Senate Majority Leader Ginny Burdick issues statement on passage of Ballot Measure 101

SALEM – Oregon Senate Majority Leader Ginny Burdick, D-Portland, released the following statement today regarding the passage of Ballot Measure 101:

“No family should have to make a choice whether to send a family member to the doctor or pay for groceries. No parents should have to worry about being able to afford medical treatment for their children. Oregonians affirmed those basic values today by passing Ballot Measure 101. In the Legislature last session, we came up with a solution to provide funding that will allow 350,000 vulnerable Oregonians to keep their access to health care. After consulting stakeholders and coming to a bipartisan solution, we felt good about the result. We feel even better that Oregon’s voters have shown their support for that solution.”
