

OREGON FORWARD AGENDA

Oregonians want their elected officials to work together to make our state the best place to live, work, and raise a family.

In these tumultuous times, Oregonians just want to know our state has strong, competent leadership that is moving us forward on the issues that matter most. Our 2025 “Oregon Forward” agenda focuses on increasing prosperity, making Oregon safer and healthier, and protecting our rights and freedoms. These priorities will guide us as we tackle the biggest challenges facing the legislature this year.

In action, that looks like pursuing policies that address living costs, create jobs with higher wages, and improve access to education and job training. We will take on community safety, health care access, environmental concerns, and transportation. We will stand strong for those most threatened by extremism in Washington D.C. by protecting Oregonians' rights and freedoms, particularly for women, immigrants, Oregonians of color and the LGBTQ+ community.
