Stable Economy Presents Opportunities in Upcoming Legislative Session

SALEM – Today, the Office of Economic Analysis released and presented to Oregon legislators its September revenue forecast and economic outlook, which showed Oregon's economy as stable.

Senate President Rob Wagner (D-Lake Oswego) is releasing the following statement:

"As Oregon's public schools welcome back students, we can see the importance of the unprecedented investments we made as a Legislature during the 2023 session. Today's forecast means we can sustain critical funding for services that directly impact the lives of Oregon families. We made historic investments during the 2023 session to improve people's lives by funding behavioral health care, public schools, affordable housing, and jobs. With a stable economic outlook, I am excited to build upon this important work for the people of Oregon in the 2024 session."
