Statement by Senate Majority Leader Ginny Burdick on February 2016 Economic and Revenue Forecast

SALEM – Oregon Senate Majority Leader Ginny Burdick (D-Portland) released the following statement this morning regarding the February 2016 Revenue Forecast:

“The current forecast shows us that Oregon continues to be on a stable upward trajectory and we are making progress in getting people back to work. This report comes on the heels of a Bloomberg News report touting that ‘Oregon is the picture of economic health’ and we plan to continue investing in the programs and infrastructure that will help us maintain that distinction.

Using the forecast, we will make the budget adjustments necessary to continue operating for the benefit of all Oregonians in a fiscally prudent manner, while also being mindful of protecting our investments in priority programs such as education and other critical services that are important to Oregon’s economy and quality of life.”
