Strong Revenue Forecast Opens Door for Opportunity in Oregon

Statement from Senate Majority Leader Kate Lieber on June 2023 Revenue Forecast

SALEM, Ore - Today, the Office of Economic Analysis' June 2023 Revenue Forecast indicated that Oregon's economy and state revenue are growing at a strong rate. **Senate Majority Leader Kate Lieber (D – Beaverton & SW Portland)** released the following statement in response:

"Our economy and state revenue are growing because Oregonians are working hard, but too many families are still feeling the squeeze.

Oregonians are clear: they want their legislature to be hard at work, making smart investments to solve our most urgent challenges. We must prioritize ending the homelessness crisis, reducing barriers to health care, improving our schools, and making our streets safer in every corner of the state.

This is an incredible opportunity, but if we're going to take advantage of it, be responsible stewards of our tax dollars, and deliver the solutions Oregonians are counting on, every lawmaker needs to be doing their job."
