Rep. Greg Smith to Visit Milton-Freewater

MILTON-FREEWATER - Representative Greg Smith (R-Heppner) will visit local business and community leaders in Milton-Freewater on Monday, September 23, 2013 and share legislative updates.

"I have had a great working relationship with the leaders and citizens of Milton-Freewater since first being elected. Together, we've been able to make sure their voice is heard in Salem," Smith said. "I am always interested in learning more about the current issues they face and finding ways to assist."

Smith's stops include visits with small business owners; a community luncheon hosted by Milton-Freewater Republican women; meetings with the City Manager and other city officials; a visit to the School District office; a meeting with the Oregon Municipal Electric Utilities Association and the Milton-Freewater Downtown Alliance.

Rep. Greg Smith is serving his seventh term as a member of the Oregon House of Representatives. Milton-Freewater is the second largest city within House District 57, which includes Umatilla, Morrow, Gilliam, Sherman and portions of Wasco Counties.
