**Statement on Wilsonville fire**

SALEM, Ore.—A fire roared through the Villebois neighborhood in Wilsonville this weekend, destroying at least twenty homes. The community has come together in this time of hardship and has raised over \$12,000. And on top of the monetary donations, the community has generously donated home goods and clothes to provide relief for their neighbors. Villebois is located in the heart of Senate District 13, which is represented by state Sen. Kim Thatcher, R-Keizer.

**Thatcher released the following statement:**

*“My heart and prayers go out to the families devastated by this fire, and I applaud the efforts of the community coming together to show how Oregonians can transcend our turbulent times to help out their neighbors.”*
