Senate Majority Leader Ginny Burdick Comments on December Revenue Forecast

SALEM – The Senate Committee on Finance and Revenue met jointly with the House Committee on Revenue to hear the December Revenue Forecast. Following the meeting, Senate Majority Leader Ginny Burdick released this statement:

“Oregon’s strong economy has given families a higher household income across the board. For decades our state lagged the national Median Household Income, but Oregon’s median income has now moved ahead of the national average. I’m proud of the work we’ve done to sustain the strong, stable economic growth over the last decade, and I’m convinced that we need to continue our work to lift more Oregonians out of poverty and ensure that our economic progress is equitable.”
