NEWS ADVISORY: Senate Republican Leader to Provide Details on Cap and Trade (LC-19)

SALEM, Ore. – Today, Senate Republican Leader Herman Baertschiger, Jr. (R-Grants Pass) will provide details on the caucus opposition to the new version of cap and trade at a press conference at 2:30 pm in the Senate Republican Office (S-323).

“The Democrats are forcing the issue of cap and trade, an economically disastrous bill that promises increased fuel costs for all Oregonians, while simultaneously giving unlimited power to unelected bureaucrats, who will be exempt from transparency and oversight through public records requests,” said Senator Baertschiger. “Cap and trade should be referred to the ballot to let the people decide.”
