**Revenue Forecast: We Must Invest in Housing, Infrastructure,
Job Creation**

SALEM, Ore. – Today, the Office of Economic Analysis presented the quarterly revenue forecast which confirmed that the state continues to bring in record revenue.

In response, **Senate Republican Leader Tim Knopp (R-Bend)** released the following statement:

“We must capitalize on this moment with real assets – not empty policies – to leave our state better off for the next generations. Oregonians are all too familiar with high costs of living, excessive taxes, and a severe lack of housing thanks to decades of failed policies pushed by Democrats. This is the time to boldly invest in infrastructure like roads, sewer systems, and water for all Oregonians who want to build or buy a home affordably.”
