Senate Majority Leader Ginny Burdick on Governor Kate Brown's Executive Order to Take Climate Action

SALEM – Today Oregon Governor Kate Brown signed an executive order to take climate action in Oregon. Senate Majority Leader Ginny Burdick (D-Portland) issued the following statement in response:

“I am grateful for Governor Kate Brown’s bold action to address climate change today. Our children are depending on us and they have been calling on our government to act. Today we give them hope. The Governor has worked with experts to ensure Oregon’s program will utilize science-based approaches to curb greenhouse gas emissions. The program also expands Oregon’s Clean Fuels Program, a proven pollution reduction program. I’m heartened by this important step forward and I look forward to working together with my colleagues to address any additional needs for climate action.”
