, however, the election official must be cautious in preserving the right to vote and in not disenfranchising anyone that is qualified.

“Oregon law does allow voters to register here if they have previously resided in Oregon and intend to return to Oregon. The law includes provisions for long term absent electors so that they (if they have not given up citizenship) may be given an opportunity to exercise their voting rights.

“Each county must follow the procedures in the Oregon Vote by Mail Manual (posted on our website at, http://www.sos.state.or.us/elections/vbm/vbm_manual.pdf) in conducting an election, in order to ensure accuracy and integrity. This manual addresses the voter registration process, as well as ballot processing. The instructions include that the signature on the return ballot envelope must match the signature on the voter registration card. Oregon is probably unique in that every voter who attempts to vote in a vote-by-mail election has the ballot envelope’s signature compared to the signature on the original voter registration card. This is only done in polling place election

after the election, if at all, or when a particular voter is challenged at the polls.

“An additional, new component to the election process is the Oregon Centralized Voter Registration system, OCVR. This system includes many features for election management and enables counties to easily determine if a new registrant to their county is already registered to vote elsewhere in Oregon, in order to ensure there are not duplicates and the voter is inactivated at the previous address.

“We hope this information is useful to you. Please let us know of any further questions.”

Sincerely,
Norma J. Buckno

SJR 4 B-Eng. -- Prozanski requested the following explanation of vote be entered into the journal:

“I voted ‘no’ on the Minority Report of SJR 4 for two reasons.

“First, the Minority Report is not needed. Section 2(1), Article II, of the Oregon Constitution already requires Oregon voters to be United States citizens. Further, under ORS Chapter 247, a person must be registered to vote in the county in which they reside.

“As Senator Brown stated during her floor speech, ‘the Minority Report is ‘a solution in search of a problem.’ Since 1991, over ten million votes have been cast in Oregon. Of those ten million votes, only ten individuals have met criteria that would even warrant an investigation into their citizenship. Of those ten, two have been prosecuted. For the math majors out there, non-citizen voting has incidence of 1:1,000,000. Of the two individuals who were prosecuted, the incidence is 1:5,000,000.

“Second, I question why SJR 4 was even used as the means to bring the subject matter in the minority report forward for a vote. SJR 4 addressed the funding of health care of Oregon children. The minority report would delete this important subject matter and instead substitute a requirement to verify that Oregonians are U.S. citizens prior to voting. Why? As mentioned above, there is no rational basis for advancing the minority report. There is no need to burden the state’s county election clerks with a costly verification requirement.

“This political tactic again attempts to divert our attention away from providing health care to uninsured Oregon children. It is unfortunate that the legislature could not come to an agreement, but after numerous legislative sessions and a number of meetings this session the minority party refused to come to an agreement within the legislative process.

“Accordingly, I decided to reject the minority report and to advance the committee report to Oregon’s voters. The voters will decide whether we should provide health care to uninsured Oregon children.”

SJR 4 B-Eng. -- George, L. requested the following explanation of vote be entered into the journal:

“Oregon’s 1989-1991 All-Funds budget was \$14.1 billion. This biennium’s budget could be over \$49 billion. That’s an astronomical 350-percent increase. Why has this happened? Because legislative session, after legislative session the Legislature adds and expands programs. All while neglecting the reality of the core functions of this state.

“We have been told that the Healthy Kids program is a critically needed program. However, instead of demonstrating this program’s need by using general fund dollars, this program will be funded through an unsustainable and declining source of revenue. This is unacceptable.

“Where will we be in 8 years when the rate of smokers has decreased even more and the tax revenue is down? What will happen to this program? It’s beyond time for the Oregon Legislature to stop making political votes and start formulating cohesive policy. This bill does not address these issues.”

SB 1032 -- George, L. requested the following explanation of vote be entered into the journal:

"My vote against SB 1032, is due to my great concern over the power of the executive branch via administrative rules.

"There is a growing effort by some in the Legislature to shift more of the legislative branch's constitutional authority to the executive branch via administrative rules.

"The broad granting of authority in the writing of administrative rules alone is of serious concern, but SB 1032 – and other legislation moving through the Legislature – is now granting agencies the power to go a step further and raise revenue through rule, without legislative approval.

"The power to write laws and raise revenue is clearly the responsibility of the legislative branch. It is our constitutional obligation to defend the separation of power, and preserve the integrity of the constitutional process of legislative oversight."

HB 3086 -- George, L. requested the following explanation of vote be entered into the journal:

“HB 3086 has potentially harmful consequences which would allow family members, when injured in an auto accident, to sue the driver's insurance company for non-economic damages. This policy opens the door for collusion among family member seeking an ‘easy’ settlement. I do not believe that a family should benefit from one member's mistake.

“I would have supported the bill had HB 3086 been amended to limit it to real economic damages. The inclusion of non-economic allowance opens the law to abuse.”

HB 5001 -- George, L. requested the following explanation of vote be entered into the journal:

“My vote against HB 5001, an appropriation of ‘General Fund’ money, is not to be interpreted as opposition to the specific program.

“The Co-Chairs’ Budget is vague and the Governor's budget is unsustainable. We currently have significant growth in the ‘General’ and ‘All-Funds’ budgets to adequately fund the State. The public needs to be assured – and the Legislature needs to ensure - that expenditures in this session remain sustainable for future legislatures.

“As a Legislature we need to work on a ‘core functions’ budget that will assure adequate funding for the core functions of state government before we fund other programs. The overall budget we are passing is unsustainable for future legislatures.”

SB 656 B-Eng. -- Carter requested the following explanation of vote be entered into the journal:

“As chief sponsor, voting for and making this motion to concur on Senate Bill 656 B, I want to clarify very explicitly that I expect the highest standards to be applied for patient safety.

“SB 656 B sets a higher standard in Oregon law as the bill requires consultation with an ophthalmologist when glaucoma progresses.

“Under this bill, an optometrist who is treating a patient for glaucoma must consult with an ophthalmologist when a patient’s glaucoma progresses to certain specified points in the treatment of glaucoma, and anti-glaucoma medication.

“Consultation with an ophthalmologist is required if: 1) glaucoma progresses despite the use of a two medications; 2) more than two medications are required; or 3) a secondary glaucoma develops.

“An optometrist must consult with an ophthalmologist if, in comparison to prior examinations, there is a reproducible worsening of the patient’s visual field or a worsening of the patient’s optic nerve or by rising eye pressure despite the use of medication.

“An ophthalmologist is a Doctor of Medicine (M.D.) or Doctor of Osteopathy (D.O.) who specializes in eye and vision care. Ophthalmologists are uniquely trained to provide the full spectrum of eye care from prescribing glasses to complex eye surgery.

“Only ophthalmologists have the medical training and authorization to provide surgical treatments for glaucoma. Ophthalmologists have attended medical school and performed an internship a residency, totaling at a minimum of eight years of education and training. Optometrists do not attend medical school and require only four years of optometry school.

“Some glaucoma patients have findings that mimic glaucoma but may actually be caused by other, potentially life-threatening, conditions such as a brain tumor or temporal arthritis.

“Ophthalmologists are trained in medical school in neurology, neurosurgery, rheumatology and various other medical sub-specialty fields to recognize non-ocular causes of vision loss.

“Glaucoma is generally treated with eye drops that have bodily side effects with potential for serious even life-threatening interactions with general medical diseases (such as asthma and cardiac disease) with systemic medications. A patient with other medical conditions whose glaucoma is worsening requires a medical evaluation by a physician. When the condition moves to certain stages, care by an ophthalmologist is in the best interest of patient care.

"With this understanding I concur and vote for Senate Bill 656."

The following message from the Governor was read.

June 19, 2007

The Honorable Peter Courtney
State Capitol, S-203
Salem, OR 97301

Dear President Courtney:

I have signed Enrolled Senate Bill 16, which admirably aims to improve the quality of hospice care. In the course of the standard bill review process directed by my office, the Department of Justice identified a significant legal issue that I must bring to your attention.

As enacted, Senate Bill 16 may be vulnerable to the charge that it unconstitutionally delegates the government's authority to the Joint Commission on Accreditation of Healthcare Organizations (JCAHO) or the Oregon Hospice Association (OHA.) JCAHO and OHA are not governmental organizations.

The Department of Justice suggests that the Department of Human Services (DHS) should adopt administrative rules interpreting the bill that would make the bill less clear by administrative rule that JCAHO and OHA standards, while important in assessing the capabilities of a hospice care provider, are merely factors to be considered in the exercise of DHS' authority to regulate licensed hospice care providers. I will urge DHS to address this issue in future legislation, as well.

Sincerely,
Theodore R. Kulongoski
Governor

HB 2082 -- Report by Committee on Rules recommending passage with amendments to the A-Engrossed bill.

Senate recessed until 10:20 a.m. by unanimous consent on motion of Brown.

Senate reconvened at 10:20 a.m. President Courtney in Chair. All present except Burdick, Morrisette, Starr, Verger, absent.

Senate, having recessed following the order of Reports from Special Committees, proceeded to the order of Propositions and Motions by unanimous consent at the request of the Chair.

SB 1040* -- Conference Committee report adopted and bill repassed on motion of Kruse. The vote was: Ayes, 27; absent, 3 – Morrisette, Starr,

Verger. Bill repassed. Burdick, absent when roll called, granted unanimous consent to vote aye.

HJR 15 -- Committee report and minority report read. Deckert moved that the Senate adopt the committee report.

HJR 15 -- Parliamentary inquiry by Beyer questioning whether this motion is in order in accordance with Mason's Manual of Legislative Procedure, section 159 which states very clearly that a question can only come in front of a body one time per session unless a motion for reconsideration has been offered appropriately. Therefore, this motion to ask the same question is out of order.

Senate at ease. Senate reassembled.

HJR 15 -- In response, President Courtney read from section 726 (5), "When a bill has been rejected at any stage in the house in which it originated, it may not be reintroduced in the same house; however, a new bill, presenting the same question in a modified form, or a bill presenting substantially the same question, may be introduced." President Courtney ruled that the motion is properly before the Senate.

HJR 15 -- Brown demanded a Call of the Senate joined by Devlin and Walker. All members subject to the call present except Starr, absent. The vote was: Ayes, 19; nays, 10 -- Atkinson, Beyer, Ferrioli, George, G., George, L., Kruse, Morse, Nelson, Whitsett, Winters; absent 1 -- Starr. Ruling of the Chair sustained.

HJR 15 -- Atkinson moved minority report be substituted for the committee report. Call of the Senate demanded by Brown joined by Devlin and Winters. All present except Starr, absent. Motion failed, the vote being: Ayes, 10; nays, 19 -- Avakian, Bates, Brown, Burdick, Carter, Deckert, Devlin, Gordly, Johnson, Metsger, Monnes Anderson, Monroe, Morrisette, Prozanski, Schrader, Verger, Walker, Westlund, President Courtney; absent, 1 -- Starr. Motion failed.

HJR 15 -- Resolution, as amended by committee report, read final time. Carried by Deckert, Devlin. Call of the Senate demanded by Brown joined by Avakian and Devlin. Pending arrival of members subject to the Call, Senate at ease. All present except Starr, absent. Senate reassembled. On adoption of resolution, the vote was: Ayes, 20; nays, 9 -- Atkinson, Beyer, Ferrioli, George, G., George, L., Kruse, Nelson, Whitsett, Winters; absent, 1 -- Starr. Resolution adopted.

HJR 15 -- Prozanski requested the following explanation of vote be entered into the journal:

"Although I support the concepts included within the minority report of HJR 15, I could not vote to substitute the minority report for the committee report. The committee report will refer to the voters a measure to modify the double majority voting requirement on local property tax measures.

"Since the joint resolution cannot contain two issues, I have chosen to move forward the policy choice of whether a double majority vote is necessary to pass local property tax measures.

"Many communities have seen such tax measures fail, because more than 50% of registered voters did not cast their ballots. I do not believe that individuals who fail or refuse to vote in an election should be able to doom a measure by not voting.

"HJR 15 will modify current law to allow local tax measures to be approved without a double majority in primary elections and general elections. The double majority requirement will still apply in all other elections. I believe that this is an appropriate compromise for the voters to consider.

"Accordingly, I voted 'no' on the minority report and 'yes' on the committee report."

HJR 13 -- Taken from today's third reading calendar and placed on June 21 calendar by voice vote on motion of Monroe.

SJR 36; SB 817 -- Read second time and passed to third reading.

SB 10 B-Eng. -- Read third time. Carried by Brown. Potential conflict of interest declared by Johnson. Call of the Senate demanded by Brown joined by Walker and Westlund. All present except Starr, absent. On passage of bill the vote was: Ayes, 25; nays, 4 -- Beyer, George, G., Kruse, Nelson; absent, 1 -- Starr. Bill passed.

SB 329 B-Eng. -- Read third time. Carried by Westlund. Call of the Senate demanded by Brown joined by Bates and Westlund. All present except Starr, absent. On passage of bill the vote was: Ayes, 22; nays, 7 -- Atkinson, Beyer, Ferrioli, George, G., George, L., Kruse, Whitsett; absent, 1 -- Starr. Bill passed.

SB 329 -- Carter requested the following explanation of vote be entered into the journal:

"In voting for SB 329, we are creating a road map to take Oregon to universal coverage. As a nation, we spend more per capita than any other industrialized nation on health care.

"Senate Bill 329 is the product of years of careful work, including work sessions and public meetings in various areas of the state. The work group - Senate Interim Commission on Health Care Access and Affordability - met in the fall of 2006 in Portland on the east side at my specific request to allow greater accessibility to the deliberation process. In the Senate, we have held numerous public hearings and accessible open work sessions to reach this point, including public testimony before the Joint Ways and Means Human Services Subcommittee which I chair. The Subcommittee approved \$ 1,215,350 General Fund, \$ 671,971 Federal Funds expenditure limitation and established eight positions within the Oregon Department of Human Services to carry forth the requirements of this measure.

"Section 9 establishes a committee to examine Federal laws and how we may align to improve access and achieve the goal of universal care. No part of Federal law is exempt. Section 9 requires that we look carefully to the links to Medicaid, the tax code, EMTALA and Medicare. A requirement is we request our Congressional delegation to hold public hearings in Oregon and at the Federal level. The connection to existing law and acknowledgement of the complexity of health care and delivery are critical to resolution if we are to have true community health care.

"This legislation has the support of AARP, AFT-Oregon, the American Association of University of Women of Oregon, Care Oregon, Ecumenical Ministries of Oregon, the Oregon School Employees Association, the Metropolitan Alliance for Common Good, Mid-Valley Health Care Advocates, Oregon Academy of Family Physicians, OREGON ACTION, Oregon AFL-CIO, Oregon AFSCME, the Alliance for Retired Americans, Oregon Business Association, Oregon Developmental Disabilities Coalition, Oregon Education Association, Oregon Nurses Association, Oregon Primary Care Association, Oregon School Employees Association, SEIU Local 49, SEIU Local 503, Oregonians for Health Security, Portland Chapter of the Older Women's League, and the Oregon Women's Rights Coalition.

"With careful consideration of these factors, I support Senate Bill 329 as a step to universal health care coverage."

"I'm a big supporter of bio-fuel and alternative energy and fully support the use of tax credits and other incentives as a means to expand the industry. Unfortunately, Sections 13-16 of HB 2210 take support of the bio-fuel industry too far. It is inappropriate for the State to mandate that Oregon consumers purchase a prescribed quantity of any product.

"The Legislature has the opportunity to promote the use of alternative energy and make the use of such energy attractive and accessible to consumers. I'm disappointed that we, the Legislature, have missed this opportunity."

HB 3201 B-Eng. -- George, L., requested the following explanation of vote be entered into the journal:

"My vote against HB 3201-B, is due to the policy of raising income taxes on Oregon families, only to then transfer that money (via tax credits) to Hollywood millionaires.

"Over the 2007-2009 and 2009-2011 biennium HB 3201-B raises income taxes by over \$35 million and then transfers an additional \$14 million dollars in income tax credits to people in the Hollywood movie business. These are out-of-state big-money interests that we already heavily subsidize.

"In addition, the tax credits for mobile homeowners -- who are real Oregonians losing their homes -- was slashed in half (from \$10,000 to \$5,000). Again, HB 3201-B favors Hollywood millionaires over a very vulnerable Oregon population that desperately needs our help.

"Although there are some very good items decorating this bill, my responsibility is to the people of Oregon. This bill is Robin Hood in reverse, robbing the poor to ship money to the California rich."

"I voted against SB 461 because the funding was allocated from the wrong source. For the past five years, PGE and PacifiCorp have collected a 3% public purpose charge (tax) on the power bills of Oregonians. These dollars have predominately gone to a non-profit, the Energy Trust of Oregon.

"The Public Purpose Fund has ballooned from \$42 million in 2002 to over \$152 million dollars today -- far more than we ever expected. There is clearly enough money in the Public Purpose Fund to increase our assistance to low-income Oregonians. But instead, the Legislature has voted to once again raise taxes on Oregonians.

"SB 461 is a good idea with bad execution. Before raising fees and taxes on Oregonians, we have the responsibility to properly allocate and manage our current funds."

Bill failed. Brown, having voted on the prevailing side, served notice of possible reconsideration.

HB 2575 -- Schrader requested the following explanation of vote be entered into the journal:

"House Bill 2575 is a well-intended bill that uses a creative funding mechanism to try to help employees deal with family issues. Unfortunately, it has some fatal flaws. Although the one cent is taken from employees, of employers of 25 or more employees, the business will be paying too. They have to hire a new employee. They have to train that employee to their business needs. They may have to pay unemployment when the original employee comes back. In addition it is the business that has to collect the fee. That costs money too.

"A lot of the employees will never see a benefit that they pay into. The benefit is 25% of Oregon's median household income and almost half an individual's median income. Unfortunately, as a small businessman and know how sick leave paid or unpaid is often routinely abused. The estimated fiscal on this is already \$33 million. There are few small businessmen that have not experienced such abuse. The good news is that most employees only take leave when they need to. They know they are part of a great partnership in their business. And if they don't work, they increase the workload on their fellow coworkers. Employees should not get the benefit if they go out on strike. This bill does not require a return to service after getting the benefit. It does not mandate that employees pay back any mistaken grants. It does not have a reserve fund. It is inappropriately housed in the Bureau of Labor and Industries instead of with the Insurance Commissioner.

"I just don't think it is right to pay people not to work. The Multnomah County Chair tried that and summarily lost her re-election.

"The goals are laudable but unfair and unworkable in the business world as the bill is currently fashioned."

SB 700 -- Message from the Governor announcing he signed with the following explanation on August 6, 2007

August 6, 2007

The Honorable Bill Bradbury
Secretary of State
900 Court Street NE--Room 136
Salem, OR 97301

Dear Secretary Bradbury:

I have signed Enrolled Senate Bill 700.

Senate Bill 700 reconstitutes the Public Officials Compensation Commission. The Commission is charged with making recommendations on the salaries of statewide elected officials and state court judges. Section 5 of the bill states that the "Governor shall include the recommended salaries in the budget report prepared as required by ORS 291.216, and the Legislative Assembly shall consider the salary recommendations in preparing a budget for the state." The "budget report" required by ORS 291.216 is commonly referred to as the Governor's Recommended Budget ("GRB").

I agree with the objective of Senate Bill 700, which is to provide a mechanism for an independent Public Officials Compensation Commission to make recommendations regarding public official salaries. However, I do not believe the Legislature can require, by law, that the Governor provide funding in the GRB for any particular item. Any such requirement would intrude on the Governor's executive power and would raise significant separation of powers concerns. I have signed Senate Bill 700 because I do not read the bill to require that the Governor actually fund the Commission's recommendations in the GRB. Rather, Senate Bill 700 simply requires that the Governor "include" the recommendations in the budget report. A Governor could "include" the recommendations (for instance, as an exhibit or footnote), without actually funding them in his or her proposed budget.

With that understanding, I have signed Senate Bill 700.

Sincerely,
Theodore R. Kulongoski,
Governor

SB 456 -- Message from the Governor announcing he signed on August 9.

SB 5549; 994 -- Line item vetoed by the Governor on August 9 with the following message:

August 9, 2007

The Honorable Bill Bradbury
Secretary of State
900 Court Street NE--Room 136
Salem, OR 97301

Dear Secretary Bradbury:

Under Article V, Sec. 15a, of the Oregon Constitution, the Governor of Oregon has the "power to veto single items in appropriation bills, * * * without thereby affecting any other provision of such bill." In accordance with Article V, Sec. 15a, I hereby disapprove and veto the following items of Enrolled Senate Bill 994 and Enrolled Senate Bill 5549, without affecting the remaining provisions of the bills:

Senate Bill 994, Sections 2 and 3

Senate Bill 994, Section 5

Senate Bill 5549, Section 8

Senate Bill 5549, Section 16, subparagraph (2)

I have signed Senate Bill 994 and Senate Bill 5549 as to the remaining provisions of the bills and return the bills to you with this letter. On those bills, I have lined through the items I disapprove and veto.

Senate Bill 994 and Senate Bill 5549 are both "appropriation bills" that trigger my line item veto authority. Each Bill appropriates money and each bill states in its title that it does so. Each of the provisions that I have vetoed is a "single item" within the bill that is distinct and severable. In making these observations, I do not intend to suggest that these are the only reasons or standards for making a "single item" determination under Article V, Sec. 15a or that these observations, I do not intend to suggest that these are only reasons or standards for making a "single item" determination under Article V, Sec. 15a or that these reasons are necessary in every instance. However, these reasons are more than sufficient in this particular circumstance.

The provisions of Senate Bill 994 and Senate Bill 5549 that I have vetoed relate to two issues. The first issue is a transfer for the benefit of the Oregon Museum of Science and Industry (OMSI) in Sections 2 and 3 of Senate bill 994 of \$4.6 million from public purpose charges collected from customers of Portland General Electric (PGE) and a related disappropriation in Section 16, subparagraph (2) of Senate Bill 5549 of \$1.5 million that had been previously appropriated for OMSI. The second issue is a transfer in Section 5 of Senate Bill 994 of \$9 million from the Emergency Communications Account to the General Fund and an appropriation in Section 8 of Senate Bill 5549 of \$9 million from the General Fund to the Emergency Board for possible allocation to the Oregon Wireless Interoperability Network. I will discuss each issue in turn.

The Public Purpose Charge Transfer and Appropriation

The public purpose charge is a three percent charge on customer bills of investor-owned electric utilities. This charge was enacted in 1999 as part of a bill deregulating aspects of the electricity market. When adopted by the Legislature, the intent of the public purpose charge was to fund new conservation and new renewable energy resources and low-income weatherization, with an emphasis on conservation and renewable resources. In addition, a portion of public purpose charge funds must be distributed for specified energy-related projects in schools and for low-income bill payment assistance. When the public purpose charge was enacted, the primary concern was that restructuring of the electricity industry would create disincentives for utility companies to invest in conservation and renewable resources. Public purpose dollars are not paid to the State Treasury. After these funds are collected by the utilities, they are transferred to the Energy Trust of Oregon for disbursement pursuant to the statute.

Sections 2 and 3 of Senate Bill 994 direct PGE to transfer \$4.6 million from public purpose charges collected from PGE customers to the Oregon Department of Energy ("DOE") to be used to assist OMSI with the repayment of a 1991 loan from DOE's Small Scale Local Energy Project Loan Program. The funds provided in Senate Bill 994 would be a match for a \$4.6 million payment from OMSI to resolve this longstanding loan agreement with the state. It is critical to the future stability and success of OMSI to resolve the financial burden and uncertainty created by this outstanding loan.

Unfortunately, the use of public purpose charge funds for this purpose is inappropriate. Investment in energy conservation, the development of renewable energy resources and low-income weatherization and bill payment assistance are critically important to Oregon's future as a leader in the sustainability movement. Use of public purpose charge dollars for general governmental purposes is inconsistent with that effort and is a break in trust with electricity consumers and those who supported and enacted the public purpose charge. It is important that we maintain inviolable sideboards on the use of public purpose charge funds. The use of these funds required in Sections 2 and 3 of Senate Bill 994 is inconsistent with the purposes of the public purpose charge as established in statute. If left intact, this effort would undoubtedly result in lengthy and costly litigation. Because I believe this use of the public purpose charge is inappropriate, I have made the difficult decision to line item veto Sections 2 and 3 of SB 994.

OMSI is cultural gem for the State of Oregon. It is one of the premier museums of its kind in the country. I cannot say strongly enough that I support OMSI and that I support the use of state funds to keep OMSI strong, solvent and poised to continue its growth and leadership in Oregon's cultural, scientific and educational communities. That is

why my proposed budget provided \$4.6 million for OMSI from the state general fund for this same purpose.

Although I am vetoing this item, I am pleased that legislative leadership, the co-chairs of the Ways and Means Committee, OMSI, PGE, the Energy Trust, the Citizens Utility Board, the League of Oregon Cities, the City of Portland, Associated Oregon Industries and other interested parties have been working together to craft a solution to OMSI's current financial difficulty. To that end, I have taken several steps within my authority to assist OMSI. First, I have also line item vetoed Section 16, subparagraph (2) of Senate Bill 5549. This provision would have disappropriated \$1.5 million from the DOE budget. The DOE budget, as enacted by the Legislature in Enrolled Senate Bill 5512, provides \$1.5 million to assist OMSI with its loan repayment obligation. After Senate Bill 994 included \$4.6 million for this purpose, the Legislature disappropriated this \$1.5 million from the DOE budget. My line item veto of Section 16, subparagraph (2) restores that \$1.5 million, which will be used by DOE to assist OMSI. Second, at my request, DOE will reduce the principal on OMSI's loan by \$400,000. Third, I will make \$400,000 available to OMSI from the Governor's Strategic Reserve Fund. In addition, because OMSI has not been making full debt service payments on this loan under an agreement between OMSI and DOE, interest has been accruing and held in abeyance by approximately \$3 million. These actions will go a long way towards bridging the current gap in OMSI funding. Legislative leadership and the co-chairs of the Ways and Means Committee, OMSI and the other interested parties have been working together and will continue to work together collaboratively to bridge the remaining gap. I am very thankful for the hard work and commitments made by our partners in this effort. Together, we can assure the ongoing strength and viability of OMSI.

The Emergency Communications Account Transfer and E-Fund Appropriation

The Emergency Communications Account is funded by a 75-cent charge on customer's telecommunications bills to fund 9-1-1 communications services in counties throughout Oregon. Section 5 of Senate Bill 994 transfers \$9 million from the Emergency Communications Account to the General Fund for possible allocation to the Oregon Wireless Interoperability Network (OWIN).

I have vetoed the transfer of \$9 million because it is important that funds collected from telecommunications customers for enhancements to the 9-1-1 emergency response system be used for the purposes established in the applicable statutes. In order to remain true to the intent of the Emergency Communications Account charge on telecommunications bills, I have line item vetoed the \$9 million transfer in Section 5 of Senate Bill 994 and the subsequent \$9 million transfer to the Emergency Fund contained in Section 8 of Senate Bill 5549.

The veto of this transfer is in no way meant to negate the continued investment in OWIN. OWIN holds the potential to enable public safety professionals from different state, local and federal agencies to reliably and instantaneously communicate with each other in the field a goal that is still distressingly distant for too many Oregon communities. Providing interoperable communications to police, firefighters and other responders throughout the state is a critical need, but shifting revenue that is desperately needed for 9-1-1 services throughout Oregon is not the way to start funding OWIN.

Sincerely,

Theodore R. Kulongoski,
Governor

SB 1039 -- Message from the Governor
announcing he vetoed on August 9.

The Honorable Bill Bradbury
Secretary of State

Dear Secretary Bradbury:

I am returning Enrolled Senate Bill 1039 unsigned and disapproved.

The Oregon Constitution, Article III, Sec. 1., Separation of powers, states:

“The powers of the Government shall be divided into three separate [sic] departments, the Legislative, the Executive, including the administrative, and the Judicial’ and no person charged with official duties under one of these departments, shall exercise any of the functions of another, except as in this Constitution expressly provided. –

Senate Bill 1039 would create a permanent committee to oversee state agency performance and to assess performance “excellence.” This committee would consist of eleven members from both the legislative and executive branches of government.

I applaud the goals of Senate Bill 1039. Government programs must be efficient, accountable and closely examined to ensure that the public’s money is wisely spent and that Oregonians receive quality service from their government. Government accountability and customer service have been cornerstones of my administration.

My concerns with Senate Bill 1039 do not relate to the goals for the bill; rather, my concerns relate to the process of achieving those goals. As provided in Article III, Sec. 1 and Article V, Sec. 1., the Governor, as head of the Executive branch, is charged with responsibility for the administration of state government. The Governor is responsible for the performance and evaluation of state agency directors and programs. My veto of Senate Bill 1039 is motivated by my respect for the separate and equally important roles that our Constitution assigns to the different branches of government.

The review and analysis of agency administration, including program performance measurements, can and must be accomplished by the executive branch in consultation with the other branches of government. I do not believe that creation of a new government entity which blurs the lines between the exercises of the constitutional functions of the different branches of government is the best or most effective way of accomplishing these important goals.

The recent transfer of performance measurement responsibility from the Oregon Progress Board to the Department of Administrative Service’s (DAS) Office of Budget and Management provides a perfect opportunity to assure that the Legislature’s goals in Senate Bill 1039 are accomplished without creating additional bureaucracy and violating the principle of separation of powers as set forth in the Oregon Constitution. I have directed DAS to review Senate bill 1039 closely and to incorporate, where appropriate, the bill’s intended outcomes and criteria into this new DAS process. I have also directed DAS to work closely with their counterparts in the Legislative Fiscal Office and the Judicial branch to better link performance measurements with the budget process.

Finally, I would like to thank the sponsors of Senate Bill 1039 for their dedication to performance excellence and government accountability. These are important issues. Working together, we can assure that Oregonians enjoy efficient, responsive and accountable government.

Sincerely,

Theodore R. Kulongoski,
Governor
