

2026 LEGISLATIVE SESSION

# “OREGON THRIVES” AGENDA

## Senate Democrats want every Oregonian to thrive, affording life’s essentials and protected from federal overreach.

We are united in ensuring that all Oregonians, regardless of race, faith, or birthplace, can live with dignity, safety, and prosperity - not in fear of federal attacks on our families and our economy.

Against Republicans’ tax giveaways to billionaires, we must bring more vitality to Oregon’s economy and focus on things that matter most to everyday Oregonians:

- Affordability of life’s essentials
- Living-wage jobs
- Safe streets and thriving communities
- Strong schools
- Minimizing government waste and inefficiencies

In 2026, we’re pushing for laws that:

- Reduce the cost of living.
- Protect health care access, Medicaid, rural hospitals and maternity centers.
- Cut red tape for new development.
- Keep up with wildfire prevention and risk reduction.

## ISSUE PRIORITIES

- GUARDING AGAINST FEDERAL OVERREACH & KEEPING OREGONIANS SAFE
- ADVANCING AFFORDABILITY & PROSPERITY
- STANDING WITH OREGON FAMILIES
