**Statement from Representative Duane Stark on Cap and Trade**

Salem, ORE. – Representative Duane Stark (R-Grants Pass) stands in unison with his House and Senate colleagues in their defense of Oregon workers by boycotting the Democrat Supermajority’s abuse of the short session. He has released the following statement:

“Enough is enough. I have heard from countless constituents in Southern Oregon pleading with me to “do whatever it takes” to stop Salem Democrats from passing job killing legislation. Cap and Trade will increase energy costs for all Oregonians, yet the Democrat Supermajority refuses to allow the public to vote on this legislation. I will not stand by and allow rural Oregonians to get ignored in Salem.”
